Colorado's Mathematics and Science Partnerships Program

Applications Due: Monday, November 14, 2016, by 11:59 pm

Introduction

Title II, Part B of the No Child Left Behind Act of 2001 (NCLB) authorizes a Mathematics and Science Partnerships (MSP) program. MSP seeks to promote intensive, high-quality professional learning activities that focus on increasing teachers' math/science content knowledge and/or improving pedagogy by encouraging collaborations between states, Institutions of Higher Education (IHEs), local education agencies (LEAs), and elementary and secondary schools. The long-term goal of the program is to improve the performance of students in the areas of mathematics and science. Individual states are responsible for conducting a competitive grant program that makes awards to partnerships that are most likely to succeed in developing and sustaining long-term effects.

Eligible Applicants

Colorado's 2016-2017 Priority: *Recruitment and retention of qualified math and science teachers in high needs schools*

The 2016-17 MSP program will focus on the effective recruitment and retention of qualified math and science teachers in high needs schools. Priority will be given to applicants who will be recruiting and supporting qualified math and science teachers in schools that have demonstrated a historical difficulty filling these positions.

Partnerships applying for a Mathematics and Science Partnership grant **must** include

- A high-need LEA (see Appendix A on page 24);
AND
- Science, technology, engineering, or mathematics (STEM) department of an institution of higher education;
AND
- A CDE approved educator preparation program or designated agency for alternative teacher preparation (if the applicant will be recruiting candidates who are not already fully licensed and endorsed in their field).

Partners may also include the following:

- Additional STEM and/or education department(s) (including special education faculty) of the same or another institution of higher education; or
- Additional high-need LEA's, high-need public or private elementary or secondary schools (including charter schools), or a consortium of such schools; or
- Businesses, and nonprofit or for-profit organizations concerned with mathematics and science education

For the purposes of the FY2016-17 Colorado MSP program, CDE defines a high-need LEA as one that meets the following conditions:

Any district that has:

- At least one school with the 3-year 2014 SPF rating of "Does Not Meet" or "Approaching" on the Math Academic Achievement Indicator **OR** the Math Academic Growth Indicator at any level (elementary, middle or high) - See Appendix A.
OR
- At least one school with the 3-year 2014 SPF rating of "Does Not Meet" or "Approaching" on the Science Academic Achievement Indicator – See Appendix A.

Note: 3 Year SPF data was used to determine eligibility.

Partnerships must include faculty from the STEM departments in institutions of higher education and a high-need LEA. Priority will be given to partnerships that include three schools that meet at least two of the following criteria (denoted on the eligibility list as priority):

- a 3-year 2014 School Performance Framework (SPF) rating of "Does Not Meet" or "Approaching" on the Math Academic Achievement Indicator
- a 3-year 2014 SPF rating of "Does Not Meet" or "Approaching" on the Math Academic Growth Indicator
- a 3-year 2014 SPF rating of "Does Not Meet" or "Approaching" on the Science Academic Achievement Indicator

Multiple districts may collaborate to serve the minimum number of schools. The lead partner and fiscal agent must be a high need LEA.

All partners must take an active part in the MSP program. Partners must meet to plan and discuss the progress of the project a minimum of three times a year for the duration of the grant.

Grantees must adhere to regulations 76.652 and 76.656 of the USDE's General Administration requirements (EDGAR) and Section 9501 of ESEA as reauthorized by No Child Left Behind. These regulations state that meaningful consultation must occur between the LEA and any private schools within the LEA's attendance area to invite teachers from the private school to participate in the MSP program. This consultation must occur prior to submitting a grant proposal. The purpose of this regulation is to ensure that teachers of all students (public and private) are able to benefit from the provision of federal funding.

BOCES are not considered an LEA for Title II, Part B funds and therefore cannot be the fiscal agent for this competitive application. However, the LEA identified as fiscal agent for this grant may assign fiscal responsibilities to a BOCES as defined in P.L. 107-110, Sec. 2403 (2) within the eligible partnership. If the LEA would like to assign a BOCES with the fiscal responsibilities to administer the grant on its behalf, funds can be signed over to the BOCES with completion of the District Assignment of Federal Competitive Grant Funds and Assurances form on page 14.

Please note: All districts to be served through this grant must provide contact information and signatures on page 11 and, if applicable, initials of agreement on the District Assignment of Federal Grant Funds and Assurances form on page 14.

