Technical Information

Please give a brief description of the project (2-3 sentences).
 This grant request is to expand on the capabilities of a previous region wide grant of the EZ-IO Drill/Needles that council received some years ago. The Tidewater EMS Council is requesting 100% funding to purchase 45 mm Needles for the existing 200 EZ-IO Kits that have been deployed to the field and to provide the "seed" stock to the hospitals to restock after they have been used. The hospitals will then provide the replacement needles for the sustainability of the program.

What are the specific objectives of the project and anticipated time frames?
 To provide 45 mm needles to the pre-hospital agencies and to provide "seed" stock to the hospitals that will sustain the program by providing replacement needles after use.

Explain anticipated impact of the project on agency, customer service, or community. Who will benefit from the project/initiative?
 The EMS agencies will be able to provide a more standard of care in the area of Pre-Hospital IO insertions

What do you expect will be the two most crucial issues or challenges facing your agency in completing this project?
 Funding is the only issues at this time

Does your agency have adequate resources (money, equipment, facilities, personnel, etc.) to achieve the goals of the project?
 With this grant requests yes.

Describe how you will evaluate what changes or positive progress can be directly linked to the project.
 QA/QI program.

Funding Level: 80 / 20 Action Add Current Quantity: 0

Total Price: \$25,000.00 Matching Funds: \$5,000.00 State Funds: \$20,000.00

Comments: This request is for funding assistance for the Tidewater EMS (TEMS) Council Education EMS/Nursing Expo. This "mini-symposium" is a joint effort between TEMS and OEMS. This event will be held in spring of 2016. Information about the 2015 Expo will be made available to OEMS and FARC when produced. Multiple regional public safety agencies and health care systems will also collaborate to assist in presenting this conference. This training has primary objectives of allowing providers an additional avenue for Category 1 CE as well as a chance to network with other providers and allied health personnel from around the state. Funding for this event is obtained mainly through sponsorships and registration fees, and will be used as the matching part of the funds. Benefits of this training are that it provides an inexpensive option for providers to attend a full 4-day training event where up to 16-24 CE credits may be earned, allows for networking opportunities and increase EMS awareness, education and training. Funds will be used cover the following areas:

Hilton Garden Inn (conference associated fees)

Instructional Materials

Student Materials

Instructor Related expenses (including travel, honorarium, materials, etc.)

Audio Visual

Administrative costs (mailings, printing, copying, supplies, etc.)

Hardship Justification: We have no budgeted money to cover the cost of this Expo and rely on the support of OEMS to offer it each year.

Form 990 Required: Yes No
Advance Ruling Period Ends: 6/30/80

TIDEWATER REGIONAL HEALTH
PLANNING COUNCIL

Based on the information supplied, and assuming your operations will be as stated in your application for recognition of exemption, we have determined you are exempt from Federal income tax under section 501(c)(3) of the Internal Revenue Code

Because you are a newly created organization, we are not now making a final determination of your foundation status under section 509(a) of the Code. However, we have determined that you can reasonably be expected to be a publicly supported organization of the type described in section 509(a)(1) and 170(b)(1)(A)(vi).

Accordingly, you will be treated as a publicly supported organization, and not as a private foundation, during an advance ruling period. This advance ruling period begins on the date of your inception and ends on the date shown above.

Within 90 days after the end of your advance ruling period, you must submit to us information needed to determine whether you have met the requirements of the applicable support test during the advance ruling period. If you establish that you have been a publicly supported organization, you will be classified as a section 509(a)(1) or 509(a)(2) organization so long as you continue to meet the requirements of the applicable support test. If, however, you do not meet the public support requirements during the advance ruling period, you will be classified as a private foundation for future periods. Also, in the event you are classified as a private foundation, you will be treated as a private foundation from the date of your inception for purposes of sections 507(d) and 4940.

