June 2014

Dear Parents:

In order to help you beat the crowds at the school supply counters in September, we have compiled this list of supplies that the teachers want their students to have for the opening of school. Parents will be responsible for obtaining supplies on their own.

Books must be cared for properly if they are to last through the year. The books provided by the school (textbooks and workbooks) must be covered (plain brown paper is best) at all times. All books should be protected from the wear and tear of the daily trip to and from school by some type of book bag, tote bag, backpack, etc.

Sincerely yours,

Timothy B. Silk, Principal
