News

Dear Parents/Carers,

Welcome to the June newsletter. This month we say goodbye to our year 13's and some of our year 11 students who are going to study at college or take up employment. We all wish them every success for the future.

Code of Conduct

Following discussions with staff and students, our Code of Conduct has been re-drafted to show the partnership between you as parents, your child and their teachers. Please have a look inside.

Sports' Day

As ever this promises to be a fantastic event. We have been lucky to secure the services of the 'Indoor Rowing Association' and as a result Sports Day will be moving one day to Thursday 28th June. Have your flags ready!

PE Kit

You are reminded that PE kit may be bought from the uniform shop on the school website. This is delivered to school for you to collect. Please do not buy unembroidered tops; this will not be accepted.

Yours sincerely,

A. Atkins

Dr Atkins
Headteacher

Year 7's receive their Olympic awards (see page 4)

Mon 2nd	Yr 7 – 10 Academic Review Day – students in school for their meeting only Year 12 University Day (moved from 9th July)
Wed 4th	6th form induction
Thurs 5th	Primary Taster Day New Intake evening 3.30-5.45pm 6th form induction
Mon 9th	Speaking and Listening Week
Fri 13th – Thurs 19th	Rewards Trips Yrs 7-10
Fri 20th	LAST DAY OF TERM 1.15PM FINISH

Year 7 learn about pilgrims at Rochester

Rochester Castle

Abigail Charles 7YF writes, on the 30th of April the year sevens took a trip to Rochester Castle. Luckily the weather was delightfully nice and sunny. When we arrived at Rochester we walked down to the Cathedral and went on a lovely tour round the castle acting out as if we were pilgrims learning about them and something pilgrims do called a pilgrimage. We walked around the castle learning and

seeing new things. Most of the children said their favourite bit of the cathedral was going into the basement area as we believed there were ghosts. After exploring the cathedral we took a short stroll to Rochester Castle. We tackled wonky, grand stairs up to the top of the castle looking down a 100ft drop! It looked like the teachers were more scared than the students. Most of the students favourite bit

was going down to the castle's dungeon where we looked down to see a see a bottomless pit. Some pupils claim to have heard crying of a ghost prisoner.

After lunch and before heading home we stopped off at a old fashioned sweet shop with great bargains too. Unfortunately our glorious day had to come to an end so we headed for the coach and set off back to school.

Caterham Biologists at UCL and Cambridge

We are delighted to see that two of our biology students have won prestigious summer school places at two of the world's top universities.

Jack Spall has been accepted for a summer school at Cambridge University studying Biology. Jack intends to study Marine Biology for three years at either Oxford or Cambridge before going on to his higher degrees.

Clayton Bevas has been accepted for a summer school in Biological Sciences at University College London. Situated in the heart of Bloomsbury, UCL is London's oldest University and is renowned for outstanding research.

The summer school programmes enable Sixth Form students to study at University level, which not only helps them gain high grades but also gives them a foot in the door at these top universities. It's not all work though, students live on campus and have the opportunity to enjoy the social opportunities which university life offers.

Caterham's Head of Sixth Form, Bruce Johnson, paid tribute to the two students and said this was perfect preparation for what lies ahead.

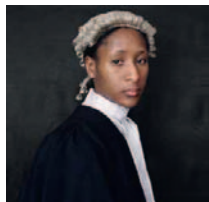

University College London

Careers A-Z

What are your plans for the future...?

Barrister...