Grantors and donors may rely on the determination that you are not a private foundation until 90 days after the end of your advance ruling period. In addition, if you submit the required information

within the 90 days, grantors and donors may continue to rely on the advance determination until the Service makes a final determination of your foundation status. However, if notice that you will no longer be treated as a section 170(b)(1)(A)(vi) organization is published in the Internal Revenue Bulletin, grantors and donors may not rely on this determination after the date of such publication. Also, a grantor or donor may not rely on this determination if he was in part responsible for, or was aware of, the act or failure to act that resulted in your loss of section 170(b)(1)(A)(vi) status, or acquired knowledge that the Internal Revenue Service had given notice that you would be removed from classification as a section 170(b)(1)(A)(vi) organization.

Donors may deduct contributions to you as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to you or for your use are deductible for Federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.

You are not liable for social security (FICA) taxes unless you file a waiver of exemption certificate as provided in the Federal Insurance Contributions Act. You are not liable for the taxes imposed under the Federal Unemployment Tax Act (FUTA).

Organizations that are not private foundations are not subject to the excise taxes under Chapter 42 of the Code. However, you are not automatically exempt from other Federal excise taxes. If you have any questions concerning these taxes, please let us know.

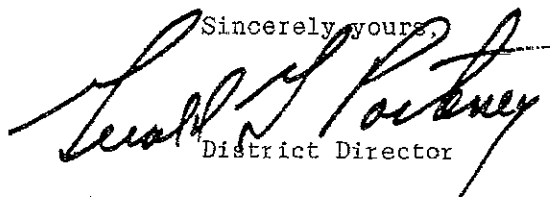

If your sources of support, or your purposes, character, or method of operation is changed, you should let us know so we can consider the effect of the change on your status. Also, you should inform us of all changes in your name or address.

If the yes box at the top of this letter is checked, you are required to file Form 990, Return of Organization Exempt From Income Tax, only if your gross receipts each year are normally more than \$5,000. The return is due by the 15th day of the fifth month after the end of your annual accounting period. The law imposes a penalty of \$10 a day, up to a maximum of \$5,000, for failure to file the return on time.

You are not required to file Federal income tax returns unless you are subject to the tax on unrelated business income under section 511 of the Code. If you are subject to this tax, you must file an income tax return on Form 990-T. In this letter we are not determining whether any of your present or proposed activities are unrelated trade or business as defined in section 513 of the Code.

You need an employer identification number even if you have no employees. If an employer identification number was not entered on your application, a number will be assigned to you and you will be advised of it. Please use that number on all returns you file and in all correspondence with the Internal Revenue Service.

Sincerely yours,

District Director

This modifies our letter of the above date in which we stated that you would be treated as an organization which is not a private foundation until the expiration of your advance ruling period

Based on the information you submitted, we have determined that you are not a private foundation within the meaning of section 509(a) of the Internal Revenue Code, because you are an organization of the type described in section _____ * _____. Your exempt status under section 501(c)(3) of the code is still in effect

Grantors and contributors may rely on this determination until the Internal Revenue Service publishes notice to the contrary. However, a grantor or a contributor may not rely on this determination if he or she was in part responsible for, or was aware of, the act or failure to act that resulted in your loss of section _____ * _____ status, or acquired knowledge that the Internal Revenue Service had given notice that you would be removed from classification as a section _____ * _____ organization

Because this letter could help resolve any questions about your private foundation status, please keep it in your permanent records.

If you have any questions, please contact the person whose name and telephone number are shown above.

Sincerely yours,

Teddy R. Kern

This grant request is to provide 45 mm needles to the 200 EZ-IO kits that have been deployed to the field from a regional grant a few years back. No agency has expressed a negative comment about the Council pursuing this grant at this time.

This grant request is to expand on the capabilities of a previous region wide grant of the EZ-IO Drill/Needles that council received some years ago. The Tidewater EMS Council is requesting 100% funding to purchase 45 mm Needles for the existing 200 EZ-IO Kits that have been deployed to the field and to provide the “seed” stock to the hospitals to restock after they have been used.

The hospitals will then provide the replacement needles for the sustainability of the program.

The Tidewater EMS Education Expo was funded by Sentara Healthcare (the five Southside Sentara hospitals) as the Tidewater EMS Council’s Platinum Partner for 2014, a grant from the Office of EMS, Virginia Department of Health, the Tidewater EMS Council, Physio-Control, Bon Secours Hampton Roads, the Eastern Virginia Healthcare Coalition, Tidewater ENA and participant registration. Various businesses and individuals also contributed door prizes.

