NEGOTIATED AREAWIDE CONTRACT
No. **GS-00P-06-BSD-0474**

BETWEEN THE
UNITED STATES OF AMERICA
AND
SOUTHERN COMPANY SERVICES, INC.,
as the designated agent of

Mississippi Power Company

THIS AREAWIDE CONTRACT FOR ELECTRIC AND ENERGY MANAGEMENT SERVICES (hereafter referred to as "Services") is executed this 25th day of August, 2006, between the UNITED STATES OF AMERICA, acting through the Administrator of General Services (hereinafter referred to as the "Government"), pursuant to the authority contained in Section 201(a) of the Federal Property and Administrative Services Act of 1949, as amended, 40 U.S.C. 501(b)(1), and SOUTHERN COMPANY SERVICES, INC., as the designated agent of Mississippi Power Company, a corporation organized and existing under the laws of the State of Mississippi, and having its principal office and place of business at 2992 West Beach Boulevard, Gulfport, MS 39501 (hereinafter referred to as the "Contractor");

WHEREAS, the Contractor is a public utility company rendering Electric and Energy Management Services under rates, tariffs, rules, regulations, and practices (Contractor's Tariffs) as approved by the Federal Energy Regulatory Commission and the Mississippi Public Service Commission (hereinafter referred to as the "Commission");

WHEREAS, the Contractor now has on file with the Commission all of its effective tariffs, rate schedules, riders, rules and regulatory terms and conditions of service, as applicable;

WHEREAS, with some exceptions, the Government is generally required by Chapter 1 of Title 48 of the Federal Acquisition Regulation (FAR), 48 CFR 41.204, to enter into a bilateral contract for Electric and Energy Management services at each Federal facility where the value of the utility service provided is expected to exceed \$100,000 per year;

WHEREAS, where the Government has an areawide contract in effect with a particular utility then such utility service is normally to be procured thereunder;

WHEREAS, the Government is now purchasing such Electric and Energy Management Services from the Contractor under the Areawide Public Utilities Contract for services (Contract No. GS-00P-96-BSD-0022) that expires on August 25, 2006; and

WHEREAS, the Contractor and the Government mutually desire that this Areawide Contract be used by the agencies of the Government in obtaining Electric Services, as well as such Energy Management Services (and such other services as may subsequently be authorized by Contractor's Tariff) as may be available from the Contractor and to facilitate partnering arrangements as encouraged and authorized by P.L. 102-486 (Energy Policy Act of 1992) 10 U.S.C. 2865 and 42 U.S.C. 8256);

NOW, THEREFORE, in consideration of the premises and mutual covenants herein contained, the parties hereby agree as follows:

ARTICLE 1. DEFINITIONS.

1.1. As used in this contract,

(a) the term "Areawide Contract" means this master contract entered into between the Government and Contractor to cover the utility service acquisitions of all Federal agencies in the franchised certificated service territory from Contractor for a period not to exceed ten (10) years;

(b) the term "Agency" means any Federal department, agency, or independent establishment in the executive branch of the Government, any establishment in the legislative or judicial branches of the Federal Government, or any wholly/mixed ownership Government corporation, as defined in the Government Corporation Control Act, a list of which Agencies may be found at ADM 4800.2E on the General Services Administration website;

(c) the term "Ordering Agency" means any Agency that enters into a bilaterally executed Authorization for procurement of Service under this Areawide Contract;

(d) the term "Authorization" means an order form used by the Government to acquire Services as may be available under this areawide contract (see **Exhibit "A"** AUTHORIZATION FOR ELECTRIC SERVICE, and **Exhibit "C"** AUTHORIZATION FOR ENERGY MANAGEMENT SERVICE) annexed hereto;

(e) the term "Service(s)" means any Electric Service and Ancillary Services generally available from the Contractor pursuant to Contractor's Tariffs (including any commodities, financial incentives, goods and/or services as may be modified, amended or supplemented by Contractor where approved by the Commission), as well as Energy Management Service such as may be available from Contractor pursuant to mutually agreeable Contractor's Terms and Conditions;

(f) the term "Electric Service" means regulated electric commodities, transmission, distribution, and/or related services; related services include, but is not limited to metering, modifications to existing distribution and substations (i.e., line extensions, alterations, relocations, or reinforcements), maintenance, operations and emergency response and restoration (i.e., acts of God such as weather related events, acts of war or terrorism);

