# SPECIAL EDUCATION GRANT PROGRAMS

## Introduction

**PURPOSE:** The purpose of these grant programs is to provide federal entitlement funds to eligible applicants to assist with the excess costs of providing special education and related services to children with disabilities (as defined by 34 Code of Federal Regulations [CFR] Sections 300.16 and 300.202). Amounts provided to the local education agency (LEA) must be expended in accordance with the applicable conditions as stated in the Act, 34 CFR Section 300.202; see also <http://idea.ed.gov/download/finalregulations.pdf>.

**ELIGIBILITY:** An LEA is eligible for assistance under Part B of the IDEA for a fiscal year if the LEA submits a plan that provides assurances to the State Education Agency that the LEA meets each of the conditions in the Act (20 United States Code [USC] Section 1413(a)). Section 619 entitlement funds are provided for children with disabilities, ages 3 to 5. Section 611 entitlement funds are provided for children with disabilities, ages 3 to 21.

**FISCAL CONCERNS:** Funds provided to an LEA under this Act must not be used to reduce the level of expenditures for the education of children with disabilities made by the LEA from local funds below the level of those expenditures for the preceding year (as defined by 34 CFR 300.203). Funds must be used to supplement state, local and other federal funds and not supplant those funds (as defined by 34 CFR 300.202(a)(3)). Supplanting occurs when the LEA's local special education budget is less than the previous year's local special education budget.

School districts must ensure that expenditures of grant funds adhere to the purpose and intent of the IDEA. Eligible school districts must meet the requirements contained in the IDEA, including the prohibition of commingling. LEAs must use a separate accounting system that includes an audit trail of the expenditure of funds received under this Act (as defined by 34 CFR Section (300.162 (b))).

**APPLICATION:** The grant application for the grant programs under Sections 611 and 619 must address the intent of the IDEA and should consider the State Board of Education's (SBOE's) goals, as detailed below:

- Goal 1: *High-quality preschool education for all students;*
- Goal 2: *High academic achievement of all students in reading, writing, mathematics and science; and*
- Goal 3: *High school reform.*

The Connecticut State Department of Education (CSDE) encourages school districts to develop the application with a "whole child perspective." Grantees should coordinate with other federal and state activities.

# SPECIAL EDUCATION GRANT PROGRAMS

## Goals, Related Activities and Equitable Access to IDEA-Part B Grants

### **DIRECTIONS:**

Applicants are required as an action step, to provide goals and describe the special education activities related to each identified goal.

Applicants must complete the "Goals and Related Activities" page for each funding source the applicant is applying to receive, the IDEA-Part B, Section 611 (1a) and/or IDEA-Part B, Section 619 (1b).

Applicants must complete a new section related to the U.S. Department of Education's General Education Provisions Act (GEPA) Section 427, describing the steps to ensure equitable access to, and participation in, its federally-assisted program for students, teachers and other program beneficiaries with special needs. This provision allows applicants discretion in developing the required description with the statute highlighting six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability or age. Based on local circumstances, you should determine whether these or other barriers may prevent your students, teachers, etc. from such access or participation in, the federally-funded project or activity. The description in your application of steps to be taken to overcome these barriers need not be lengthy; you may provide a clear and succinct description of how you plan to address those barriers that are applicable to your circumstances.

**Please Note:** IDEA funds may not be used for child find activities, including the identification, location and initial evaluation of children. School districts must provide these activities at local expense using public funds.

## SECTION 2

# SPECIAL EDUCATION GRANT PROGRAMS

## Parentally Placed Private School Students (PPPSS)

### **ELIGIBLE STUDENTS PLACED BY THEIR PARENTS IN A NONPUBLIC SETTING:**

IDEA regulations mandate that school districts receiving IDEA funding expend a proportionate amount of funding for the benefit of eligible students who had a free appropriate public education (FAPE) made available and whose parents elected to place their child in private elementary or secondary schools. For example: if two percent of a school district's identified students with disabilities (ages 3-21) are placed in nonpublic schools by their parents, the school district has the obligation to expend an amount equal to two percent of the district's IDEA grant or grants pursuant to Section 300.133(a), as applicable for the benefit of those students.

