**CONSENT TO CRYOPRESERVATION (FREEZING) AND
ONE (1) YEAR STORAGE OF SPERM**

1. I (*your name*), _____ wish to use the services and facilities of the Andrology Laboratory at Memphis Fertility Laboratory, Inc. (MFL) for collecting, freezing, storing and/or keeping custody of my sperm for my future use in fertility treatments, on the conditions set forth in this agreement.
2. I agree that the storage period for my sperm is one year from the date of cryopreservation of the initial specimen cryopreserved. I understand that any sperm specimens remaining after the one year period will be shipped from MFL to another laboratory with the necessary facilities for continued long-term storage. We acknowledge that we will be responsible for all storage fees required at the new facility and charges required to maintain sperm viability during shipment (see attached Reprotech agreement and brochure). I recognize and acknowledge that I bear sole responsibility for monitoring the one year time period.
3. I hereby consent and agree that the employees of MFL, under the supervision of the Laboratory Director of MFL, shall have such authority and control over, and access to, my sperm as may be necessary for the performance of their duties, relative to the freezing and custody of my sperm.
4. I understand that the freezing of sperm will decrease its fertilization potential and adversely affect the percentage of motile sperm, and that such risks are inherent in the freezing and storage process, and are beyond the control of MFL. No representations have been made to me concerning the fertility or other condition of my sperm repositied with MFL.
5. I hereby release MFL, its' agents, servants, or employees from any injury or damage, known or unknown, that might result should my frozen sperm cease to be viable while in the custody of MFL, its agents, servants, or employees.
6. I acknowledge and agree that in the event of loss, damage or destruction of the sperm for any reason whatsoever, my actual damages as a result thereof would be impracticable or extremely difficult to determine. Accordingly, I agree that in the event any or all of my stored sperm are lost, damaged or destroyed for any reason, including, without limitation as a result of MFL's negligence, I shall be entitled to liquidated damages in the amount equal to the storage fee paid for the term of the storage agreement in which such loss, damage or destruction occurred.
7. I further release MFL, its' agents, servants, or employees from all liabilities arising out of or attributable to any claim made on behalf of myself, my spouse (or partner) and any infant conceived with my sperm, who is born with birth defects or diseases.
8. I am aware and understand that the long term safety or viability of cryopreserved sperm is unknown. It has been recommended to me that stored sperm be thawed and used in fertility treatments within 5 years of cryopreservation.