Available Funds

The Colorado Department of Education (CDE) will award up to five new MSP partnerships for Fiscal Year FY2016-17. The awards, contingent on the availability of funds from the U.S. Department of Education (USDE), will range from a minimum of \$200,000 to a maximum of \$400,000. Unlike prior MSP Partnerships funded by CDE, this RFP seeks applications for eighteen month projects. The program will no longer receive federal funding after the 2016-17 school year. The lead partner LEA must be the fiscal agent and all funds must be expended by June 30, 2018.

Allowable Use of Funds

An eligible partnership shall use funds for one or more of the following activities in elementary, middle, and/or high schools:

- Recruitment of teacher candidates who have demonstrated subject matter competency in math or science but may not have completed a teacher preparation program (requires participation of a partner who is a CDE approved educator preparation program or designated agency for alternative teacher preparation)

- Providing support and assistance to licensed teachers to obtain a secondary mathematics or science endorsement
- Upgrading induction programs for math and/or science teachers
- Providing specialized training and support for experienced teachers to serve as mentors to novice math and/or science teachers
- Innovative strategies for retaining effective math and/or science teachers

Funds must be used to **supplement and not supplant** funds that would otherwise be used for proposed activities. Grantees may use up to 10% of awarded funds for direct administration of the grant. Any equipment purchases must be reasonable and necessary to support the allowable activities described above. Funds must be expended by June 30, 2018.

Application Timeline

September 28, 2016	Application Training Webinar
October 5, 2016	LEAs interested in applying submit a letter of intent
November 14, 2016	Applications due to CDE
December 2, 2016	Review of Applications
December 16, 2016	Applicants will be notified of final award status.
December 2016	LEAs receiving grants will work with CDE to finalize grant activities, budget and an implementation timeline.

Duration of Grant

Grants will be awarded on a competitive basis for an 18 month period, which will begin January 1, 2017 and end on June 30, 2018. This funding is dependent upon accurately completing reporting requirements by the established deadlines.

Reporting and Monitoring

The lead partner for the grant will be responsible for meeting all reporting requirements. If more than one district is applying for this grant, it is advisable to enter into a data sharing agreement in order for the lead partner to be able to collect the necessary data from partnering districts to meet reporting requirements.

Annual Reporting to the USDE

Each partnership receiving a grant must report annually to the U.S. Department of Education (USDE), through an online reporting system through a secured website, regarding the progress made towards meeting the objectives and annual targets described in the partnership's plan. Only aggregated data is reported.

This report must be submitted in the fall of 2017 and possibly in the fall of 2018 pending USDE's decision regarding use of the system in the final year of the grant.

CDE will provide training on this reporting requirement each year of the grant and provide technical support to grantees to ensure timely and accurate submittal.

End of Grant Reporting to CDE

A requirement of MSP is that each partnership plan and conduct an evaluation of the impact of the program. A summary report of the evaluation findings must be submitted that captures the impact of the program on the

identified needs of the participants. Sufficient funds should be allocated to conduct the evaluation. Once a partnership has been funded, partners may need to further develop an evaluation plan.

At a minimum, the evaluation report must include responses to the following questions; however, sites are encouraged to design and address additional evaluation questions that are of greatest relevance to the project. The evaluation report must be submitted to the CDE by July 30, 2018.

- What was the reach of the program (who were the targeted recipients of grant activities and how many of them actually participated in grant-funded activities)?
- What were the goals and objectives of each grant-funded activity?
- Were grant-funded activities implemented as planned? What were successes and/or challenges in implementation?
- What were the targeted outcomes for each activity? Were targeted outcomes achieved? If so, to what is success attributed? If not, what prevented the outcomes from being achieved?

CDE will provide templates and training to support grantees in designing and conducting an evaluation and reporting findings at the end of the grant.

A template for tracking the list of participating and comparison teachers, the pre- and post-test results for all participating teachers (including control group teachers), the pre- and post-test assessment used, and the scoring rubric for the assessment has been attached as Appendix B. The evaluation will require partner districts to use student assessment results for all participating teachers (including control or comparison group teachers). A local evaluation report template is also attached as Appendix C for submitting the final report.