The proportional expenditure obligation for school districts applies to the IDEA-Part B, Sections 611 and 619 grant programs. Every LEA, under Section 300.133 (c) is required as part of its consultation with private schools, to determine the number of students with disabilities regardless of whether they are or are not receiving special education services under a services plan. LEAs may provide services to children served on the premises of private schools, including religious, to the extent consistent with state law.

### **2a. NONPUBLIC INFORMATION**

*ACTION STEP: Fill in total number of PPPSS and utilize worksheet if needed*

*The following information refers to parentally placed private school students (PPPSS) only*

**DIRECTIONS: Record the LEA's total number of students with disabilities on October 1, 2015, who were PPPSS and whose private schools fall within the district's geographical boundaries, regardless of whether they have or do not have a services plan.**

**Total number of PPPSS:** \_\_\_\_\_.

**(Example):** JS is a student who was identified by his LEA in May 2012 as a student with a disability. However, his parents elected to enroll JS in a nonpublic/ private school on September 2012. Since then, JS has not received any special education services. Although JS does not presently have a services plan, the LEA should be including him in this total.

**NOTE: If the district identifies PPPSS above, then a proportionate share calculation must be calculated. Please see the sample of proportionate share calculation chart and utilize the worksheet charts as needed.**

## Calculations for Proportionate Share Worksheet

**DIRECTIONS:** Utilize the blank chart below as needed to calculate proportionate share.

## 2b. NONPUBLIC INFORMATION

*ACTION STEP: Complete consultation Section 2B*

**DIRECTIONS:** PLEASE INCLUDE A COPY OF "CONSULTATION WITH PRIVATE SCHOOLS" FORM.

**NOTE:** If any private school did not attend your consultation meeting, please forward an additional Section 2B consultation form, completed with the signature by that school official/parent to the Bureau of Special Education.

### **Consultation with Private Schools: LEA \_\_\_\_\_**

This annual consultation, which is required by the IDEA, with private, not for profit, elementary and secondary school representatives and parent representatives, must include the following:

1. A description of the district's child find procedures and a determination of how parentally placed private school children with disabilities can participate equitably.
2. The determination of the proportionate amount of federal funds available to serve parentally placed private school children with disabilities, including how that amount was calculated.
3. A description of the consultation process among the LEA, private school officials and representatives of parents of parentally placed private school children with disabilities, including how the process will operate.
4. A description of how, where, and by whom special education and related services will be provided for parentally placed private school children with disabilities. Such description shall include a discussion of the types of services, including direct services and alternate service delivery mechanisms, how the service will be apportioned if there are insufficient funds to serve all the children and how and when these decisions will be made.
5. A written document from the LEA to the private school officials with an explanation of the reasons why the LEA chose not to provide services directly or indirectly or through a contract, if the LEA disagrees with the views of the private school officials on the provision of services or types of services.

Private nursery, preschool and day care centers that do not have at least a kindergarten component are not required to be invited.

**DIRECTIONS:** LEAs should contact private school principals to obtain names of parent representatives to attend this meeting or use their ongoing census to determine parent representatives to be invited to the consultation meeting. Please check one of the following:

☐ There are no private schools in operation within the physical boundaries of our school district.

☐ The following representatives of private schools/parents attended a meeting, required by 20 USC Section 300.134, designed to address the consultation process and includes all the components listed above. This meeting was held on \_\_\_\_\_.

## Grant Budgets ED 114

### 3. Grant Budgets ED 114

*ACTION STEP: Complete for each (Sections 611 and 619)*

**DIRECTIONS:** Applicants must complete the action step and submit a state Budget Form, ED 114, for each of their IDEA-Part B, Section 611 and Section 619 entitlements. The ED 114 must reflect a proposed line item budget that corresponds to the intended goals, objectives and activities proposed in the grant application. Applicants must submit the IDEA grant budgets electronically through the CSDE's Prepayment ED 114 Grant System. Questions regarding this system should be addressed to Karen Calabrese, Bureau of Grants Management at 860-713-6472.

