Brief descriptions of the forms contained in your U.S. Legal Forms™ Living Will package are found below.

Statutory Durable Power of Attorney for Health Care - This Power of Attorney for Health Care allows you to appoint a person to make health care decisions for you when you are not capable

of making the decision. You may limit this person's authority or the duration of his/her authority to speak for you.

Revocation of Statutory Durable Power of Attorney for Health Care - This is a revocation of Form IL-P016.

Statutory Equivalent of Living Will or Declaration - This form is called a "Declaration" and it is the equivalent of a Living Will. It provides instructions to your family and doctors should you have an incurable injury, disease, illness or condition and you are unable to express your wishes with regard to treatment.

Revocation of Statutory Equivalent of Living Will or Declaration – This is a revocation of Form IL-P024 which provides for a person's wishes and desires regarding whether or not his/her life is prolonged by artificial means. Specific reference is made to the earlier executed Declaration.

Uniform Anatomical Gift Act Donation – This Uniform Anatomical Gift Act Donation form pursuant to state statutes designates the specific body parts and organs an individual wishes to donate at the time of death. ### **III. TIPS ON COMPLETING THE FORMS**

The form(s) in this packet may contain "form fields" created using Microsoft Word or Adobe Acrobat (".pdf" format). "Form fields" facilitate completion of the forms using your computer. They do not limit your ability to print the form "in blank" and complete with a typewriter or by hand.

It is also helpful to be able to see the location of the form fields. Go to the View menu, click on Toolbars, and then select Forms. This will open the Forms toolbar. Look for the button on the Forms toolbar that resembles a shaded letter "a". Click this button and the form fields will be visible.

By clicking on the appropriate form field, you will be able to enter the needed information. In some instances, the form field and the line will disappear after information is entered. In other cases, it will not. The form was created to function in this manner.