Within one year after the end of the grant, CDE will publish a brief report synthesizing the evaluation findings across MSP projects, including success, challenges, and lessons learned across the state.

Data Privacy

CDE takes seriously its obligation to protect the privacy of student Personally Identifiable Information (PII) collected, used, shared, and stored. PII will not be reported to CDE nor USDE through the MSP Grant Program. However, in order for lead partners to meet reporting requirements both to the USDE and CDE, data, which may include PII, will need to be shared among partnering districts based on a data sharing agreement. Therefore, the lead district must enter into a data sharing agreement with each partner district that complies with the data sharing and privacy policies of both the lead district and the partner district. The program evaluation report to be submitted to CDE must not include any PII within the report and all summaries within the report must be based on aggregated data.

Review Process and Timeline

Applications will be reviewed by CDE staff to ensure they contain all required components. This funding opportunity is a competitive process – applicants must score at least 90 points out of the 116 possible points to be approved for funding. Applications that score below 90 points *may* be asked to submit revisions that would bring the application up to a fundable level. There is no guarantee that submitting an application will result in funding or funding at the requested level. All award decisions are final. Applicants that do not meet the qualifications will be notified. Applicants will be notified of final award status no later than December 16, 2016.

Technical Assistance

An application training webinar will be held on Wednesday, September 28, 2016 from 10:00 – 11:00 a.m. Register for this technical assistance via Eventbrite at: <http://msp2016.eventbrite.com>. If you have questions or issues regarding registration, please email CompetitiveGrants@cde.state.co.us.

If interested in applying for this funding opportunity, please submit the Letter of Intent (see Appendix D) by **Wednesday, October 5, 2016, by 11:59 pm**, via SurveyMonkey at: https://www.surveymonkey.com/r/msp2016_loi.

During each grant year, CDE provides training and technical support on the reporting requirements, including submitting data to the USDE's Annual Performance Report secured website and an evaluation report to CDE via Syncplicity.

Submission Process and Deadline

One electronic copy of the application and electronic budget must be submitted to:

CompetitiveGrants@cde.state.co.us by Monday, November 14, 2016 at 11:59 p.m. The electronic version should include all required elements of the application as one document. Please attach the electronic budget workbook as a separate document to the email. Incomplete or late applications will not be considered. If you do not receive an email confirmation of receipt of your application within 24 hours of the deadline, please email CompetitiveGrants@cde.state.co.us.

Application materials and budget are available for download on the CDE website at: <http://www.cde.state.co.us/fedprograms/tii/b>.

Submit the electronic copy of the application and electronic budget to:

CompetitiveGrants@cde.state.co.us

By: **Monday, November 14, 2016, by 11:59 pm**

Application Format

- **The total narrative (Sections A –F) of the application cannot exceed 20 pages.** Please see below for the required elements of the application. **Note:** Applications that exceed 20 pages will not be reviewed.
- All pages must be standard letter size, 8-1/2" x 11" using 12-point font and single-spaced with 1-inch margins and numbered pages.
- The signature page must include original signatures of the lead organization/fiscal agent.
- The submission of duplicate applications that are identical, except for names and descriptions of the eligible site, will not be accepted. Responses from applicants in the same district or working with the same collaborators may contain some common information, but the substantive elements of the application narrative must be unique to the eligible site(s).

Required Elements

The format outlined below must be followed in order to assure consistent application of the evaluation criteria. See evaluation rubric for specific selection criteria needed in Section II (pages 17 – 20).

Section I: Proposal Introduction

Section II: Narrative

Part A: Executive Summary

Part B: Needs Assessment

Part C: Literature Review

Part D: Work Plan

Part E: Commitment and Capacity of Partnership

Part F: Budget Narrative and Electronic Budget Form

The budget form and instructions are available on an Excel spreadsheet on the MSP website at <http://www.cde.state.co.us/FedPrograms/tii/b.asp>. The budget must be downloaded and submitted as a separate document. Email the budget form to CompetitiveGrants@cde.state.co.us.

Section III: Attachments

- 1) Letters of commitment from each of the partners
- 2) Vitae of key personnel, including evaluator(s) (Maximum 2 pages each)

Colorado's Mathematics and Science Partnership Program

The School Board President and Board- Appointed Authorized Representative must sign below to indicate their approval of the contents of the application, and the receipt of program funds.