(g) the term Ancillary Services are defined as those services provided to Agency-owned system and which are routinely provided by the Contractor to its other similarly situated customers and includes, but is not limited to, emergency restoration resulting from Acts of God, war or terrorism, etc.; the operation and maintenance of an Agency owned electric system or the various components comprising the system; government-owned line extensions to the Agency-owned system; for the purposes of achieving a system that is consistent and similar to Contractor's system to allow Contractor to 1) more rapidly respond to emergencies arising at the Agency's site and 2) standardization of materials comprising the system saving the Agency both money and time. Ancillary services also include mapping of the Agency's system to both the Contractor's and Government's standards to facilitate service restoration and response, the avoidance of service disruptions, and to facilitate load flow, protection and other studies. Work performed under this provision shall comply with the provisions of Subpart 6.3 of the Federal Acquisition Regulation for contracts awarded to the Contractor through other than full and open competition.

(h) the term "Energy Conservation Measure" means any specific energy related or water service intended to provide energy savings and/or demand reduction in Federal facilities (Reference Article 18 herein);

(i) the term "Energy Management Service (EMS)" measure means any project that reduces and/or manages energy demand in a facility (Energy Conservation Measure and Demand Side Management Measure are considered equivalent terms), and may include the installation of energy-efficient equipment and/or the subsequent operation/maintenance of installed equipment under the Authorization. To be considered an EMS measure, the measure must satisfy all of the following requirements:

1. the EMS measure must produce measurable energy reductions or measurable amounts of controlled energy and/or water use;
2. The EMS measure must be directly related to the use of energy or directly control the use of energy or water;
3. The preponderance of work covered by the EMS measure (measured in dollars) must be for items 1 and 2 above; and
4. The EMS measure must be an improvement to real property or any action that is necessary to ensure the functionality of the EMS measure.

(j) the term "Contractor's Tariffs" means Commission-approved utility service Tariffs, and includes rate schedules, riders, rules, regulations, accounting practices of the Contractor, and regulated terms and conditions of service as may be modified, amended or supplemented by the Contractor from time to time and, approved by the Commission;

(k) the term "Contractor's Terms and Conditions" for this Agreement, means the terms, conditions, policies, payment terms and prices established by the Contractor for those services that are provided pursuant to this Contract but not specifically subject to Commission approval;

(l) the term "Connection Charge" means a Contractor's charge for facilities on the Contractor's side of the delivery point which facilities (1) are required to make connections with the nearest point of supply and (2) are in accordance with the Contractor's Tariffs and the Commission's rules and regulations, installed, owned, maintained and operated by the Contractor.

(m) the term "Class of Service" or "Service Classification" means those categories of service established in the Contractor's Tariff as filed with the Commission such as residential, commercial, outdoor lighting and industrial;

1.2. This Article is hereby expanded to include the additional definitions contained in FAR Clause 52.202-1, Definitions (MAY 2001), 48 C.F.R. 52.202-1, which are incorporated herein by reference.

ARTICLE 2. SCOPE AND DURATION OF CONTRACT.

2.1. This Areawide Contract shall be in effect upon the date of execution and shall continue for a period of ten (10) years, except that either party (the Government, pursuant to the clause contained in FAR 52.249-2 (48 C.F.R. 52.249-2), incorporated into this areawide contract under Article 14.1-26, or the Contractor), upon 90 days written notice to the other, and without liability to the Contractor or the Government or any ordering agency, may terminate this areawide contract, in whole or in part, when it is in their respective interest to do so, provided, however, that neither the stated duration of this areawide contract nor any other termination of it, in whole or in part, pursuant to such incorporated clause, this Article 2.1, or otherwise, shall be construed to affect any obligation for any payment, charge, rate, or other matter that may be imposed pursuant to the Contractor's tariffs, rates, rules, regulations, riders, practices, or terms and conditions of service as may be modified, amended, or supplemented by the Contractor and approved from time to time by the Commission.

2.2. Authorizations may be executed under this Areawide Contract at any time during the term of the contract, up to and including the last effective date. Authorizations may be executed for a term extending beyond the term of this Areawide Contract, and for any particular length of term, provided that it is within the contracting authority of the Ordering Agency.

