December 1, 2013

Dear WAE4-HYDP Member,

I hope this letter finds you doing well and reflecting on another terrific year of positive youth development programming! I always enjoy the end of a calendar year and the beginning of a new year; it is such a perfect time to reflect on all the great work that has been done; from new and innovative programs to updating and enhancing educational materials and tools. This handbook contains all the information you will need to apply for recognition at both the state and national level for your contributions to our profession. ***(Nationals will not have awards information updated until after January 1. In order to allow you more time for applying, we have made the changes we are aware of and will keep you posted as we receive information from Nationals. Please use the 2013 Application Forms for the time being.)*** This booklet also contains information for nominating one of your colleagues for a Colleague of the Year Award. Please take some time to review all the wonderful award and recognition opportunities our association offers. Whether this is your first time applying or you are a more tenured educator, there are recognition opportunities available for everyone!

Award applications must be postmarked/e-mailed by January 31, 2014 to the committee member listed on the award application form or with the award description. There will **NOT** be an extension this year. Due to 2014 JCEP Conference dates in March, no late entries can be accepted. We have already extended the deadline to reflect the latest possible date. Award applications **MUST** be in by January 31!

WAE4-HYDP Eligibility

History of the WAE4-HYDP “Tennie Award”

The first Tennie Award was presented to Clarence Westfahl around 1979 when he retired. Richard Hauser constructed the plaque using an old tennis shoe, which he claimed was Clarence’s, and painted it gold and attached it to a piece of board backing. In his presentation, he indicated the “Shoe” was symbolic of the Long Wearing, Comfortable, Well-Broken-In type of person Clarence was and of the dedicated service he had given to his profession. And, like an old tennis shoe, he knew Clarence had many good miles left in him. The Association continued to present a gilded tennis shoe, mounted on a board, for about three years. Around 1982, Bob Fredrick was bringing one back to the district for a retired agent. The “award” fell apart on the way home. Being on the recognition committee, Bob decided to build a “Tennie Award” Plaque that had a bit more class. His secretary drew a picture of a tennis shoe and he has been tracing the same pattern on birch plywood ever since. Bob enjoys making the award and feels it’s his way of saying “thanks” to WAE4-HYDP for all the years it served him so well as a Professional Organization. (Research provided by Bob Fredrick.)
