OSHA and HIPAA 2014

Just when you think it couldn't get any more fun, it does!

Believe it or not, for the moment, there are no more new regulation! We'll review all the OSHA rules and do an overview of HIPAA requirements, including the new requirements from last year, plus make sure everyone's up to speed on the new Hazard Communication Standard requirements.

Trainer: Laney Kay, JD, has been teaching OSHA related topics since 1989, when she began working at her husband's dental practice. She has written many articles on this topic and has taught various forms of this course at all the big dental meetings, plus district meetings, study clubs and in individual offices all over the U.S.
