Brief descriptions of the forms contained in your U.S. Legal Forms™ Living Will package are found below.

Health Care Directive - Advance Medical Directive - includes Living Will and Health Care Decisions – This is a statutory form that is provided in the Code of Virginia that expresses your right to communicate your desires regarding life-sustaining procedures and treatment. You may also designate a health care agent to make these decisions and carry out your wishes. There are also provisions for making anatomical gifts.

Revocation of Health Care Directive - This is a revocation of the powers and authority granted in Form VA-P021 that expresses your right to communicate your desires regarding life-sustaining procedures and treatment, allows you to designate a health care agent to make these decisions and carry out your wishes and provides for anatomical gifts.

Revised Uniform Anatomical Gift Act Donation - This Revised Uniform Anatomical Gift Act Donation form pursuant to state statutes designates the specific body parts and organs an individual wishes to donate at the time of death. This form must be witnessed and the signature should be notarized. Any person of sound mind and eighteen (18) years of age or more may give all or any part of such individual's body for any purpose. An anatomical gift may be made by will or by a document other than a will.

Revocation of Anatomical Gift Donation – This is a revocation of the anatomical gift(s) made in Form VA-P025 that designates the body parts and organs an individual wishes to donate at the time of death. A donor may amend or revoke an anatomical gift or donor document, not made by will, by a signed statement, an oral statement made in the presence of two individuals, any form of communication during a terminal illness or injury, the delivery of a signed statement to a specified donee to whom a document of gift has been delivered, or compliance with the relevant law, e.g., the Uniform Donor Document or the Health Care Decisions Act. III. TIPS ON COMPLETING THE FORMS

The form(s) in this packet may contain “form fields” created using Microsoft Word or Adobe Acrobat (“.pdf” format). “Form fields” facilitate completion of the forms using your computer. They do not limit your ability to print the form “in blank” and complete with a typewriter or by hand.

It is also helpful to be able to see the location of the form fields. Go to the View menu, click on Toolbars, and then select Forms. This will open the Forms toolbar. Look for the button on the Forms toolbar that resembles a shaded letter "a". Click this button and the form fields will be visible.

By clicking on the appropriate form field, you will be able to enter the needed information. In some instances, the form field and the line will disappear after information is entered. In other cases, it will not. The form was created to function in this manner.
