Brief descriptions of the forms contained in your U.S. Legal Forms™ Living Will package are found below.

Statutory Health Care Directive - This is a statutory form that is provided in the North Dakota Century Code that allows you to appoint an individual as your agent with regard to healthcare decisions when you are no longer capable of making them yourself. It includes broad power to make physical and mental health treatment decisions.

Revocation of Statutory Health Care Directive - This is a revocation of Form ND-P016 that allows you to appoint an individual as your agent with regard to healthcare decisions when you are no longer capable of making them yourself.

Uniform Anatomical Gift Act Donation By An Individual Over 18 Years of Age – This Uniform Anatomical Gift Act Donation form pursuant to state statutes designates the specific body parts and organs an individual wishes to donate at the time of death. This form must be witnessed and the signature notarized. An anatomical gift may be made by a document of gift signed by the donor.

Revocation of Anatomical Gift Donation - This Revocation of Anatomical Gift Donation form is a revocation of Form ND-P025 that designates the body parts and organs an individual wishes to donate at the time of death. A donor may amend or revoke an anatomical gift, not made by will, by a signed statement, by an oral statement made in the presence of two individuals, by any form of communication during a terminal illness or injury addressed to a physician or surgeon or by delivery of a signed statement to a specified donee to whom a document of gift had been delivered. An anatomical gift made by a will may be amended or revoked in the manner provided for amendment or revocation of wills or as set out above. III. TIPS ON COMPLETING THE FORMS

The form(s) in this packet may contain “form fields” created using Microsoft Word or Adobe Acrobat (“.pdf” format). “Form fields” facilitate completion of the forms using your computer. They do not limit your ability to print the form “in blank” and complete with a typewriter or by hand.

It is also helpful to be able to see the location of the form fields. Go to the View menu, click on Toolbars, and then select Forms. This will open the Forms toolbar. Look for the button on the Forms toolbar that resembles a shaded letter “a”. Click this button and the form fields will be visible.

By clicking on the appropriate form field, you will be able to enter the needed information. In some instances, the form field and the line will disappear after information is entered. In other cases, it will not. The form was created to function in this manner.
