

ILGA-Europe Conference, Zagreb, 24– 26 October 2013

APPOINTMENT OF DELEGATES OR PROXIES TO VOTE ON BEHALF OF FULL MEMBER ORGANISATIONS

Each full member of ILGA-Europe has two votes at the conference, except that if a 'mixed organisation' which has both members who identify as women and members who identify as men sends only delegates who identify as men. In that case the organisation will only have one vote, unless it has provided the necessary written confirmation that the members who identify as women have approved the delegate(s) exercising their vote.

Similarly, if a mixed organisation only sends delegates who identify as women, then that organisation only has one vote, unless it has provided the necessary written confirmation that the delegate(s) have the authority to exercise both votes. In either case, the members who identify as women or men in a mixed organisation may instead appoint a proxy. (Standing Orders of ILGA-Europe, 8.4.)

A full member which is not represented at the conference may appoint a person attending the conference to exercise by proxy the vote or votes to which the organisation is entitled. **The member organisation must provide this required notification and also provide the person with a letter of authority. The nominated representative must present this letter of authority in order to receive proxy voting cards.** (Standing Orders of ILGA-Europe, 8.5).

No individual may carry more than four (4) proxy votes (Standing Orders of ILGA-Europe, 8.6.)
