## Enrollment Form for The 2012- 2013 WordMasters Challenge

Please enroll my child(ren) in the 2012-2013 WordMasters Challenge. I understand that this is an extracurricular, enrichment activity sponsored by the SCES PTA which will require parental supervision and assistance to be maximally successful.

There is no cost to the students to participate in this program, but it is strongly recommended that parents purchase three sets of different colored index cards to use for the words that will be issued. The test is cumulative and it is very helpful to sort the eventual 75 words on colored index cards.

Once the PTA has ascertained the total number of students who are participating, we will issue the additional arrangements we will provide to help with preparing and studying for this challenge. The majority of the work must be completed at home.

We will hold three meets during the school year, and they will take place on Nov 29, 2012, Feb 14, 2013 and April 25, 2013. The 25 new words for each meet will be issued about 3 weeks before the meets, see school website for more information, and the meets will be held at the school at 8:15 am in the cafeteria.

Every student who participates in this program will receive a medal recognizing their hard work and effort. Special recognition will be awarded to the top three finalists in each grade.

Please excuse our growing pains as we establish this new program for our students.