Sentara as Platinum Partner for 2014

Throughout 2014 the Tidewater EMS Council recognized Sentara and the five Sentara Southside hospitals as our Platinum Partner. This includes ongoing recognition on our website home page as well as on our sponsor page, during all of our EMS educational events, during other events such as our EMS family picnic and awards presentation, in our office conference room, in our Response newsletter and in our annual report.

During the 2014 EMS Education Expo all promotional materials highlighted Sentara as our Platinum Partner and primary Expo sponsor, and on-site signage, exhibit space and announcements promoted this as well.

the facility was amazing but it was far away from VB					
great service					
more BLS and hands on					
would love to see casino night in the future					
good food great coffee					
thank you for a job well done					
good food great coffee					
good location very good facility for classrooms advantage having adjoining hotel food very good away from distractions quiet Beth TorresRN very good presenter remind presenters size of font on slides- large enough to see, do not overload slide. Idea- wear your most interesting EMS t-shirt day, logos sayings humor, etc.. Excellent instructor and good topics Elizabeth Beatty. Cardiac Anatomy well presented with hands on. Western Medicine- David Keeler dynamic presenter and presentation but not interactive with audience+/- situation Can absorb only so much they can lose connection. Use David Keeler with folk medicine					
location was great facilities were good					
this was a great location facilities were excellent					
I would have liked to see an EMS vendor that sold EMS equipment you can buy for your personal jumpbag for example pulse-ox stethoscope and BP cuff etc.					
would like cheaper rooms					
very good, only complaint is the water had a lot of sediment in it. ? Dirty ice					
Good Hotel, good service, very clean nice staff					
Restaurant prices are a little pricey Room prices could be better					
Food was even better than last year!					
Convenient location attentive hotel staff good food					
there are always things taught here and I have never been taught in Detroit. I always come back					
First room smelled like old ashtray. Pool was fitting for our class. Another couple were told it was closed					
Good location / facility					
Game night staff was fantastic. Please make sure fluids are always available! Ran out of iced tea several times and tea was gone from lunch in the first 20 people					
Variations in room temps during ENPC training					
Food delicious that was in conference area but actual grill took half an hour to fix salad with seared steak which resulted in eating in 10 minutes before class					
Make sure room is adequate for number of attendees					
Pleasant, helpful staff					
Food was always cold. Need 1/2 covers for hot food					
Heat / AC always feast or famine					
some rooms cold / some hot. Noisy hallway during class. Dinner Friday night was not very good

2014 Tidewater EMS Education Expo
Participant Evaluation Summary

Recert hours. Networking
Really enjoyed East vs West and What Kids are Smoking now
The classes that were educational and fun or interactive
Heart and Lung lab; and ?????? Capt. Gene McDaniel classes
All classes were awesome
Question 4. What segments of the conference were of least value to you?
N/A
None All Good
None
None to Speak Of
Nothing
To use a public restroom for training> I find it very alarming to walk into the woman's restroom to find a scenario with men in the restroom. The hotel staff were not advised and were very upset and concerned of what had happened. Very poor planning and unacceptable!!
East vs West
The class changes made at the last moment
Needs better computer compatibility
Classes being switched or confusing
Need to provide feedback form in packet so notes/ideas can be added during attendance
N/A the switch in classrooms at last minute was confusing- signs on doors to indicate change would have been helpful
None, I found all segments to be extremely informative
There wasn't anything not valuable to me
Variety of CEU hours offered / time slot
Sitting through ALS sessions that didn't pertain to my role
East vs West- no audience interaction
It's all useful
The Movie night and nightly activities
Would like vendors that have EMT stuff
None- enjoyed them all. Thanks for the meals also (good and saved time)
Breakfast
Too many changes and confusion
Trauma Case Studies
Vendor portion. Movie night
Night time activities, did not attend
Movie night
There were classes that had nothing to do with EMS
Due to duty the special events and gatherings
Vendors this year / more displays than vendors
None - always great
None awesome job by TEMS Staff Thanks again!
They were all great! No complaints.
Food selection. Some classes were very dry and not related to EMS.
Having a part of training in a public restroom.
