More information on Executive Order No. 4, including specifications for offerings covered by this Contract, may be found at <http://ogs.ny.gov/EO/4/Default.asp>. The Executive Order No. 4 specification for lubricating oil, high detergent, adopted in February 2009, for example, specifies that where lubricating oil with post-consumer material content is available at a competitive cost and meets the entity's form, function and utility requirements, all affected state entities shall, to the maximum extent practicable, purchase lubricating oil that meets or exceeds a minimum

percentage of post-consumer material content by weight of 55 percent. State entities subject to Executive Order No. 4 are advised to become familiar with the specifications that have been developed in accordance with the Order, and to incorporate them, as applicable, when making purchases under this Contract.

## **II.7 USE OF RECYCLED OR REMANUFACTURED MATERIALS**

New York State supports and encourages contractors to use recycled, remanufactured or recovered materials in the manufacture of products and packaging to the maximum extent practicable without jeopardizing the performance or intended end use of the product or packaging unless such use is precluded due to health or safety requirements or product specifications contained herein. Refurbished or remanufactured components or products are required to be restored to original performance and regulatory standards and functions and are required to meet all other requirements of this bid solicitation. Warranties on refurbished or remanufactured components or products must be identical to the manufacturer's new equipment warranty or industry's normal warranty when remanufacturer does not offer new equipment. See "*Remanufactured, Recycled, Recyclable or Recovered Materials*" in Appendix B, OGS General Specifications.

Contractor agrees it shall recertify its Questionnaire no later than the end of the eleventh month of each Contract year.

The Contractor shall at all times during the Contract term remain responsible. The Contractor agrees, if requested by the Commissioner of OGS or her designee, to present evidence of its continuing legal authority to do business in New York State, integrity, experience, ability, prior performance, and organizational and financial capacity.

The Commissioner of OGS or her designee, in his or her sole discretion, reserves the right to suspend any or all activities under this Contract, at any time, when he or she discovers information that calls into question the responsibility of the Contractor. In the event of such suspension, the Contractor shall be given written notice outlining the particulars of such suspension. Upon issuance of such notice, the Contractor must comply with the terms of the suspension order. Contract activity may resume at such time as the Commissioner of OGS or her designee issues a written notice authorizing a resumption of performance under the Contract.

Upon written notice to the Contractor, and a reasonable opportunity to be heard with appropriate OGS officials or staff, the Contract may be terminated by the Commissioner of OGS or her designee at the Contractor's expense where the Contractor is determined by the Commissioner of OGS or her designee to be non-responsible. In such event, the Commissioner of OGS or her designee may complete the contractual requirements in any manner he or she may deem advisable and pursue available legal or equitable remedies for breach.

In no case shall such termination of the Contract by the State be deemed a breach thereof, nor shall the State be liable for any damages for lost profits or otherwise, which may be sustained by the Contractor as a result of such termination.

## II.11 PROCUREMENT METHOD

The following procurement instructions shall apply to the Contract. OGS reserves the right to change the processes set forth in this Section and in Appendix C: *Class 3-8 Vehicles Contract Documents: Number 5: Vehicle Marketplace Forms*, in non-material and substantive ways without seeking a contract amendment.

- A. When utilizing the Contract, the Authorized User should be familiar with and follow the terms and conditions governing its use. The Authorized User is accountable and responsible for compliance with the requirements of public procurement processes. The Authorized User, when purchasing from OGS contracts, should hold the Contractor accountable for Contract compliance and meeting the Contract terms, conditions, specifications, and other requirements. Also, in recognition of market fluctuations over time, Authorized Users are encouraged to seek improved pricing whenever possible. Authorized Users have the responsibility to document purchases which should include:

- Obtaining all necessary prior approvals;
- A summary of the Contract alternatives considered for the purchase, if any; and
- The reason(s) supporting the resulting purchase.

- B. An Authorized User shall review the Contracts and associated NYS Minimum Chassis Discounts and available Dealers and OEM Product Lines on the OGS website under Contract Award 22904.

C. Vehicle Marketplace.

Authorized User purchases under this Contract shall be made through a competitive Mini-Bid conducted via the Vehicle Marketplace, facilitated by OGS, as described below. A Mini-Bid awarded by an Authorized User to a Contractor may not be utilized by another Authorized User for procurement of a Vehicle. See Appendix C: *Class 3-8 Vehicles Contract Documents: Number 5: Vehicle Marketplace Forms*, for forms used in the Vehicle Marketplace.

1. When a need is identified, an Authorized User is required to obtain all internal/control agency approvals necessary prior to initiating a Mini-Bid through the Vehicle Marketplace. Upon internal/control agency approvals, the Authorized User shall complete Form A (Class 3-8): *Mini-Bid Request*, and submit the completed Form A (Class 3-8): *Mini-Bid Request* to OGS for processing to [NYSPro.VehicleMarketPlace@ogs.ny.gov](mailto:NYSPro.VehicleMarketPlace@ogs.ny.gov), or other address designated by OGS.
  - a. Form A (Class 3-8): *Mini-Bid Request* shall identify such things as the number of Vehicles needed, a description of the Vehicles, Authorized User Specifications, (e.g., required features, deletion of any standard equipment, and addition of Options or Aftermarket components), Aftermarket Component Provider(s), delivery requirements and locations, and any additional required terms for the Mini-Bid.
  - b. An Authorized User may request a Chassis only, Body only, or a Complete Vehicle. If the Authorized User shall supply the Chassis or Body to be installed by the Contractor on the Vehicle that has been requested on Form A: (Class 3-8): *Mini-Bid Request*, then the Authorized User shall be required to provide specifications for that Chassis or Body for the Mini-Bid.
  - c. A Mini-Bid that does not include a Chassis, Body or Complete Vehicle (e.g., a request for a stand-alone Option or Aftermarket Component) shall not be processed by OGS.
  - d. At the discretion of the Authorized User, the Authorized User Specifications for the Vehicle identified on Form A: (Class 3-8): *Mini-Bid Request* may be issued as an RFC and be posted on the Vehicle Marketplace website, prior to issuing a Mini-Bid, for the purpose of soliciting comments and suggestions from Contractors regarding said specifications.

2. Upon completion of OGS review of the Form A (Class 3-8): *Mini-Bid Request*, OGS shall assign an RFC or Mini-Bid Number, as applicable, to the request. OGS shall provide notification of the RFC or Mini-Bid to the Contractors in the following manner:
  - a. Vehicle Marketplace posting. An RFC or Mini-Bid shall be posted to the Vehicle Marketplace website (<http://Vehicles.nyspro.ogs.ny.gov/>); and
  - b. Email distribution. An email notification of the Vehicle Marketplace posting shall be distributed to all Contractors under Award 22904 within one (1) hour of the posting. Such notification shall be sent to the email address(es) set forth in Appendix C: *Class 3-8 Vehicles Contract Documents: Number 1: Contractor Information*. The Contractor shall be responsible for providing updated email address(es) during the Contract term to the OGS Contract Administrator identified on the Contact Award Notification page posted at the OGS website.
3. From the date of OGS posting of Form A (Class 3-8): *Mini-Bid Request*, Contractors shall have five (5) Business Days to submit comments and suggestions to the Authorized User in response to an RFC, and fifteen (15) Business Days to submit Form B (Class 3-8) *Mini-Bid Response* in response to a Mini-Bid. OGS reserves the right to set RFC and Mini-Bid response submittal deadlines that are shorter or longer than the Business Days stated herein. The response submittal deadline for each RFC and Mini-Bid shall be posted on the Vehicle Marketplace website. OGS shall remove the RFC and Mini-Bid postings from the Vehicle Marketplace website by the close of business on the first Business Day immediately following the response submittal deadline date.
4. The RFC and Mini-Bid postings on the OGS website shall include contact information for the Authorized User requesting the Vehicle(s).
  - a. RFC. All comments and suggestions from Contractors regarding Authorized User Specifications and other information posted for an RFC shall be directed via phone or email to the contacts identified on the RFC posting.

OGS reserves the right to create a formal question and answer period process for Mini-Bids, and to post a question and answer document created by the Authorized User as part of that process.
5. A Contractor that offers a Vehicle in response to a posted Mini-Bid must provide the Mini-Bid response on Form B (Class 3-8): *Mini-Bid Response*, which is an Excel workbook that is available for download from the Vehicle Marketplace website. Form B (Class 3-8): *Mini-Bid Response* includes Contractor response sections for Contractor information, Chassis and Body information, and pricing information. A Contractor submitting a Mini-Bid response for a Mini-Bid must save the blank Excel worksheet to its computer, enter the required information on the "Response Summary" worksheet and on the "Item" worksheets for each Item applicable to the Mini-Bid, and then email the completed Form B (Class 3-8): *Mini-Bid Response* to OGS at [NYSPro.VehicleMarketPlace@ogs.ny.gov](mailto:NYSPro.VehicleMarketPlace@ogs.ny.gov). Instructions for completion and submittal are included on the form.

Form B (Class 3-8): *Mini-Bid Response*, Part D: *Additional Information* provides the Contractor with a field to enter bid deviations or other additional information applicable to the Mini-Bid. A Contractor shall use this field to identify issues related to the providing the Vehicle requested by the Authorized User.

A Mini-Bid response submitted in a format other than Form B (Class 3-8): *Mini-Bid Response* shall be considered non-responsive and the Mini-Bid response shall be disqualified.

6. A Contractor that chooses to not offer a Vehicle in response to a posted Mini-Bid is requested to complete and submit Form B (Class 3-8) *Mini-Bid Response* (No Bid) to OGS at [NYSPro.VehicleMarketPlace@ogs.ny.gov](mailto:NYSPro.VehicleMarketPlace@ogs.ny.gov). A Contractor is requested to include on this form a reason that a "No Bid" is being submitted in response to the posted Mini-Bid. Submittal of this form is not mandatory, however it is strongly recommended if the Contractor is a Dealer for the Vehicle specified in the Mini-Bid.
7. Timeframe for offers in Mini-Bids.
  - a. If providing Chassis and Bodies Built to Specifications. The timeframe for offers shall be as specified in Appendix B §23 *Timeframe for Offers*.

If providing Pre-Existing Inventory, the timeframe during which offers shall remain firm and cannot be withdrawn shall be ten (10) calendar days from the first Business Day immediately following the Mini-Bid response submittal deadline, or such other period of time as specified in the Mini-Bid. In order for a Mini-Bid response to be responsive to a Mini-Bid involving Pre-Existing Inventory, the Contractor is required to retain the Pre-Existing Inventory for the ten (10) calendar day period, or such other period of time as set forth in the Mini-Bid. Contractor's failure to retain the Pre-Existing Inventory for such period of time shall render Contractor's Mini-Bid response non-responsive and the Mini-Bid response shall be disqualified.
8. OGS shall send all responses received in response to a Mini-Bid via email to the Authorized User contact designated on Form A (Class 3-8): *Mini-Bid Request* by the close of business on the first Business Day immediately following the Mini-Bid response submittal deadline date. Authorized Users are instructed to notify the Contractors of award or non-award within ten (10) Business Days of receipt of Mini-Bid responses from OGS.
9. The Authorized User shall evaluate all Mini-Bid responses received in response to the Mini-Bid, and may request verification that the Vehicle(s) offered meet the Authorized User Specifications. The Contractor shall, upon request of the Authorized User, submit a Build Sheet, OEM Pricelist and Contractor-Published Pricelist, as applicable, to the Authorized User prior to award of the Mini-Bid. Award shall be made by the Authorized User to a responsive Contractor based on the requirements specified by the Authorized User on Form A (Class 3-8): *Mini-Bid Request*.

