Villa la Salamandra is back on the market, now priced-reduced to US \$465,000.00. This exceptional villa is nestled in the hills overlooking Vallarta, and has sweeping views of the Bay and out to the Pacific Ocean. It is part of a 3 villa complex, and is designed so that there is complete privacy from each other. There is a 4 car communal garage, and access to the villas can be done by stairs or funicular. Villa La Salamandra has its own pool, which flows out from an open plan living area. The floors are solid pieces of cantera. There are presently 3 bedrooms, but a 4th bedroom can be added on the roof. Being one of the highest points in Vallarta, the views can only fully be appreciated on inspection.
