

Family Engagement

We define family engagement as a shared responsibility of families, schools, and communities for student learning and achievement.

Core Beliefs

- 1) All parents have dreams for their children and want the best for them.
- 2) All parents have the capacity to support their children's learning.
- 3) Parents and school staff should be equal partners.
- 4) The responsibility for building partnerships between school and home rests primarily with the school staff, especially school leaders.