The Authorized User must note justification of method of award on Form C (Class 3-8): *Mini-Bid Report of Use*. If at least three (3) Mini-Bid responses are not submitted, the Authorized User must justify the reasonableness of award on Form C (Class 3-8): *Mini-Bid Report of Use*.

10. Upon determination of either award or that an award shall not be made, the Authorized User shall issue notification of tentative award non-award, or that an award shall not be made, to all Contractors that submitted a Mini-Bid response. Notification of tentative award shall include the final number of Vehicles that the Authorized User intends to issue a Purchase Order for.

A Contractor may submit a Mini-Bid response for a Vehicle OEM to be provided by a Dealer that is not set forth in Appendix C: *Class 3-8 Vehicles Contract Documents*: Number 1: *Contractor Information*, provided that the Contractor submits a request to add the OEM to the Contract, in the form and format contained in Appendix C: Number 4: *Contract Modification Procedure* prior to, or upon, tentative award of the Mini-Bid.

Failure to either submit a request to add the OEM to the Contract, or to provide proof of Dealer status if requested by OGS or the Authorized User, shall result in the Mini-Bid response being deemed non-responsive and in the rejection of the Mini-Bid response.

11. After notice of tentative award of the Mini-Bid, the Authorized User shall issue a Purchase Order to the Contractor following the Authorized User's standard procedures (see Section II.12.1 *Purchase Orders*). The Authorized User, at their discretion, may request lower pricing for a Vehicle from the Contractor that is the tentative awardee prior to issuance of a Purchase Order. The contractor may offer lower pricing, but is not obligated to do so (see Appendix B §15 *Pricing*). Upon receipt of the Purchase Order, at the Authorized User's discretion, the Contractor and Authorized User shall conduct a pre-production meeting in order to ensure complete and accurate understanding of the Authorized User Specifications and delivery requirements. See Section III.3 *Pre-Production Meeting*.
12. Upon completion of this Mini-Bid process, the Authorized User must provide Form C (Class 3-8): *Mini-Bid Report of Use*, with any supporting documentation to [NYSPro.VehicleMarketPlace@ogs.ny.gov](mailto:NYSPro.VehicleMarketPlace@ogs.ny.gov), or other address designated by OGS, and ensure that a copy of the documents is also maintained for audit purposes following the Authorized User's standard procedures.

## II.22 CONTRACTOR REQUIREMENTS AND PROCEDURES FOR EQUAL EMPLOYMENT AND BUSINESS PARTICIPATION OPPORTUNITIES FOR MINORITY GROUP MEMBERS AND NEW YORK STATE CERTIFIED MINORITY-AND WOMEN-OWNED BUSINESS ENTERPRISES

### A. Policy Statement

The New York State Office of General Services (“OGS”), as part of its responsibility, recognizes the need to promote the employment of minority group members and women and to ensure that certified minority- and women-owned business enterprises have opportunities for maximum feasible participation in the performance of OGS contracts.

In 2006, the State of New York commissioned a disparity study to evaluate whether minority- and women-owned business enterprises had a full and fair opportunity to participate in State contracting. The findings of the study were published on April 29, 2010, under the title “The State of Minority- and Women-Owned Business Enterprises: Evidence from New York” (the “Disparity Study”). The Disparity Study found evidence of statistically significant disparities between the level of participation of minority- and women-owned business enterprises in State procurement contracting versus the number of minority- and women-owned business enterprises that were ready,

willing and able to participate in State procurements. As a result of these findings, the Disparity Study made recommendations concerning the implementation and operation of the Statewide certified minority- and women-owned business enterprises program. The recommendations from the Disparity Study culminated in the enactment and the implementation of New York State Executive Law Article 15-A, which requires, among other things, that OGS establish goals for maximum feasible participation of New York State certified minority- and women-owned business enterprises (“MWBE”) and the employment of minority groups members and women in the performance of New York State contracts.

## II. General Provisions

- A. OGS is required to implement the provisions of New York State Executive Law Article 15-A and 5 NYCRR Parts 140-145 (“MWBE Regulations”) for all State contracts as defined therein, with a value (1) in excess of \$25,000 for labor, services, equipment, materials, or any combination of the foregoing or (2) in excess of \$100,000 for real property renovations and construction.
- B. The Contractor agrees, in addition to any other nondiscrimination provision of the Contract and at no additional cost to OGS, to fully comply and cooperate with OGS in the implementation of New York State Executive Law Article 15-A. These requirements include equal employment opportunities for minority group members and women (“EEO”) and contracting opportunities for New York State certified minority- and women-owned business enterprises (“MWBEs”). Contractor’s demonstration of “good faith efforts” pursuant to 5 NYCRR §142.8 shall be a part of these requirements. These provisions shall be deemed supplementary to, and not in lieu of, the nondiscrimination provisions required by New York State Executive Law Article 15 (the “Human Rights Law”) or other applicable federal, State or local laws.
- C. The Contractor further agrees to be bound by the provisions of Article 15-A and the MWBE Regulations. If any of these terms or provisions conflict with applicable law or regulations, such laws and regulations shall supersede these requirements.
- D. Failure to comply with all of the requirements herein may result in a finding of non-responsiveness, non-responsibility, breach of contract, withholding of funds, suspension or termination of the Contract and/or such other actions or enforcement proceedings as allowed by the Contract.

## III. Equal Employment Opportunity (EEO)

- A. Contractor shall comply with the provisions of Article 15-A set forth below. These provisions apply to all Contractors, and any subcontractors, awarded a subcontract over \$25,000, for labor, services, including legal, financial and other professional services, travel, supplies, equipment, materials, or any combination of the foregoing, to be performed for, or rendered or furnished to the contracting State agency (the “Work”) except where the Work is for the beneficial use of the Contractor.
  1. Contractor and Subcontractors shall undertake or continue existing EEO programs to ensure that minority group members and women are afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status. For these purposes, EEO shall apply in the areas of recruitment, employment, job assignment, promotion, upgrading, demotion, transfer, layoff, or termination and rates of pay or other forms of compensation. This requirement does not apply to: (i) work, goods, or services unrelated to the Contract; or (ii) employment outside New York State. This requirement does not apply to: (i) the performance of work, or the provision of services or any other activity that is unrelated, separate or distinct from the Contract; or (ii) employment outside New York State.
  2. By entering into this Contract, Contractor certifies that the text set forth in clause 12 of Appendix A, attached hereto and made a part hereof, is Contractor’s equal employment opportunity policy.
- B. Form EEO 100 – Staffing Plan  
To ensure compliance with this section, the Contractor agrees to submit or has submitted with the Bid a staffing plan on Form EEO 100 to OGS to document the composition of the proposed workforce to be

utilized in the performance of the Contract by the specified categories listed, including ethnic background, gender, and federal occupational categories.

- C. Form EEO - 101 - Workforce Utilization Reporting Form (Commodities and Services) ("Form EEO-101-Commodities and Services")
1. The Contractor shall submit, and shall require each of its subcontractors to submit, a Form EEO-101-Commodities and Services to OGS to report the actual workforce utilized in the performance of the Contract by the specified categories listed including ethnic background, gender, and Federal occupational categories. The Form EEO-101-Commodities and Services must be submitted electronically to OGS at [EEO\\_CentCon@ogs.ny.gov](mailto:EEO_CentCon@ogs.ny.gov) on a quarterly basis during the term of the Contract by the 10th day of April, July, October, and January.
  2. Separate forms shall be completed by Contractor and any subcontractor.
  3. In limited instances, the Contractor or subcontractor may not be able to separate out the workforce utilized in the performance of the Contract from its total workforce. When a separation can be made, the Contractor or subcontractor shall submit the Form EEO-101-Commodities and Services and indicate that the information provided relates to the actual workforce utilized on the Contract. When the workforce to be utilized on the Contract cannot be separated out from the Contractor's or subcontractor's total workforce, the Contractor or subcontractor shall submit the Form EEO-101-Commodities and Services and indicate that the information provided is the Contractor's or subcontractor's total workforce during the subject time frame, not limited to work specifically performed under the Contract.
- D. Contractor shall comply with the provisions of the Human Rights Law, all other State and federal statutory and constitutional non-discrimination provisions. Contractor and subcontractors shall not discriminate against any employee or applicant for employment because of race, creed (religion), color, sex, national origin, sexual orientation, military status, age, disability, predisposing genetic characteristic, marital status or domestic violence victim status, and shall also follow the requirements of the Human Rights Law with regard to non-discrimination on the basis of prior criminal and conviction and prior arrest.

#### IV. Contract Goals

- A. For purposes of this procurement, OGS conducted a comprehensive search and determined that the Contract does not offer sufficient opportunities to set goals for participation by MWBEs as subcontractors, service providers and suppliers to Contractor. Contractor is, however, encouraged to make every good faith effort to promote and assist the participation of MWBEs on this Contract for the provision of services and materials. The directory of New York State Certified MWBEs can be viewed at: <https://ny.newnycontracts.com/FrontEnd/VendorSearchPublic.asp?TN=ny&XID=2528>. Additionally, following Contract execution, Contractor is encouraged to contact the Division of Minority and Women's Business Development ((518) 292-5250; (212) 803-2414; or (716) 846-8200) to discuss additional methods of maximizing participation by MWBEs on the Contract.
- B. Good Faith Efforts
- Pursuant to 5 NYCRR § 142.8, evidence of good faith efforts shall include, but not be limited to, the following:
- (1) A list of the general circulation, trade and MWBE-oriented publications and dates of publications in which the Contractor solicited the participation of certified MWBEs as subcontractors/suppliers and copies of such solicitations and any responses thereto.
  - (2) A list of the certified MWBEs appearing in the Empire State Development MWBE directory that were solicited for this Contract. Provide proof of dates or copies of the solicitations and copies of the responses made by the certified MWBEs. Describe specific reasons that responding certified MWBEs were not selected.

- (3) Descriptions of the Contract documents/plans/specifications made available to certified MWBEs by the Contractor when soliciting their participation and steps taken to structure the scope of work for the purpose of subcontracting with or obtaining supplies from certified MWBEs.
- (4) A description of the negotiations between the Contractor and certified MWBEs for the purposes of complying with the MWBE goals of this Contract.
- (5) Dates of any pre-bid, pre-award or other meetings attended by Contractor, if any, scheduled by OGS with certified MWBEs whom OGS determined were capable of fulfilling the MWBE goals set in the Contract.
- (6) Other information deemed relevant to the request.

**ALL FORMS ARE AVAILABLE AT: <http://www.ogs.ny.gov/MWBE/Forms.asp>**

Except as specifically provided herein, modifications to the terms and conditions set forth herein may only be made with mutual written agreement of the Parties. Modifications may take the form of an update or an amendment. "Updates" are changes that do not require a change to the established Centralized Contract terms and conditions. - C. OGS reserves the right to consider modifications which are not specifically covered by the terms of the Centralized Contract, but are judged to be in the best interest of the State. Such modifications are deemed amendments to the Centralized Contract and may require negotiations between Contractor and OGS before execution.