On _____ (date), 2016, the Board of _____ (district) hereby applies for and, if awarded, accepts the state funds requested in this application. In consideration of the receipt of these grant funds, the Board agrees that the General Assurances form for all state funds and the terms therein are specifically incorporated by reference in this application. The Board also certifies that all program and pertinent administrative requirements will be met. These include the Office of Management and Budget Accounting Circulars, and the Department of Education's General Education Provisions Act (GEPA) requirement. In addition, the Board certifies that the district is in compliance with the requirements of the federal Children's Internet Protection Act (CIPA), and that no policy of the local educational agency prevents or otherwise denies participation in constitutionally protected prayer in public schools. In addition, school districts that accept the **Colorado's Mathematics and Science Partnership Program Grant** funding agree to the following assurances:

Statement of Assurances: The authorized official of the Institution of Higher Education (IHE) partnering in this grant proposal agrees to work collaboratively with the applying institution to assure that:

1. Title II, Part B funds will be used to supplement and not supplant funds from non-federal sources.
2. Upon request, the CDE will be provided access to records and other sources of information that may be necessary to determine compliance with appropriate federal and state laws and regulations.
3. Education activities funded by the project will be conducted in compliance with the following federal laws:
a) Title VI of the Civil Rights Act of 1964; b) Title IX of the Education Amendments of 1972; c) Section 504 of the Rehabilitation Act of 1973; d) Age Discrimination Act of 1975; e) Americans with Disabilities Act of 1990; f) Family Educational Rights and Privacy Act of 1974, 20 U.S.C. 1232g and its regulations (34 C.F.R. Part 99); and Education Department General Administrative Regulations (EDGAR).
4. Education activities funded by the project will be conducted in compliance with the Institution's own internal review process.
5. The development of programming will take into account the need for greater access to and participation in the targeted disciplines by students from historically underrepresented and underserved groups.
6. All program and evaluation reports will be submitted by all partners, in accordance with stated guidelines required by the United States Department of Education and the Colorado Department of Education.
7. All records of the program will be retained for five years and access to those records will be available for the purposes of review and audit.
8. The applicant will annually provide the Colorado Department of Education such information as may be required to determine if the grantee is making satisfactory progress toward achieving the goals of the grant. This includes participation in evaluations or studies and the submission of an annual progress report demonstrating that the selected program/curriculum is providing satisfactory results, as outlined on pages 5-6 of the RFP.
9. The school will not discriminate against anyone regarding race, gender, national origin, color, disability, or age.
10. Funded projects will maintain appropriate fiscal and program records and fiscal audits of this program will be conducted by the grantees as a part of their regular audits.
11. If any findings of misuse of these funds are discovered, project funds will be returned to CDE.
12. The grantee will maintain sole responsibility for the project even though subcontractors may be used to perform certain services.

13. Districts that are partnering on this grant will enter into a data sharing agreement that meets the data sharing and privacy policies of both the lead and partner districts and will allow the lead partner to meet federal reporting requirements and state evaluation reporting requirements.
14. Lead districts will annually submit aggregate data to the USDE on the Annual Performance Report.
15. Lead districts will submit an evaluation report to CDE that meets the criteria identified in this RFP at the end of the grant.

Part ID: District Assignment of Federal Grant Funds and Assurances

If applicable, complete the information below. Indicate the assignment of the DISTRICT funds to a BOCES/CONSORTIUM and provide all required signatures/initials

Grant Program: Math and Science Partnerships Program

The LEA identified as fiscal agent for this grant may assign fiscal responsibilities to a BOCES as defined in P.L. 107-110, Sec. 2403 (2) within the eligible partnership. Complete the form below to indicate who will now become the fiscal agent for this grant award.

_____ **School District** hereby authorizes the _____ **BOCES** to act as Fiscal Agent to apply for Mathematics and Science Partnership funds and administer the grant on behalf of _____ **School District**.