2.3. Although either the Government or the Contractor may terminate this Areawide Contract as provided hereunder, expiration or termination of this Areawide Contract shall not cause the termination of the individual Authorizations issued under this Areawide Contract. Likewise, the Parties recognize that situations may arise whereby it is desirable that the agreed term of an Authorization for Services extend beyond the expiration term of this Areawide Contract. In such event, the particular Authorization may be extended beyond the expiration date of this Areawide Contract, provided that reasonable details of any extended service term and appropriate termination provisions are specified within the Authorization and is in accordance with the Ordering Agency's authority. Such Authorizations shall remain in effect for their designated term and shall incorporate the terms and conditions of this Areawide Contract. In the event that a successor Areawide Contract becomes effective at the expiration of this Agreement, the terms and conditions of the successor Areawide Contract shall apply to any Authorization(s) extending beyond the expiration of this Areawide Contract, where not in conflict with any of the provisions of the particular Authorization.

2.4 The provisions of this Areawide Contract shall not apply to the Contractor's service to any Agency until both the Ordering Agency and the Contractor execute a written Authorization for Electric or Energy Management Services. Upon bilateral execution of an Authorization, the Contractor agrees to furnish to the Ordering Agency, and the Ordering Agency agrees to purchase from the Contractor, the above noted Services for the installation(s) or facilities named in the Authorization pursuant to the terms of this Areawide Contract.

2.5. Nothing in this Areawide Contract shall be construed as precluding the Ordering Agency and the Contractor from entering into an Authorization for negotiated rates or service of a special nature, provided such negotiated rates or service are not in contravention of the rules and regulations of the Commission, if applicable.

2.6. SCS is entering into this Agreement as the designated agent on behalf of and for the direct benefit of Mississippi Power Company. Each and every right, benefit, remedy and warranty hereunder shall accrue to Mississippi Power Company, including but not limited to the right to enforce this Agreement in its individual corporate name. It is understood that the term Contractor as used herein shall refer to Mississippi Power Company. It is further understood that Mississippi Power Company shall have the sole and exclusive responsibility for the delivery of Service pursuant to an Authorization and shall be individually entitled to payment for such Service.

ARTICLE 3. EXISTING CONTRACTS.

3.1. The parties agree that an Agency currently acquiring service from the Contractor under a separate written contract may continue to do so until that contract expires or until such time as the Agency and the Contractor mutually agree to terminate that separate written contract and have such service provided pursuant to this Areawide Contract by executing an appropriate Authorization or Authorizations.

3.2. Existing special rates and services of a special nature currently provided under a separate written contract may be continued under the Authorizations described in Article 3.1 if requested by the Ordering Agency and agreed upon by the Contractor.

3.3 Upon the effective date of this Areawide, it shall not be necessary for the Government and the Contractor to execute new Authorizations under this Areawide for existing Authorizations for Services being or to be performed. All such existing Authorizations shall be considered valid Authorizations the same as if issued under this Areawide Contract and shall be governed by this Areawide Contract.

ARTICLE 4. AUTHORIZATION PROCEDURE AND SERVICE DISCONNECTION.

4.1. To obtain or change service under this Areawide Contract, the Ordering Agency shall complete the appropriate Authorization and forward it to the Contractor for approval. Upon the request of the Ordering Agency, the Contractor will assist the Ordering Agency in selecting the rate schedule applicable to the Ordering Agency's class of service. The Ordering Agency is responsible for the rate selection. Upon execution of an Authorization by both the Contractor and the Ordering Agency, the date of initiation or change in service shall be effective as of the date specified in the Authorization. An executed copy of the Authorization shall be transmitted by the Ordering Agency to GSA at the address provided in Article 16.1.

4.2. During the term of this Areawide Contract, effective Authorizations need not be amended, modified, or changed by an Ordering Agency to reflect changes in: accounting and appropriation data, the Contractor's tariff, the Contractor's cost of purchased fuel, or the estimated annual cost of service. Such changes are considered internal to the party involved. Where changes are required in effective Authorizations because of a change in the service requirements of an Ordering Agency, an amended Authorization shall be mutually agreed upon and executed.

4.3. An Ordering Agency or the Contractor may discontinue service provided pursuant to this Areawide Contract to a particular Federal facility or installation by delivering a written Termination Authorization to the other. Such discontinuance of service by an Ordering Agency or the Contractor shall be in accordance with the terms of this Areawide Contract and the Contractor's Tariffs.

