"NO STUFFING" DISCOUNT

For maximum convenience, Haan Crafts provides white economy stuffing for all stuffed animals and pillows. However, if you do not want the stuffing, we will gladly withhold it from your order and give you a discount, upon request. You can withhold stuffing entirely, or just from certain kits. Consult the Order Blank to find the Stuffing size and discount amount for each kit.

Stuffing Size	Discount per bag withheld
Size #1	\$0.15
Size #2	\$0.40
Size #4	\$0.40
Size #6	\$0.50
Size #11	\$0.75
Size #16	\$1.00
Size #20	\$1.25
Size #30	\$1.75
Size #48	\$2.75

Example: If you order 50 pillows that normally come with a Size #16 Stuffing but tell us that you don't need any stuffing sent, we will deduct \$50.00 (50 x \$1.00) from your order total!

Receiving this discount is simple: When you place your order, just tell us either "NO STUFFING" or "1/2 STUFFING ONLY" (or give us clear, specific instructions on which stuffings you do and do not want), and we will discount your final total accordingly. We hope this option proves beneficial to you, and gives you more flexibility in how you use our kits in your classroom!

See page OB-24 in this order blank for more information.

Haan Crafts Skill Level Rating System

We use an easy-to-follow system to rate our sewing kits for difficulty. The system uses a NUMBER to indicate the difficulty of the individual steps, followed by a LETTER to indicate the amount of sewn pieces used to complete the project. We hope that this will help you better determine which kits are appropriate for your students' skill levels, as well as the amount of class time allocated for sewing.

**NUMBER =
Difficulty
Level**

**LETTER =
How Many Sewn
Pieces**

1. Simple
2. Easy
3. Average
4. Moderate

- A. 1-2 pieces
- B. 3-5 pieces
- C. 6-10 pieces
- D. 11-19 pieces
- E. 20 or more pieces

By this measurement, a kit rated 1-A would be the easiest project with the fewest pieces. A kit rated 4-E would be the most challenging project with the most pieces. Ratings are subjective, because some people find stuffed animals easier to construct than garments (or vice versa). Following are the criteria for the skills taken into account when devising this rating system.

NUMBER = Difficulty Level

1 Simple

A good first project for elementary students. Includes simple shapes and flat construction (the pieces have the same shape so they lie flat during construction). With Haan Crafts kits, the major pieces are pre-cut or pre-printed. To-Sew kits include paper patterns or instructions for measuring and cutting. Stuffed projects are easy to turn right side out. The project may include turned and finished edges, and/or a casing for a drawstring.

2 Easy

A good project for beginners. Includes simple shapes and mostly flat construction, although there may be some darts. Stuffed projects are easy to turn right side out. The project may include any Level 1 skills; a casing for a drawstring or waistband; and/or applying more complex appliqué letters or shapes to the surface of the project.

3 Average

A good project for average middle school students. Includes more complex shapes, but no tight or difficult areas. The project may include any Level 1 or 2 skills; more precise matching of seams; a zipper; gathers; and/or inset pieces, such as paws or cuffs.

4 Moderate

A good project for high school students, or above-average or experienced middle school students. Includes more complex shapes. The project may include any Level 1, 2 or 3 skills; piping; one or more tight or difficult areas; and/or challenging sculpting.

LETTER = How Many Sewn Pieces

This indicates the number of pieces (including appliqués and accents) that need to be sewn to complete the kit. It does not include trims such as eyes, washers, webbing and ribbons. The higher the letter, the more sewn pieces are involved in the kit, as follows:

- A – 1 or 2 pieces
- B – 3 to 5 pieces
- C – 6 to 10 pieces
- D – 11 to 19 pieces
- E – 20 or more pieces

In addition to the rating system, please read the item descriptions to determine if the item is pre-cut, pre-printed or paper pattern. Pre-cut kits are very quick and easy to make. Pre-printed kits assure accuracy and are quicker to construct than paper pattern kits, which are a little more time-consuming and provide the experience of working with paper patterns.

Dear Parent:

I'm excited to tell you about a new learning project our class is about to begin.

As part of a new unit on sewing, each student will be choosing a sewing kit from a pre-selected list of options. The specialized kits we will use are designed specifically for teaching purposes.

Your child will learn the following practical skills:

- How to read, understand and follow directions
- How to organize and plan work
- How to operate a sewing machine
- How to perform basic hand sewing stitches
- How to work with standard patterns (either paper patterns or patterns printed on fabric)
- How to sew seams, add attachments, and other sewing techniques

Your child will also be practicing key academic skills which are needed in other subjects. These include working with fractions, decimals and whole numbers, improving reading comprehension, building vocabulary, and using simple measuring tools. Last, but not least, he or she will also discover the pleasure of seeing a project through from start to finish, and will enjoy the sense of accomplishment in a job well done.

Best of all, this project is fun and affordable! Please see below for the cost of materials required to complete the project your child has selected. I know you'll want to help your child to succeed by encouraging the completion of this educational project. I think you will be pleased with the results. Your child has chosen the following project:

Project Name: _____

Cost: \$ _____

Please feel free to contact me if you would like any further information about this unit or to volunteer your time in assisting the class in this project.

