If no, explain: _____

Yes No Will attend the school he or she would attend if nondisabled?

MANIFESTATION DETERMINATION (AS APPROPRIATE)

Complete when determining whether a student's behavior was a manifestation of her/his disability.

Disability:

Incident(s) that Resulted in Disciplinary Action

The Student's IEP and Placement (include a review of all relevant information in the child's file, including the child's IEP)

Observations of the Student (include a review of staff observations regarding the student's behavior)

Information provided by the Parents (include a review of any relevant information provided by the parent(s))

Based upon the above information, the team has determined that:

- Yes No The conduct was caused by or had a direct and substantial relationship to the student's disability.
 Yes No The conduct was the direct result of the school district's failure to implement the IEP.

If "Yes" to either of the above, the behavior must be considered a manifestation of the student's disability.

Check the appropriate box:

- The student's behavior **WAS NOT** a manifestation of her/his disability. The relevant disciplinary procedures applicable to students without disabilities may be applied to the student in the same manner in which they are applied to students without disabilities. *If the district initiates disciplinary procedures applicable to all students, the district shall ensure that the special education and disciplinary records of the student with a disability are transmitted for consideration by the person or persons making the final determination regarding the disciplinary action.*
- The student's behavior **WAS** a manifestation of her/his disability. The team must review and revise the student's IEP as appropriate and the district must take appropriate action. A functional behavior analysis will or has been completed. The behavior intervention plan shall be completed or modified/reviewed as required to address behavior.
