

Credit Report Order Form

For a "soft inquiry" credit report:

This report includes your FICO score and credit history from one of three (Transunion) or all three of the main credit reporting companies (Equifax, Experian, and Transunion). It is called a "soft inquiry" report because pulling it does not affect your scores since we are pulling the credit report for counseling purposes only, and not to extend you new credit.

Cost:

- Check this box if you are requesting a Transunion ONLY credit report with score. This report has a cost of \$4.25 per person. Please use a separate form for each applicant.
- Check this box if you are requesting a tri-merge credit report which includes information from all three (3) bureaus, with all (3) credit scores. The cost of this report is \$16.75 per person. Please use a separate form for each applicant.

By signing below, I authorize The Unity Council Homeownership Center to pull my credit report as requested above.