### **NOTE: THE IDEA BUDGETS**

1. Non-Instructional salaries (111A) are limited to a maximum of 10 percent of an eligible district's total entitlement for Sections 611 and 619.
2. For audit purposes, grantees must be able to demonstrate that expenditures for salaries are justified by time records and demonstrate the percentage of time that these individuals are involved in IDEA activities.

4. IDEA funds may only be used for the excess costs associated with the provision of special education and related services to eligible children. However, 15 percent of the total grant may be used for CEIS. APPLICANTS MUST DOCUMENT SUCH USE OF GRANT FUNDS ON THE "NOTICE OF INTENT TO USE IDEA FUNDS FOR CEIS" (PLEASE REFER TO SECTION 5).
5. Grantees must use funds to supplement, not supplant local expenditures.
6. Eligibility for IDEA funding is based upon an LEA's/agency's demonstration of its "Maintenance of Effort", which the CSDE Division of Grants Management will calculate for each LEA. If the CSDE identifies an issue concerning an LEA's eligibility CSDE will contact the grantee.
7. The following ED 114s must be submitted electronically utilizing the CSDE's electronic Prepayment Grant System.

The school district will coordinate with the National Instructional Materials Access Center (NIMAC) and will, after July 19, 2006, as part of any print instructional materials adoption process, procurement contract or other practice or instrument used for purchase of print instructional materials when entering into a written contract with the publisher of the print instructional materials will:

- require the publisher to prepare and, on or before delivery of the print instructional materials, provide to the National Instructional Materials Access Center, electronic files containing the

- contents of the print instructional materials using the National Instructional Materials Accessibility Standard (NIMAS); or
- purchase instructional materials from the publisher that are produced in, or may be rendered in, specialized formats.

If the district decides to opt out of participation in NIMAS/NIMAC, the district will be unable to access this national clearinghouse and their staff will not receive preferential attendance at NIMAS/NIMAC conferences held by the Bureau of Special Education and/or the State Education Resource Center. Before federal special education funds are released to the district, a plan must be submitted to and approved by the CSDE detailing the following:

- to purchase source files, when and if they are available, directly from publishers, establish a secure access, distribution and tracking system, and arrange to use such files to produce student-ready specialized formats;
- to purchase student-ready versions, when and if they are available, directly from publishers; and/or

OPTION B: A SCHOOL DISTRICT PROGRAM TO ADDRESS ITEMS IDENTIFIED THROUGH PROGRAM MONITORING THAT DO NOT MEET ESTABLISHED TARGETS FOR IMPROVEMENT*		

\*For each program option selected, provide the information requested on each of the following pages, as applicable.

## IDEA PROGRAM OPTION A:

### SCHOOLWIDE PROGRAM

#### NOTE ON SCHOOLWIDE PROGRAMS

Under the 34 CFR Section, 300.206, an eligible school district may choose to use a portion of its FY17 entitlement (either Section 611, Section 619 or both) to operate a 'schoolwide program'. These programs can operate only in individual schools defined as eligible for a schoolwide program under Section 1114 of the ESEA. IDEA funding for schoolwide programs can be intermingled with other funding for program operations. The maximum amount of IDEA-Part B funding available for use in a schoolwide program is determined by multiplying the number of students having identified disabilities in that particular eligible school by the per child IDEA-Part B entitlement (either Section 611, Section 619 or both) for FY17. Those applicants interested in applying for an IDEA Schoolwide Program Option should consult with their CSDE, ESEA, Title I contact person to determine if their school district is eligible for a 'schoolwide program'.

#### **DIRECTIONS: Complete this section IF your district chooses to implement Option A: A Schoolwide Program in FY17.**

1. Identify the school building in which your district proposes to use IDEA-Part B funding to initiate a Schoolwide Program.