Such quality assurance testing shall be conducted by OGS and the results of such testing must be satisfactory to OGS before web-based information and applications shall be considered a qualified deliverable under the contract.

## II.28 ADDITIONAL REQUIREMENTS

As defined in Section I.2 *Definitions*, the “NYS Aftermarket Component Price shall mean the total dollar amount charged to the Authorized User for Aftermarket Components added to a Chassis or Body, inclusive of installation fees at the Contractor’s normal, published labor rates, which shall not be more than what is charged to the public at large.” The price of the Aftermarket Components shall be a discount from the OEM or Contractor-Published Pricelist, as applicable. Offers of pricing greater than MSRP shall result in rejection of the Mini-Bid response.

The NYS Contract Price (Chassis) shall be calculated as set forth below. See Section I.2 *Definitions*, for definitions of terms.

Description	Price
<b>Chassis Base MSRP</b>	\$60,000.00
<b>NYS Chassis Discount</b> (Example: 5%)	- \$3,000.00
<b>NYS Chassis Base Price</b>	\$57,000.00
<b>NYS Aftermarket Component Price (Chassis)</b>	\$1,000.00
<b>NYS Contract Price (Chassis)</b>	\$58,000.00

**III.1.2 BODY PRICE WORKSHEET**

A Contractor providing a response to a Mini-Bid that includes a Body shall provide the following information on Form B (Class 3-8): *Mini-Bid Response*.

- A. NYS Body Base Price. As defined in Section I.2 *Definitions*, the “NYS Body Base Price shall mean the per unit NYS Contract Price for a Body offered, including all standard equipment provided with the Body, all Options necessary to meet the Authorized User Specifications, and all applicable OEM fees, (e.g., destination charges), all customs duties and charges, all Vehicle preparation and clean-up charges, installation charges, and all other incidentals included with providing the Body to the Authorized User. The NYS Body Base Price does not include Aftermarket Components or the Delivery Charge.”

- B. NYS Aftermarket Component Price (Body). As defined in Section I.2 *Definitions*, the “NYS Aftermarket Component Price shall mean the total dollar amount charged to the Authorized User for Aftermarket

Components added to a Chassis or Body, inclusive of installation fees at the Contractor’s normal, published labor rates, which shall not be more than what is charged to the public at large.” The price of the Aftermarket Components shall be a discount from the OEM or Contractor-Published Pricelist, as applicable. Offers of pricing greater than MSRP shall result in rejection of the Mini-Bid response.

The NYS Contract Price (Body) shall be calculated as set forth below. See Section I.2 Definitions, for definitions of terms.

Description	Price
<b>NYS Body Base Price</b>	\$50,000.00
<b>NYS Aftermarket Component Price (Body)</b>	\$2,000.00

**III.1.3 DELIVERY**

A Contractor responding to a Mini-Bid shall specify a Delivery Charge for the Vehicles requested in the Mini-Bid on Form B (Class 3-8) *Mini-Bid Response*. Contractors shall be required to deliver Vehicles anywhere within New York State boundaries, as designated by the Authorized User on the Purchase Order. Pursuant to Appendix B §34 *Shipping/Receipt of Product*, freight terms are F.O.B. Destination. The maximum Delivery Charge shall be calculated in accordance with the Delivery Allowance Schedule (DAS) below.

**III.1.4 DELIVERY ALLOWANCE SCHEDULE**

The following Delivery Allowance Schedule (DAS) indicates the maximum dollar amount that shall be paid for delivery of a Vehicle from the Delivery Origin to the applicable Region to which the Vehicle is delivered. A Contractor may include a Delivery Charge that is less than the Delivery Allowance on Form B (Class 3-8): *Mini-Bid Response*. A Mini-Bid response that includes a Delivery Charge that exceeds the Delivery Allowance shall be rejected. The Region is determined by the New York State County in which the Delivery Origin is located. If the Delivery Origin is not located within the State of New York, then the Region utilized shall be the Region that is closest in distance to the Delivery Origin.

EXAMPLE: If the Delivery Origin is in Albany County (Region 3), and the delivery location is in Westchester County (Region 5), the Delivery Allowance is \$275. Each Contractor shall only be concerned with their particular region (i.e., if the Delivery Origin is in Region 1, the only row that shall be utilized is the first one).

**A. CPI PRICE ADJUSTMENT**

Each December 15th during the Contract term, beginning December 15, 2016, each dollar amount in the DAS chart shall be updated in accordance with the Consumer Price Index (CPI) indicated below in Paragraph 1, *CPI*. DAS dollar amounts are firm until December 14, 2016. Price adjustments that are approved by OGS shall be included in a revised Form B (Class 3-8): *Mini-Bid Response* posted at the Vehicle Marketplace website. Notification of the approved price adjustments shall be communicated via email to the “Centralized Contract Contact,” at the address specified in Appendix C: *Class 3-8 Vehicles Contract Documents*, Number 1: *Contractor Information*, and be announced to Authorized Users via a Contract Update memo posted on the OGS website at <http://www.ogs.ny.gov/purchase/spg/awards/4050022904can.HTM>.

The Price Adjustment Factor shall be calculated as set forth below in Paragraph 2, *Formula to Calculate Price Adjustment Factor*.

The Price Adjustment Factor shall be rounded to the nearest thousandth and shall be applied to each dollar amount in the DAS chart to yield an adjusted price, which shall be rounded to the nearest five (5) dollar amount. The rounded adjusted prices shall be effective for all Mini-Bids that a Contractor responds to from December 15th and continuing through December 14th of the following calendar year. Each dollar amount may be increased from, decreased from, or remain the same as the previous values.

The State reserves the right to modify or correct miscalculations or errors in the PPI Price Adjustment as set forth in this Section.

1. **CPI**

2. **Formula to Calculate Price Adjustment Factor**

[CPI value for the September immediately preceding the calendar year of the CPI adjustment] divided by [252.922 (i.e., CPI data for September 2015, the Month/Year of the initial bid posting)]

3. **Example**

The example below is strictly for illustration purposes, and may not reflect actual changes in the CPI and any allowable adjustments in price that might occur during the Contract term.

Price Adjustment calculated on December 15, 2016 for the time period from December 15, 2016 to December 14, 2017:

- [CPI value for September 2016 (254.038)] divided by 252.922
- $254.038/252.922 = 1.0044124275$ ; rounded to nearest thousandth = 1.004
- Price Adjustment Factor = 1.004
- Each dollar amount in the original DAS chart below would be multiplied by 1.004 to calculate the DAS amount for the time period from December 15, 2016 to December 14, 2017 (e.g., if the original DAS amount was \$345, the adjusted price would be \$345 multiplied by 1.004 or \$346.38)
- The revised DAS amounts would then be rounded to the nearest five (5) dollar amount (e.g., \$361.38 would be rounded to \$360, and \$366.24 would be rounded to \$365).

B. DELIVERY ALLOWANCE SCHEDULE (DAS):

### III.2.2 STANDARD EQUIPMENT

All items of standard equipment which are provided by the OEM shall be furnished unless such items are expressly deleted by the Authorized User or are specified to be other than standard. When Optional equipment is specified, all components listed in the OEM Pricelist as being included with the Option shall be furnished.

Example: If the standard Chassis comes with air conditioning, then it must be included with the Chassis provided to the Authorized User. Air conditioning cannot be deleted because it was not identified as required by the specifications.

### III.2.3 MANUALS

Simultaneous with delivery, all Vehicles shall be furnished with standard manuals (e.g. maintenance, parts and operational manuals) as would normally accompany such Vehicle(s). Manuals may be provided printed and bound, on CD, or at an online website. If paper manuals are provided, an Authorized User shall be able to opt not to receive extra copies of documentation when ordering multiple units. This arrangement should be agreed upon between the Contractor and the Authorized User prior to order. An Authorized User may also want to purchase additional sets of documentation, if needed. If the provision of additional sets of documentation is subject to a separate cost, the Contractor must so advise the Authorized User at the time of order. Contractor shall also ensure that the part numbers associated with this provision of additional sets of documentation are available to the Authorized User and included on the OEM or Contractor-Published Pricelist.

Further, where documentation is provided either in printed or electronic format, Authorized User shall be entitled to make copies to the extent necessary to fully enjoy the rights granted under the resulting Contract provided that the Authorized User reproduces the copyright notice and any other legend of ownership on any copies made.

### III.2.4 COMPATIBLE EQUIVALENT

Whenever an item, other than the Chassis or Body Model, is specified in a Mini-Bid by trade name of an OEM, the term "compatible equivalent," if not inserted therewith, shall be implied. Any reference to a particular OEM's product either by trade name or by limited description is solely for the purpose of more clearly indicating the minimum standard of quality desired, except where a 'no substitute' is requested. When a 'no substitute' is requested, the Authorized User shall consider Mini-Bid responses that include only the referenced Product.

At the request of the Authorized User, a Contractor that submits a Mini-Bid response that includes a Compatible Equivalent shall:

- A. Furnish complete identification of the Compatible Equivalent it is offering by trade name, brand and/or Model Code;

- B. Furnish descriptive literature and data with respect to the Compatible Equivalent it proposes to furnish; and
- C. Indicate any known specification deviations from the referenced Product.

### III.2.5 EQUIPMENT, PARTS AND ACCESSORIES

All equipment, parts and accessories provided under the Contract shall be in accordance with requirements, recommendations and options of the respective OEMs in addition to conforming to all Federal and State Regulations in effect at the time of delivery. Additionally:

- A. All electronic systems shall be properly insulated so as to not cause any interference with the operation of the Vehicle or the land mobile radio communications system, when properly installed in the Vehicle;
- B. Power systems must be compatible with the engine, transmission, axles, hydraulic system and power steering, etc., in order to meet the requirements specified herein;
- C. Complete Vehicles shall meet the maximum gradeability of the manufacturer when loaded to maximum GVWR without exceeding the engine manufacturer's recommended maximum revolutions per minute ("RPM");
- D. The ratio of the rear axle and transmission shall be geared to maintain a road speed of approximately sixty-five (65) mph on a level road, when operating at maximum GVWR without exceeding the recommended engine RPM figure;
- E. Brakes, axles, and suspension components shall meet or exceed the specified axle rating;

- G. The Authorized User shall have its choice of the manufacturer's standard paint colors, and shall designate the selection on the Purchase Order. All surfaces, including bumpers, wheels and spares which are normally painted shall be factory painted with the specified color. Aftermarket Components shall have any rust spots and welding slag removed, be properly sanded, cleaned, prepped and primed per the paint manufacturer's recommendations at no additional cost to the Authorized User. The Vehicle shall be carefully smoothed, cleaned, primed and finished with top quality transportation enamel. Bodies and auxiliary equipment shall be primed and finished with not less than two (2) coats of durable enamel in the manufacturer's standard color specified by the Authorized User. All paint, primer, basecoats, clear coats or any other coating within the paint system shall be lead free;
- H. The Vehicle shall have all required rust proofing applied to the exterior and underside of the Vehicle. No rustproofing compound can be on the personnel compartment's items or the exterior of the Body in unsightly or unintended areas;

### **III.2.6 OPTIONS**

The Contractor shall provide Options, if specified by an Authorized User in a Mini-Bid, for Chassis and Bodies. A Contractor must provide all Options available from the OEM that are requested by the Authorized User. Options to be offered under the Contract are limited to products that are (1) listed on the OEM or Contractor-Published Pricelist(s), and (2) may be installed on the Chassis or Body Model awarded in the Mini-Bid.