4.4. Within the authorities of the Ordering Agency, the term of any individual Authorization is independent of the expiration date of this Areawide Contract and the conditions and articles of this Areawide Contract shall apply throughout the term of any Authorization placed against it in accordance with Article 19.4 herein. No terms or conditions contained in any individual Authorization shall be effective to amend or delete the terms and conditions of this Areawide Contract.

ARTICLE 5. RATES, CHARGES, AND PUBLIC REGULATION.

5.1 A complete listing of all Contractor's Tariffs is available to the Government and any ordering Agency electronically at the Contractor's website accessible via www.southernco.com. If requested by an Ordering Agency, the Contractor agrees to furnish to the Government one complete set of rates which are in effect as of the date of the execution of this Areawide Contract, and shall continue to furnish to the Government future revisions as approved by the Commission.

5.2. All Electric and/or Energy Management Services purchased under this Areawide Contract shall be in accordance with, and subject to, the Contractor's Tariffs, except to the extent that same are preempted by Federal law. Throughout the term of the Contract, the Government shall have full access to the Contractor's currently effective Tariffs. In the event the Contractor's Tariffs become inaccessible via the internet or the ordering Agency does not have access to the internet, the Contractor agrees to provide newly effective or amended Tariffs in accordance with the Contractor's Tariff distribution practices, policies and procedures applicable to all customers.

5.3. If, during the term of this Areawide Contract, the Commission approves a change in rates for services specified in Authorizations in effect hereunder, the Contractor agrees to continue to furnish, and the ordering Agency agrees to continue to pay for, those services at the newly approved rates from and after the date such rates are made effective. As provided in Article 4.2, modification of any Authorization hereunder is not necessary to implement higher or lower rates.

5.4. The Contractor hereby represents and warrants to the Government that the service prices available to any Ordering Agency hereunder shall at all times be made available to the Ordering Agency as provided under Article 5.1, and such schedules shall not exceed those available to any other customer served under the same service classification for the same or comparable service, under like conditions of use. Nothing herein shall require the Contractor to apply service rates that are inapplicable to the Ordering Agency.

5.5. Reasonable written notice via an Authorization shall be given by the Ordering Agency to the Contractor, at the address provided in Article 16.2, of any material changes proposed in the volume or characteristic of electric utility Services required by the Ordering Agency.

5.6. To the extent required by the Contractor's Tariffs, the Commission's rules and regulations, or the Contractor's policies and practices applicable to all customers, and in accordance therewith, any necessary extension, alteration, relocation, or reinforcement of the Contractor's transmission or distribution lines, related special facilities, service arrangements, demand

side management services (including any rebates to which the Ordering Agency may be entitled), energy audit services, or other services required or requested by an Ordering Agency shall be provided and, as applicable, billed for, by the Contractor. To the extent available from the Contractor, the Contractor shall provide and, as applicable, bill for such technical assistance on or concerning an Ordering Agency's equipment (such as the inspection or repair of such equipment) as may be requested by such Ordering Agency. The charges for such technical assistance shall be calculated at the time the technical assistance is rendered, as mutually agreed upon by the Contractor and the Agency, and shall comply with Contractor's Tariffs, if applicable. The Authorization or any other agreement used to obtain and provide the matters, services, or technical assistance described in this Article 5.6 shall contain information descriptive of the matters, services, or technical assistance required or requested, including the amount of (or method to determine) any payment to be made by the Ordering Agency to the Contractor for the provision of said matters, services, or technical assistance.

5.7. Any charges for matters or services referenced in Article 5.6 hereof which are not established by the Contractor's Tariffs shall be subject to audit by the Ordering Agency prior to payment; provided, however, that notwithstanding such right to audit, payment for the matters and services referenced in Article 5.6 thereof shall not be unreasonably withheld or denied. Charges for the matters or services referenced in Article 5.6 hereof will be consistent with the schedule of charges used to bill other customers of the Contractor served under the same service classification for like matters or services provided under similar circumstances.

5.8. The requirements of the Disputes clause at FAR 52.233-1 are supplemented to provide that matters involving the interpretation of Contractor's Tariffs are subject to the jurisdiction and regulation of the utility rate commission having jurisdiction.

ARTICLE 6. BILLS AND BILLING DATA.

6.1 The Services supplied hereunder shall be billed to the Ordering Agency at the address specified in each Authorization. Bills shall be submitted in original only, unless otherwise specified in the Authorization. All bills shall contain such data as is required by the Commission to substantiate the billing, and such other reasonable and available data as may be requested by the Ordering Agency, provided that such other data are contained in bills provided to other customers of the Contractor served under the same service classification as the Ordering Agency.

