Cover Story

School is in Session — Pay Attention

August is the beginning of a new school year for many children. This means an increase in the number of pedestrians on streets and sidewalks as children walk to and from school or wait for school buses. Drivers need to take extra precautions to avoid accidents involving pedestrians by staying alert and driving defensively to keep our kids safe. We need to watch out for each other, and experienced carriers need to inform new carriers about routes with school zones.

We are all familiar with the need to be extra careful when driving near schools or playgrounds. These are some precautions drivers should adopt while driving through residential areas:

- Slow down! Obey speed limits.
- Adjust your mirrors so that you can see around your vehicle.
- Avoid backing up your vehicle.

- Never pass a school bus that is stopped. Stop your vehicle at least 10 feet away from the bus to allow enough space for children to enter and exit the bus safely.
- Stay alert. Children are unpredictable. They take risks, ignore hazards, and fail to look both ways when crossing the street, while walking, or riding their bikes.
- Avoid distracted driving.

The U.S. Postal Service® makes every effort to promote safe neighborhoods. Whether you're on the clock or off, be alert and aware of your surroundings to keep our kids safe.

Effective October 3, 2016, the Postal Service™ will revise *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®), section 705.2.3.3, to provide Publication 401, *Guide to the Manifest Mailing System*, as the source for the Manifest Mailing System keyline price category abbreviations.

Although this revision will not be published in the DMM until October 3, 2016, these standards are effective immediately.

DMM Revision: New PS Form 2976-R, USPS Customs Declaration and Dispatch Note

Effective August 28, 2016, the Postal Service™ will revise *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®) by updating sections 608.2.5.6, Placement of ITN, AES Downtime Citation, or AES Exemption, 703.2.3.6, Customs Declarations, and Index and Appendices.

In this issue of the *Postal Bulletin* (22448), we published a separate article revising the *Mailing Standards of the United States Postal Service*, International Mail Manual (IMM®), in part to reflect classification and standards changes to support the addition of new customs form PS Form 2976-R, *USPS Customs Declaration and Dispatch Note*. PS Form 2976-R is a multi-ply, nonbarcoded hard copy customs declaration form and worksheet for use in Postal Service retail locations. We will begin to use PS Form 2976-R as we phase out use of the hard copy customs declaration forms PS Form 2976, *Customs Declaration CN 22 — Sender's Declaration*; PS Form 2976-A, *Customs Declaration and Dispatch Note — CP 72*; and PS Form 2976-B, *Priority Mail Express International Shipping*

Label and Customs Form. Customers will fill out PS Form 2976-R and provide the handwritten forms and their packages to an employee at a Postal Service retail service counter, who will then enter the data into Retail Systems Software (RSS) or Customs Form Online and print out the correct customs form and postage.

Shipments to Army Post Offices, Fleet Post Offices, Diplomatic Post Offices, and U.S. Possessions, Territories, and Freely Associated States may continue to use PS Forms 2976, 2976-A, and 2976-B, as appropriate, when a customs declaration form is required. However, we are revising the DMM to reflect the addition of PS Form 2976-R and clarifying that other customs forms should be electronically generated.

IMM Revision: Two New Customs Forms – PS Form 2976-R and PS Form 2976-ES

Effective August 28, 2016, the Postal Service[™] will revise *Mailing Standards of the United States Postal Service*, International Mail Manual (IMM[®]) in many places to reflect classification and standards changes to support the addition of two new customs forms and the resulting changes to existing customs forms and processes. Although effective August 28, 2016, we will incorporate these revisions into a later edition of the online IMM (the one scheduled for October 3, 2016). The online IMM is available via Postal Explorer[®] at <http://pe.usps.com>.

Availability of Forms

The article titled "PS Form 2976-ES: Small Customs Declaration Pouch" in *Postal Bulletin* 22445 (7-7-16, page

44) announced the availability of PS Form 2976-ES, *Small Customs Declaration Envelope*, and provided instructions for retail Post Offices[™] to place orders with the Material Distribution Center (MDC).

