

## **College of Nursing Institute for Natural Family Planning Online NFP Teacher Training Program**

**Now available as a Continuing Education Program as well as for credit!**

The Institute for NFP Teacher Training program is a professional on-line educational experience based on the standards of the United States Conference of Catholic Bishops (USCCB). The program prepares a healthcare professional to provide professional NFP services and to qualify for certification through the Diocesan Development Program for NFP (a program of the USCCB). This educational offering involves a two-course sequence that includes a 3 credit NFP Theory Course and a 3 credit NFP Supervised Practicum. Both courses can be taken for undergraduate, graduate or continuing education credit.

### **Heal 4200/5200: NFP Theory**

Physiological, behavioral, and spiritual aspects important to teaching and using NFP

### **Heal 4201/5201: NFP Practicum**

Practical application of theory and skills for teaching NFP and the Marquette Model. Students are assigned a personal preceptor and are required to teach a minimum of 10 new couples and present an online case study.

#### **NFP Theory**

Module 1: Introduction and History  
Module 2: Reproductive Anatomy and Physiology  
Module 3: Charting Fertility  
Module 4: Special Circumstances  
Module 5: Women's Health