### **III.2.7 AFTERMARKET COMPONENTS**

The Contractor shall provide Aftermarket Components, if specified by an Authorized User in a Mini-Bid, for Chassis and Bodies. A Contractor must provide all Aftermarket Components available in the Contractor's normal course of business that are requested by the Authorized User. Unless otherwise specified by an Authorized User in a Mini-Bid, Aftermarket Components may be installed by any Aftermarket Component Provider utilized in the Contractor's normal course of business. Aftermarket Components to be offered under the Contract are limited to products that are (1) listed on the Contractor-Published Pricelist(s), and (2) shall be installed on the Chassis or Body Model awarded in the Mini-Bid.

### **III.2.9 AVAILABILITY OF SERVICE & REPAIR PARTS**

Service and repair parts for Product on Contract must be available to Authorized users within New York State. Repair parts must be available on an on-demand basis to Authorized Users for delivery within twenty-four (24) State business hours, unless such part is nationally backordered. Nationally backordered parts shall be delivered immediately upon availability. Additional payment for expedited orders is at the discretion of the Contractor(s), and must be mutually agreed upon prior to shipment.

### **III.2.10 ADVERTISING**

No name, trade mark, decal or other identification, other than that of the OEM, shall be applied to the Vehicle without prior approval by the Authorized User. Identification of the Contractor shall not be attached to the Vehicle. Splash guards shall be plain (without lettering) unless done so in compliance with Authorized User Specifications. In any instance of violation of these restrictions the cost to the Authorized User for removal of such advertising shall be deducted from Contractor's invoice.

### **III.2.11 VEHICLE INSPECTION**

Unless otherwise instructed by the Authorized User, all Complete Vehicles must be delivered with complete NYS Inspections. In the event that a Complete Vehicle is delivered uninspected, \$250 shall be deducted from the invoice by the Authorized User to cover the cost of the inspection and to compensate for time. The Authorized User reserves the right to cancel a Mini-Bid award and/or take other action if Complete Vehicles are not properly inspected or if the New York State Department of Motor Vehicles inspection sticker is not properly affixed to a Complete Vehicle.

### **III.3 PRE-PRODUCTION MEETING**

The Contractor shall coordinate and attend a pre-production meeting, if required by the Authorized User, at a location convenient to the Authorized User, to provide all necessary information prior to building a Vehicle, or scheduling production. Only after the pre-production meeting, if required by Authorized User, and subsequent approval from the Authorized User, shall the Contractor begin the production.

### **III.4 PILOT MODEL INSPECTION**

Prior to completion of the Vehicles ordered, a complete pilot model inspection of one or more Vehicles shall be provided by the Contractor if requested by the Authorized User. The terms and conditions of such inspection(s) shall be provided by the Authorized User, and should be agreed upon by the Contractor and Authorized User prior to scheduling production. This inspection shall take place inside a building and on a dry Vehicle at the OEM's facility or Contractor's place of business, as agreed to by the Authorized User. The Authorized User shall be

responsible for transportation, lodging and meals associated with the initial pilot model inspection. The Authorized User, at their discretion, may require that the Contractor cover the costs of subsequent pilot model inspections should the pilot model not pass the initial inspection.

### III.5 DELIVERY

Contractors shall be required to deliver Vehicles anywhere within New York State boundaries, as designated by the Authorized User in the Mini-Bid and on the Purchase Order. The following terms and conditions (i.e., Section III.5 through III.5.6) apply to Delivery:

- A. The Contractor agrees to bear the risk of loss, injury, or destruction of the Product ordered, prior to receipt of the Vehicle by the Authorized User.
- B. Delivery shall be made in accordance with instructions on the Purchase Order from each Authorized User. It shall be assumed by the parties that the Contractor received the Purchase Order on the third Business Day following the date of the Purchase Order, unless the Contractor provides credible evidence that the order was received on a later date. If there is a discrepancy between the Purchase Order and what was listed in the Mini-Bid or agreed upon after tentative award of the Mini-Bid it is the Contractor's obligation to seek clarification from the ordering Authorized User and, if applicable, from OGS.
- C. Contractor shall secure a signed receipt from the Authorized User certifying delivery of a Vehicle and odometer reading from Vehicles that have an odometer. In the event deficiencies are later noted and a properly signed receipt cannot be found, Contractor shall be responsible for certifying delivery and odometer reading.
- D. Pursuant to Appendix B §34 *Shipping/Receipt of Product*, freight terms are F.O.B. Destination. The Delivery Charge shall be calculated in accordance with the Delivery Allowance Schedule (DAS). See Section III.1.4 *Delivery Allowance Schedule*.
- E. An Authorized User may choose to stagger the delivery of Vehicles over a period of time, and to multiple delivery locations, as specified on the Purchase Order. For example, order forty (40) Vehicles with instructions to deliver four (4) Vehicles to each of ten (10) locations over a period of time.
- F. Upon mutual agreement, delivery locations may be expanded per Section II.17 *Non-State Agencies Participation in Centralized Contracts*, Section II.24 *Extension of Use* and Section II.24.1 *Extension of Use Commitment*, incorporated herein.

#### III.5.1 PRE-DELIVERY INSPECTION

At the discretion of the Authorized User, the Contractor may be required to present a Vehicle for pre-delivery inspection. The terms and conditions of such inspection(s) shall be provided by the Authorized User, and should be agreed upon by the Contractor and Authorized User prior to scheduling production. This inspection shall take place inside a building and on a dry Vehicle at the OEM's facility or Contractor's place of business, as agreed to by the Authorized User. When so required, the Contractor shall make no delivery of a Vehicle without written approval of the Authorized User.

The Contractor shall notify the Authorized User that the Vehicle is ready for inspection. Within five (5) Business Days of the Contractor's notification, the Authorized User shall send a team of qualified inspectors to the Contractor's facility, or another mutually agreed upon location convenient to the Authorized User, to accomplish the inspection of the Vehicle before delivery. Upon the inspector's arrival at the facility, the Contractor shall assign a mechanic, a runner and a delivery bay to the inspector. It is the Contractor's responsibility to properly itemize, organize and segregate all Vehicles. The above areas of responsibility must be accomplished in order to facilitate an expeditious and orderly inspection flow. This shall also allow discrepancies to be corrected while the inspector is located at the Contractor's facility.

Inspected Vehicles which do not comply with these or other requirements shall be rejected (see also Appendix B §38 *Rejected Product*). All rejected Vehicles shall be corrected, at the expense of the Contractor, and the corrected

Vehicle shall be presented for re-inspection within ten (10) working days. The Authorized User may cancel the Purchase Order if the Contractor fails to correct any problem, without incurring any cost or fee.

### III.5.2 CONDITION ON DELIVERY

Vehicles must be delivered strictly in accordance with the Authorized User Specifications and shall be "Ready for Use," and/or as requested by the Authorized User.

Each Vehicle and its components shall be completely assembled, serviced and ready for use when delivered to the Authorized User. Unless specified otherwise; any parts, components, equipment, controls, materials, features, performances, capacities, ratings or designs which are standard and/or necessary to form an efficient and complete working Vehicle shall be furnished whether specifically required herein or not. Additionally, each Vehicle, at no additional cost to the Authorized User, shall:

- A. At point of acceptance, have an odometer reading that is consistent with the miles, in distance, to the anticipated odometer mileage incurred between the OEM factory, the Contractor's place of business and the point of delivery. *Note: In the event that a Vehicle is delivered with an odometer reading that the Authorized User considers to be excessive, the Contractor shall be required to provide a reasonable explanation for the odometer reading. Vehicles that are delivered with an odometer reading that is considered excessive without a reasonable explanation may be rejected. Chassis shall only be used for transport of other Chassis (e.g., as "mule" trucks), that are included in the Authorized User's delivery.*
- B. Include the proper forms to apply for a NYS title and license. All title papers shall be properly prepared and executed.
- C. Be certified to meet or exceed requirements to obtain a NYS license. The GVWR shall be identified in the Chassis as the final complete certification label (minimum rating). The Gross Combined Weight Rating (GCWR) shall be identified by decal in the cab to indicate the approved weight, which can be towed, if applicable.
- D. Include the proper forms to apply for a NYS registration. These forms shall include, but are not limited to:
  1. Required from Contractors in New York State: MSO (Manufacturer's Statement of Origin), MV50 Retail Certificate of Sale (except for trailers with an unladen weight under 1,000 lbs.), and MV82 (Vehicle Registration/Title Application); or
  2. Required from Contractors outside New York State: Manufacturer's Certificate or Statement of Origin, and Odometer Disclosure Statement (This is not required if the Manufacturer's Certificate/Statement of Origin includes the odometer disclosure.)
- E. Have a valid NYS inspection sticker and a valid NYS emissions inspections sticker. Unless otherwise instructed by the Authorized User, all NYS state inspection requirements are the sole responsibility of the Contractor. See Section III.2.11 *Vehicle Inspection*.
- F. Have the OEM's recommended pre-delivery service completed.
- G. Have the Chassis OEM's Model and Model Code stated on a decal affixed to the inside of the driver's side door.
- H. Be clean, lubricated, serviced, fuel gauge registering no less than one half recommended capacity, all adjustments completed, all mechanical and electrical motors and components fully functional and operational, and the Vehicle shall be "road ready" for immediate use.
- I. Have permanent antifreeze in each Vehicle to protect it at a level of -34 °F. Only a low silicate type anti-freeze shall be used for Vehicles having diesel engines.
- J. Be free from all Dealer signs/emblems. See Section III.2.10 *Advertising*.
- K. Include a copy of the OEM warranty and service policy with all warranty vouchers, certificates and coupons. Delayed warranty forms are to be provided with the required motor Vehicle paper work.

- L. Have each Chassis, Body, and other applicable components identified with a metal identification tag that provides the OEM's name, Model and individual serial number. Tags shall be affixed in an accessible and readable position on the item.
- M. Include a bill of materials or line-setting ticket. The bill of materials shall list by part number, capacity, size or otherwise, all major components of the Vehicle (engine, frame, transmission, drive line, axles, alternator, storage battery, fuel tank, etc.). The bill of materials shall be at least as comprehensive as the OEM's line-set ticket.
- N. If towed to the Authorized User for delivery, the towing device may not be attached in such a way that holes are drilled in the bumper of the Vehicle being towed. Drilling of holes in the Vehicle bumpers is not permitted. Any bumper damage caused by a towing device shall be replaced by the Contractor at no charge to the Authorized User. If a Vehicle is being towed by another Vehicle, the Vehicle being towed must have the drive shaft disconnected to eliminate unnecessary mileage.

### III.5.3 POST DELIVERY INSPECTION

After Vehicles have been delivered to the location as stated on the Purchase Order, a post-delivery inspection shall be performed by the Authorized User. The report written at the pre-delivery inspection shall be used to verify that any deficiencies have been corrected. If any deficiencies remain it is the responsibility of the Contractor to arrange to have the necessary corrective work completed within five (5) Business Days after receipt of written notification from the Authorized User and/or OGS. If the Contractor cannot arrange to have the necessary work completed within such time period, and the Authorized User cannot agree to an extension of the time period, the Authorized User may either reject the Transit Bus (see Appendix B §38 *Rejected Product*), or choose to have the corrections made by an entity of the Authorized User's choosing and the Contractor shall be required to reimburse the Authorized User for this expense within thirty (30) calendar days of the request for reimbursement

### III.5.4 SHIPPING DATES AND DELIVERY TIME

The following provisions for shipping dates and delivery time shall apply:

- A. Delivery time shall be expressed in number of calendar days required to make delivery after receipt of a Purchase Order (After Receipt of Order ("ARO")). All Vehicles must be delivered within the number of days previously agreed upon by the Contractor and Authorized User, after receipt of the Purchase Order by the Contractor and/or at the pre-production meeting (see Section III.3 *Pre-Production Meeting*). Failure to deliver within the previously agreed upon time period shall result in payment of liquidated damages in accordance with Section III.5.6 *Liquidated Damages*.
- B. Contractor shall provide written acknowledgement of orders within five (5) Business Days after receipt of order.
- C. Contractor shall provide ordering Authorized User with anticipated shipping date of Vehicles with written acknowledgement of the order, or at the pre-production meeting (see Section III.3 *Pre-Production Meeting*). If the anticipated shipping date cannot be provided by the Contractor at the time of the acknowledgement of order, or at the pre-production meeting, then the Contractor shall provide the Authorized User with a reasonable explanation for not providing a date, and shall provide the anticipated shipping date at the time it becomes known to the Contractor.
- D. Unless otherwise agreed-upon by the Authorized User, the Contractor shall furnish the Authorized User with written acknowledgement of the shipping date to the Authorized User at least fourteen (14) calendar days prior to shipment.
- E. If shipment shall not be made within the delivery time, the Contractor is required to notify the Authorized User in writing within one (1) Business Day of when Contractor knows the shipment shall not be made within the delivery time. This notification must include the reasons for the delay and the latest date the

Vehicle shall be shipped. Should the delay not be acceptable to the Authorized User, appropriate contract default proceedings shall be initiated under Section III.5.6 *Liquidated Damages*. Failure to supply timely written notification of delay may be cause for default proceedings.

- F. All correspondence on shipping dates and delivery time shall be directed to the ordering Authorized User's contact person.

### III.5.5 DEFAULT ON DELIVERY

If during the Contract period an Authorized User has issued a Purchase Order on or before the Final Order Due Date for a Chassis or Body and that Chassis or Body becomes unavailable or cannot be supplied for any reason (except as provided for in Appendix B §47 *Savings/Force Majeure*), following the issuance of the Purchase Order, a substitute Chassis or Body deemed by the Authorized User to be equal to the specifications for the Chassis or Body specified in the Mini-Bid, must be supplied by Contractor if requested by the Authorized User. The price for the substitute Chassis or Body shall be equal to or less than the NYS Chassis or Body Base Price provided in the Mini-Bid.

Alternatively, the Authorized User may, at their sole discretion, cancel the order and purchase the Chassis or Body from other sources. In such event the Contractor shall reimburse the Authorized User for all excess costs over the NYS Chassis or Body Base Price for the Chassis or Body that is unavailable or cannot be supplied for any reason (except as provided for in Appendix B §47 *Savings/Force Majeure*).

### III.5.6 LIQUIDATED DAMAGES

In the event of a delay or default in the delivery timeframe previously agreed upon by the Contractor and the Authorized User, the Authorized User shall be entitled to and shall assess against the Contractor as liquidated damages and not by way of penalty, a sum calculated as follows:

One hundred and fifty dollars (\$150) per seven (7) calendar day period, per Chassis, Body, or Complete Vehicle, as applicable, to compensate for delay, and other losses, detriments and inconveniences attendant upon such delay from the end of the grace period commencing from the time delivery was due as specified on the Purchase Order. The liquidated damages shall be prorated for a period less than seven (7) days to be an amount equal to twenty-two dollars (\$22) per twenty-four (24) hour period that the delivery is delayed. A grace period of seven (7) calendar days commencing on and including the Purchase Order date for delivery shall be extended to the Contractor prior to the assessment of such liquidated damages. Notice is hereby given to the Contractor that, despite the extensions of the grace period herein specified, time shall be of the essence in regard to delivery of the Vehicles.

Parts replaced under this warranty shall be of OEM quality or higher. Service shall be at a level to maintain or meet the manufacturer's requirements to sustain the warranty. ## STANDARD CLAUSES FOR NYS CONTRACTS

The parties to the attached contract, license, lease, amendment or other agreement of any kind (hereinafter, "the contract" or "this contract") agree to be bound by the following clauses which are hereby made a part of the contract (the word "Contractor" herein refers to any party other than the State, whether a contractor, licenser, licensee, lessor, lessee or any other party):

**1. EXECUTORY CLAUSE.** In accordance with Section 41 of the State Finance Law, the State shall have no liability under this contract to the Contractor or to anyone else beyond funds appropriated and available for this contract.

**2. NON-ASSIGNMENT CLAUSE.** In accordance with Section 138 of the State Finance Law, this contract may not be assigned by the Contractor or its right, title or interest therein assigned, transferred, conveyed, sublet or otherwise disposed of without the State's previous written consent, and attempts to do so are null and void. Notwithstanding the foregoing, such prior written consent of an assignment of a contract let pursuant to Article XI of the State Finance Law may be waived at the discretion of the contracting agency and with the concurrence of the State Comptroller where the original contract was subject to the State Comptroller's approval, where the assignment is due to a reorganization, merger or consolidation of the Contractor's business entity or enterprise. The State retains its right to approve an assignment and to require that any Contractor demonstrate its responsibility to do business with the State. The Contractor may, however, assign its right to receive payments without the State's prior written consent unless this contract concerns Certificates of Participation pursuant to Article 5-A of the State Finance Law.

**3. COMPTROLLER'S APPROVAL.** In accordance with Section 112 of the State Finance Law (or, if this contract is with the State University or City University of New York, Section 355 or Section 6218 of the Education Law), if this contract exceeds \$50,000 (or the minimum thresholds agreed to by the Office of the State Comptroller for certain S.U.N.Y. and C.U.N.Y. contracts), or if this is an amendment for any amount to a contract which, as so amended, exceeds said statutory amount, or if, by this contract, the State agrees to give something other than money when the value or reasonably estimated value of such consideration exceeds \$10,000, it shall not be valid, effective or binding upon the State until it has been approved by the State Comptroller and filed in his office. Comptroller's approval of contracts let by the Office of General Services is required when such contracts exceed \$85,000 (State Finance Law Section 163.6-a). However, such pre-approval shall not be required for any contract established as a centralized contract through the Office of General Services or for a purchase order or other transaction issued under such centralized contract.

**4. WORKERS' COMPENSATION BENEFITS.** In accordance with Section 142 of the State Finance Law, this

contract shall be void and of no force and effect unless the Contractor shall provide and maintain coverage during the life of this contract for the benefit of such employees as are required to be covered by the provisions of the Workers' Compensation Law.

**5. NON-DISCRIMINATION REQUIREMENTS.** To the extent required by Article 15 of the Executive Law (also known as the Human Rights Law) and all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor will not discriminate against any employee or applicant for employment because of race, creed, color, sex (including gender identity or expression), national origin, sexual orientation, military status, age, disability, predisposing genetic characteristics, marital status or domestic violence victim status. Furthermore, in accordance with Section 220-e of the Labor Law, if this is a contract for the construction, alteration or repair of any public building or public work or for the manufacture, sale or distribution of materials, equipment or supplies, and to the extent that this contract shall be performed within the State of New York, Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, disability, sex, or national origin: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. If this is a building service contract as defined in Section 230 of the Labor Law, then, in accordance with Section 239 thereof, Contractor agrees that neither it nor its subcontractors shall by reason of race, creed, color, national origin, age, sex or disability: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. Contractor is subject to fines of \$50.00 per person per day for any violation of Section 220-e or Section 239 as well as possible termination of this contract and forfeiture of all moneys due hereunder for a second or subsequent violation.

**6. WAGE AND HOURS PROVISIONS.** If this is a public work contract covered by Article 8 of the Labor Law or a building service contract covered by Article 9 thereof, neither Contractor's employees nor the employees of its subcontractors may be required or permitted to work more than the number of hours or days stated in said statutes, except as otherwise provided in the Labor Law and as set forth in prevailing wage and supplement schedules issued by the State Labor Department. Furthermore, Contractor and its subcontractors must pay at least the prevailing wage rate and pay or provide the prevailing supplements, including the premium rates for overtime pay, as determined by the State Labor Department in accordance with the Labor Law. Additionally, effective April 28, 2008, if this is a public work contract covered by Article 8 of the Labor Law, the Contractor understands and agrees that the filing of payrolls in a manner consistent with Subdivision 3-a of Section 220 of the Labor Law shall be a condition precedent to payment by the State of

any State approved sums due and owing for work done upon the project.

**7. NON-COLLUSIVE BIDDING CERTIFICATION.** In accordance with Section 139-d of the State Finance Law, if this contract was awarded based upon the submission of bids, Contractor affirms, under penalty of perjury, that its bid was arrived at independently and without collusion aimed at restricting competition. Contractor further affirms that, at the time Contractor submitted its bid, an authorized and responsible person executed and delivered to the State a non-collusive bidding certification on Contractor's behalf.

**8. INTERNATIONAL BOYCOTT PROHIBITION.** In accordance with Section 220-f of the Labor Law and Section 139-h of the State Finance Law, if this contract exceeds \$5,000, the Contractor agrees, as a material condition of the contract, that neither the Contractor nor any substantially owned or affiliated person, firm, partnership or corporation has participated, is participating, or shall participate in an international boycott in violation of the federal Export Administration Act of 1979 (50 USC App. Sections 2401 et seq.) or regulations thereunder. If such Contractor, or any of the aforesaid affiliates of Contractor, is convicted or is otherwise found to have violated said laws or regulations upon the final determination of the United States Commerce Department or any other appropriate agency of the United States subsequent to the contract's execution, such contract, amendment or modification thereto shall be rendered forfeit and void. The Contractor shall so notify the State Comptroller within five (5) business days of such conviction, determination or disposition of appeal (2NYCRR 105.4).

**9. SET-OFF RIGHTS.** The State shall have all of its common law, equitable and statutory rights of set-off. These rights shall include, but not be limited to, the State's option to withhold for the purposes of set-off any moneys due to the Contractor under this contract up to any amounts due and owing to the State with regard to this contract, any other contract with any State department or agency, including any contract for a term commencing prior to the term of this contract, plus any amounts due and owing to the State for any other reason including, without limitation, tax delinquencies, fee delinquencies or monetary penalties relative thereto. The State shall exercise its set-off rights in accordance with normal State practices including, in cases of set-off pursuant to an audit, the finalization of such audit by the State agency, its representatives, or the State Comptroller.

**10. RECORDS.** The Contractor shall establish and maintain complete and accurate books, records, documents, accounts and other evidence directly pertinent to performance under this contract (hereinafter, collectively, "the Records"). The Records must be kept for the balance of the calendar year in which they were made and for six (6) additional years thereafter. The State Comptroller, the Attorney General and any other person or entity authorized to conduct an examination, as well as the agency or agencies involved in this

contract, shall have access to the Records during normal business hours at an office of the Contractor within the State of New York or, if no such office is available, at a mutually agreeable and reasonable venue within the State, for the term specified above for the purposes of inspection, auditing and copying. The State shall take reasonable steps to protect from public disclosure any of the Records which are exempt from disclosure under Section 87 of the Public Officers Law (the "Statute") provided that: (i) the Contractor shall timely inform an appropriate State official, in writing, that said records should not be disclosed; and (ii) said records shall be sufficiently identified; and (iii) designation of said records as exempt under the Statute is reasonable. Nothing contained herein shall diminish, or in any way adversely affect, the State's right to discovery in any pending or future litigation.

**11. IDENTIFYING INFORMATION AND PRIVACY NOTIFICATION.**

(a) Identification Number(s). Every invoice or New York State Claim for Payment submitted to a New York State agency by a payee, for payment for the sale of goods or services or for transactions (e.g., leases, easements, licenses, etc.) related to real or personal property must include the payee's identification number. The number is any or all of the following: (i) the payee's Federal employer identification number, (ii) the payee's Federal social security number, and/or (iii) the payee's Vendor Identification Number assigned by the Statewide Financial System. (b) Privacy Notification. (1) The authority to request the above personal information from a seller of goods or services or a lessor of real or personal property, and the authority to maintain such information, is found in Section 5 of the State Tax Law. **12. EQUAL EMPLOYMENT OPPORTUNITIES FOR MINORITIES AND WOMEN.**

Section 312 does not apply to: (i) work, goods or services unrelated to this contract; or (ii) employment outside New York State. The State shall consider compliance by a contractor or subcontractor with the requirements of any federal law concerning equal employment

opportunity which effectuates the purpose of this section. The contracting agency shall determine whether the imposition of the requirements of the provisions hereof duplicate or conflict with any such federal law and if such duplication or conflict exists, the contracting agency shall waive the applicability of Section 312 to the extent of such duplication or conflict. The Omnibus Procurement Act of 1992 requires that by signing this bid proposal or contract, as applicable, Contractors certify that whenever the total bid amount is greater than \$1 million:

(a) The Contractor has made reasonable efforts to encourage the participation of New York State Business Enterprises as suppliers and subcontractors, including certified minority and women-owned business enterprises, on this project, and has retained the documentation of these efforts to be provided upon request to the State;

(b) The Contractor has complied with the Federal Equal Opportunity Act of 1972 (P.L. 92-261), as amended;

(c) The Contractor agrees to make reasonable efforts to provide notification to New York State residents of employment opportunities on this project through listing any such positions with the Job Service Division of the New York State Department of Labor, or providing such notification in such manner as is consistent with existing collective bargaining contracts or agreements. The Contractor agrees to document these efforts and to provide said documentation to the State upon request; and

(d) The Contractor acknowledges notice that the State may seek to obtain offset credits from foreign countries as a result of this contract and agrees to cooperate with the State in these efforts.

**21. RECIPROCITY AND SANCTIONS PROVISIONS.**

Bidders are hereby notified that if their principal place of business is located in a country, nation, province, state or political subdivision that penalizes New York State vendors, and if the goods or services they offer will be substantially produced or performed outside New York State, the Omnibus Procurement Act 1994 and 2000 amendments (Chapter 684 and Chapter 383, respectively) require that they be denied contracts which they would otherwise obtain. NOTE: As of May 15, 2002, the list of discriminatory jurisdictions subject to this provision includes the states of South Carolina, Alaska, West Virginia, Wyoming, Louisiana and Hawaii. Contact NYS Department of Economic Development for a current list of jurisdictions subject to this provision.

**22. COMPLIANCE WITH NEW YORK STATE INFORMATION SECURITY BREACH AND NOTIFICATION ACT.**

Contractor shall comply with the provisions of the New York State Information Security Breach and Notification Act (General Business Law Section 899-aa; State Technology Law Section 208).

**23. COMPLIANCE WITH CONSULTANT DISCLOSURE LAW.**

If this is a contract for consulting services, defined for purposes of this requirement to include analysis, evaluation, research, training, data processing, computer programming, engineering, environmental, health, and mental health services, accounting, auditing, paralegal, legal or similar services, then, in accordance with Section 163 (4-g) of the State Finance Law (as amended by Chapter 10 of the Laws of 2006), the Contractor shall timely, accurately and properly comply with the requirement to submit an annual employment report for the contract to the agency that awarded

the contract, the Department of Civil Service and the State Comptroller.

**24. PROCUREMENT LOBBYING.** To the extent this agreement is a "procurement contract" as defined by State Finance Law Sections 139-j and 139-k, by signing this agreement the contractor certifies and affirms that all disclosures made in accordance with State Finance Law Sections 139-j and 139-k are complete, true and accurate. In the event such certification is found to be intentionally false or intentionally incomplete, the State may terminate the agreement by providing written notification to the Contractor in accordance with the terms of the agreement.

**25. CERTIFICATION OF REGISTRATION TO COLLECT SALES AND COMPENSATING USE TAX BY CERTAIN STATE CONTRACTORS, AFFILIATES AND SUBCONTRACTORS.**

To the extent this agreement is a contract as defined by Tax Law Section 5-a, if the contractor fails to make the certification required by Tax Law Section 5-a or if during the term of the contract, the Department of Taxation and Finance or the covered agency, as defined by Tax Law 5-a, discovers that the certification, made under penalty of perjury, is false, then such failure to file or false certification shall be a material breach of this contract and this contract may be terminated, by providing written notification to the Contractor in accordance with the terms of the agreement, if the covered agency determines that such action is in the best interest of the State.

**26. IRAN DIVESTMENT ACT.** By entering into this Agreement, Contractor certifies in accordance with State Finance Law §165-a that it is not on the "Entities Determined to be Non-Responsive Bidders/Offerers pursuant to the New York State Iran Divestment Act of 2012" ("Prohibited Entities List") posted at:  
<http://www.ogs.ny.gov/about/regs/docs/ListofEntities.pdf>

Contractor further certifies that it will not utilize on this Contract any subcontractor that is identified on the Prohibited Entities List. Contractor agrees that should it seek to renew or extend this Contract, it must provide the same certification at the time the Contract is renewed or extended. Contractor also agrees that any proposed Assignee of this Contract will be required to certify that it is not on the Prohibited Entities List before the contract assignment will be approved by the State.

During the term of the Contract, should the state agency receive information that a person (as defined in State Finance Law §165-a) is in violation of the above-referenced certifications, the state agency will review such information and offer the person an opportunity to respond. If the person fails to demonstrate that it has ceased its engagement in the investment activity which is in violation of the Act within 90 days after the determination of such violation, then the state agency shall take such action as may be appropriate and provided for by law, rule, or contract, including, but not

limited to, imposing sanctions, seeking compliance, recovering damages, or declaring the Contractor in default.

The state agency reserves the right to reject any bid, request for assignment, renewal or extension for an entity that appears on the Prohibited Entities List prior to the award, assignment, renewal or extension of a contract, and to pursue a responsibility review with respect to any entity that is awarded a contract and appears on the Prohibited Entities list after contract award.

ETHICS COMPLIANCE** All Bidders/Contractors and their employees must comply with the requirements of Sections 73 and 74 of the Public Officers Law, other State codes, rules, regulations and executive orders establishing ethical standards for the conduct of business with New York State. In signing the Bid, Bidder certifies full compliance with those provisions for any present or future dealings, transactions, sales, contracts, services, offers, relationships, etc., involving New York State and/or its employees. Failure to comply with those provisions may result in disqualification from the bidding process, termination of contract, and/or other civil or criminal proceedings as required by law.

**2. DEFINITIONS** Terms used herein shall have the following meanings:

**a. AUTHORIZED USER** Authorized User shall have the meaning set forth in State Finance Law Section 163(1)(k) and includes, but is not limited to, New York State Agencies, political subdivisions, local governments, public authorities, public school and fire districts, public and nonprofit libraries, and certain other nonpublic/nonprofit organizations.

**b. BID** A response to the Solicitation submitted by a Bidder to provide Products.

**c. BIDDER** Any person or entity who submits a response to the Solicitation. At the time that a Bidder executes a Contract with the State, the Bidder shall become a "Contractor." See also "Contractor."

**d. BID SPECIFICATIONS** A written description drafted by OGS or an Authorized User setting forth the specific terms of the intended procurement, which may include: physical or functional characteristics, the nature of a Product, any description of the work to be performed, Products to be provided, the necessary qualifications of the Bidder, the capacity and capability of the Bidder to successfully carry out the proposed Contract, or the process for achieving specific results and/or anticipated outcomes or any other requirement necessary to perform work. Where this Appendix B is incorporated in negotiated Contracts that have not been competitively solicited, the term "Bid Specifications" shall be deemed to refer to the terms and conditions set forth in the negotiated Contract and associated documentation.

**e. COMMISSIONER** The Commissioner of OGS or his or her designee, or, in the case of Bid Specifications issued by an Authorized User, the head of such Authorized User or his or her authorized representative.

**f. CONTRACT** The writings that contain the agreement of the Commissioner and the Bidder/Contractor setting forth the total legal obligation between the parties as determined by applicable rules of law, and which most typically include the following classifications of public procurements:

- 1. Agency Specific Contracts** Contracts where the written description for a Product or a particular scope of work is described and defined to meet the needs of one or more Authorized Users.
- 2. Centralized Contracts** Single- or multiple-award Contracts where the written description for a Product or general scope of work is described and defined by OGS to meet the needs of Authorized Users. Centralized Contracts may be awarded through multiple awards or through adoption of another

jurisdiction's contract or on a sole source, single source, emergency, or competitive basis. Once established, procurements may be made from the selected Contractors without further competition or Mini-Bid unless otherwise required by the Contract.

**3. Back-Drop Contracts** Multiple-award Centralized Contracts where OGS provides a written description for a Product or general scope of work to meet the needs of Authorized Users. Bids may be submitted either at a date and time certain or may be accepted on a continuous or periodic recruitment basis, as set forth in the Solicitation. Selection of a Contractor from among Back-Drop contract holders for an actual Product, project or particular scope of work may be subsequently made as set forth in the Contract.

**4. Piggyback Contract** A Contract let by any department, agency or instrumentality of the United States government, or any department, agency, office, political subdivision or instrumentality of any state or group of states that is adopted and extended for use by OGS in accordance with the requirements of the State Finance Law.

**5. Contract Letter** A letter to the successful Bidder indicating acceptance of its Bid in response to a Solicitation. Unless otherwise specified, the issuance of a letter of acceptance forms a Contract but is not an order for Product, and the Contractor should not take any action with respect to actual Contract deliveries except on the basis of Purchase Orders sent from Authorized Users.

**g. CONTRACT AWARD NOTIFICATION** An announcement to Authorized Users that a Contract has been established.

**h. CONTRACTOR** Any successful Bidder to whom a Contract has been awarded by the Commissioner.

**m. GROUP** A classification of a Product that is designated by OGS.

**n. INVITATION FOR BIDS (IFB)** A type of Solicitation that is most typically used for procurements where requirements can be stated and award will be made based on lowest price to the responsive and responsible Bidder or Bidders.

**o. LICENSED SOFTWARE** Software transferred upon the terms and conditions set forth in the Contract. "Licensed Software" includes

Error Corrections, upgrades, enhancements or New Licensed Software Releases, and any deliverables due under a technical support/maintenance or service contract (e.g., patches, fixes, PTFs, programs, code or data conversion, or custom programming).

**p. LICENSEE** An Authorized User who acquires Product from Contractor by issuing a Purchase Order in accordance with the terms and conditions of the Contract; provided that, for purposes of compliance with an individual license, the term "Licensee" shall be deemed to refer separately to the individual Authorized User who took receipt of and who is executing the Product, and who shall be solely responsible for performance and liabilities incurred. In the case of acquisitions by State Agencies, the Licensee shall be the State of New York.

**q. LICENSE EFFECTIVE DATE** The date Product is delivered to an Authorized User. Where a License involves Licensee's right to copy a previously licensed and delivered master copy of a program, the License Effective Date for additional copies shall be deemed to be the date on which the Purchase Order is executed.

**r. LICENSOR** A Contractor who transfers rights in proprietary Product to Authorized Users in accordance with the rights and obligations specified in the Contract.

**s. MINI-BID** A document used by an Authorized User containing transaction-specific requirements soliciting responses from Contractors previously qualified under a Centralized Contract for such Products.

**t. NEW LICENSED SOFTWARE RELEASES** (Licensed Software Revisions) Any commercially released revisions to the licensed version of Licensed Software as may be generally offered and available to Authorized Users who are current on technical support/maintenance. New Licensed Software Releases involve a substantial revision of functionality from a previously released version of the Licensed Software. Updates are provided when available, and Contractor is under no obligation to develop any future Product or functionality.

**u. OGS** The New York State Office of General Services.

**v. PRODUCTS** Items or deliverables under any Solicitation or Contract and may include commodities, services and/or technology.

**w. PURCHASE ORDER** The Authorized User's fiscal form or format that is used when making a purchase (e.g., formal written Purchase Order, Purchasing Card, electronic Purchase Order, or other authorized instrument).

**x. **y. REQUEST FOR QUOTATION (RFQ)** A type of Solicitation that can be used when a formal Bid opening is not required (e.g., discretionary, sole source, single source or emergency purchases).

**z. RESPONSIBLE BIDDER** A Bidder that is determined to have financial and organizational capacity, legal authority, satisfactory previous performance, skill, judgment and integrity, and that is found to be competent, reliable and experienced, as determined by the Commissioner. For purposes of being deemed responsible, a Bidder must also be determined to be in compliance with Sections 139-j and MAY 2015

139-k of the State Finance Law relative to restrictions on contacts during the procurement process and disclosure of contacts and prior findings of non-responsibility under these statutes.

**aa. RESPONSIVE BIDDER** A Bidder meeting the specifications or requirements prescribed in the Solicitation, as determined by the OGS Commissioner.

**bb. SINGLE SOURCE** A procurement where two or more Bidders can supply the required Product, and the Commissioner may award the contract to one Bidder over the other.

**cc. SITE** The location (street address) where Product will be delivered or executed.

**dd. SOLE SOURCE** A procurement where only one Bidder is capable of supplying the required Product.

**ee. SOLICITATION** Writings by the State setting forth the scope, terms, conditions and technical specifications for a procurement of Product. The procurement may be undertaken on a competitive or non-competitive basis. Such writings typically include, but are not limited to: Invitation for Bids (IFB), Request for Quotations (RFQ), Request for Proposals (RFP), addenda or amendments thereto, and terms and conditions that are incorporated by reference, including but not limited to Appendix A (Standard Clauses for NYS Contracts), Appendix B (General Specifications), and identified attachments. Where the procurement is undertaken on a non-competitive basis, the term "Solicitation" shall be deemed to refer to all the terms and conditions identified by the State.

**ff. SOURCE CODE** The programming statements or instructions written and expressed in any language understandable by a human being skilled in the art which are translated by a language compiler to produce executable machine object code.

### **BID SUBMISSION**

**3. INTERNATIONAL BIDDING** All Bids, including all information and Product required by the Solicitation or provided as explanation thereof, shall be submitted in English. All prices shall be

expressed, and all payments shall be made, in United States Dollars (\$US). Any Bids submitted which do not meet the above criteria will be rejected.

**4. BID OPENING** Bids may, as applicable, be opened publicly. The Commissioner reserves the right at any time to postpone or cancel a scheduled Bid opening.

**5. LATE BIDS REJECTED** For purposes of Bid openings held and conducted by OGS, a Bid must be received in such place as may be designated in the Solicitation or, if no place is specified, in the OGS Mailroom located in the Empire State Plaza, Albany, New York 12242, at or before the date and time established in the Solicitation for the Bid opening. For purposes of Bid openings held and conducted by Authorized Users other than OGS, the term late Bid is defined as a Bid not received in the location established in the Bid Specifications at or before the date and time specified for the Bid opening.

Any Bid received at the specified location after the time specified will be considered a late Bid. A late Bid shall not be considered for award unless: (i) no timely Bids meeting the requirements of the Solicitation are received or, (ii) in the case of a multiple award, an insufficient number of timely Bids were received to satisfy the multiple award; and acceptance of the late Bid is in the best interests of the Authorized Users. Bids submitted for continuous or periodic recruitment contract awards must meet the submission requirements associated with the Solicitation. Delays in United States mail deliveries or any other means of transmittal, including couriers or agents of the Authorized User, shall not excuse late Bid submissions. Similar types of delays, including but not limited to, bad weather, or security procedures for parking and building admittance, shall not excuse late Bid submissions. Determinations relative to Bid timeliness shall be at the sole discretion of the Commissioner.

**6. EXTRANEOUS TERMS** Bids must conform to the terms set forth in the Solicitation. Extraneous terms or material deviations (including additional, inconsistent, conflicting or alternative terms) may render the Bid non-responsive and may result in rejection of the Bid.

Extraneous terms submitted on standard, pre-printed forms (including but not limited to: product literature, order forms, license agreements, contracts or other documents) that are attached or referenced with submissions shall not be considered part of the Bid or resulting Contract, but shall be deemed included for informational or promotional purposes only.

Only those extraneous terms that meet all the following requirements may be considered as having been submitted as part of the Bid:

- a.** Each proposed extraneous term (addition, deletion, counter-offer, deviation, or modification) must be specifically enumerated in a writing which is not part of a pre-printed form;
- b.** The writing must identify the particular Solicitation requirement (if any) that Bidder rejects or proposes to modify by inclusion of the extraneous term; and
- c.** The Bidder shall enumerate the proposed addition, deletion, counter-offer, deviation, or modification from the Solicitation, and the reasons therefor.

No extraneous terms, whether or not deemed "material," shall be incorporated into a Contract or Purchase Order unless submitted in accordance with the above and the Commissioner or Authorized User expressly accepts each such terms in writing. Acceptance and/or MAY 2015

processing of the Bid shall not constitute such written acceptance of extraneous terms.

**7. CONFIDENTIAL/TRADE SECRET MATERIALS**

**a. CONTRACTOR** Confidential, trade secret or proprietary materials as defined by the laws of the State of New York must be clearly marked and identified as such upon submission by the Bidder. Marking the Bid as "confidential" or "proprietary" on its face or in the document header or footer shall not be considered by the Commissioner or Authorized User to be sufficient without specific justification as to why disclosure of particular information in the Bid would cause substantial injury to the competitive position of the Bidder. Bidders/Contractors intending to seek an exemption from disclosure of these materials under the Freedom of Information Law must request the exemption in writing, setting forth the reasons for the claimed exemption. The State's receipt/acceptance of the claimed materials does not constitute a determination on the exemption request, which determination will be made in accordance with statutory procedures. Properly identified information that has been designated confidential, trade secret, or proprietary by the Bidder will not be disclosed except as may be required by the Freedom of Information Law or other applicable State and federal laws.

**b. COMMISSIONER OR AUTHORIZED USER** Contractor warrants, covenants and represents that any confidential information obtained by Contractor, its agents, Subcontractors, officers, distributors, resellers or employees in the course of performing its obligations, including without limitation, security procedures, business operations information, or commercial proprietary information in the possession of the State or any Authorized User hereunder or received from another third party, will not be divulged to any third parties without the written consent of the Commissioner or Authorized User. Contractor shall not be required to keep confidential any such material that is publicly available through no fault of Contractor, independently developed by Contractor without reliance on confidential information of the Authorized User, or otherwise obtained under the Freedom of Information Law or other applicable New York State laws and regulations. This warranty shall survive termination of this Contract. Contractor further agrees to take commercially reasonable steps to inform its agents, Subcontractors, officers, distributors, resellers or employees of the obligations arising under this clause to ensure such confidentiality.

**8. PREVAILING WAGE RATES - PUBLIC WORKS AND BUILDING SERVICES CONTRACTS** If any portion of work being solicited is subject to the prevailing wage rate provisions of the Labor Law, the following shall apply:

**a. PREVAILING WAGE RATE APPLICABLE TO BIDS** A copy of the applicable prevailing wage rate schedule is attached to the Solicitation and may also be obtained by visiting [www.labor.ny.gov](http://www.labor.ny.gov) and typing in the search box: Prevailing Wage Schedule Request. Bidders must submit Bids which are based upon the prevailing hourly wages, and supplements in cash or equivalent benefits (i.e., fringe benefits and any cash or non-cash compensation which are not wages, as defined by law) that equal or exceed the applicable prevailing wage rate(s) for the location where the work is to be performed. Bidders may not submit Bids based upon hourly wage rates and supplements below the applicable prevailing wage rates as established by the New York State Department of Labor. Bids that fail to comply with this requirement will be disqualified.

**b. WAGE RATE PAYMENTS/CHANGES DURING CONTRACT TERM** The wages to be paid under any resulting Contract shall not be less than the prevailing rate of wages and supplements as set forth by law. It is required that the Contractor keep

informed of all changes in the prevailing wage rates during the Contract term that apply to the classes of individuals supplied by the Contractor on any projects resulting from this Contract, subject to the provisions of the Labor Law. Contractor is solely liable for and must pay such required prevailing wage adjustments during the Contract term for its employees as required by law and is responsible for ensuring any Subcontractors utilized on the Contract also comply with the prevailing wage provisions of the New York State Labor Law.

**c. ARTICLE 8 CONSTRUCTION/PUBLIC WORKS CONTRACTS** In compliance with Article 8, Section 220 of the New York State Labor Law:

**i. Posting** The Contractor must publicly post on the work Site, in a prominent and accessible place, a legible schedule of the prevailing wage rates and supplements.

**ii. Payroll Records** Contractors and Subcontractors must keep original payrolls or transcripts subscribed and affirmed as true under the penalties of perjury as required by law. For public works contracts over \$25,000 where the Contractor maintains no regular place of business in the State, such records must be kept at the work Site. For building services contracts, such records must be kept at the work Site while work is being performed.

**iii. Submission of Certified Payroll Transcripts for Public Works Contracts Only** Contractors and Subcontractors on public works Contracts must submit monthly payroll transcripts to the Authorized User issuing the Purchase Order for the work. This provision does not apply to Article 9 of the Labor Law building services contracts.

**iv. Day's Labor** No laborers, workmen or mechanics in the employ of the Contractor, Subcontractor or other person doing or contracting to do all or part of the work contemplated by the Contract shall be permitted or required to work more than eight hours in any one calendar day or more than five calendar days in any one week except in cases of extraordinary emergency including fire, flood or danger to life or property. "Extraordinary emergency" shall be deemed to include situations in which sufficient laborers, workers and mechanics cannot be employed to carry on public work expeditiously as a result of such restrictions upon the number of hours and days of labor and the immediate commencement or prosecution or completion without undue delay of the public work is necessary in the judgment of the NYS Commissioner of Labor for the preservation of the Contract Site or for the protection of the life and limb of the persons using the Contract Site.