The article titled "Ordering Instructions for PS Form 2976-R, *USPS Customs Declaration Form and Dispatch Note*" in *Postal Bulletin* 22446 (7-21-16, page 6), announced the availability of PS Form 2976-R, *USPS Customs Declaration and Dispatch Note*, and provided instructions for retail Post Offices to place orders with the MDC.

Both forms were scheduled to be available starting on July 15, 2016.

Use of PS Form 2976-ES

PS Form 2976-ES, *Small Customs Declaration Envelope*, is a small plastic envelope that is designed to carry and protect the PS Form 2976-A, PS Form 2976-B, and PS Form 2976-R customs form sets when used on Priority Mail International® small Flat Rate Envelopes and Small Flat Rate Priced Boxes and other small parcels that require a customs form.

Use of PS Form 2976-R

The article titled “Upcoming Changes to Customs Declaration Forms in Post Offices” in *Postal Bulletin 22447* (8-4-16, page 39) explained that PS Form 2976-R, *USPS Customs Declaration and Dispatch Note*, is a multi-ply, nonbar-coded hard copy customs declaration form and worksheet for use in Postal Service retail locations. Beginning August 28, 2016, we will use PS Form 2976-R to replace the following hard copy customs declaration forms: PS Form 2976, *Customs Declaration CN 22 – Sender’s Declaration*; PS Form 2976-A, *Customs Declaration and Dispatch Note – CP 72*; and PS Form 2976-B, *Priority Mail Express International Shipping Label and Customs Form*. A customer will fill out PS Form 2976-R and provide the handwritten form and the package to an employee at a Postal Service retail service counter, and the employee will then enter the data into Retail Systems Software (RSS) or Customs Form Online and print out the correct customs form and postage.

Using PS Form 2976-R to print the customs form at retail will affect the workflow for purchasing additional merchandise insurance and Registered Mail™ service, and those changes are noted in this IMM revision.

As the Postal Service is in the process of ending the use of only the hard copy versions of PS Forms 2976, 2976-A, and 2976-B, customers can still submit electronically generated PS Forms 2976, 2976-A, and 2976-B. Although the Postal Service will have a “grace period” during which customers can still submit hard copy versions of PS Forms 2976, 2976-A, and 2976-B, the Postal Service encourages mailers to implement the new procedure immediately — i.e., either submit electronically generated PS Forms 2976, 2976-A, and 2976-B, or complete PS Form 2976-R and submit it to an employee at a Postal Service retail service counter. We will publish an article in the *Postal Bulletin* when the grace period ends.

- d. PS Form 2976-R, *USPS Customs Declaration and Dispatch Note*. This form is available only as a hard copy that customers use as a worksheet that they must present with their mail item at a USPS retail service counter. The retail associate enters the information into the retail system or Customs Form Online (see 123.742), and then generates and prints the appropriate customs form to affix to the mail item. Customers cannot use PS Form 2976-R as a standalone customs form.

[Revise the last paragraph to read as follows:]

PS Form 2976-E, *Customs Declaration Envelope – CP 91*, is a plastic envelope that is used to carry and protect the PS Form 2976-A, PS Form 2976-B, and PS Form 2976-R customs form sets (see 123.75). PS Form 2976-ES, *Small Customs Declaration Envelope*, is a small plastic envelope that is used to carry and protect the PS Form 2976-A, PS Form 2976-B, and PS Form 2976-R customs form sets used with Priority Mail International small Flat Rate Envelopes and Small Flat Rate Priced Boxes and other small parcels that require a customs form.

123.742 Postal Service Employee’s Acceptance of PS Form 2976-R

The Postal Service acceptance employee must do the following when accepting PS Form 2976-R from the sender:

- a. Verify that the sender has entered the information on the form and has signed and dated the declaration. If the sender’s address is on the mailpiece, it must match the sender’s address on PS Form 2976-R.

