Metal Services Australia Pty Ltd will ensure that Human Resources employed to perform tasks have the required competencies. The Company is also committed to identifying training needs and training employees to improve current skill levels.

No	Procedure Title	Procedure	Responsibility
1	Communication	All employees will be given clear instructions on how their role within the company may affect the objectives of the company.	All Managers
2	Qualifications	Various Roles within the Company may require specific Qualifications to be offered the position on a permanent basis. Specific requirements are contained within each Role description.	All Employees
3	Assessment	All employees within the company (excluding Directors) will require an annual competency assessment (May). The assessment shall include the following areas; 1. Induction knowledge review 2. OHS 3. Quality Assurance 4. Employment Role Competencies and appropriate Award Level 5. Culture 6. Training Qualifications and Training Requirements A company Competency Assessment Guide should be used for reference to ensure compliance. (Refer to QAHRF – Competency Assessment Guide)	Ste Operation Officer(s)
4	Submission	The results from the assessment MUST be passed onto the Directors by end of May. Results SHOULD NOT contain any Wage Increase Recommendations and should be based solely on the employee's work skills and ethics. Wage adjustments / recommendations shall be managed after all Assessments and end of year operational results are complete. The review will be used to ensure that all employees are at the applicable Award level. If an employee has changed award levels and their current wage does not absorb the change, an adjustment shall be made as of the 1 st of July each year.	Site Operation Officer(s)
5	Wage Review	Operational wages shall be reviewed in June each year. Wages may not necessarily be adjusted at all and this will depend on 1. Government requirements 2. Award Level changes 3. Company Performance A Director shall provide the Ste Operation Officer(s) with maximum wage adjustment levels available for that division and the Operation Officer(s) will be required to make recommendations on how these adjustments should be allocated. The final decision on Wage adjustments is at the discretion of the Company Directors. Any wage adjustments shall commence in July or thereafter, depending upon agreement from the employee on the new offer and authorisation from a Company Director to proceed.	Site Operation Officer(s) and Company Directors
