INTRODUCTION AND INDEX

John Scott, President and co-owner of New Options Sports, has been making orthopedic and sports medicine neoprene braces and supports since 1976, and in 1978 opened a custom department in order to fill the need to fit everyone who needs a brace, no matter how large or small. Many orthotists and prosthetists have been depending on this service ever since. Scott says that most of his competitors refuse to make made-to-order customs because of the intensive labor and the loss of money involved, and he agrees to the point that this service is offered to regular customers only, because it is a non-profit service. New Options offers custom made products with a 24 to 48-hour turn around time, if needed, on almost any type of support or brace.

However, New Options Sports offers a lot more than just custom made products! With a combined manufacturing experience of well over 400 years, New Options Sports offers one of the most complete lines of both adult and pediatric products, including suspension sleeves. The pediatric line was added a few years ago, because, Scott says, children need supports as much as, if not more than, adults. And since kids like colors so much, most of the PEDI KidStuff line is offered in 14 different colors, including camouflage. New Options Sports' products are also exclusively endorsed by the United States Olympic Committee, the Association of Tennis Professionals, and many professional trainers. New Options Sports also supplies the Veteran's Administration, Children's and Shriner's and Military Hospitals through its distribution network.

Another great quality about New Options Sports is that they manufacture every single product here in the United States, something their competitors cannot boast. Scott feels that American-Made quality is very important, and has long resisted moving his manufacturing overseas or to Mexico.

New Options Sports exhibits at several trade shows annually, and also advertises in many of the sports medicine, orthotic/prosthetic and health industry periodicals.

American pride, integrity and a wealth of knowledge has made New Options Sports what it is today. Scott says he looks forward to many more years in the industry and many more years of supplying the industry with good quality, American-Made products.

USA

C1 CALF SUPPORT

Features:
1/8" nylon 2-sides neoprene
11" sleeve

G1 GROIN STRAP UNIVERSAL

Features:
3/16" UBL 1-side, non-slip 1-side neoprene
6" wide contoured band
Universal size
Hook closures for adjustable compression

C2 SHIN SPLINT SUPPORT

Features:
1/8" nylon 2-sides neoprene
11" sleeve
Two parallel enclosed tubular pads full length anteriorly

M4 EXERCISE PANTS

Indications:
Hamstring and quadriceps injuries
Tight back muscles
Features:
1/8" nylon 2-sides neoprene

PS1 THERMAL PITCHER'S SLEEVE

Indications:
Use when ice or heat with compression are indicated
Features:
3/16" nylon 2-sides neoprene
Pocket on medial and lateral sides of elbow
Three pockets around rotator cuff

T1 THIGH SUPPORT

Indications:
Hamstring injuries
Quadricep pulls
Features:
1/8" nylon 2-sides neoprene
12" sleeve
Oval pressure pad

DC2 DIGIT COVERS

Features:
1/8" nylon 2-sides neoprene
1 pair
Fits men's shoe size 4 - 9

Product Variation:
DC4 - fits men's shoe size 10+

F1 CRYO BOOTIE

Features:
1/8" nylon 2-sides neoprene
Non-slip neoprene sole
Finger loop for easy application
1 each

Patent Pending

Proudly Made
In The
USA

K10-P PERFORATED UNDERSLEEVE FOR FUNCTIONAL KNEE BRACE

Features:
1/16" nylon 2-sides perforated neoprene
Length = 19"
Patellar opening for positioning and comfort
Protects user from contact with outer brace
Provides warmth and equal compression
Helps hold outer brace in place

K9-CO KNEE SUPPORT

Features:
1/8" nylon 2-sides neoprene
Patellar opening for positioning and comfort
Anterior oval pad

Product Variation:
K9 w/ oval anterior pad, no cut out
K9-COP w/ patellar opening, no pad
K9-COPS w/ patellar opening & stays
K9-P w/ no pad, no cut out

K11-U CARTILAGE KNEE

Features:
3/16" nylon 2-sides neoprene
Patellar opening for positioning and comfort
Universal felt buttress

Product Variation:
K11-D w/ felt donut

K13-D KNEE SUPPORT

Features:
1/8" nylon 2-sides neoprene
Patellar opening for positioning and comfort
1/4" enclosed tubular donut

Product Variation:
K13 w/ superior tubular crescent
K13-I w/ inferior tubular crescent
K13-L w/ lateral tubular crescent
K13-R w lateral tubular crescent

K18 OSGOOD SCHLATTER SUPPORT

Features:
1/8" nylon 2-sides neoprene
1/4" v-shaped, shock absorbing pad to protect tibial tuberosity
Upper & lower circumferential straps
Lower strap over tibial tuberosity to apply desired pressure

Patent 362,305

K16 UNIVERSAL WRAP AROUND KNEE

Features:
1/8" UBL 1-side, nylon 1-side neoprene
Patellar opening for positioning and comfort
Universal felt buttress
Fits thighs up to 26"
Universal right or left, one size fits most

Product Variation:
K16-OS fits thighs up to 30"

Proudly Made
In The
USA

PATELLA STABILIZERS

K194 UNIVERSAL WRAP AROUND KNEE W/ SHARKSKIN DYNAMIC PULL BUTTRESS

Features:
 1/8" UBL 1-side, nylon 1-side neoprene
 Patellar opening for positioning and comfort
 Universal neoprene buttress w/ dynamic pull-tabs to adjust pressure from outside of support
 Medial and lateral spiral stays
 Fits thighs up to 26"
 Universal right or left, one size fits most

Product Variation:
 K194-OS fits thighs up to 30"

K15 DYNAMIC PATELLAR STABILIZER WITH J BUTTRESS

Features:
 1/8" nylon 2-sides neoprene
 Patellar opening for positioning and comfort
 Patellar pull-panel with adjustable straps
 1/4" tubular, enclosed j-pad buttress
 Medial and lateral spiral stays
 Specify right or left

Product Variation:
 K25 w/ additional adjustment on pull-panel

K195 "THE WINNER™"

Indications:
 Patellar tendonitis
 Osgood-Schlatter disease
 Chondromalacia
 Patellar-Femoral Syndrome
 Jumper's or runner's knee
Features:
 1/8" UBL 1-side, non-slip 1-side neoprene
 Moldable insert for desired shape

Product Variation:
 K195-M w/ covered magnet

Patent Pending

K404 PATELLA KNEE SUPPORT W/ EXCLUSIVE POSITIVE CONTROL DISTAL STRAP

Features:
 3/16" nylon 2-sides neoprene
 Patellar opening for positioning and comfort
 Inverted horseshoe has sewn in loop for dynamic pull
 Lower strap has guide for positive positioning and control of patellar strapping
 Upper & lower circumferential straps
 Medial and lateral spiral stays

U.S. Patent 362,305

K14-D PATELLA KNEE STABILIZER W/ ADJUSTABLE TUBULAR BUTTRESS DONUT

Features:
 1/8" nylon 2-sides neoprene
 Patellar opening for positioning and comfort
 1/4" enclosed tubular donut
 Upper & lower circumferential straps
 Medial and lateral spiral stays

Product Variation:
 K14 w/ superior tubular crescent
 K14-I w/ inferior tubular crescent

K44 DYNAMIC PATELLA STABILIZER W/ UNIVERSAL SHARKSKIN PULL BUTTRESS

Features:
 1/8" nylon 2-sides neoprene
 Patellar opening for positioning and comfort
 Large, popliteal opening
 Universal neoprene buttress w/ dynamic pull-tabs to adjust pressure from outside of support
 Upper & lower circumferential straps
 Medial and lateral spiral stays

Product Variation:
 K44-H w/ LD Hinges

Patent Pending

Proudly Made
 In The
 USA

C-ME™ PROSTHETIC COVER SLEEVES

C-ME™ PROSTHETIC COVER SLEEVES FOR AMPUTEES

Features:
 Made in the U.S.A. of the finest quality of Spandex, Lycra and Nylon materials
 Available in a variety of colors and designs to enhance your attitude and personality
 Looks great w/ short pants; helps long pants slide on better
 Change colors and designs as you do your clothing; helps give you a bright outlook every day
 BK Sleeve Cover - helps protect the sleeve and socket
 Custom orders available
 Machine wash gentle cycle, cold water. Air-dry only

All fabrics are available for your laminating needs (20" x 20")
 Please call our office for available designs

ARM-ADILLO™ SHOULDER STABILIZER

The Arm-adillo™

Examples for Fitting Straps

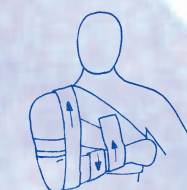

Grade I and II A/C Separation
 Pre & post surgery of Grade III Separation
 Helps prevent / limit subluxation caused by hyperextension

Allows desired amount movement for rehabilitation
 Helps prevent / limit abduction, external / internal rotation

Injured ribs
 Pre & post bicep and tricep repair

Sling
 Stabilize arm and shoulder
 Elevate elbow

S5 THE ARM-ADILLO™ SHOULDER STABILIZER

Indications:
 Designed to limit movement of and support shoulder girdle
 Can be customized for desired usage - whether as a sling, post-operative treatment or for rehabilitation
 Can be worn during competition

Features:
 1/8" VeLPlush™ neoprene
 Two 1" x 3" hook straps originating from the bicep area to attach to body of brace
 Two additional straps and 1" squares of hook for additional support placement
 Fits right or left shoulder - male or female

Product Variation:
 S14 - bilateral

Proudly Made
 In The
 USA

LUMBAR SUPPORTS

L1 ELASTIC DOUBLE-SIDE PULL LUMBAR SUPPORT

Indications:
Preventative measures
Lower back pain
Post-operative care
Facet Syndrome
Muscle spasms

Features:
9" wide elastic belt
Two 4" wide adjustable side pulls that overlap in front to increase intrabdominal support
1/8" nylon 2-sides neoprene pocket for insert

Product Variation:
L2 w/ elastic pocket

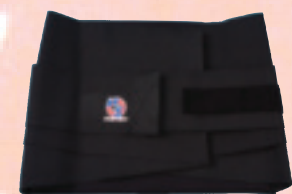

Inserts:
L9 - 3/16" neoprene insert w/1/4" sewn in pad
L10 - Heat moldable insert

L8 UNIVERSAL LUMBAR SUPPORT

Features:
1/8" UBL 1-side, nylon 1-side neoprene
Two 4" wide adjustable side pulls to increase intrabdominal support
Sewn in 1/4" pad for extra support
Four 10-1/2" sewn in spiral stays for support
Fits waists up to 43"

Product Variation:
L8-OS - fits waists 44" and above

L5N ELASTIC DOUBLE-SIDE PULL LUMBAR SUPPORT

Features:
12" wide elastic belt
Two 4" wide adjustable side pulls that overlap in front to increase intrabdominal support
1/8" nylon 2-sides neoprene pocket for insert

Inserts:
L11 - Heat moldable insert

VB8S VENTILATED ELASTIC LUMBAR SUPPORT W/ REMOVABLE SUSPENDERS

Features:
9" wide ventilated elastic belt in back, narrowing to 6" belt in front
Two 4" wide adjustable side pulls that overlap in front to increase intrabdominal support
2" woven elastic adjustable suspenders
Available in black only

PROSTHETIC SUSPENSION SLEEVES

SUSPENSION SLEEVES

Features:
Airtight seams hold prosthesis secure

- 1a. K50 - 1/8" 1-part suspension sleeve w/ flexion knee, 2 sides nylon
- 1b. K51 - 1/8" 1-part suspension sleeve w/ flexion knee, 1 side neoprene
2. K52 - 1/8" 2-part suspension sleeve w/ flexion knee & top strap
3. K53 - 1/8" 3-part suspension sleeve with nylon middle
4. K54 - 1/8" 3-part suspension sleeve w/ flexion knee
5. K55 - 1/8" 3-part suspension sleeve with lycra middle
6. K7 - 1/8" 1-part suspension sleeve
7. K77 - 3/16" Martin suspension sleeve w/ proximal front closure and straps

Measure circumference at 5 above the knee

*All suspension sleeves available tan, golden tan, black and brown

USA

PATELLA STABILIZERS

K4-F PATELLAR FAN KNEE STABILIZER DIAMOND X THEORY

Features:
3/16" nylon 2-sides neoprene
Patellar opening for positioning and comfort
Universal felt buttress
Upper & lower circumferential straps
Medial and lateral spiral stays
Four 2"-wide criss-cross elastic straps for added stability

K4-U 3/16" PATELLAR KNEE STABILIZER WITH UNIVERSAL FELT BUTTRESS

Features:
3/16" nylon 2-sides neoprene
Patellar opening for positioning and comfort
Universal felt buttress
Upper & lower circumferential straps
Medial and lateral spiral stays

K8-U 1/8" PATELLAR KNEE STABILIZER WITH UNIVERSAL FELT BUTTRESS

Features:
1/8" nylon 2-sides neoprene
Patellar opening for positioning and comfort
Universal felt buttress
Upper & lower circumferential straps
Medial and lateral spiral stays

K1-U COVERED HINGED KNEE

Features:
3/16" nylon 2-sides neoprene
Patellar opening for positioning and comfort
Universal felt buttress
Upper & lower circumferential straps
Additional straps above and below patella for support
Covered multi-position hinges
Boot pulls

Product Variation:
K1-F w/ criss-cross fan patellar control

K2-U PADDED HINGED KNEE

Features:
3/16" nylon 2-sides neoprene
Patellar opening for positioning and comfort
Universal felt buttress
Upper & lower circumferential straps
Covered multi-position hinges
Boot pulls

K32 13" HIGH TECH KNEE BRACE W/ ROM HINGES

Features:
3/16" nylon 2-sides neoprene
Patellar opening for positioning and comfort
Universal felt buttress
Upper & lower circumferential straps
Polycentric high tech, ROM hinges w/ easy set flexion and extension stops allow for full range of motion control
Hinge arms made of aircraft aluminum
Boot pulls

Proudly Made
In The
USA

HINGED KNEE SUPPORTS

K34 "SUPERLITE"™ KNEE BRACE

Features:
1/8" nylon 2-sides neoprene
Patellar opening for positioning and comfort
Upper & lower circumferential straps
Polycentric aluminum, low-profile hinges
Boot pulls
Large size weighs 8.6 oz

K65 17" KNEE MATE™ WITH ROM HINGES

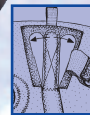

Indications:
Arthritis
Post-operative management
Anterior and posterior cruciate instability
Medial and lateral collateral instability
Features:
3/16" nylon 2-sides neoprene
Patellar opening for positioning and comfort

Popliteal opening
Two upper & two lower circumferential straps
Polycentric high tech hinges ROM w/ easy set flexion and extension stops allow for full range of motion control
Hinge arms made of aircraft aluminum

K56 17" HIGH TECH KNEE BRACE WITH ROM HINGES

Features:
3/16" nylon 2-sides neoprene
Patellar opening for positioning and comfort
Universal felt buttress
Popliteal opening
Two upper & two lower circumferential straps
Polycentric high tech, ROM hinges w/ easy set flexion and extension stops allow for full range of motion control
Hinge arms made of aircraft aluminum
Boot pulls

K64 KNEE MATE™

Indications:
Arthritis
Post-operative management
Anterior and posterior cruciate instability
Medial and lateral collateral instability

Features:
3/16" nylon 2-sides neoprene
Patellar opening for positioning and comfort
Upper & lower circumferential straps w/ finger loops and pull tabs
Adjustable elastic segment to prevent tourniquet effect in popliteal area
Large, comfortable popliteal opening
Covered, stainless steel, light-duty hinges w/ hyperextension stop
Special cordura stress covers over center, proximal and distal hinge for reinforcement

Product Variation:

K64-H w/ covered multi-position hinges
K64-HT w/ high tech, ROM hinges
K64-LP w/ low profile hinges
K64-S w/ medial and lateral spiral stays

K57 SWEDISH KNEE BRACE

Features:
1/8" nylon 2-sides neoprene
Patellar opening for positioning and comfort
Universal neoprene crescent
Upper & lower circumferential straps
Additional straps above and below patella for support
Covered multi-position hinges

Patent Pending

Product Variation:

K67-H w/ covered multi-position hinges
K67-HT w/ high tech, ROM hinges
K67-S w/ medial and lateral spiral stays
K68 - 17" Hybrid Knee Support
K68-HT w/ high tech, ROM hinges

U.S. Patent 7217249

WRIST SUPPORTS

W56 PULL ON THUMB AND WRIST SUPPORT

Features:
1/8" nylon 2-sides neoprene
Specify right or left hand

W57 THUMB AND WRIST SUPPORT

Features:
1/8" nylon 2-sides neoprene
Hook and loop closures
Specify right or left hand

ELBOW SUPPORTS

E1 ELBOW SLEEVE

Features:
1/8" nylon 2-sides neoprene
10" in length
Provides warmth, compression and protection

Product Variation:

E8 w/ covered shock absorbing pad

E7 HYPEREXTENSION ELBOW

Features:
3/16" nylon 2-sides neoprene
Two loop and lock criss-cross straps to help prevent hyperextension

E3 UNIVERSAL TENNIS ELBOW STRAP

Features:
1/8" nylon 2-sides neoprene
Universal size
2" circumferential, pressure-adjusting strap

E9 HINGED ELBOW

Features:
1/8" nylon 2-sides neoprene
Covered multi-position hinges
Upper and lower circumferential straps

E4 TENNIS ELBOW STRAP W/ FELT PAD

Features:
1/8" nylon 2-sides neoprene
Covered 1/4" felt pad
Circumferential loop and lock strap w/ elastic segment

E12 HYPEREXTENSION HINGED ELBOW

Features:
1/8" nylon 2-sides neoprene
Covered, stainless steel hinges w/ hyperextension stop
Two loop and lock criss-cross straps to help prevent hyperextension

E5 TENNIS ELBOW STRAP W/ VELFOAM PAD

Features:
1/8" nylon 2-sides neoprene
Covered velfoam pad
Circumferential loop and lock strap w/ elastic segment

E15 HYPEREXTENSION POLYCENTRIC HINGED ELBOW W/ "E-Z-E" BICEP CLOSURE

Features:
1/8" nylon 2-sides neoprene
Covered polycentric hinge w/ hyperextension stops
Hinge has aircraft aluminum arms and stainless steel body
"E-Z-E" bicep closure and lock w/ pre-flexion design
One continuous bottom strap w/ criss-cross lock for desired angle stop

U.S. Patent 7217249

WRIST SUPPORTS

**NEW
with
VeLPlush™**

W59 VELPLUSH™ UNIVERSAL BOOMERANG WRIST WRAP SUPPORT

Features:
1/8" VeLPlush™ neoprene
Hook and loop closure
Fits right or left hand
Universal size

W1 ACTION WRIST SUPPORT

Features:
1/8" nylon 2-sides neoprene
Hook and loop closures
Circumferential strap
Specify right or left hand
Removable splint for washing
6" in length

Product Variation:
W2 - 8" in length

**NEW
with
VeLPlush™**

W60 VELPLUSH™ UNIVERSAL SIZE WRIST WRAP SUPPORT

Features:
1/8" VeLPlush™ neoprene
Hook and loop closure
Specify right or left hand
Universal size
Removable splint for washing
Circumferential strap to help limit
motion
6" in length

W20 UNIVERSAL UBL WRISTLET

Features:
1/8" UBL 1-side, nylon 1-side
neoprene
Hook and loop closures
Adjustable thumb strap
Circumferential strap
Specify right or left hand
Removable splint for washing
6" in length

Product Variation:
W28 - 8" in length

**NEW
with
VeLPlush™**

W68 VELPLUSH™ UNIVERSAL SIZE WRIST SUPPORT

Features:
1/8" VeLPlush™ neoprene
Hook and loop closure
Specify right or left hand
Universal size
Removable splint for washing
Circumferential strap to help limit
motion
8" in length

W31 WRIST WRAP

Features:
1/8" nylon 2-sides neoprene
Hook and loop closure

W12 WRIST SUPPORT

Features:
1/8" nylon 2-sides neoprene
Hook and loop closures
Adjustable thumb strap
Specify right or left hand
Removable splint for washing
6" in length