- b. Instruct the sender to complete any incomplete portions of the forms. Remind the sender that failure to complete the form properly can delay delivery of the item or inconvenience the sender and addressee. Moreover, a false, misleading, or incomplete declaration can result in the seizure or return of the item and/or in criminal or civil penalties. The Postal Service assumes no responsibility for the accuracy of information that the sender enters on PS Form 2976-R.
- c. To comply with U.S. Census Bureau requirements, it is the sender's responsibility to ensure that an appropriate AES ITN, AES Exemption, or AES Downtime Citation is displayed on PS Form 2976-R. If this information is not entered, remind the customer that he or she may be subject to civil and criminal penalties for noncompliance.
- d. If the sender wishes to purchase additional merchandise insurance for the contents, the retail associate records the insured amount in U.S. dollars on PS Form 2976-R in the space provided.
- e. Weigh the parcel, enter the weight in block (6), and enter the applicable amount of postage and fees in the appropriate block in the upper right corner of the form.
- f. For offices with retail systems, enter the mailpiece information from PS Form 2976-R into the Customs and Border Protection Manifest (CBPMAN) application. For manual offices, enter the mailpiece information from PS Form 2976-R into the Customs Form Online application.
- Note:** When using the CBPMAN Bypass option, enter the data from PS Form 2976-R into CBPMAN using POS ONE or an ACE computer by close of business that same day, which is considered to be 2 A.M. Eastern time (11 P.M. Pacific time).
- g. Print the electronically generated combined customs declaration and shipping label from the retail system or online application.
- h. Apply the electronically generated barcoded labels to Copies 1–4 of PS Form 2976-R in the designated section in the top left-hand corner of each copy.
- i. Remove and store (per local requirements) the Post Office Copy (Copy 3) and tell the mailer that the Postal Service will retain this document for 30 days as a record of mailing. Remove the Sender's Copy (Copy 4) and give it to the sender.
- j. After the retail printer prints PS Form 2976, 2976-A, or 2976-B, insert completed Copy 1 and Copy 2 of PS Form 2976-R and all other required documents, such as a commercial invoice, into PS Form 2976-E (plastic envelope) and affix PS Form 2976-E to the address side of the package. Do not wrap it around

the package. For parcels that are too small to accommodate PS Form 2976-E, use PS Form 2976-ES.

- k. Affix the electronically generated PS Form 2976, 2976-A, or 2976-B on the face of the mailpiece (on top of PS Form 2976-E or PS Form 2976-ES) and present it to the customer to review. The customer must sign the electronically generated form.
- l. Round stamp any uncanceled stamps.

Note: Consistent with 225.12, 235.12, 245.12, and 255.12, the customer must present any item bearing a handwritten PS Form 2976-R to an employee at a Post Office retail service counter.

[Insert a new 123.75 to read as follows:]

123.75 PS Form 2976-E, Customs Declaration Envelope — CP 91, and PS Form 2976-ES, Small Customs Form Envelope

PS Form 2976-E is a transparent plastic envelope designed to carry and protect PS Forms 2976-A, 2976-B, and 2976-R customs form sets. After completing the applicable customs form, the mailer inserts the form set into PS Form 2976-E, removes the backing sheet, and affixes it to the package on the address side. The current edition of PS Form 2976-E is July 2013; however, the mailer may use older editions.

PS Form 2976-ES is a smaller version of PS Form 2976-E. It is designed to fit on Priority Mail International Small Flat Rate Envelopes and Small Flat Rate Priced Boxes and other small parcels. After completing the applicable customs form, the mailer folds PS Form 2976-R and inserts it into PS Form 2976-ES so that the barcode is visible on the left, removes the backing sheet, and affixes it to the package on the address side. The current edition of PS Form 2976-ES is April 2016.

323.61 Mailing Receipt and Insurance Number

[Revise the second sentence to read as follows:]

The mailing receipt issued at the time of mailing, accompanied by either the hard copy PS Form 2976-R or an electronically generated PS Form 2976-A, will serve as proof of mailing and proof of insurance.

323.62 Accepting Clerk's Responsibility

[Revise the text in its entirety to read as follows:]

When a customer has purchased additional insurance, the accepting clerk must indicate on the hard copy PS Form 2976-R the amount for which the parcel is insured by writing the amount in U.S. dollars in ink in the "Insured Value (U.S. \$)" block. After using the information on PS Form 2976-R to electronically generate PS Form 2976-A, the accepting clerk must write a bold capital "V" in or near the boxes "Insured Amount (US \$)" and "Insurance Fees (US \$)" on PS Form 2976-A.