ARTICLE 7. PAYMENTS FOR SERVICES.

7.1. Payments hereunder shall not be paid in advance of services rendered, except as provided in Article 7.3 below. The Ordering Agency shall effect payment of all bills for regulated services rendered under this Contract in accordance with the terms of the Contractor's Tariff. Changes in the Contractor's Tariff provisions for the payment of bills shall supersede the provisions of this paragraph.

7.2. The Ordering Agency will make invoice payments for services not subject to the direct regulation of the Commission in accordance with the provisions of the FAR Subpart 52.232-25 (Article 14.1-16). The interest rate for late payments made pursuant to this clause shall be computed in accordance with the Office of Management and Budget prompt payment regulations at 5 C.F.R. 1315.

7.3. Payments hereunder shall not normally be made in advance of services rendered in accordance with 48 C.F.R. Subpart 32.4 unless required by the Contractor's Tariff. The applicability of this provision is limited to connection charge payments specifically cited in the Contractor's Tariff.

7.4. Each payment made by Treasury check to the Contractor shall include the Contractor's billing stub(s), or a Government or ordering Agency payment document, that clearly and correctly lists all of the Contractor's account numbers to which the payment applies and the dollar amount applicable to each account. If payment is by Electronic Funds Transfer either through the Automated Clearing House (ACH) or the Federal Reserve Wire Transfer System, the provisions of FAR Subpart 52.232-34 shall apply (See Article 14) only to the extent that it does not conflict with the Contractor's tariffs.

ARTICLE 8. CONTRACTOR-OWNED METERS.

8.1. Metering equipment of standard manufacture suitable to measure all Services supplied by the Contractor hereunder shall be furnished, installed, calibrated and maintained by the Contractor at its expense. In the event any meter fails to register or registers incorrectly, as determined by the regulations of the Commission, billing adjustments shall be made in accordance with such regulations.

8.2. The Contractor, so far as possible, shall read all meters monthly in accordance with the Contractor's Tariff and the Commission's regulations.

8.3. Meters shall be inspected upon installation and otherwise in accordance with the Contractor's rates and Commission's rules and regulations, and in the same manner as meters are inspected for other customers of the same service class, using similar service, at no direct charge to the Ordering Agency. Subsequent inspection, periodic testing, repair, and replacement of meters shall be done in such place and manner as provided by the Commission's regulations. Upon notice that a meter is failing to register correctly, the Contractor shall take immediate steps to effect replacement or repair. Ordering Agencies shall

have the right to request a meter test in accordance with the procedures prescribed in the Commission's regulations. The tests and applicable meter accuracy standards are those set forth in the Commission's regulations. The expense of meter tests shall be borne by the party designated as responsible therefor in the Commission's regulations.

8.4. For the purposes of this Article, references to meters shall apply only to Contractor-owned metering devices installed and maintained by the Contractor in accordance with Commission guidelines for Electric Service. References to meters under this Article shall not apply to meters that are to be installed by the Contractor at the request of an Ordering Agency, to be owned by the Government as a part of an Authorization for Energy Management Service or other service.

ARTICLE 9. EQUIPMENT AND FACILITIES.

9.1. Subject to the provisions of Article 5.6 hereof, the responsibility for owning, furnishing, installing, and maintaining all equipment and facilities (other than meters) required to supply service at the delivery point(s) specified in an Authorization shall be determined in accordance with the Contractor's regulated Tariffs. The Ordering Agency shall provide, free of charge to the Contractor, mutually agreeable locations on its premises for the installation of meters and such other equipment furnished and owned by the Contractor and necessary to supply service hereunder. The Contractor shall, at all times during the life of this Areawide Contract, operate and maintain at its expense such equipment or facilities as for which it has responsibility in accordance with this Article 9.1, and shall assume all taxes and other charges in connection therewith. Notwithstanding anything to the contrary in FAR 52.241-5 (Contractor's Facilities (FEB 1995)), to the extent required by the Contractor's Tariffs and the Commission's rules and regulations, and in accordance thereof, such equipment and facilities as for which the Contractor has responsibility in accordance with this Article 9.1 shall be removed, or if there is any underground equipment or facilities for which the Contractor has responsibility in accordance with this Article 9.1, such underground equipment or facilities may be abandoned, and in both cases, the Agency's premises restored, by the Contractor at its expense, within a reasonable time after discontinuance of service to the Ordering Agency.