Name of School \_\_\_\_\_ Section 611 \_\_\_\_\_ (check if using 611 funds)

Name of School \_\_\_\_\_ Section 619 \_\_\_\_\_ (check if using 619 funds)

2. What is the number of identified special education students in that school?

Number Students \_\_\_\_\_ Section 611 \_\_\_\_\_ (check if using 611 funds)

Number Students \_\_\_\_\_ Section 619 \_\_\_\_\_ (check if using 619 funds)

3. The maximum expenditure for the schoolwide programs will be the per child entitlement times the number of eligible special education children described in (2). What will be the maximum expenditure allowable for operation of the proposed schoolwide program?

Maximum \$ Amount \_\_\_\_\_ Section 611 \_\_\_\_\_ (check using 611 funds)

Maximum \$ Amount \_\_\_\_\_ Section 619 \_\_\_\_\_ (check if using 619 funds)

4. In a brief narrative, describe what your district proposes to accomplish in FY17 in its schoolwide program. Provide sufficient detail to describe planned activities, the number of students/staff affected, the resources to be utilized and how the program will be operated and evaluated.

#### **Provide the Narrative for:**

**A. Section 611:**

**B. Section 619:**

5. If the district is using this option, please indicate that you are providing a required attached Budget Narrative for this option please indicate:

**A. Section 611: Attached (Y/N)**

**B. Section 619: Attached (Y/N)**

6. Incorporate budgetary information related to this program option into your district's budget documents.

## SECTION 9

# SPECIAL EDUCATION GRANT PROGRAMS

## LEA Maintenance of Effort (MOE)

FY15 Special Education Expenditures, Current FY16 Special Education Budget and Proposed (or final)/Approved FY17 Special Education Budget

### 9. LEA Maintenance of Effort (MOE)

*ACTION STEP: Record I Eligibility Standard and II Compliance Standard*

#### I. Eligibility Standard

For an LEA to qualify for federal IDEA funds under the MOE guidelines, it must demonstrate that it has budgeted at least as much in state and local funds as was expended in the previous fiscal year for the education of students with disabilities (The eligibility standard (Section 300.203(a) for funds compares the amount budgeted for the year for which the LEA is applying for Part B funds to the amount expended in the most recent prior year for which data are available.)

**DIRECTIONS:** In order to substantiate your LEA's maintenance of effort (MOE), please attach a copy of the district's **FY15 Special Education Budget Expenditures**, the district's **current FY16 local Special Education Budget** and the district's **proposed FY17 Special Education Budget**.

- ☐ Attached **FY15 expenditures for Special Education Budget**
- ☐ Attached **FY16 current Special Education Budget**
- ☐ Attached **FY17 proposed Special Education Budget**

#### II. Compliance Standard

The compliance standard (Section 300.203(b)) is that an LEA must maintain (or increase) the amount of local or state and local funds it spends for the education of children with disabilities when compared to the preceding fiscal year, which met the Subsequent Year rule (the last year when MOE was met). An LEA may use one or more of the following four methods to meet the eligibility and compliance standards for MOE.

**NOTE:** The district does not have to complete all four methods – once the district has met the eligibility and compliance standard with any of the four methods the district has satisfied MOE.

**DIRECTIONS:** Check off the method(s) used for this year's grant application (see the attached tables as example and additional resources related to MOE if needed):

- ☐ Local funds only
- ☐ Combination of state and local funds
- ☐ Local funds only on a per capita basis
- ☐ Combination of state and local funds on a per capita basis

<http://www2.ed.gov/policy/speced/guid/idea/memosdcltrs/osepmemo1510leamoeqa.pdf>

The Charts below are examples of the four ways that MOE can be completed by the LEA related to the Eligibility and Compliance Standards:

- (i) Local funds only;
- (ii) The combination of state and local funds;
- (iii) Local funds only on a per capita basis; or
- (iv) The combination of state and local funds on a per capita basis.

