

20MINUTE APPOINTMENT Call Back Script **(RE-WRITE INTO YOUR OWN WORDS)**

WARM MARKET

"_____, I'm an Affiliate, Independent Contractor for a gold company and I show anyone with a few extra hours a week how to turn those free hours into a \$5K, \$10K or more a week in extra income, working from home. Does this sound like something you would have an interest in hearing more about?"

If their response is anything other than a "No", simply follow with asking if they have 3 minutes to listen to a brief message, then give them the number to call or call it and hand over your phone to them, or conference them into the message if on the phone with them.

After they have listened, ask the standard question: "On a scale of 1-10, what is your level of interest in getting more details?" If they have an interest, set a time to speak with your Sr. Partner so they can explain the MISSION, the PRODUCT and HOW THEY EARN INCOME...or do that yourself and introduce them to your Sr. Partner(s) when available.

I'm here to simply set up an appointment with others where our Sr. Partner will explain all this in detail. It's VERY exciting and as you can see very profitable. My role here is to confirm you are interested enough to set up that appointment if you are serious about getting more info. Would you like to set that appointment?

(Name) What time works best for you? What is your email address? I will confirm the time and send you an email and a text regarding this.

Thank you _____, we will see you at the appointment time. Please watch for those appointment reminder emails and texts and we will call at that time.
