

# CDI Lawyers | Half Day Seminar & Workshop

Construction Contracts

Thursday 6 August 2015

## How to amend and administer contracts in response to current issues and legislative changes

- ✓ Understand how to amend your contract to deal with the latest BCIPA and QBCC amendments and the new timelines
- ✓ Discuss and understand the latest contract clauses required as a result of cases on the BCIPA, QBCC Act & PPS Act
- ✓ Understand how you can amend your contract to maximise your protection from dubious extension of time and delay cost claims
- ✓ Discuss and understand the latest contract amendments dealing with conversion of security, final certificates, termination and deeds of release
  - Termination for convenience
  - Accepted risks
  - Qualifying causes of delay
  - Time bars
- ✓ In relation to Greenstar / NABERS learn about:
  - Environmental rating systems and the latest sustainability initiatives
  - Rating systems including Greenstar / Nabers
  - The management of green ratings and risk allocation under construction and infrastructure contracts
  - How to deal with the green bond after practical completion and final completion
  - What special conditions are required to deal with unique “green” design issues
  - How to manage the facilitation and data gathering exercise to obtain a green rating

### Workshop

In a workshop setting you will deal with an actual contracts and negotiate an outcome.

Seminar Speaker

Stephen Pyman  
Principal  
p. 07 3367 7102  
e. spyman@cdilawyers.com.au

About

Stephen has practised in the field of building, construction and infrastructure law for more than 25 years. He has extensive experience in pre-contract and tender negotiations, contracts and sub-contracts as well as construction litigation, alternative dispute resolution, mediation, arbitration and adjudication under the Security of Payment Act. Stephen also advises leading national and international construction companies and key Government bodies regulating the building industry and is the author of several leading textbooks focusing on the construction industry. Stephen pioneered the use of green bonds in energy rated buildings and has written the leading Queensland text on adjudication.
