

Topham Picturepoint

www.TopFoto.co.uk

TopFoto.co.uk is a new concept in picture searching and supply. The site is operated by picture professionals with many years of experience. The technology is Fotoware.com, a product, fast becoming standard throughout the publishing and picture industries, which allows searching at the user's line speed. TopFoto's 32 megabyte optic cable ensures no delays. Permissions allow full download, comping images, self-zip, FTP, and email. The choice is yours. The pictures you see come from many agencies and photographers and, typically, at least 500 images from all sources are added daily.

If you cannot find the picture you need, or for any other
help with TopFoto please

call **01732 863939** fax **01732 860215** email **admin@TopFoto.co.uk**

Topham Picturepoint

Topham Picturepoint, founded in 1927, has over 6,000,000 pictures dating from medieval manuscripts to today's digital files being sent via FTP from all over the globe. With a variety of subjects including editorial news stills, 300,000+ personalities and views from everyday life, Topham Picturepoint can fulfil most picture requests.

Original collections are not merged but a simple database provides centralised searching of 8 million words. A friendly and efficient search service is available. Collections held include:
