Stud Service Contract/Agreement

Terms/Conditions:

You must provide me with the following information/paperwork before breeding.

- Written verification that states that your bitch has been vaccinated, dewormed, and tested with negative results for STDs.
- A Brucellosis vaccination 10 days before contact .
- A recent photo of the bitch (if scheduling a meeting is not practical).
- Although a veterinarian-issued health certificate is preferable, photocopies of health records will suffice.
- Registration and/or pedigree information if she is registered or pedigreed.

Your bitch must:

- Have good temperament
- Be of appropriate weight to breed
- Be in good health with up-to-date vaccinations and free of all parasites.

I, as the stud dog owner, will take all precautions necessary for the care and well-being of the bitch if chosen to be in my care for the length of breeding. During her stay, she will be cared for as if she were my own. She will be exercised daily, and be fed as per owner's instructions. While the bitch is in her heat, she will be bred at least 3 to 4 successful breedings.

By signing this document you are agreeing to:

- Keep the bitch confined and inaccessible to all other intact, **male dogs** after the mating to ensure that no other dog could breed her accidentally, before her heat cycle is finished.
- If no other agreements have been discussed be prepared to bring or arrange transportation of your bitch to my home for service.
- In an emergency, if, after reasonable effort, the stud owner cannot locate the bitch owner in the case of emergency, the signature of the

bitch owner on this document, hereby authorizes me to take whatever actions our authorized veterinarian recommends to maintain the health of the bitch.

- Guarantee that any/all puppies will be sold as pets and on a Spay/Neuter Contract if discussed and agreed upon.
- Not knowingly mislead potential buyers as to the quality of the pup.
- Send me a picture of the entire litter for promotional purposes.

The stud fee agreed upon is \$_____ and is to be paid at the time of service, unless previously agreed upon. The stud fee is non-refundable in whole or in part unless the exceptions listed in this contract apply to you situation fully.

The following requirements must be met in the case where a puppy is to be received instead of a cash stud fee:

- Stud owner has first choice of one puppy, either sex and any conformation
- One puppy constitute as a litter, so if there is only one puppy, puppy shall remain with bitch, unless other negotiations have been agreed upon.
- If no puppies survive to the time when the puppies may leave their mother (8 to 12 weeks), I have the right to receive full cash stud fee as covered above.
- The bitch owner agrees to sign and release the puppy's registration certificate, once I have obtained the puppy, and agrees that the puppy's registered name will be determined by me.

If the bitch fails to conceive, a return service at no charge will be given to the same bitch provided the owner of the bitch notifies the stud dog owner within 40 days after the due date that no puppies were whelped.

If there is a failure to produce at least one (1) live-born or dead-born puppy then the original bitch will receive a 1 free stud service during her next heat.

If the stud is incapable of breeding for whatever reason, you will have your fee returned.

If no puppies result from the return service, this entire agreement is terminated and the stud owner/agent is released from any further

obligation. (Exceptions may include first-time bitches and bitches that have had a hard time conceiving in the past. Maximum of two (2) services)

I can provide local transportation for a fee. All transportation charges and veterinary expenses will be the responsibility of the bitch owner.

I, as the stud owner, reserve the right to use pedigrees, photographs, Internet presence/web page and promotional materials of the litter for marketing purposes of my stud dog. It is specifically agreed hereby that I am not obligated to sign the litter registration of this litter until I have inspected the litter and the stud fee has been paid in full. In case of a puppy in lieu of puppy fee, I shall not sign litter registration application papers until I have possession of the puppy or puppies as agreed. It is further agreed that puppies produced from this breeding will not be knowingly sold or transferred to any owner, employees, agent or individual connected with a wholesaler of dogs.

All conditions stated herein apply to the bitch and are not affected by change of ownership of the bitch.
