### **Re: Reclassification of Freight Loading Bracing, Bulkheads or Dunnage, in panels; NMFC Items 29960 and 29970 – Docket 2016-2, Subject 8**

The National Motor Freight Classification® (NMFC®) is a voluntary standard that provides a comparison of products moving via motor carrier in interstate, intrastate and foreign commerce. Classes are assigned based on an evaluation of the product's transportation characteristics.

**On Tuesday, May 24, 2016**, the Commodity Classification Standards Board (CCSB) will conduct a public meeting to consider proposals for amending the NMFC, as listed in CCSB Docket 2016-2. Our records indicate that you might have an interest in the above-referenced proposal, which will be considered at the meeting. Accordingly, **we urge you to review the proposal.**

The docket and all facts, data and evidence of record relating to the proposal are available to you without charge at **www.nmfta.org**. Go to "NMFC" on the navigation bar, click on "Public Docket Files" and then click on "2016-2."

If you have an interest in the proposal, you are invited to attend the meeting on May 24, 2016 and/or communicate that interest in writing by mail, email or fax prior to the meeting. As an **Interested Person**, you will be sent the disposition of the proposal.

If you wish to become a **Party of Record** to the proposal, you are likewise invited to attend the meeting; **however**, you must communicate your interest in writing by mail, email or fax, **and** submit pertinent information relating to the transportation characteristics—density, handling, stowability and liability—of the product(s) involved, or relevant to packaging materials or methods in connection with proposed packaging amendments, **and it must be received by 5:00 pm Eastern Time, May 13, 2016**. The information you furnish should include any underlying studies, supporting data and other facts that you deem pertinent. As a party of record, you will be sent the disposition of the proposal and will be entitled to seek reconsideration should you disagree with that disposition.

**Written submissions received by the CCSB by 5:00 pm Eastern Time, May 13, 2016 will be included in the public docket file and posted on our website. The CCSB's decision on the proposal will be based on the information in the public docket file. Submissions received after that will not be part of the public docket file.**

(Over)

The meeting will be held at the **Lago Mar Resort and Club, 1700 South Ocean Lane, Fort Lauderdale, Florida 33316**, commencing at **11:00 am Eastern Time**. The telephone number of the hotel is 855.209.5677. If you wish to schedule an appearance at the meeting, if you require further information, or if you do not have Internet access and would like a copy of Docket 2016-2, please contact Colleen Airgood, Classification Assistant, at 703.859.3924 or [airgood@nmfta.org](mailto:airgood@nmfta.org).

Very truly yours,