334.1 Mailing Receipt and Registration Number

334.11 General Use

[Revise the text in its entirety to read as follows:]

The Postal Service issues a receipt when it accepts a Registered Mail item. For individual transactions, use PS Form 3806, *Receipt for Registered Mail*. When presenting three or more items for registration at one time, the mailer may use PS Form 3877, *Firm Mailing Book for Accountable Mail* (see DMM 503). The registered number is determined by the barcode printed on the customs form and the accepting clerk applies a nonbarcoded Label 200-N, *Registered Mail*, to the mailpiece. For items that do not require a customs form, the accepting clerk applies Label 200, *Registered Mail*, a preprinted self-adhesive label with a number series of nine digits preceded by a Service Type Code of two alpha characters and followed by the two-character Country Code "US." Only labels printed by the Postal Service may be used on international Registered Mail items.

334.12 Sender's Responsibility

* * * * *

[Revise item b. to read as follows:]

- b. Declare the full value of mail presented for registration. The value declared must be identical to the value stated on the hard copy PS Form 2976-R or on an electronically generated PS Form 2976. If the values declared are not identical, the Postal Service will refuse the items. (See 123.711.)

334.13 Accepting Clerk's Responsibility

[Revise the text in its entirety to read as follows:]

The accepting clerk must:

- a. Verify that the value declared on PS Form 3806 and the value declared on the hard copy PS Form 2976-R or an electronically generated PS Form 2976 are identical. Refuse items on which the declared values are not the same.
- b. For items that require a customs form, affix Label 200-N to the item on the address side — in the upper left, below the return address. For items that do not require a customs form, affix Label 200.
- c. If requested by the sender, show on the mailing receipt and on the Post Office record the time the item was accepted for mailing.

- d. On the receipt, the system will print the registration fee and postage plus the return receipt fee, if applicable.

- e. When federal government official mail is registered pursuant to 142.1, endorse the mailing receipt "OFFICIAL PAID" or "OFF. PD."

334.2 Marking

* * * * *

[Revise item a. to read as follows:]

- a. Affix Label 200-N or Label 200 as noted in 334.13b. All Registered Mail items of U.S. origin must bear Label 200-N or Label 200.

527 Placement of ITN, AES Downtime Citation, or AES Exemption

[Revise the text in its entirety to read as follows:]

When a shipment requires an ITN, AES Downtime Citation, or AES Exemption, it is the customer's responsibility to legibly write or enter the ITN, AES Downtime Citation, or AES Exemption on the applicable customs declaration form as follows:

- a. On PS Form 2976-R, *USPS Customs Declaration and Dispatch Note*, the customer must write one ITN or AES Downtime Citation in block 13, or note the applicable AES Exemption in block 14.
- b. When entering data into an online application to electronically generate a customs form, the customer must enter one ITN, AES Downtime Citation, or applicable AES Exemption in the AES/ITN/Exemption field.
- c. On hard copy PS Form 2976, *Customs Declaration CN 22 — Sender's Declaration*, PS Form 2976-A, *Customs Declaration and Dispatch Note — CP 72*, or PS Form 2976-B, *Priority Mail Express International Shipping Label and Customs Form*, the customer

must follow the instructions on the form to select or fill in the correct ITN, AES Downtime Citation, or applicable AES Exemption.

- d. On PS Form 2976, *Customs Declaration CN 22 – Sender’s Declaration*, if the customer is sending informational materials to Cuba, Iran, North Korea, Sudan, or Syria as described in 526.2d, the customer must enter “NOEEI § 30.37(y).”

Note regarding Cuba: Consumer communications devices, computers, and software (CCD) items sent to Cuba require an electronic filing when not included as a gift parcel — see the Individual Country Listing for Cuba for information regarding CCD items. A customer using a hard copy PS Form 2976 to ship CCD items to Cuba must (1) completely obliterate the check boxes and text referring to NOEEI § 30.37(a) and NOEEI § 30.37(h), and (2) write in one ITN or AES Downtime Citation.