Design-A-Pillow Contest

- Grand Prize — \$100 Haan Crafts Gift Certificate
- Honorable Mention(s) — \$50 Haan Crafts Gift Certificate

Is there a pillow you would like to make and we don't offer it? Send us your idea today and you could win our Design-A-Pillow Contest! Just follow the simple entry rules below to qualify.

One or more pillows will be selected, developed, and sold in the fall issue of the 2017 Haan Crafts/To-Sew catalog. There will be a grand prize of a \$100 Haan Crafts Gift Certificate, and Honorable Mention winner(s) will each be awarded a \$50 Haan Crafts Gift Certificate. Students enrolled in Family and Consumer Education in grades 6-12 are eligible to enter. Haan Crafts Gift Certificates may be used to purchase merchandise from the Haan Crafts/To-Sew catalog. Visit our website (www.haancrafts.com) for a complete listing of all the products available.

The pillow can be any shape, but keep in mind the difficulty of the construction. Many are square or round, others are long and narrow. The average length of a side is usually 15 1/2". The body of the pillow is made of broadcloth with felt and embroidery accents.

The entry should be a design of the finished pillow. It can be hand-drawn or computer-generated, but must be the original work of the entrant. The design should be done in color. Again, a computer printout is fine, or you can use crayons, markers, or any other medium that works for you. Your entry should be on a sheet of paper measuring at least 8 1/2" x 11" with the actual finished measurements and other details written out. An actual-size entry will also be acceptable. Do not use any brand name products in your pillow design.

All entries become the property of Haan Crafts and will not be returned. Haan Crafts is not responsible for lost, stolen, or delayed entries. Haan Crafts reserves the right to alter the design for any reason. Haan Crafts also reserves the right to reprint any or all entries, in part or in entirety. Decisions of the judges are final, even if there are identical or similar entries. Entry must be the original work of the individual entrant. An individual entry form must be filled out and attached to each design entered. Only one entry per student will be accepted. Photocopies of this entry form are acceptable. Winners will be announced in the fall issue of the 2017 Haan Crafts/To-Sew catalog.

REWARD DI\$COUNT PROGRAM

for Haan Crafts customers!

We are proud to present a discount program rewarding our loyal customers! This is our way of saying "thanks" for using Haan Crafts and To-Sew kits in your program. The discount will be based on the amount of your purchases, and will grow as you purchase more kits. Here's how the program works:

- ★ Order at least \$200 of merchandise from Haan Crafts between July 1st, 2016 and June 30th, 2017 to qualify.
- ★ You will earn a 2% credit of all purchases during that time. We will keep track of your credit dollars for you. There is no limit as to how high your credit can reach!

Example: If you spend \$600 during the entire school year, you will get a \$12 credit coupon ($600 \times .02 = 12$) for free merchandise to spend next year.

- ★ In August 2017, you will receive a letter listing the total amount of your credit, which you can apply to any order(s) placed between July 1, 2017 and June 30, 2018.
- ★ The credit may be applied to any order placed from Haan Crafts during the 2017-2018 school year. Use it just like cash!
- ★ This program is in addition to our Large Order Discount! Remember, you will still get an automatic, instant 5% discount on any order you place that reaches \$300 or more!

Reward Discount credits will ONLY be applied when you request it on an order.

Thank you for being a loyal customer with Haan Crafts! We are honored to be your trusted source for high quality sewing kits, great customer service, and guaranteed satisfaction!

"NO STUFFING" DISCOUNT

for Haan Crafts customers!

For maximum convenience, Haan Crafts provides all materials needed to complete the projects as shown, including white economy stuffing for all stuffed animals and pillows. However, we realize that different customers have different resources and budgets, and may already have access to stuffing. For that reason, we offer a money-saving option. If you do not want the stuffing, we will gladly withhold it from your order and give you a discount, upon request.

You can withhold stuffing entirely, or just from certain kits, if desired. Consult the Order Blank to find the Stuffing size included with each kit, as well as the amount of the discount per kit.

Example: If you order 50 pillows that normally come with a Size #16 Stuffing but tell us that you don't need any stuffing sent, we will deduct \$50.00 ($50 \times \1.00) from your order total!

Receiving this discount is simple: When you place your order (whether it is by phone, fax, mail or e-mail), just tell us either "**NO STUFFING**" or "**1/2 STUFFING ONLY**", and we will discount your final total accordingly. Or, if your stuffing requests are more detailed, then provide us with clear, specific instructions about which stuffings you do or don't want, and we will be happy to accommodate you. We hope this option proves beneficial to you, and gives you more flexibility in how you use our kits in your classroom!

Stuffing Size	Discount per bag withheld
Size #1	\$0.15
Size #2	\$0.40
Size #4	\$0.40
Size #6	\$0.50
Size #11	\$0.75
Size #16	\$1.00
Size #20	\$1.25
Size #30	\$1.75
Size #48	\$2.75

NOTE: This "No Stuffing" Discount **MUST be requested at the time of your order.** You must make the request on EACH order, regardless of your ordering trends. If you have a history of usually withholding stuffing but we receive an order in which stuffing is not mentioned, we will assume that you DO want stuffing with that order. Once stuffing has been shipped, it cannot be returned for credit or a refund.