School District Authorized Representative: _____

District Name: _____ District Code: _____

School District Authorized Rep. Signature: _____

Assign these funds to: _____

BOCES Authorized Representative: _____

BOCES Authorized Rep. Signature: _____

Phone: _____ E-mail: _____

If a consortium of districts, each district Authorized Representative must provide initials of understanding/agreement authorizing the BOCES to act as the fiscal agent to apply for these funds and administer the grant. (Additional rows may be added)

District: _____ Initials: _____

District: _____ Initials: _____

District: _____ Initials: _____

In consideration of the receipt of these grant funds, the LEA agrees that the General Assurances form for all federal funds and the terms therein are specifically incorporated by reference in the forthcoming application. The LEA also certifies that all program and pertinent administrative requirements will be met. This includes the Education Department General Administrative Regulations (EDGAR), the Office of Management and Budget (OMB) Accounting Circulars, and the Department of Education's General Education Provisions Act (GEPA) requirements. Further, by agreeing to the assignment of any Mathematics and Science Partnership funds to a BOCES/Consortium, the LEA(s) will provide relevant information and/or data as requested by the BOCES/Consortium in order for the BOCES/Consortium to fulfill its responsibilities related to the administration and accountability of these funds.

Signature of President of Lead LEA District School Board Date

BOCES Authorized Representative Signature of Acceptance Date

Part IE: Evidence of Consultation with Non-Public Schools

Participating LEAs should notify any nonpublic schools within the LEA's attendance area of the opportunity to participate in the MSP program. All participating LEAs must submit this completed form. Additional documentation of consultation (e.g., sign-in sheets from meetings) should be kept on file by the LEA. Note: Nonpublic schools must demonstrate need like any other school partner (e.g., evidence of need using student achievement data in math or science).

Name of Lead Local Education Agency (LEA)/Organization:			
MSP Contact Name:			
Phone:	E-mail:		
Are any eligible nonpublic schools located within the LEA's boundaries? Yes <input type="checkbox"/> No <input type="checkbox"/>			
Nonpublic School Name	The school hasn't responded to the LEA's repeated, good-faith attempts for consultation	Interested in participating in MSP?* Y/N	High Need? Y/N
*If participating, nonpublic school should be listed as a partner and included in all relevant aspects of the proposal.			

The LEA assures that all private schools were given the opportunity to participate in the MSP program and that it engaged in meaningful consultation as required by section 9501(c) of ESEA.

Selection Criteria & Evaluation Rubric

Part I: Application Introduction (No Points)

Cover Pages, Assurances, Signed District Assignment of Federal Funds, Consultation with Non-public Schools
Complete the attached cover pages and assurances page and attach as the first pages of the application.

Part II: Narrative (116 Points)

The following criteria will be used by reviewers to evaluate the application as a whole. In order for the application to be recommended for funding, it must receive at least 90 points out of the 116 possible points and all required elements must be addressed. An application that receives a score of 0 on any required elements will not be funded.

Section A: Executive Summary	Not Addressed or Met No Criteria <i>(information not provided)</i>	Met One or More Criteria <i>(requires additional clarification)</i>	Met All Criteria <i>(concise and thoroughly developed, high quality response)</i>
1) Provide a brief description of the proposed MSP project. The executive summary must be no more than 500 words and convey the following criteria in a clear and concise manner: <ul style="list-style-type: none"> The need for an MSP project Types of activities planned Major goals of the project 	0	3	5
Reviewer Comments:			
TOTAL POINTS			/5

Section B: Needs Assessment	Not Addressed or Met No Criteria <i>(information not provided)</i>	Met One or More Criteria <i>(requires additional clarification)</i>	Met All Criteria <i>(concise and thoroughly developed, high quality response)</i>
1) Provide a description of the need for a MSP partnership. The description should include applicable gaps in recruitment, development, and retention of qualified and effective teachers in the identified subject area(s).	0	5	10
2) Identify the specific schools that will be served under this program and why they were chosen. If any of the participating schools have received a Diagnostic Review since September 2012, provide a summary of the report for each school.	0	1	3

3) Describe the process for identifying and recruiting participating teachers including: <ul style="list-style-type: none"> How were teacher needs identified? The target number of teachers. How teachers will be prioritized Will participation be voluntary or required? If participation is voluntary, what incentives will be provided for teachers to participate? 	0	4	8
4) Describe current structures for supporting new teachers, including any supports specific to math and/or science teachers, and how these structures will be improved by the MSP project.	0	3	6
5) Identify specific gaps or weaknesses in student math and/or science achievement to be addressed by the proposed MSP program using relevant data. Be sure to: <ul style="list-style-type: none"> Identify the data used to identify these gaps; and Include data for all participating schools (attach if necessary). 	0	5	10
Reviewer Comments:			
TOTAL POINTS			/37