- e. On editions of the Global Express Guaranteed Air Waybill/Shipping Invoice (shipping label, Item 11FGG1) printed before August 2008, the customer must write “NOEEI 30.37(a)” next to the sender’s signature. Current versions of Item 11FGG1 have this AES Exemption included on the mailing label.

Note: These standards also apply to mailers who produce privately printed customs forms under 123.3.

Invalid USPS Corporate Account Numbers

This listing should be provided to Contract Postal Units and used by acceptance clerks in non-POS locations without intranet access to validate a USPS Corporate Account (USPSCA) number online. For all other locations, online USPSCA validation is preferred. The online validation process is outlined in the USPSCA Validation SOP on the Retail webpage. This list supersedes all previous notices,

which must be recycled. Acceptance clerks must not accept Priority Mail Express™ shipments bearing an invalid USPSCA number in the “Payment by Account” or “Agreement Number” section of the label or form.

Note: The first 6 digits of a 9-digit Custom Designed Service and Next Day Pickup Agreement make up the Corporate Account Number.

Verifying U.S. Postal Service Money Orders

Follow these steps to cash a Postal Service™ money order:

1. Check that the amount does not exceed the legal limit: \$1,000 for domestic, and \$700 for international postal money orders.
2. Check that the proper security features are present:
 - When held to the light, a watermark of Benjamin Franklin is repeated from top to bottom on the left side.
 - When held to the light, a dark line (security thread) runs from top to bottom with the word “USPS” repeated.
 - There should be no discoloration around the dollar amounts, which might indicate the amounts were changes.

These appear in Postal Service Notice 299, *U.S. Postal Money Order Reference Card*, or online at <https://www.usps.com/shop/money-orders.htm>.

3. If the money order seems suspicious, call the U.S. Postal Service Money Order Verification System at 866-459-7822.

Please provide this information to local banks and retailers, as they also receive Postal Service money orders for cashing.

Other Information

Overseas Military/Diplomatic Mail

Mail addressed to military and diplomatic post offices overseas is subject to certain conditions or restrictions of mailing regarding content, preparation, and handling. The APO/FPO/DPO table below outlines these conditions by APO/FPO/DPO ZIP Codes™ through the use of footnoted mailing restrictions codes (see the [Restrictions](#) page following the table).

Acceptance clerks should use the table with the POS ONE terminal to determine which APO/FPO/DPO ZIP

Codes are active and which conditions of mailing apply. Inquiries may be sent to the Military Postal Service Agency at <https://amps.usps.gov/jy2/frm.htm>.

The entries under “Changes” appear in bold in the APO/FPO/DPO table starting below.

Note: The definition of F1 has been updated and F3 has been added as a new restriction.

The G Fund is managed internally by the Federal Retirement Thrift Investment Board. Assets of the F, C, S, and I Funds are managed externally. The Board currently has contracts with BlackRock Institutional Trust Company, N.A., to manage the F, C, S, and I Fund assets. The F, C, S, and I Funds invest in commingled trust funds, in which the assets of tax-deferred employee benefit plans are combined and invested together. The F, C, S, and I Funds and the BlackRock funds are passively managed index funds.

Future performance of the funds will vary and may be significantly different from the returns shown above. See the *Summary of the Thrift Savings Plan* for detailed information about the funds and their investment risks. The monthly returns of the TSP Funds represent net earnings for the month after deduction of accrued administrative expenses and, except for the G Fund, after deduction of trading costs and accrued investment management fees as well. The returns for the four indexes shown do not include any of these deductions.

* Implemented May 2001.

Information Security

Information Security Starts at Home

You may be able to easily identify people who could gain access to your home computer, such as family members, roommates, and close friends. Identifying the people who could gain remote access to your computer becomes trickier. As long as you have a computer and connect to the Internet, you are vulnerable to information security risks.

