AUGUST 2005

OOPsLINE

PRESIDENT'S MESSAGE Shawn Kaus

Well it's August and the fishing is still slow and the ocean is still rough!! I am starting to think that a new president may turn things around. I took a trip on the" Bounty Bay" to San Clemente Island and Catalina and while the fishing was slow, the weather and the ocean were nice. There were lots of swordfish being taken on the lee side of Clemente and we did bait a marlin.

Marlin are showing everywhere from the 1010 trench to the 14 mile bank and as close as Pukey point, all in the last week or so. It's looking like it may be a better year for marlin than its been for albacore or yellowtail. We had a great run on threshers and big makes so maybe only the big game is making it up to all the bait off our coast. I hope all of you get out there and hook a marlin this month.

A Marlin seminar will be held August 19th at 6pm at Marina Village. This will be the best one yet!! We are very lucky to have two of the best marlin fisherman on the west coast speaking, Capt. Mike "THE BEAK" Hurt and Capt. Pete Groesbeck!! They are speaking in the middle of marlin season and it's free to all members and their guests. I hope you all take advantage of such a rare opportunity to hone your skills. Please R.S.V.P 858-945-4454 by August 18th so I can have enough food for everyone.

The annual **Heart Tournament** is drawing near and we really could use some donations, so if you can help us out at all please call Alan Pitcairn at 858-454-7726.

The annual luau was a lot of fun. We had some great food from Da' kines, poke and mai tai's from Larry Oberti , Hawaiian music, and the casting contest. The men's winner Ken Yasuda, women's Ann Thompson, junior's Eric Risen congratulations! I wish to thank Alex and Ellen Edwards and Lo Wada for putting on such a nice event. I hope you all make it out next year!!

Remember that there are two first flags for marlin this year so get out there and get that first marlin!!

Have a great August!

2005 FIRST MARLIN FLAG to JERRY BRANDON on BILLS

☆ Gary Beckett caught the first marlin of 2005 on the boat *Bills* skippered by Jerry Brandon. On ☆ Saturday, August 6, they found the fish inside the 182. Life popped up at the late morning tide change and Jerry maneuvered a Purple & Black Zuker in front of a tailer. Game on! Two and a half hours later they subdued the 192 lb. fish. Congratulations to Jerry, Gary and the crew.

JULY CELEBRATIONS!!

July started off with fireworks; Paradise Point on the 3rd and everywhere else on the 4th. Several MBMC boats had a great raft up in Bonita Cove for a July 4 weekend. Shortly thereafter grape, sugar cane and agave futures went up several points.

The annual Luau was well attended. The Hawaiian food from Da Kine was oh so tasty. And the beverages and mai tais were a great accompaniment. Thanks to Frank Magnano and Joe Hudnall, fresh albacore was available for a nice batch of poke. Ellen Edwards and Lo Wada were real troopers for getting out before daylight to claim the gazebo, only to find that someone else had beat them to it by several hours. They did a great job decorating nearby tables and setting the festive mood for the Luau. The casting contest was so much fun with most everyone giving it a go. **Everyone** got to show their skills at unraveling bird's nests! In the end, Ken Yasuda, Ann Thompson, and Eric Risen proved more accurate than the rest.

ANGELS IN DINGHIES

July Fourth started with Paul Himmelberger, Ed Homer, Rick Dietz, and Jim Lockwood having breakfast at the raft-up then heading out in their dinghies to the Mission Bay Yacht Club for a Bloody Mary, or two. As they were walking back towards their dinghies, Paul spotted a tiny hand above the waterline grasping a line between a boat and the dock. Through the red tide, he could barely make out the figure of a child. In a flash, he fished the body of a three year old boy out of the water and called to the others. Ed had to pry the boy's small hand from the line so Paul could lift him up. The boy wasn't breathing. Paul pushed on his chest. Water spouted from his mouth and he started coughing out the foaming water and breathing again. Ed warmed the boy against his body. Jim and Rick called the lifeguards and paramedics and found the child's father. The four continued to administer first-aid until the paramedics arrived and took the boy to the hospital.

The parents of a three year old boy are grateful that his guardian angels rode in on dinghies that day. I would like to proudly acknowledge our angels in dinghies; Paul, Ed, Rick, and Jim. You guys are awesome!!

ERIC RISEN— IGFA JR. RECORD HOLDER: BONITO on 201b. TEST

MBMC has a new record holder! Eric Risen. In his own words,

"My father and I had just started trolling at the North Coronado Island, Baja Mexico on February 6, 2005 aboard our boat "Fishin Magician", after about an hour of trying to find yellowtail without any luck. We decided to troll around the island with the thought that we could locate the yellowtail easier. I dropped back a green chrome cd-14 Rapala lure. It was not long until we hooked into a bonito around 7-8 pounds. This fish made us aware that there could be a record bonito around so we became more cautious. We came around to the weather side of the island for our last pass before we headed back home, since the weather was getting bad. We

trolled past a small center console boat which looked to be hooked up with a good size fish. Suddenly the line with the green chrome Rapala started screaming. I immediately thought it was a yellowtail, but as it came closer to the boat I realized it was a huge bonito. Near the boat, the fish took off and made several strong runs taking out drag, but after a few runs we got the fish near the boat and my dad grabbed the bonito by the tail and put him in the bait tank. The fished regurgitated about a half a pound of anchovies on the way home. We motored back in, cleaned our boat and then drove directly to Seaforth Sport Fishing who said that their scale was not working. They directed us to Fisherman's Landing where one of the staff weighed the bonito on their certified scale. There my bonito weighed in at 9.5 pounds." **Congratulations Eric!**

THE WEIGHMASTER'S REPORT

There have been a couple of errors in the tournament results that have been printed in the OOPSLINE, so please let me know if you think the results that are printed here are not correct so we can make sure I have the correct information; people have taken both copies of the weight slips, or for some reason Dana Landing did not have a copy, or the angler lost or did not send a copy to me. Bottom line, the fish did not get counted. To prevent this from happening, after you weigh in a fish at Dana Landing, please leave the yellow copy with them. I go by and pick them up every week. FAX or mail me a copy of your weight slip. This way I can be assured that your fish are accounted for.

Congratulations to Joe Hudnall for the fish of the month, a very nice 30.2 lb. albacore caught aboard the *Totally Hooked* skippered by Frank Magnano.

<u>REPORTING WEIGHED FISH</u>— Please report all catches for Fish of the Month, Marlin caught or released, or candidates for other MBMC award categories to the weighmaster by <u>phone and FAX</u> as soon as possible. Original weigh slips from Dana Market and Fuel Dock can be left with them for later verification. Original weigh slips from other certified scales should be mailed to the Weighmaster. Clearly indicate species, weight, line test, angler name and location caught.
