### **II. DESCRIPTIONS OF FORMS**

Brief descriptions of the forms contained in your U.S. Legal Forms™ Living Will package are found below.

Statutory Advance Health Care Directive – This statutory advance health care directive has been enacted by Alaska Acts - Chapter 83 of 2004 and contains five parts relating to: Durable Power of Attorney for Health Care Decisions, Instructions for Health Care, Anatomical Gift at Death, Mental Health Treatment, and Primary Physician Designation.

Statutory Form of Durable Power of Attorney-General, Limited, Durable - includes Health Care - This Power of Attorney is a statutory form which means it has been approved by the state legislature. It provides for the appointment of an attorney-in-fact for various matters, which you select, including property, finances, real estate, business, banking, litigation and many more options. This form is to be signed in front of a notary public and acknowledged. Note: Do not alter this statutory form other than to include the optional provisions listed. Only complete it as desired. This form is based on Alaska Statutes 13.26.332. It can be limited by the powers you select to give your agent. You may also select for the form to be durable, which means that it continues if you become incompetent.

Statutory Anatomical Gift by Next of Kin, Guardian, Agent, or Surrogate - This statutory form allows the next of kin, a guardian, agent, or surrogate of the deceased to make a gift of the decedent's body for the purpose specified in the form.

Revocation of Anatomical Gift by Next of Kin, Guardian, Agent, or Surrogate – This form serves as a written revocation of an anatomical gift made by the next of kin, guardian, agent, or surrogate of a deceased individual. Specific reference to the earlier gift document must be made.

### **III. TIPS ON COMPLETING THE FORMS**

The form(s) in this packet may contain “form fields” created using Microsoft Word or Adobe Acrobat (“.pdf” format). “Form fields” facilitate completion of the forms using your computer. They do not limit your ability to print the form “in blank” and complete with a typewriter or by hand.

It is also helpful to be able to see the location of the form fields. Go to the View menu, click on Toolbars, and then select Forms. This will open the Forms toolbar. Look for the button on the Forms toolbar that resembles a shaded letter “a”. Click this button and the form fields will be visible.

By clicking on the appropriate form field, you will be able to enter the needed information. In some instances, the form field and the line will disappear after information is entered. In other cases, it will not. The form was created to function in this manner.