W47 WRIST / THUMB SUPPORT

Features:
1/8" nylon 2-sides neoprene
Hook and loop closures
Abducted, adjustable thumb strap
Circumferential strap
Specify right or left hand
Removable splint for washing
6" in length

W18 WRIST SUPPORT W/ CIRUMFERENTIAL COMPRESSION STRAP

Features:
1/8" nylon 2-sides neoprene
Hook and loop closures
Adjustable thumb strap
Circumferential strap
Specify right or left hand
Removable splint for washing
6" in length

Product Variation:
W13 - 8" in length

W11 THUMB SPLINT

Features:
1/8" nylon 2-sides neoprene
Hook and loop closures
Adjustable thumb strap
Universal size
Fits right or left hand
6" in length

In The
USA

HOT/COLD THERAPY & POST OP

K35 HOT/COLD THERAPY KNEE WRAP

Features:
1/4" Velfoam
Removable mesh pocket for
heat/cold
Wrap around with 3 hook closures
Universal size

Product Variation:
K36 - with col/hot gel pad insert
K37- cold/hot insert pad only for K35

K27 ARTHROSCOPIC WRAP AROUND KNEE

Features:
1/4" Velfoam
Patellar opening for positioning and
comfort
1/4" Velfoam knee pad sewn in
Wrap around with 3 hook closures
Universal size

S8 HOT/COLD THERAPY SHOULDER WRAP

Features:
1/4" Velfoam
Removable mesh pocket for
heat/cold
Wrap around with 2 hook closures
Universal size

Product Variation:
S9 - with hot/cold gel pad insert
S10- cold/hot pad only for S8

HINGES

STAYS AND HINGES

1. Spiral stay w/ dipped caps
2. Polycentric, stainless steel hinge w/ hyperextension stop
3. Multi-position hinge w/ 0°, 15°, 30°, 45° extension stops
4. Polycentric aluminum hinge w/ hyperextension stop*
5. Polycentric flip-top, high-tech hinge w/ easy set flexion and extension stops w/ aircraft aluminum arms *
6. Polycentric, low-profile hinge w/ hyperextension stop at 5°
7. Polycentric, light-duty hinge w/ stainless steel body and aircraft aluminum arms *

* Also available on our 17" braces

THE ALTERNATIVE TO NEOPRENE

Kooflex™

Kooflex™

3-DIMENSIONAL KNIT SPACER FABRIC

Kooflex™ is a light, cool and comfortable product constructed of a poly-nylon blend core body with a poly-spandex blend outer cover, which enhances air flow. This light weight, open cell structure allows air to pass easily through the material. With Kooflex's™ unique knitting construction, perspiration is wicked from the side next to the body to the outside layer of the fabric where it is evaporated, thus retarding bacterial growth. There are no known dermatological problems associated with this material, as there is no crude oil latex used in the manufacturing of Kooflex™. This material also has adequate stretch and memory for a better fit.

New Options Sports adds even more quality to this material by finishing the products using an elastic bias tape border around the outer edges, which prevents the material from fraying, but does not compromise the stretch and memory of the material.

Kooflex™ is not a replacement for neoprene. Neoprene will give more compression and warmth because of cell structure. Kooflex™ is a great alternative to neoprene for people who have to wear supports for long periods of time, or that have heat or allergy issues with neoprene.

New Options Sports manufactures many of its neoprene products with Kooflex™ material, right here in the United States. See the list below.

KC64 KNEE MATE™

Indications:

- Arthritis
- Post-operative management
- Anterior and posterior cruciate instability
- Medial and lateral collateral instability

Features:

- 1/8" Kooflex™
- Patellar opening for positioning and comfort
- Upper & lower circumferential straps w/ finger loops and pull tabs
- Adjustable elastic segment to prevent tourniquet effect in popliteal area
- Large, comfortable popliteal opening
- Covered, stainless steel, light-duty hinges w/ hyperextension stop
- Special cordura stress covers over center, proximal and distal hinge for reinforcement

Product Variation:

- KC64-H w/ covered multi-position hinges
- KC64-HT w/ high tech hinges
- KC64-LP w/ low profile hinges
- KC64-S w/ medial and lateral spiral stays
