Sporty's Learn to Fly Course

Save time and money on your flight training

Free Demo

For the cost of a single flight lesson, Sporty's Learn to Fly course will save you hours of time in the air and hundreds of dollars. This is not a weekend "cram course" or a boring ground school class on video. It is a comprehensive home study course that includes ground school, test prep and flight training. You'll pass all your tests (we guarantee that), but you'll also have more fun learning to fly and be a better pilot after you earn your license.

Choose Your Course »

After initial login, you are presented with the “Choose a Course” page. Sparty’s Learn to Fly Course includes Private, Recreational and Sport pilot training options to personalize your learning.

Choose the course that best suits your goals or move between modules when you’re ready. After selecting a course to begin, you still may access all learning options (Private, Recreational & Sport Pilot) at any time.

Begin Your Video Training »

Click on **Video Training** from your course homepage. You’ll see your video training options on the left by volume. Click on a volume to see specific topics and select a topic to begin your training.

You’ll begin to see green check marks as you complete your training. Controls are located across the bottom of the video console. Select the Fullscreen option for the best training experience.

Access Your Written Test Prep »

Sporty's written test prep program features three modes of operation. Use Learning Mode for specific areas of study or a random mix.

Test mode will provide a random mix of questions to provide a simulated exam.

Flashcard mode will allow you to answer questions without seeing any answer choices in a self-graded environment.

Flight Syllabus Included »

The Training Course Outline is a detailed flight training syllabus to serve as your bridge between your online training and the training with your instructor. It allows you to keep a record of progress and record your flight experience.

The entire document can be downloaded or print individual lessons.

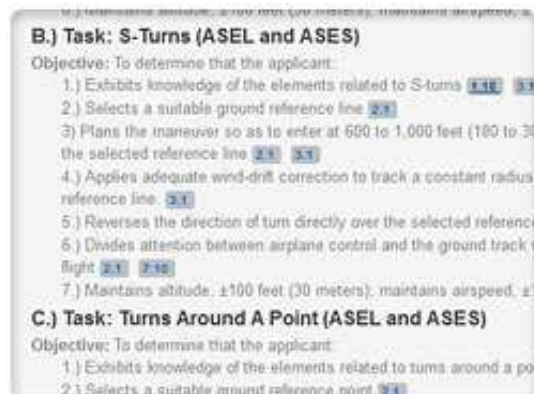

Access additional study resources and related video training under the Required Study section.

PTS Study Guide will Bring it All Together »

The interactive PTS, Practical Test Standards, section is an FAA directive of all the knowledge and skills areas you need to know for the checkride. To make your training and preparation easier, the PTS is cross-referenced to the appropriate video section.

Simply click on a video segment to view the video training.

Get Your Endorsement »

With Sporty's, you can earn your FAA written exam endorsement directly from the course. From

Earn FAA WINGS Credit »

Similar to the written exam endorsement, to be eligible for FAA WINGS Credit, Sporty's Learn to

the course home page, click on the Written Exam Endorsement Link.

Fly Course requires you to have completed all of your video training and completed two practice tests with a score of at least 80%.

The written endorsement requires you to complete all the video training and two practice tests with a score of 80%. The endorsement will be emailed from Sporty's.

To take advantage of FAA WINGS credit, you must also have an account established for the WINGS Program at FAASafety.gov
