UPPER SCHOOL SUMMER READING LOG ~ 2013

Since a minimum of three books is required for summer reading, the school recommends reading at least one book a month. This sheet provides a convenient way to keep on track. Read your two free-choice books in the first two months, and then read and annotate the required title in August so it can be recalled more easily for the summer reading writing assessment in English class in the first week of school. Please call the appropriate grade dean if you have questions.