The following table illustrates how the different methods work in practice:

<b>Table A. Example of How an LEA may Meet the Eligibility Standard in 2016-17 Using Different Methods</b> (same table as Table 7 Appendix E of the final regulations)						
<b>Fiscal Year</b>	<b>Local Funds Only</b>	<b>Combination of State and Local Funds</b>	<b>Local funds on a per Capita Basis</b>	<b>Combination of State and Local Funds on a per Capita Basis</b>	<b>Child Count</b>	<b>Notes</b>
2014-15	\$500*	\$1,000*	\$50*	\$100*	10	*The LEA met the compliance standard using all four methods.
2015-16						Final information is not available at time of budgeting for 2016-17.
How much must the LEA budget for 2016-17 to meet the eligibility standard in 2016-17?	\$500	\$1,000	\$50	\$100		When the LEA submits a budget for 2016-17, the most recent fiscal year for which the LEA has information is 2014-15. It is not necessary for the LEA to consider information on expenditures for a fiscal year prior to 2014-15 because the LEA maintained effort in 2014-15. Therefore, the Subsequent Years rule in Section 300.203(c) is not applicable.

<b>Table C. Example of How an LEA May Meet the Compliance Standard Using Alternate Methods from Year to Year (this table is Table 5 in Appendix E of the final regulations)</b>					
<b>Fiscal Year</b>	<b>Local Funds Only</b>	<b>Combination of State and Local Funds</b>	<b>Local Funds only on a per Capita Basis</b>	<b>Combination of State and Local Funds on a per Capita Basis</b>	<b>Child Count</b>
2015-16	\$500*	\$950*	\$50*	\$95*	10
2016-17	\$400	\$950*	\$40	\$95*	10
2017-18	\$500*	\$900	\$50*	\$90	10
*LEA met compliance standard using this method.					

## SECTION 10

# SPECIAL EDUCATION GRANT PROGRAMS

## Excess Costs Calculations (Elementary and Secondary)

*Except as otherwise provided, amounts provided to an LEA under Part B of the Act may be used only to pay the excess costs of providing special education and related services to children with disabilities. Excess costs are those costs for the education of an elementary school or secondary school student with a disability that are in excess of the average annual per student expenditure in an LEA during the preceding school year for an elementary school or secondary school student, as may be appropriate. An LEA must spend at least the average annual per student expenditure on the education of an elementary school or secondary school child with a disability before funds under Part B of the Act are used to pay the excess costs of providing special education and related services. (Section 300.16 and Appendix A)*

**Section 602(8) of the Act and Section 300.16 requires the LEA to compute the minimum average amount separately for children in its elementary schools and for children in its secondary schools. LEAs may not compute the minimum average amount it must spend on the education of children with disabilities based on a combination of the enrollments in its elementary schools and secondary schools.**

**In addition, the district must use its October 1<sup>st</sup> student census to determine PPE. An average daily attendance cannot be used.**

### 10. Excess Cost Calculations Worksheet

*ACTION STEP: Submit excess cost worksheets  
10a Elementary and 10b Secondary (if appropriate)*

The following example illustrates how to compute the minimum average amount an LEA must spend for the education of each of its elementary school children with disabilities. The intent of the law is that federal funds can be used during the same time, as long as the threshold of local funds is reached during the fiscal year.

**Please Note:** the attached sample is to be used for guidance and that K-12 districts must report elementary (10a.) and secondary (10b.) Excess Costs Calculations. **THE SAME METHOD MUST BE USED FOR ELEMENTARY AND SECONDARY STUDENTS.**

#### **DIRECTIONS:**

**Section A:** Requires the LEA to determine the total amount of funds received for elementary and secondary school students from all sources—local, state and federal (include IDEA-Part B) in SY 2015-16.

**Section B:** Capital outlay and debt is then subtracted from the Section A total.

**Section C:** The LEA must subtract the total awarded amounts listed on the example. These are funds that the LEA was awarded, not funds received last year and carried over for the current school year.

**Section D:** Next, the LEA must determine the PPE for its elementary schools dividing the previous October 1 student census enrolled in the elementary schools of the LEA (including its children with disabilities) into the amount computed under the above paragraph.

**Section E:** To determine the total minimum amount of funds the LEA must spend for the education of its elementary school children with disabilities in the LEA, the LEA must multiply the number of elementary school children with disabilities in the LEA by the PPE obtained in Section D above. Funds under Part B of the Act can only be used for excess costs over and above this minimum.