CyberSafe at USPS™ is highlighting best practices you can adopt that may reduce the instance of information on your home computer getting lost or corrupted:

- **Lock your computer when you step away from it.** By locking your computer, you prevent another person from being able to access all of your data.
- **Disconnect from the Internet when you aren't using it.** The likelihood of cyber attacks or virus infections becomes much higher if you are always connected to the Internet.
- **Install antivirus protection software and firewalls.** By using antivirus software and firewalls, you will more effectively protect your computers and networks.
- **Backup your data.** Regular data backups reduce the stress or other negative consequences that result from losing important data or information.

- **Protect your computer against power surges and outages.** Plug your computer and its chargers into surge protectors and power strips to protect your devices against power outages and surges.

It's also important to remain cautious when communicating online from your home devices. By carefully evaluating the security of emails, attachments, and hyperlinks, you can avoid falling for phishing traps.

The CyberSafe at USPS website <https://lite-blue.usps.gov/cyber> includes additional helpful tips about information security. For more information on staying safe online and at home, visit the United States Computer Emergency Readiness team (US-CERT) website (<https://www.us-cert.gov/ncas/tips/ST04-003>).

Improving information security at work and at home is a top priority for Postal Service™ employees, suppliers, and customers — so be vigilant!

By keeping our personal and business email accounts secure, we can proactively safeguard our personal and USPS® information. As a community, information security is our shared responsibility, so stay *CyberSafe*!

Privacy Protection for Your Personal Information

How do you know if your privacy is being protected? Think before you click or type!

Before submitting your email address or other personal information online, you must be sure that the privacy of your information will be protected. To protect your identity and prevent hackers from easily accessing information about you, avoid providing certain personal information, such as your credit card number or address, online.

CyberSafe at USPS™ is highlighting best practices to maintain your privacy online, protect your personal devices, and safeguard your home network:

- **Check out a website's privacy policy.** Look for a site's privacy policy to confirm its security.
- **Avoid using the "remember my password" feature.** If your password is stored on a website, your profile and account information is more readily available to hackers.
- **Only do business with credible companies.** Before supplying any personal information online, consider whether the website is reputable and the company is trustworthy.
- **Limit your use of debit cards for online purchases.** Credit cards usually offer more protection against identity theft than debit cards.

- **Use one credit card for online purchases.** To minimize security risks, designate one credit card for online shopping.

Communicating online, over social media and email, also presents information security risks. It's important to remain cautious when communicating online.

"When you're online it's important to stop and think before you click on links in emails and open attachments or give out personal information," said Acting Chief Information Security Officer, Gregory Crabb.

The CyberSafe at USPS website (<https://lite-blue.usps.gov/cyber>) includes additional helpful tips about online safety. For more information on staying safe online and protecting your privacy, visit the tips on the United States Computer Emergency Team (US-CERT) website (<https://www.us-cert.gov/ncas/tips/ST04-013>).

Data protection and privacy is a top priority for USPS® employees, suppliers, and customers — stay vigilant. As a community, information security is our shared responsibility, so stay *CyberSafe!*

Pictorial Postmarks Announcement

As a community service, the Postal Service™ offers pictorial postmarks to commemorate local events celebrated in communities throughout the nation. A list of events for which pictorial postmarks are authorized appears below. The sponsor of the pictorial postmark appears in italics under the date. Also provided are illustrations of these postmarks.

People attending these local events may obtain the postmark in person at the temporary Post Office™ station established there. Those who cannot attend the event but who wish to obtain the postmark may submit a mail order request. Pictorial postmarks are available only for the dates indicated, and *requests must be postmarked no later than 30 days following the requested pictorial postmark date.*

All requests must include a stamped envelope or postcard bearing at least the minimum First-Class Mail® postage. Items submitted for postmark may not include

postage issued after the date of the requested postmark. Such items will be returned unserved.

Customers wishing to obtain a postmark should affix stamps to any envelope or postcard of their choice, address the envelope or postcard to themselves or others, insert a card of postcard thickness in envelopes for sturdiness, and tuck in the flap. Place the envelope or postcard in a larger envelope and address it to: Pictorial Postmarks, followed by the Name of the Station, Address, City, State, ZIP+4® Code, as listed below.

