GENERAL INFORMATION

1. The IGETC permits a student to transfer from a community college to a campus in either the California State University or University of California system without the need, after transfer, to take additional **lower division** general education courses to satisfy campus GE requirements. To transfer to the UC system at the junior level, it is necessary to have at least **60 UC-transferable units**; minimum general education requirements often comprise approximately 39 of those units. Major requirements and/or electives complete the remainder of the 60 units. A maximum of 70 units are accepted by all UC campuses.
2. Completion of the IGETC is **not** a requirement for transfer to a CSU or a UC, nor is it the only way to fulfill the lower division, general education requirements of the CSU or UC prior to transfer. Consult a counselor for other requirements.
3. Students planning to transfer to the CSU may elect to follow the CSU general education certification program. Students may also elect to fulfill the graduation requirements listed in the catalog of any specific CSU or UC campus.
4. In order to certify IGETC, **all** areas must be completed with a minimum grade of C **prior to transfer**. Failure to complete IGETC may result in additional lower division GE requirements after transfer. Please consult with a counselor regarding any exceptions to this program.
5. The university systems reserve the right to change specific requirements.
6. Courses asterisked can be used for certification only in a single area.
7. For additional information, consult www.assist.org (select "PCC/IGETC courses")