Section C: Literature Review	Not Addressed or Met No Criteria <i>(information not provided)</i>	Met One or More Criteria <i>(requires additional clarification)</i>	Met All Criteria <i>(concise and thoroughly developed, high quality response)</i>
1) Provide a description of how project activities are supported by research and how they are expected to strengthen the quality of instruction and improve academic achievement of all students. Provide scientifically-based research for all components of the proposal as appropriate.	0	3	5
2) Provide a description of how the proposal builds on prior work of any members of the proposed partnership. Indicate lessons learned and how these lessons are incorporated into this program.	0	3	5
Reviewer Comments:			
TOTAL POINTS			/10

Section D: Work Plan	Not Addressed or Met No Criteria <i>(information not provided)</i>	Met One or More Criteria <i>(requires additional clarification)</i>	Met All Criteria <i>(concise and thoroughly developed, high quality response)</i>												
1) Provide an overview of the planned project model for the MSP project. For any schools that received a Diagnostic Review since September 2012, include how the plan addresses areas of need identified from that process.	0	3	5												
2) Provide a detailed description of the applicable recruitment, induction, support, and/or retention activities including: <ul style="list-style-type: none"> • What strategies will be used to recruit teachers who have demonstrated subject matter competency in math or science but may not have completed a teacher preparation program? • If recruiting the candidates described above, what activities will support their preparation to become licensed teachers? • If licensed teachers will receive support in obtaining a math or science endorsement, what activities will provide this support? • If the project will support the upgrading of induction programs, what activities will be leveraged and what improvements will be made? • If mentor teachers will receive training and support, describe the activities that will support the development of effective math or science mentor teachers. • How will the planned activities address the identified needs? • How many teachers will be impacted by the project? • How many students will be impacted by the project? 	0	7	15												
3) Provide a description of how the activities described in the above section will impact the content knowledge and teaching skills of participating teachers.	0	3	5												
4) Provide a clearly detailed timeline for implementing the key strategies to reach goals and activities. Timeline identifies major implementation activities, participants, responsible persons, interim benchmarks, # of contact hours and the date by which they will be accomplished.	0	5	10												
<p>Please use the following chart to complete the item above:</p> <table border="1"> <thead> <tr> <th>Date</th> <th>Activity</th> <th>Participants</th> <th>Person/ Partner Responsible</th> <th>Interim Benchmarks</th> <th># of Contact Hours Planned</th> </tr> </thead> <tbody> <tr> <td> </td> <td> </td> <td> </td> <td> </td> <td> </td> <td> </td> </tr> </tbody> </table>				Date	Activity	Participants	Person/ Partner Responsible	Interim Benchmarks	# of Contact Hours Planned

Section E: Commitment & Capacity of Partnership	Not Addressed or Met No Criteria <i>(information not provided)</i>	Met One or More Criteria <i>(requires additional clarification)</i>	Met All Criteria <i>(concise and thoroughly developed, high quality response)</i>
1) List each partner and describe their roles and responsibilities for administering the overall program, designing activities, delivering supports, and evaluating MSP.	0	3	7
2) Indicate the number of Higher Ed faculty (by area) involved in the MSP project.	0	1	3
3) List the members of the project leadership team.	0	1	3
4) Provide a brief description of the project leadership team's decision making process. Include a plan for partners meeting at least 3 times a year.	0	1	3

Section F: Budget Narrative & Electronic Budget <i>(Electronic Budget Form does not count toward page limit)</i>	Not Addressed or Met No Criteria <i>(information not provided)</i>	Met One or More Criteria <i>(requires additional clarification)</i>	Met All Criteria <i>(concise and thoroughly developed, high quality response)</i>
1) Describe all expenditures contained in the electronic budget in the budget narrative and connected to project objectives and activities. The costs of the proposed project (as presented in the electronic budget and budget narrative) shall be reasonable and the budget sufficient in relation to the objectives, design, scope and sustainability of project activities.	0	3	7
2) Clearly address how the funds awarded under the program will be used to supplement the level of funds available for authorized programs and activities, and will not supplant any funding currently being used on kindergarten readiness.	0	1	3
3) Describe a clear and well-conceived plan for how the proposed project will be continued once the grant dollars have expired. For example, how will effective math teachers be retained once grant funds are no longer available?	0	1	3

Appendix B: Local Evaluation Report Template

Colorado's Mathematics and Science Partnership Program Local Evaluation Report 2016-2017

Completed LER Form and Attachments are due to CDE by September 23, 2017 – email to Alexandra Tolentino at tolentino_a@cde.state.co.us.