Customers can also send stamped envelopes and postcards without addresses for postmark, as long as they supply a larger envelope with adequate postage and their return address. After applying the pictorial postmark, the Postal Service returns the items (with or without addresses) under addressed protective cover.

How to Order the First-Day-of-Issue Digital Color or Traditional Postmarks

Customers have 60 days to obtain the first-day-of-issue postmarks by mail. They may purchase new stamps at their local Post Office™, by telephone at 800-STAMP-24, or at The Postal Store® website at www.usps.com/shop.

Traditional Postmarks

Customers should affix the stamps to envelopes of their choice, address them to themselves or others, or provide a self-addressed return envelope with sufficient postage large enough to accommodate the canceled item. Mail the request to the corresponding city of issuance. There is no charge for the first 50 postmarks. There is a 5-cent charge for each additional postmark over 50. Customers should submit a check, money order, or credit card for payment. After applying the first-day-of-issue postmark, the Postal Service™ will return the envelopes to the customer by U.S. Mail.

All postmark requests should go to the first-day-of-issue city. The first-day-of-issue city Post Office will then forward in bulk all postmark requests to Cancellation Services, Stamp Fulfillment Services, PO Box 449992, Kansas City, MO 64144-9992 by respective Post Offices.

Digital Color Postmarks

Only select stamp issues offer a digital color postmark. Customers may submit #6 or #10 envelopes constructed of paper rated as “laser safe.” The Postal Service recommends envelopes of 80-pound Accent Opaque, acid-free, 9/16" side seams with no glue on the flap. The maximum

size of all digital color postmarks is 2" high x 4" long. Allow sufficient space on the envelope to accommodate the postmark. Do not use self-adhesive labels for addresses on the envelope. Two test envelopes must be included. There is a minimum of 10 envelopes at 50 cents per postmark required at the time of servicing. Customers should submit a check, money order, or credit card for payment.

The Postal Service reserves the right to not accept hand-painted and other cachet envelopes that are not compatible with our digital color postmark equipment. The Postal Service also reserves the right to substitute traditional black rubber postmarks if use of nonspecified envelopes results in poor image quality or damage to equipment.

Customers should affix the stamps to the envelopes and address them to themselves or others for return through the mail. Or, they may include an additional self-addressed return envelope, large enough to accommodate their canceled items, with sufficient postage affixed for return of their postmarked items. Mail the request for a first-day-of-issue digital color postmark to the corresponding city of issuance. Post Offices will then forward all customer requests for digital color postmarks to Cancellation Services, Stamp Fulfillment Services, PO Box 449992, Kansas City, MO 64144-9992.

After applying the first-day-of-issue postmark, the Postal Service will return the envelopes to the customer by U.S. Mail.

Supply Management

Recycling of Empty Toner and Inkjet Cartridges

The USPS® BlueEarth™ Federal Recycling Program is the U.S. Postal Service® resource for recycling all empty toner and inkjet cartridges. This saves the Postal Service™ money and retains revenue.

For all empty toner and inkjet recycling returns, use the USPS BlueEarth Federal Recycling Program at <http://blueearth.usps.gov/>.

Do not photocopy the labels. A new label must be generated for each shipment. Do not use the UPS label included in the new cartridge box.

Tips for Printing a Return Label

Printing a return label with USPS BlueEarth takes only a minute — it's quick, easy, and convenient:

1. Visit <http://blueearth.usps.gov/>.
2. Since April 21, 2016, you now need to sign in to download labels for recycling printer cartridges. Even

if you've printed labels in the past (prior to April 21, 2016), you must create a new account in order to proceed.

3. You will use an email address and create an eight character password.
4. Once registered, select the number of labels needed. It is highly recommended that you send multiple cartridges per box.
5. Mail the package.

Contact the Asset Accountability Service Center (AASC) in your Area if additional guidance is needed. Contact information is on the AASC website at http://blue.usps.gov/purchase/assetmgnt/am_aasc_home.htm.