9.2. All necessary rights-of-way, easements and such other rights necessary to permit the Contractor to perform under this contract shall be obtained and the expense for same borne in accordance with the Contractor's Tariffs and the Commission's rules and regulations.

ARTICLE 10. LIABILITY.

10.1. When the Government and/or an Ordering Agency has limited or restricted the Contractor's right of access under Article 11 and thereby interfered with the Contractor's ability to supply Service or to correct dangerous situations which are a threat to property or public safety, the Government shall be responsible for any liability resulting from such restricted or limited access to the extent permitted by law and authorized by appropriations and shall hold the Contractor harmless from any such liability. This Article (10.1) shall not be construed to limit the Government's liability under applicable law.

10.2. The Contractor's liability to the Government and to any Ordering Agency for any failure to supply service, for any interruptions in service, and for any irregular or defective service shall be determined in accordance with the Contractor's Tariffs and rules and regulations.

10.3. Except as provided above, and to the extent not inconsistent with the Contractor's Tariff and rules and regulations of Service, the Government shall not be liable for any damage or injury to any person or property, including death, occasioned by the Contractor's, its employees' or agents' negligent installation, use, operation or intentional misuse of the Contractor's equipment or facilities.

10.4. To the extent not inconsistent with the Contractor's Tariff and rules and regulations, neither the Contractor nor its employees or agents, shall be liable for damage or injury to any person or property, including death, occasioned by the negligent installation, use, operation or intentional misuse of Government's equipment or facilities by the Government, its employees or agents.

10.5. The Contractor shall not be liable for incidents arising out of or in any way connected with the violation or compliance with any local, state or federal environmental law or regulation resulting from pre-existing conditions at a Government job site, release or spill of any pre-existing hazardous materials or waste, or out of the management and disposal of any pre-existing contaminated soils or ground water, hazardous or non-hazardous, removed from the ground as a result of work performed by the Contractor.

10.6. The Government agrees to accept full responsibility for and bear all costs associated with pre-existing environmental liability. Responsibility for testing, abatement, remediation, and/or disposal of hazardous material, including, but not limited to, contaminated soil, lead paint, asbestos, fuel oil, or underground fuel oil tanks, shall remain with the Government. Where there is reason to suspect that hazardous material is present at the work site, or where hazardous material is encountered during the course of work being performed, the Contractor shall stop work; notify the Contracting Officer and Activity

personnel, and request that the Government test the work site for such hazardous material and appropriately abate and dispose of such hazardous material. Once the work site has been cleared of all hazardous material and is safe, the Contractor shall resume work in that area.

ARTICLE 11. ACCESS TO PREMISES.

11.1. The Contractor and its subcontractors or agents, if any, shall have access to the premises served at all reasonable times during the term of this Areawide Contract and at its expiration or termination for the purpose of reading meters, making installations, repairs, or removals of the Contractor's equipment, or for any other proper purposes hereunder; provided, however, that proper military or other governmental authority may limit or restrict such right of access in any manner considered by such authority to be reasonably necessary or advisable.

ARTICLE 12. PARTIES OF INTEREST.

12.1. This Areawide Contract shall be binding upon and inure to the benefit of the successors, legal representatives, and assignees of the respective parties hereto.

12.2. When the Contractor becomes aware that a change in ownership has occurred, or is certain to occur, the Contractor shall notify the Contracting Officer at the address provided in Article 16.1 within thirty (30) days of such ownership change. In the event the Contractor fails to make the notification required by this Article 12.2, the Government cannot guarantee the payment of outstanding invoices in accordance with the provisions of Article 7.1.

ARTICLE 13. REPRESENTATIONS AND CERTIFICATIONS.

13.1. This Areawide Contract incorporates by reference the representations and certifications made by the Contractor on Form PBS 3503 which is on file with the Government.

ARTICLE 14. SUPPLEMENTAL CLAUSES.

14.1. 52.252-2 Clauses Incorporated by Reference. (FEB 1998)

This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of a clause may be accessed electronically at this/these address(es): <http://www.arnet.gov>.

14.2 Repeal of Clauses During Term of Contract.

If, during the term of this Areawide Contract, any of the clauses contained in this Article are repealed, revoked, or dissolved by the Government, then such clauses shall no longer be part of this contract as of the date of such repeal, revocation, or dissolution. The elimination of these clauses by reason of such repeal, revocation, or dissolution shall not affect the continuing validity and effectiveness of the remainder of the contract or other clauses referenced in this Article.