Required Attachments:

- Attachment A: Copy of pre and post tests
- Attachment B: Copy of pre/post-test scoring information or score report
- Attachment C: Copy of professional learning (PL) content (e.g., syllabus)
- Attachment D: Proposed Timeline for 2017-2018, if applicable

Section 1: Abstract	
Project Name:	
Project Lead:	
Evaluator:	
This form completed by:	
Briefly describe the goals and objectives of your project, the participants, and professional learning interventions or models <i>that were implemented in 2016-2017</i> . This narrative may be used for Section II of the APR (1000 words). Please identify any differences or changes from the abstract submitted as part of the application and/or prior years' evaluation reports.	

Section 2: Participants

Explain how participants were selected.

Using the table below, list the schools that had participants in MSP-funded activities in 2016-2017. Include the number of participants per school.

School Name	District Name	# of teachers who taught math and/or science during the 2016-2017 school year		# of teachers who did not teach math or science during the 2016-2017 school year	# of non-teacher participants (e.g., coaches, media specialists, principals)
		Math	Science

#3	Was participation: Voluntary? <input type="checkbox"/> OR Required? <input type="checkbox"/>				
#4	Did the same group of teachers participate this year as last year? Yes <input type="checkbox"/> No <input type="checkbox"/> NA <input type="checkbox"/> If applicable, describe attrition patterns.				
#5	Will the same group of teachers participate next year? Yes <input type="checkbox"/> No <input type="checkbox"/> NA <input type="checkbox"/>				
#6	Will new participants be added next year? Yes <input type="checkbox"/> No <input type="checkbox"/> NA <input type="checkbox"/>				
#7	<input type="checkbox"/> I have verified the accuracy of the numbers reported in the APR.				

# 8	Indicate the type of professional learning activities that were provided as part of the MSP grant in 2016-2017 (fill in any boxes that apply; place an "NA" in boxes that do not). Include the number of hours of professional learning provided by type (average total hours per teacher). For PL provided over an extended period of time, provide the beginning and ending dates.

	Other (specify):				
	Using the table below, list the assessment measure(s) that were used to assess changes in teacher content knowledge. Note: Each measure listed below should also be included in the APR, <i>Section VII Program Evaluation, D. Assessment Measures</i> . Additionally, the participant list should contain data for each teacher that took each of the following assessments.				
	Name of Test (Provide content area assessed in brackets after the assessment name)	Pre-test Administration Date	# of participants who took pre-test	Post-test Administration Date	# of participants who took post-test
#9	Learning Mathematics for Teaching – [Math]	Click here to enter text.	Click here to enter text.	Click here to enter text.	Click here to enter text.
	Click here to enter text.	Click here to enter text.	Click here to enter text.	Click here to enter text.	Click here to enter text.
	Click here to enter text.	Click here to enter text.	Click here to enter text.	Click here to enter text.	Click here to enter text.
	Click here to enter text.	Click here to enter text.	Click here to enter text.	Click here to enter text.	Click here to enter text.
	Click here to enter text.	Click here to enter text.	Click here to enter text.	Click here to enter text.	Click here to enter text.
	Click here to enter text.	Click here to enter text.	Click here to enter text.	Click here to enter text.	Click here to enter text.
#10	Identify any measure(s) that were used to assess changes in teacher practice (e.g., classroom observation tools, surveys) including any evidence supporting the reliability and validity of the tool(s). Describe how the measures were used, including the number of teachers and times.				

	Click here to enter text.	
--	---------------------------	--

#11	Identify the measure(s) used to assess changes in student performance (e.g., NWEA MAP) for each relevant grade (i.e., teachers from that grade participated in MSP-funded activities). Please note that the use of state assessment results is required for the grades and years for which state assessments in the content area of the professional learning are available. However, for other grades or when state assessments are not available, the use of other student performance assessments is required.						
	Name of test (Provide content area assessed in brackets after the assessment name)	Grade Levels	Pre-test Administration Date	# of students who took pre-test	Post-test Administration Date	# of students who took post-test	# of students that improved from pre- to post-test

#12	Identify any additional measures that were used (e.g., feedback survey, self-efficacy instrument). Describe how the measures were used, including the number of teachers and times.						

