Once you have completed the Will double check all entries and then print. The Will should be signed by you in front of two witnesses, not related to you.

The self-proving affidavit is optional but recommended. It is used to prove the Will and make the Will subject to probate. If the affidavit is not completed now, someone will have to locate the witnesses after your death and obtain an affidavit. Therefore, it is best to sign the Will in the present of two witnesses AND a notary public so that the affidavit can be completed by the Notary.

You should keep your Will in a safe place once executed. It is also recommended that you give a copy to your executor or other person as additional proof of execution.