ARTICLE 15. SMALL BUSINESS SUBCONTRACTING PLAN

15.1. Attached hereto and made a part hereof by reference is a SUBCONTRACTING PLAN FOR SMALL BUSINESS CONCERNS, SMALL BUSINESS CONCERNS OWNED AND CONTROLLED BY SOCIALLY & ECONOMICALLY DISADVANTAGED INDIVIDUALS, HUB ZONE BUSINESS CONCERNS, WOMAN OWNED SMALL BUSINESS CONCERNS, VETERAN-OWNED SMALL BUSINESSES CONCERNS AND DISABLED VETERAN-OWNED BUSINESSES negotiated between the Contractor and the Government, which is applicable on a company wide basis pursuant to the requirements of Section 211 of P.L. 95-507, as amended (15 U.S.C. 637(d)). The Contractor expressly understands that this subcontracting plan is an annual plan and hereby agrees to submit a new subcontracting plan by November 30th of each year during the life of this Contract. The requirement of this paragraph 15.1 may also be fulfilled with the filing of a consolidated plan submitted by Southern Company Services, Inc. on behalf of Contractor and its other affiliated companies.

15.2. Information and announcements concerning current developments in the GSA Small Business Subcontracting Program are available on the GSA Energy Center web site accessible via <http://www.gsa.gov/energy>.

ARTICLE 16. NOTICES

16.1. Unless specifically provided otherwise, all notices required to be provided to the Government under this Areawide Contract shall be mailed to: U. S. General Services Administration, Energy Center of Expertise (PLA), 301 7th Street, SW, Room 4004, Washington, DC 20407.

16.2. All inquiries and notices to the Contractor regarding any Authorizations issued under this Areawide Contract should be mailed to: Mr. Joseph Bosco, Government Accounts Representative, Mississippi Power Company, 2992 West Beach Boulevard, Gulfport, MS 39501 (telephone number 228-938-3979), or to such other person as the Contractor may hereafter designate in writing.

All inquiries and notices to the Contractor regarding Terms and Conditions of this Areawide Contract shall be mailed to: Southern Company Services, Inc., Office of General Counsel and Government Contract Compliance, c/o 600 North 18th Street, Bin 7N-8374, Birmingham, Alabama, 35203 (telephone number 205-257-5927), or to such other person as the Contractor may hereafter designate in writing.

16.3. The Ordering Agency shall provide GSA with a copy of all fully executed Exhibit "C" Authorizations for Energy Management Service including any applicable attachments at the address provided in Article 16.1.

ARTICLE 17. REPORTING

17.1 The Contractor shall provide, as prescribed and directed by the Contracting Officer, an annual report on performance, Summary of Subcontract Report (Standard Form 295), in accordance with the approved subcontracting plan for small business concerns and small business concerns owned and controlled by socially and economically disadvantaged individuals as required by Article 15 by April 1 of each year during the life of this Areawide Contract. The requirement of this paragraph 17.1 may also be fulfilled with the filing of a consolidated report submitted by Southern Company Services, Inc. on behalf of Contractor and its other affiliated companies.

ARTICLE 18. UTILITY ENERGY SERVICE CONTRACTS.

18.1. Measurement and verification: Energy Conservation Measures (ECM) will not be normally considered unless a net overall energy usage or cost reduction can be demonstrated and verified. Verification standards for energy projects are established in the North-American Energy Measurement and Verification Protocol (NEMVP), published by the Department of Energy's Federal Energy Management Program (FEMP), or as agreed to in the Authorization.

18.2. Unless otherwise provided by law, the following provisions shall apply:

(a) Payment for energy conservation measures, when authorized as Energy Management Service (EMS), shall be equal to the direct cost of capital or financing amortized over a negotiated payment term commencing on the date of acceptance of the completed installation;

(b) The payment term for Authorizations involving energy conservation measures shall be calculated to enable the Ordering Agency's monthly payment to be lower than the estimated cost savings to be realized from its implementation. In no event, however, shall this term exceed 80% of the useful life of the equipment/material to be installed.