Section 3: LER Narrative Form

For projects using the LER Narrative Form as a comprehensive evaluation report: Respond to each question below. Tables may be inserted as needed. Questions may also be copied into a separate document for ease of use. To the extent that a response corresponds to an APR section and addresses both items, the same response can be copied and pasted.

For projects submitting a separate External Evaluation Report: Projects may submit a comprehensive evaluation report in lieu of the narrative responses below as long as the following conditions are met:

- A crosswalk is provided for each item below indicating the page number where the information can be located in the external evaluation report (i.e., page numbers where the description can be found in the evaluation report).
- Responses are provided below for any items not addressed in the external evaluation report.

Program Implementation

1. Provide a description of how the partnership functioned in 2016-2017. (*Corresponds to APR Section VII Program Evaluation, H. Impact on the Partnership*)
2. Describe the professional learning that was provided as part of the MSP in 2016-2017. (*Corresponds to APR Section V Professional Development Models, C. Description of Professional Development Model*). How closely was the PL implemented as designed?
 - a. Describe the implementation of the program as it pertains to Teacher Leaders (TL). For example, were TLs released from teaching as planned? Was the PL for TLs implemented as planned?
3. Describe any challenges to implementation and any changes needed to the PL (in comparison to the plan proposed in the application) once implementation was begun. Include the need for the change, how it was determined what to change, and what was changed. Describe how these changes were communicated to all partners and CDE.

Evaluation Methods and Findings

4. Describe the evaluation plan and methods used for evaluating the impact of the MSP activities.
5. Provide a brief summary of the project's evaluation findings for 2016-2017. Reference the data provided in the previous tables (e.g., Table #9 or #11 in this report) as appropriate.
6. If applicable, describe the impact of participating in MSP on the Teacher Leaders and how that impact was measured.
7. If applicable, describe the impact Teacher Leaders had on other teachers in their school and how that impact was measured.

8. Did participating teachers demonstrate a change in content knowledge based on the pre and post-test? Discuss findings, including the targets that had been set using the LMT and whether or not those targets were met.
9. How well did teachers apply lessons from the MSP PL activities to their classroom instruction? Did teachers demonstrate a change in pedagogy? Discuss findings, including any targets that had been set and whether or not those targets were met.
10. Describe the performance of the students taught by MSP teachers. Discuss findings for math and science separately. When possible, compare the performance of students taught by MSP-participating teachers prior to participation to students taught after MSP participation.
11. Did changes in teacher content knowledge lead to improvements in student achievement in math and/or science? What methodology was used to test this relationship? Discuss findings.
12. Did changes in teacher practice lead to improvements in student achievement in math and/or science? What methodology was used to test this relationship? Discuss findings.
13. How did participation in the MSP impact the IHE partner(s)? What data was used to measure this impact? Discuss findings.
14. Describe lessons learned and plans for sustaining any positive impacts identified in the evaluation.
15. Discuss any other significant evaluation findings below.

Appendix C: Participation List Template

Note: below is a screenshot of the Participation List Template. Once approved for funding, grantees will receive the template and additional guidance.

[illegible]

Appendix D: Letter of Intent

The Letter of Intent to apply for the MSP Grant Program is due **Wednesday, October 5, 2016, by 11:59 pm**. Submit online via SurveyMonkey at: https://www.surveymonkey.com/r/msp2016_loi.

Below is a screenshot of the information requested in the Letter of Intent:

Mathematics and Science Partnership Program - Letter of Intent

Letters of Intent due Wednesday, October 5, by 11:59 pm.

Please complete the information requested below to indicate your intention to apply for the **Mathematics and Science Partnership Program**.

Name of LEA (District/BOCES/Charter School Institute):

Applying on behalf of the following school(s):

Name of LEA Authorized Representative:

Name of Contact for the Proposal:

Contact Telephone Number:

Contact E-mail Address

I affirm that I am the named authorized representative from the LEA, or that the named authorized representative is aware and has approved of the intent to apply for the grant opportunity.