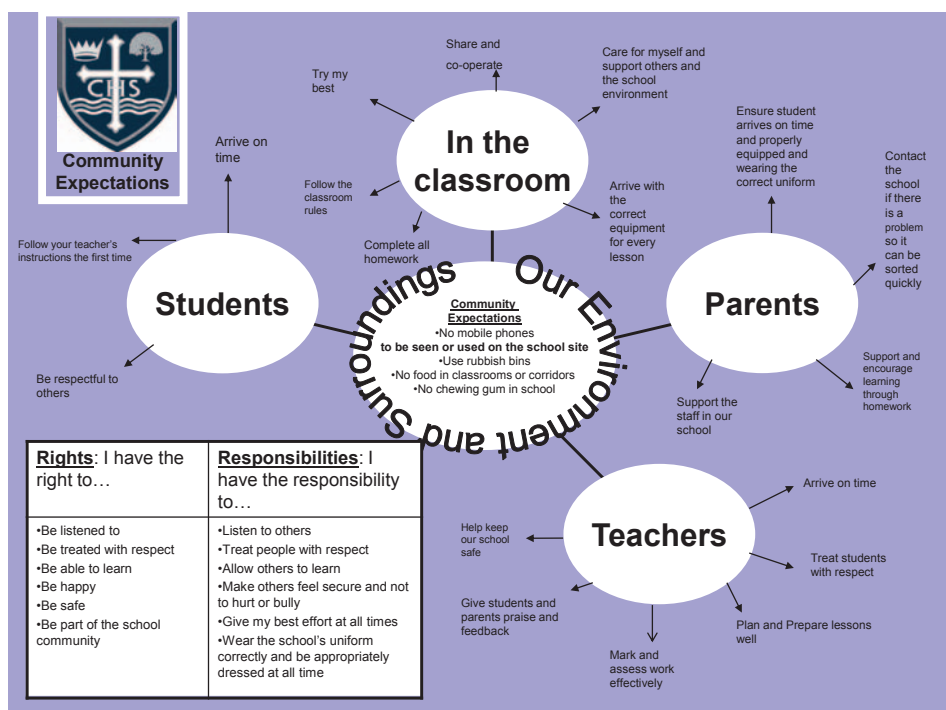

- Barristers provide advocacy services including presenting cases in court and giving expert, specialist legal opinion to solicitors and their clients.
- First you need a 'qualifying' law degree (or a degree in another subject plus a conversion course). Then you join one of the four Inns of Court and complete the Bar Professional Training Course. You must then undertake a year's pupillage with an experienced barrister
- Qualifying as a barrister takes at least five years – can be lengthy and expensive

- Very high GCSE and A Level grades are required – essential subjects at A Level: usually none, although a few universities require English. Useful Advanced Level qualifications: History, English, essay/report writing subjects

- For a few years after qualifying, a barrister's earnings are likely to be low, although longer-term prospects are excellent. After ten years' experience, self-employed barristers may expect to earn anything from £60,000 to, at a senior level, several hundred thousand pounds a year.

If you want to discuss your career ideas/interests and get help plan your next steps, then go and see Ms Conway to book a Careers Guidance appointment with Mrs Ravikumar, the Careers Personal Adviser attached to the school from Redbridge Connexions

Code of Conduct

News in Brief

University Day Academic Review Day Years 7-10 -2nd July

Parents will be invited in for appointments to discuss their child's progress.

Year 12

Speakers from Universities will help your Yr 12 prepare their applications and personal statements as well as advising on finance and budgeting.

Uniform Year 7-10

When buying uniform for September, please ensure you are purchasing the correct items. Cardigans, zip tops, hoodies etc. are not allowed. In cold weather a v-neck black jumper and a dark coat is required; not an assortment of tops.

Dress Code

Year 12 and 13 sixth form students must abide by the dress code: Dark suit; shirt and tie or blouse; dark shoes or boots.

Design & Technology

All students in year 8 have been given the opportunity to personalise their learning in DT for year 9. Staff have been speaking to students about the options available and students have been issued with letters and a reply slip, which is to be returned by Friday 15th June. Options include Graphics, Product Design, Resistant Materials, Food & Textiles or a 'Mixed' DT option where all of the above will be covered. An open afternoon for students and their parents/carers on Wednesday 13th June 3.30 - 4.30 in the Design & Technology Department, will showcase the many and varied aspects of DT that will be covered in year 9 as well as the best of our GCSE and A-Level work for those already thinking about KS4 and beyond. There are some excellent products to see and teachers will be available to discuss options for year 9.

News in Brief

Clever Clogs

Mahatir Pasha (Year 11) now has his own TV show!

He writes: 'Clever Clogs' is a brand new, educational game show for teenagers. It is currently showing on Channel 9 (which is only on Sky, channel number: 834) every Saturday at 6.00pm. Repeats will also be showing on the following Sunday at 2.00am and 11.30am.

It consists of 4 contestants per episode.

There are 4 rounds in each episode including Buzzer round; Specialist round, Puzzle round and Buzzer round again.

The aim of the game is to get the highest number of points amongst the contestants and move into the next round.

All the contestants battle it out to see who can be crowned the Clever Clogs champion.

Clever Clogs is a very enjoyable show for the whole family to watch, be sure to tune in!

I came up with the concept and am the presenter of the show.

Year 7 - PE Achievement

STUDENT OF THE BLOCK NOMINATIONS - 4

Student Name	PE	Activity	Teacher
