STAR-K Certification Announces Program to Enhance Kashrus Awareness for Mashgichos
by Margie Pensak

This summer, STAR-K Certification will be holding its sixth annual Kashrus Training Seminar for men. The successful program has been limited to 25 men--Kollel members studying Yoreh Deah, as well as those in pursuit of a professional career in kosher supervision and those presently in the field who wish to fine tune their skills. But now, say the women mashgichos who work for various kashrus agencies, the time has come for a similar, separate opportunity to enhance the skills they have practiced in the field for decades.

To accommodate these mashgichos, STAR-K Certification has recently announced its plan to hold a for-women-only program to enhance Kashrus awareness for mashgichos, this coming fall. To be held after the yamim noraim, in STAR-K's Baltimore offices, the seminar will be custom-tailored to meet their specific needs. Featured topics will include: Determining acceptability of products; understanding the dynamics of kashrus in America; setting up a kosher kitchen; shul kitchen guidelines; taking challah: effective vegetable checking for infestation; and, challenges in the workplace, including establishing control in the kitchen.

This intensive seminar draws on the vast experience and expertise of the world renowned STAR-K staff, and will be divided into comprehensive sessions and local visitation. The sessions will be led by STAR-K's Rabbinic Administrator, Rabbi Moshe Heinemann, STAR-K President, Dr. Avrom Pollak, and STAR-K Kashrus Administrators. A question and answer "Ask the Rabbis" panel will round off the seminar. Field visits to a restaurant, bakery, and hotel will complete this virtual experience.

The concept of having women mashgichos may be foreign to some, however, according to Rabbi Heinemann, "There is no question that a woman can be trusted with kashrus. In fact, Rav Moshe Feinstein, zt"l, unequivocally asserted as much in a responsa he wrote in his famous sefer, "Igros Moshe" (Yoreh Deah, Chelek II, Siman 44-45), affirming the credibility of mashgichos. Also, Rav Moshe contends that really it is not the mashgiach or mashgicha who is in charge, but rather, he or she is the eyes and ears of the Rav Hamachsher who is really in charge."
