2016 GUADALAJARA Prolotherapy Workshop

November 5 - 12, 2016

Curriculum Fulfillment for Specialist in (IROM)

IROM 203: AAOM International IROM Workshop-I:

Guadalajara, Mexico

- a. IROM 203 is another Intermediate-level Prolotherapy educational course & medical mission which takes place in Guadalajara, Mexico – typically in November of each year.
- b. Like Cancun, this course is designed to give each physician-learner a direct, high-volume, hands-on treatment experience with live patients, in a controlled and supervised manner. Each learner should expect to treat at least 50 patients.
- c. Our host visit and Clinic Coordinator in Guadalajara is Jesus Gonzalez, MD.
- d. The clinic site used in Guadalajara is Hospital Civil Antigua and is a fully accredited.
- e. There are a limited number of physician-learners admitted to IROM 203 such that the maximum student to instructor ratio is 4:1.
- f. The pre-requisites for IROM 203 are:
 - i. Be an active member of the AAOM in good standing; AND...
 - ii. Have taken the Denver Cadaver Workshop (IROM 200), or prior participation within the last 5 years of any AAOM international workshop, or prior participation within the last 5 years of >1week of any international HHPF Prolotherapy trip.

Curriculum Fulfillment for Specialist in (IROM)

IROM 303: AAOM Advanced-III: US-guided Prolotherapy of the Lower Extremity: Guadalajara, Mexico

- a. The IROM 303 course is designed for the learner who is interested in increasing the accuracy of her Prolotherapy injections of the hip, groin, knee, ankle and foot, and/or preparing for more accurate placement of “more advanced” IROM procedures, such as PRP and stem cells.
- b. The physician-learner will be instructed with no more than 4:1 student to instructor ratio.
- c. Will be required to perform US-guided Dextrose-Prolotherapy injections on a minimum of 20 patients, under the supervision of the faculty.
- d. Course is limited to 8 physician-learners.
