

# PDF Form Creation Checklist

## Form Authoring Apps:

- Use Microsoft Word or other graphic design software e.g. Adobe Illustrator, Adobe InDesign to design the form layout;
- Use Adobe Acrobat 9/X/XI to add form fields

## Form Testing Apps:

- Adobe Reader (Desktop/Mobile)

(\*You need an Apple ID to download the iOS version of Adobe Reader from the Apple App Store; a Google ID to download the Android version of Adobe Reader from the Google Play Store.)

You may upload the PDF form on the Acrobat.com server:

- Sign in with your Adobe ID at <http://files.acrobat.com>  
(or <http://www.acrobat.com> — Sign in to “acrobat.com”)

## QR Code Generator

For easy access to your form with mobile devices, you may add a QR Code on you publication or Web page.

Here are some free online QR Code Generators:
