**VEHICLE RENTAL SERVICES – STATEWIDE NOTICE**  
**GENERAL CONTRACT INFORMATION**

**Purpose:**

The contracts identified herein have been awarded to serve State of Missouri agencies, political subdivisions or governmental entities specified by the State of Missouri for vehicle rental services. The contracts are piggyback contracts off of current Western State Contracting Alliance (WSCA) contracts.

**Preferred Use Contracts:**

The contracts shall be considered a preferred-use contracts which means all state agencies should use the contracts for the services on contract if needed. Even though the contract is considered a preferred-use contract, there will be rare situations where an agency may waive itself from using the contract so long as such determination is supportable and in the best interest of the State. Reasons for not using the contract shall include but shall not necessarily be limited to the following: vehicle type available is not usable by the state agency; vehicle availability is not meeting state agency's needs; specific item on contract is not what the state agency legitimately needs to meet its agency's public responsibilities; cost of the item exceeds historical and/or current market pricing and it would be unduly burdensome for the agency to pay the contract price.

**State Vehicular Travel Policy (SP-12) Requirements & Trip Optimizer:**

The State Vehicular Travel Policy requires employees to take the lowest cost travel option for in-state travel. Please refer to the following website to view the State Vehicular Travel Policy: <http://triptimizer.mo.gov/>.

The Trip Optimizer is a tool to help agencies determine the most cost effective mode of in state travel between state vehicles, rentals, mileage reimbursement and Amtrak. State employees simply have to enter the number of trip days and round trip miles and the most cost effective travel option is displayed. The Trip Optimizer can be found on the State Fleet Management website at: <http://triptimizer.mo.gov/>.

In the event it's more cost-effective to rent a car off this contract, then please do so.

**State Travel Regulations:**

All travel must be conducted in compliance with state travel regulations. Please consult this site for details:

<http://www.sos.mo.gov/adrules/csr/current/1csr/1c10-11.pdf>

**Rental Locations:**

Attached herein is a listing of Missouri rental locations for both Enterprise Rent-A-Car and The Hertz Corporation.

**Rental Reservations:**

**The employee must rent the vehicle for official state use only.**

Enterprise has an online reservation system with the state contract pricing built in. A link to the online reservation website is included within the Trip Optimizer or at:

[http://www.enterprise.com/car\\_rental/deeplinkmap.do?bid=028&refId=MOSTATE](http://www.enterprise.com/car_rental/deeplinkmap.do?bid=028&refId=MOSTATE). Reservations may also be made by calling the Enterprise national reservation phone line: 1-800-RENT-A-CAR (1-800-736-8222).

Hertz has an online reservation system for the State of Missouri. Contract pricing is built in. A link to the online reservation website is included within the Trip Optimizer or can be directly accessed at:

<http://link.hertz.com/link.html?id=49142&LinkType=HZLK>. Reservations may also be made by calling Hertz at: 1-800-654-3131.

Employees should select the appropriate department name and account name within the online reservation sight. The renter must also be 18 years old and have a valid Missouri driver's license.

## **Employee ID/Billing ID Needed To Rent:**

Enterprise: At the time of rental the protocol will be for Enterprise to ask the state employee to provide a valid state employee identification and a current (i.e., not expired) Driver's License. **As an added security feature, Enterprise representatives will also ask for a 6-digit billing number in order to verify the department the employee is with.** If your agency is not aware of your billing number, please contact Josh Lambert at the number listed on the front of this notice.

## **Customer Numbers:**

To obtain the contracted rental rate the employee should identify themselves as a State of Missouri employee and provide the names of their department and account.

## **Payment with the P-card/Central Travel Desk Card:**

Use of the P-card for rentals is preferred.

Enterprise – Enterprise will continue to offer the option to the State of Missouri a “Ghost Account P Card” program. This program allows State of Missouri departments who have central travel P-cards and a central travel desk another option to the direct bill program. State of Missouri financial and or accounting contacts who wish to use the Ghost Account P-Card option will present P-Card information to Enterprise and be assigned a specific non-published customer number specific to the individual P-card. The Ghost Account number is given to the Central Travel desk coordinator. Enterprise employees do not have access to this number and will be unable to obtain any information on this account should someone walk in off the street. This Ghost Account number allows that centralized travel coordinator to use this number to make reservations and have rental charges placed to this card. Estimated charges are placed on the card at the time of rental. No charges are placed at the time of reservation. The Enterprise branch will ask each State employee for a valid Driver's License and a State ID when the rental vehicle is picked up.

Hertz Corporation – In order to utilize the P-Card for rentals through Hertz, a division/department must obtain a direct billing account for the specific P-Card to be used (see instructions below). Each agency will be assigned a confidential “#1 number” for booking reservations. Upon making reservations, the employee should reference their #1 number and CDPID# 1898236. This will access the correct rates for the contract. **NOTE: If your agency does not have an approved #1 number (based on application process below), you can still access the contracted rates by providing the CDPID#, however the employee will have to pay for the rental with their own personal credit card and seek reimbursement.**

## **Direct Billing Set Up:**

In order to facilitate direct billing or to make changes to an existing direct bill account please contact the following:

Enterprise Rent-A-Car  
Josh Lambert  
417-868-8855 (Office)  
417-671-1931 (Cell)

Hertz Corporation  
Sam Crawley  
804-475-2771

Hertz Corporation – Agencies should follow the directions provided on the PDF attachment entitled C110265002 – State of Missouri Applicant Program, as well as complete the first page of the Excel attachment entitled C110265002 – Hertz Credit Application. Send the application to Sue Harrision via e-mail or fax (listed on the application). This will basically give approval for reservations to be billed to the P-Card. Upon approval of the application, your agency will be assigned a confidential #1 number for booking reservations.

Enterprise – Agencies can access the necessary billing form for Enterprise at the following link: <http://oa.mo.gov/general-services/state-fleet-management/contracts/rental-vehicles/enterprise-vehicle-contract>

**Other Billing Arrangements:**

State employees may still rent a vehicle for official state use by presenting a valid, un-expired drivers license, State of Missouri ID card and either a credit card or the State Procurement Card.

**Visual Inspection Before and After Rental:**

State employees should visually inspect the windshield and the exterior and interior of the rental vehicle for any damage prior to departure and upon return of the vehicle. Any damage identified prior to departure should be reported to the rental location immediately.

**Returning Vehicles:**

All vehicles must be returned to the same location from which they were rented.

**Vehicle Fuel Level:**

At the time of pick-up the vehicle must be provided to the renter with a full tank of fuel. Vehicles must be returned to the rental location with a full tank of fuel.

**Insurance:**

The daily rental rate includes all insurance coverages. Additional coverage does not need to be purchased on any type of rental.

**Accident Reporting Procedures:**

A driver involved in an accident in a state vehicle or rental vehicle should contact the nearest law enforcement official. Do not make any statement concerning assumption of liability. Give only the information required by the law enforcement authorities.

Collision damage and liability coverage are included in the daily rental rate. In the event of a serious accident where there is major damage to vehicles, property or bodily injury, please contact the Office of Administration, Risk Management Section to discuss whether the accident should be reported. In all cases, capture the following basic information: Names, addresses, vehicle registration, driver license number, and phone number of the other drivers and information on any other persons involved. Obtain insurance information from the other drivers. Record facts about the vehicle, property damage and any damage to other property. Get the names and addresses of all available witnesses to the accident.

Immediately contact the Enterprise renting branch listed on the pink copy of the rental agreement given to you at the time of rental, and complete an Enterprise Accident Report form. Do not sign any statements except those required by law enforcement officials, Risk Management or Enterprise. Report the accident to your state agency and contact OA Risk Management prior to completing the I Automobile Loss Notice Form # MO300-0068. If it is deemed necessary to report the accident to OA/Risk Management forward the completed form to Risk Management within two days. Request a copy of the police report and forward it to:

Risk Management  
Office of Administration  
P.O. Box 809  
Jefferson City, MO 65102.

State guidelines about accident reporting can be found at this Internet site:

<http://oa.mo.gov/general-services/risk-management/liabilityauto-claims>

## **ENTERPRISE Optional Product Coverage and/or Blocks**

The following optional product coverage and/or blocks have been implemented by Enterprise within their computer system. These blocks should help reduce the amount of unnecessary charges that state agencies see on their invoices. This chart is for informational purposes to state employees only and only pertains to Enterprise.

(A contractual block indicates that state agencies are not allowed to purchase that item at any time. Enterprise system should not provide as an option when making reservations. A billing block indicates the charge cannot be billed to an agency on their invoice but a state employee can purchase the item out of pocket and expense it.)

PAI/PEC	CONTRACTUAL BLOCK – Never allowed to purchase – employees can’t ask for it and it cannot be offered.	Prevents employees from purchasing accident insurance (PAI) which would pay out on accidental death, accident medical expenses, or ambulance expenses. Would also prevent employees from purchasing Personal Effects Coverage (PEC) if something happens to their personal belongings.
Damage Waiver	INCLUDED IN BASE RATE ON WSCA CONTRACT	Collision Damage Waiver
Liability	INCLUDED IN BASE RATE ON WSCA CONTRACT	Contract already includes up to \$1,000,000 in liability coverage.
Roadside Protection	BILLING BLOCK - Cannot be billed to the agency, but employees could purchase out of pocket and then expense it.	Roadside assistance is an additional fee that would cover such things as: replacement of lost keys, lockout service, flat tire service (but wouldn’t include the cost of a replacement tire), jumpstarts and fuel delivery service for up to 3 gallons of fuel.
Carefree Personal Protection (NCR Only)	DOES NOT APPLY	
National Protection Plus (National Only)	DOES NOT APPLY	
Fuel Service Option	DO NOT BLOCK	If Mo decided to block AND an employee failed to refuel as required, the agency would be charged at a ‘regional’ ppg instead of ‘local’ ppg.
GPS	BILLING BLOCK – Cannot be billed to the agency, but employees could purchase out of pocket and then expense it.	
Frequent Flyer Points (National Only )	DOES NOT APPLY	
Upsell	CONTRACTUAL BLOCK	Blocking the “Upsell” option prevents Enterprise employees from charging or offering upgrades over the reserved category. However, if the size vehicle reserved is unavailable a free upgrade to the next class will still be given to the renter at no additional charge.
