

## SERVICE LETTER

NUMBER CSL 2010-1  
DATE 3/31/10

TO: CENTURY FLIGHT SYSTEMS DEALERS

SUBJECT: AVAILABILITY AND APPLICATION OF AN ATTITUDE GYRO

Century Flight Systems has available a two axis Attitude Gyro with a  $7\frac{1}{2}^{\circ}$  tilt of the gyro rotor for aircraft with tilted instrument panel. The part number, 52D267-1M, is acceptable as a replacement of the 52D267 & M Attitude Gyros to meet the needs for Roll and Pitch Signals in aircraft with tilted panels for aircraft with the Century 31, 41, 2000, Triden and 4000 flight control systems.
