

Building a Strong Future

*Members of Craik Town Council are committed to making our town a vibrant, safe, and progressive community in which families and individuals can thrive and businesses can become established and prosper. We consider it a great honour that you have entrusted us with providing leadership in this process. However, we are also very aware that we cannot do it on our own. We believe that it is critical that the whole community be engaged in determining our future and how to best achieve our goals. Information provided by this survey will be a major factor in setting our future course. We invite you to join in this process by taking time to complete this survey and return it to the Town Office by **November 6**.*
