

**Talent Inventory
Candidate Questions**

Job Candidate: _____

Date:

Candidate Rating:

The following interview questions were created based on the candidate's talent inventory results. These questions can be used in their current format or may be customized to meet the specific interviewing needs of the hiring representative. The candidate may have already provided information related to these questions to the hiring representative(s) during the interviewing process. If not, these questions should be used in a final interview to confirm the necessary job qualifications to ensure a successful job match.
