## II. DESCRIPTIONS OF FORMS

Brief descriptions of the forms contained in your U.S. Legal Forms™ Option to Purchase package are found below.

Option to Purchase Addendum to Residential Lease - This Option to Purchase Addendum to Residential and Lease Agreement is entered into by and between the lessor and the lessee. The lessor agrees not to offer the residence for sale to anyone during the term of the lease, and to give the lessee (tenant) the option to purchase the residence at any time prior to the expiration of the lease, provided the lessee gives notice of intent to purchase in accordance with the provisions of the Addendum. At that point, a separate contract of sale will be executed and the sale will proceed as any sale would.

Residential Lease Agreement - This Residential Lease Agreement and Option to Purchase is entered into by and between the lessor and the lessee. This agreement provides that the lessor will rent to the lessee a personal residence located at the address listed in the agreement. The lessee is responsible for paying rent on a monthly basis and the premises must be used as a private dwelling and for no other purpose.

Option For the Sale and Purchase of Real Estate - Residential Lot or Land - This form is for an option to purchase a residential real estate lot or tract of land. It provides for the payment of option money and the procedures for exercise of the option.

### **III. LEGAL DOCUMENT STORAGE**

Once you prepare legal documents and forms in your U.S. Legal Forms™ Specialty Package, it is highly recommended that you keep forms together. An optional USLegal Life Documents Organizer – small or large size is available for purchase from [www.uslegalforms.com](http://www.uslegalforms.com) to help store your legal documents.

### **IV. TIPS ON COMPLETING THE FORMS**

The form(s) in this packet may contain “form fields” created using Microsoft Word or Adobe Acrobat (.pdf format). “Form fields” facilitate completion of the forms using your computer. They do not limit your ability to print the form “in blank” and complete with a typewriter or by hand.

It is also helpful to be able to see the location of the form fields. Go to the View menu, click on Toolbars, and then select Forms. This will open the Forms toolbar. Look for the button on the Forms toolbar that resembles a shaded letter “a”. Click this button and the form fields will be visible.

By clicking on the appropriate form field, you will be able to enter the needed information. In some instances, the form field and the line will disappear after information is entered. In other cases, it will not. The form was created to function in this manner.