18.3. Subcontracting: The Contractor may perform any or all of its requested services through subcontractors, including its unregulated affiliates. ECM subcontractors shall be competitively selected in accordance with FAR 52.244-5 (Article 14.1-25

herein). Subcontractor selection shall be based on cost, experience, past performance and other such factors as the Contractor and the Ordering Agency may mutually deem appropriate and reasonably related to the Government's minimum requirements. Upon request by the Government, the Contractor shall make available to the contracting officer all documents related to the selection of a subcontractor. In no event shall the service be provided by subcontractors listed as excluded from Federal Procurement Programs maintained by GSA pursuant to 48 C.F.R. 9.404 (Article 14.1-8 herein).

18.4. For all Authorizations involving Energy Conservation Measures, it is desirable to have a Warranty Clause that addresses the specific needs and requirements of the work being performed and equipment that is to be provided by the Contractor, however, in the absence of a Warranty Clause in the Authorization the following language will serve as the default Clause:

The Company shall pass through to the Agency all warranties on equipment installed or provided by it or its subcontractors on Government property with the following representation:

Mississippi Power Company ACKNOWLEDGES THAT THE UNITED STATES OF AMERICA WILL OWN OR LEASE THE EQUIPMENT AND/OR MATERIALS BEING INSTALLED OR SUPPLIED HEREUNDER, AND, ACCORDINGLY, AGREES THAT ALL WARRANTIES SET FORTH HEREIN, OR OTHERWISE PROVIDED BY LAW IN FAVOR OF COMPANY SHALL INURE ALSO TO THE BENEFIT OF THE UNITED STATES AND THAT ALL CLAIMS ARISING FROM ANY BREACH OF SUCH WARRANTIES OR AS A RESULT OF DEFECTS IN OR REPAIRS TO SUCH EQUIPMENT OR SUPPLIES MAY BE ASSERTED AGAINST THE MANUFACTURER DIRECTLY BY THE UNITED STATES.

18.5. The Contractor shall submit to GSA an executive summary or brief description of all energy conservation measures prior to execution by Ordering Agency for GSA's input. GSA shall provide comment or questions, if any, in a timely manner to both the Ordering Agency and the Contractor for clarification. GSA may provide any recommendations it deems appropriate to Ordering Agency for its consideration. Contractor will finalize negotiations of the Authorization with the Ordering Agency for the implementation of the energy conservation measures. The Ordering Agency shall provide GSA with copies of fully executed Exhibit "C" Authorizations for Energy Management Services, including any applicable attachments at the address provided in Article 16.1.

18.6. Contractor's Responsibilities under Contract:

(a) The Contractor shall not provide Energy Management Service to Federal facilities unless the Contractor is currently providing regulated utility service(s) to the Ordering Agency's facility within the franchised service territory of the utility providing such services.

(b) The work that is to be performed under an Exhibit C Authorization for Utility Energy Services Contract (UESC) shall be limited to work resulting in a direct reduction in energy usage (see Article 1.1(i)) and any modification or repair that is necessary as a direct result of the installation of the Energy Conservation Measure.

ARTICLE 19. MISCELLANEOUS.

19.1. Contract administration: The Ordering Agency shall assist in the day-to-day administration of the utility service being provided to it under an Authorization.

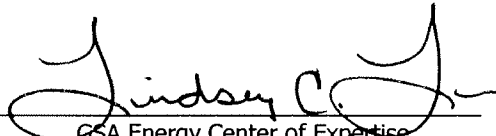

19.2. Anti-Deficiency: Unless otherwise authorized by Public Law or Federal Regulation, nothing contained herein shall be construed as binding the Government to expend, in any one fiscal year, any sum in excess of the appropriation made by Congress for that fiscal year in furtherance of the matter of the contract or to involve the Government in an obligation for the future expenditure of monies before an appropriation is made (Anti-Deficiency Act, 31 U.S.C. 1341.A.1).

19.3. Obligation to Serve: Nothing contained in this contract shall obligate the Contractor to take any action which it may consider to be detrimental to its obligations as a public utility.

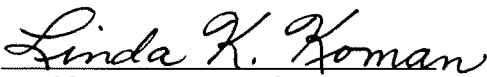

19.4 Term of Authorizations: It is recognized that during the life of this contract, situations and/or requirements may arise where it may be desirable that the term of service to an Ordering Agency's facility extend beyond the term of this contract. In such event, the particular Authorization involved may specify a term extending beyond the term of this contract, provided that is within the contracting authority of the Ordering Agency.

IN WITNESS WHEREOF, the parties have executed this contract as of the day and the year first above written.
