Abstract—Belows are general instructions to guide the preparation of your full paper manuscript. You may prepare the PDF as well as MS Word files of your manuscript. The full paper will be published in CDROM or USB memory from the file prepared by each author as provided. Please follow these instructions. Use this document as a template if you are using Microsoft Word. This part is for the abstract. The abstract should be within 100 words.

Index Terms— About four key words or phrases, separated by commas.

I. INSTRUCTIONS FOR FULL PAPER PREPARATION

A. Length and Style

The length of the paper is WITHIN SIX PAGES for all papers (including keynote lectures). Use separate sections for abstract, index terms, introduction, methods, results, discussion, conclusions, acknowledgements and references.

B. References

Number references in their text order, using square brackets []. Place citations at the end of the text.

Example:

- [1] G. Eason, B. Noble, and I.N. Sneddon, "On certain integrals of Lipschitz-Hankel type involving products of Bessel functions," *Phil. Trans. Roy. Soc. London*, vol. A247, pp. 529-551, April 1955.
- [2] M. Young, *The Technical Writer's Handbook*. Mill Valley, CA: University Science, 1989.

C. Paper Size and Layout

Use A4 paper (210mm x 297mm). We do not accept letter size paper.

Center the title, author names and affiliations. Type the paper in two columns. Each column of the text should be left and right justified. The footnote should be added at the bottom in the left column of the first page. Please supply corresponding author's address and e-mail address.

* Corresponding author: Address, Zip code, Country, E-mail.

D. Margins

Leave 25 mm (1") margins at the top and bottom, and 18 mm (0.7") on the left and right sides.

E. Type Size

Use 14 point Roman characters for the title, 12 point Roman characters for names and affiliations, 10 point Roman characters for the text, 8 points Roman characters for the footnote, and 8 points for the references. Please do not use 2 byte characters (Japanese, Chinese etc.). Please check it by Adobe Acrobat ("File"-> "Property" -> "Font") before you submit.

F. Figures

Figures does not have to be "black/white" or grayscale". For the readability, colored figures are rather recommended. Number and provide a caption (legend) for each figure; do not use characters smaller than 8 point.

Example:

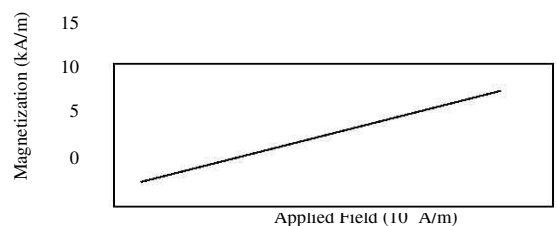

Fig. 1. Magnetization as a function of applied field.
Note how the caption is centered in the column.
