Instructions for Completing Form F-1156Z Florida Enterprise Zone Jobs Credit Certificate of Eligibility for Corporate Income Tax

F-1156ZN
R. 01/10
Rule 12C-1.051
Florida Administrative Code
Effective 06/10

General Instructions

Who must file? Every business claiming the enterprise zone jobs credit **for employees** must complete and attach Form F-1156Z, and all applicable schedules, to its corporate tax return for each tax year it claims the credit.

When may a business take the credit? This credit is not available if the business claims its enterprise zone jobs credit against sales tax.

Who may qualify for the credit? Corporations that are subject to the Florida Corporate Income Tax Code, increase the number of full-time jobs in an enterprise zone, and employ qualified new employees are eligible for the credit. A "new employee" must fit in one of the following categories:

- Is a resident of a Florida enterprise zone and works in a Florida enterprise zone for a qualified business located in a Florida enterprise zone. Welfare transition program participants do not have to live in an enterprise zone to be eligible, but must meet all other eligibility criteria.
- Is a resident of a rural county in Florida, and works in a Florida rural enterprise zone for a qualified business located in a Florida rural enterprise zone.
- Is a leased employee who is a resident of a Florida enterprise zone or a rural county in Florida, and works in a Florida enterprise zone or Florida rural enterprise zone for a qualified business located in a Florida enterprise zone or Florida rural enterprise zone. Qualified leased employees must have worked for an eligible business for an average of at least 36 hours a week for more than six (6) months and meet all other credit eligibility criteria.

Part-time employees are not eligible for the credit. New employees must not have worked for the taxpayer within the previous 12 months.

The credit is calculated on the actual wages paid during the taxable year which are subject to unemployment tax and is based on monthly wages paid to each new employee for up to 24 consecutive months.

The State of Florida defines a "small business" in section (s.) 288.703(1), Florida Statutes (F.S.), as an independently owned and operated business employing 200 or fewer permanent full-time employees and whose total net worth is \$5 million or less, or any firm based in this state which has a Small Business Administration 8(a) certification.

The enterprise zone jobs credit is state financial assistance subject to the auditing and reporting requirements of the Florida Single Audit Act, under s. 215.97, F.S. Tax Information Publication (TIP) 05ADM-01 provides more details. You can find this TIP on the Department's Internet site.
