State/Province:

Writing Assignment

In 500 words or fewer (one page single-spaced), please propose a research project that you would like to undertake as an NYU Abu Dhabi student to gain a deeper understanding of one particular topic of interest to you in the United Arab Emirates (UAE). Please use the information at the UAE Interact website **<http://www.uaeinteract.com/>** for ideas. Pose a research question (in one sentence) and describe how you would gather information to answer your question. Discuss possible obstacles that might arise in your research as well as any ethical dimensions of the research to which you would need to be attentive.