**d. ARTICLE 9 BUILDING SERVICES CONTRACTS** In compliance with Article 9, Section 230 of the New York State Labor Law:

**i. Payroll Records** Contractors and Subcontractors must keep original payrolls or transcripts subscribed and affirmed as true under the penalties of perjury as required by law. Where the Contractor or Subcontractor maintains no regular place of business in New York State, such records must be kept at the work Site while work is being performed.

**ii. Overtime** Employees of Contractors and Subcontractors who work in excess of eight hours in a day or forty hours in a week shall be paid at the overtime rate identified by the New York State Department of Labor.

## **9. TAXES**

**a.** Unless otherwise specified in the Solicitation, Bid Specifications or Contract, the quoted Bid price includes all taxes applicable to the transaction.

**b.** Purchases made by the State of New York and certain non-State Authorized Users are exempt from New York State and local sales taxes and, with certain exceptions, federal excise taxes. To satisfy the requirements of the New York State Sales tax exemption, either the Purchase Order issued by a State Agency or the invoice forwarded to authorize payment for such purchases will be sufficient evidence that the sale by the Contractor was made to the State, an exempt organization under Section 1116 (a) (1) of the Tax Law. Non-State Authorized Users must offer their own proof of exemption upon request. No person, firm or corporation is, however, exempt from paying the State Truck Mileage and Unemployment Insurance or Federal Social Security taxes, which remain the sole responsibility of the Bidder/Contractor.

**c.** Purchases by Authorized Users other than the State of New York may be subject to certain taxes which were not included in the Bid price, and in those instances the tax should be computed based on the Contract price and added to the invoice submitted to such entity for payment.

**10. EXPENSES PRIOR TO CONTRACT EXECUTION** The Commissioner and any Authorized User(s) are not liable for any costs incurred by a Bidder or Contractor in the preparation and production of a Bid, Mini-Bid, cost proposal revision, or for any work performed prior to Contract execution.

**11. ADVERTISING RESULTS** The prior written approval of the Commissioner is required in order for results of the Solicitation to be used by the Contractor as part of any commercial advertising. The Contractor shall also obtain the prior written approval of the Commissioner relative to the Solicitation or Contract for press or other media releases.

## **12. PRODUCT REFERENCES**

**a. "Or Equal"** In all Solicitations or Bid Specifications, the words "or equal" are understood to apply where a copyrighted, brand name, trade name, catalog reference, or patented Product is referenced. References to such specific Product are intended as descriptive, not restrictive, unless otherwise stated. Comparable Product will be considered if proof of compatibility is provided, including appropriate catalog excerpts, descriptive literature, specifications and test data, etc. The Commissioner's decision as to acceptance of the Product as equal shall be final.

**b. Discrepancies in References** In the event of a discrepancy between the model number referenced in the Solicitation or Bid Specifications and the written description of the Products that cannot be reconciled, then the written description shall prevail.

**13. REMANUFACTURED, RECYCLED, RECYCLABLE OR RECOVERED MATERIALS** Upon the conditions specified in the Solicitation and in accordance with the laws of the State of New York, Contractors are encouraged to use recycled, recyclable or recovered materials in the manufacture of Products and packaging to the maximum extent practicable without jeopardizing the performance or intended end use of the Product or packaging unless such use is precluded due to health, welfare, safety requirements or in the Solicitation. Contractors are further encouraged to offer remanufactured Products to the maximum extent practicable without jeopardizing the performance or intended end use of the Product unless such use is precluded due to health, welfare, safety requirements or by

the Solicitation. Where such use is not practical, suitable, or permitted by the Solicitation, Contractor shall deliver new materials in accordance with the "Warranties" set forth below.

Items with recycled, recyclable, recovered, refurbished or remanufactured content must be identified in the Bid or Bidder will be deemed to be offering new Product.

**14. PRODUCTS MANUFACTURED IN PUBLIC INSTITUTIONS** Bids offering Products that are manufactured or produced in public institutions will be rejected.

**15. PRICING**

**a. Unit Pricing** If required by the Solicitation, the Bidder should insert the price per unit specified and the price extensions in decimals, not to exceed four places for each item unless otherwise specified, in the Solicitation. In the event of a discrepancy between the unit price and the extension, the unit price shall govern unless, in the sole judgment of the Commissioner, such unit pricing is obviously erroneous.

**b. Net Pricing** Unless otherwise required by the Solicitation, prices shall be net, including transportation, customs, tariff, delivery and other charges fully prepaid by the Contractor to the destination(s) indicated in the Solicitation.

**c. "No Charge" Bid** When Bids are requested on a number of Products as a Group or lot, a Bidder desiring to Bid "no charge" on a Product in the Group or lot must clearly indicate such. Otherwise, such Bid may be considered incomplete and be rejected, in whole or in part, at the discretion of the Commissioner.

**d. Educational Pricing** All Products to be supplied for educational purposes that are subject to educational discounts shall be identified in the Bid and such discounts shall be made available to qualifying institutions.

**e. Third Party Financing** If Product acquisitions are financed through any third party financing, Contractor may be required as a condition of Contract award to agree to the terms and conditions of a "Consent & Acknowledgment Agreement" in a form acceptable to the Commissioner.

**f. Best Pricing Offer** During the Contract term, if substantially the same or a smaller quantity of a Product is sold by the Contractor outside of this Contract upon the same or similar terms and conditions as that of this Contract at a lower price to a federal, state or local governmental entity, the price under this Contract, at the discretion of the Commissioner, shall be immediately reduced to the lower price.

**g. Specific price decreases:**

**(i) GSA Changes:** Where net pricing under the Contract is based on an approved GSA schedule, price decreases shall take effect automatically during the Contract term and apply to Purchase Orders submitted on or after the date the approved GSA schedule pricing decreases during the Contract term; or

**(ii) Commercial Price List Reductions:** Where net pricing under the Contract is based on a discount from Contractor's list prices, price decreases shall take effect automatically during the Contract term and apply to Purchase Orders submitted on or after the date Contractor lowers its pricing to its customers generally or to similarly situated government customers during the Contract term; or

**(iii) Special Offers/Promotions Generally:** Where Contractor generally offers more advantageous special price promotions or special discount pricing to other customers during the Contract term for a similar quantity, and the maximum price or discount associated with such offer or promotion is better than the discount or net pricing otherwise available under this Contract, such better price or discount shall apply for similar quantity transactions under this Contract for the life of such general offer or promotion; and

**(iv) Special Offers/Promotions to Authorized Users:** Contractor may offer Authorized Users, under either this Contract or any other contracting vehicle, competitive pricing which is lower than the net pricing set forth herein at any time during the Contract term and such lower pricing shall not be applied as a global price reduction under the Contract pursuant to the foregoing paragraph (iii).

Unless otherwise specified in the Solicitation, Contractor may offer lower prices or better terms (see Modification of Contract Terms) on any specific Purchase Order(s) from any Authorized User without being in conflict with, or having any obligation to comply on a global basis with, the terms of this clause.

**h. Cost Proposal Revisions** A Contractor may be solicited prior to Contract award to propose the best possible offer for the Product being bid on, in accordance with State Finance Law § 163(9)(c). A cost proposal revision must be a lower price than the initial price.

**16. DRAWINGS**

**a. Drawings Submitted With Bid** When the Solicitation requires the Bidder to furnish drawings and/or plans, such drawings and/or plans shall conform to the mandates of the Solicitation and shall, when approved by the Commissioner, be considered a part of the Bid and of any resulting Contract. All symbols and other representations appearing on the drawings shall be considered a part of the drawing.

**b. Drawings Submitted During the Contract Term** Where required to develop, maintain and deliver diagrams or other technical schematics regarding the scope of work, Contractor shall do so on an ongoing basis at no additional charge, and must, as a condition of payment, update drawings and plans during the Contract term to reflect additions, alterations, and deletions. Such drawings and diagrams shall be delivered to the Authorized User's representative.

**c. Accuracy of Drawings Submitted** All drawings shall be neat and professional in manner and shall be clearly labeled as to locations and type of Product, connections and components. Drawings and diagrams are to be in compliance with accepted drafting standards. Acceptance or approval of such plans shall not relieve the Contractor from responsibility for design or other errors of any sort in the drawings or plans, or from its responsibility for performing as required, furnishing Product, or carrying out any other requirements of the intended scope of work.

**17. SITE INSPECTION** Where a Site inspection is required, Bidder shall be required to inspect the Site, including environmental or other conditions, for pre-existing deficiencies that may affect the installed Product or that may affect Bidder's ability to properly deliver, install or otherwise provide the required Product. All inquiries regarding such conditions shall be made in writing. Bidder shall be deemed to have knowledge of any deficiencies or conditions that such inspection or inquiry might have disclosed. Bidder must provide a detailed explanation with its Bid if additional work is required under this clause in order to properly provide the required Product.

**18. PURCHASING CARD** The State's Purchasing Card program is designed to be an efficient and cost effective way to expedite purchases. The Purchasing Card (also referred to as the Procurement Card) is a credit card that enables Authorized Users to make authorized purchases directly from a Contractor without processing formal Purchase Orders. Purchasing Cards are issued to selected employees who are authorized to make purchases for the Authorized User. Cardholders can make purchases directly from any Contractor that accepts the Purchasing Card.

**19. SAMPLES**

**a. Bidder Supplied Samples** The Commissioner reserves the right to request from the Bidder/Contractor a representative sample(s) of the Product offered at any time prior to or after award of a Contract. Unless otherwise instructed, samples shall be furnished within the time specified in the request. Untimely submission of a sample may constitute grounds for rejection of the Bid or cancellation of the Contract. Samples must be submitted free of charge and be accompanied by the Bidder's name and address, any descriptive literature relating to the Product and a statement indicating how and where the sample is to be returned. Where applicable, samples must be properly labeled with the appropriate Solicitation or Contract reference.

A sample may be held by the Commissioner during the entire term of the Contract and for a reasonable period thereafter for comparison with deliveries. At the conclusion of the holding period, the sample, where feasible, will be returned as instructed by the Bidder, at the Bidder's expense and risk. Where the Bidder has failed to fully instruct the Commissioner as to the return of the sample (i.e., mode and place of return, etc.) or refuses to bear the cost of its return, the sample shall become the sole property of the receiving entity at the conclusion of the holding period.

**b. Enhanced Samples** When an approved sample exceeds the minimum specifications, all Product delivered must be of the same enhanced quality and identity as the sample. Thereafter, in the event of a Contractor's default, the Commissioner may procure a Product substantially equal to the enhanced sample from other sources, charging the Contractor for any additional costs incurred.

**c. Conformance with Samples** Submission of a sample (whether or not such sample is tested by, or for, the Commissioner) and approval thereof shall not relieve the Contractor from full compliance with all terms and conditions, performance related and otherwise, specified in the Solicitation. If in the judgment of the Commissioner the sample or Product submitted is not in accordance with the specifications or testing requirements prescribed in the Solicitation, the Commissioner may reject the Bid. If an award has been made, the Commissioner may cancel the Contract at the expense of the Contractor.

**d. Testing** All samples are subject to tests in the manner and place designated by the Commissioner, either prior to or after Contract award. Unless otherwise stated in the Solicitation, Bidder samples consumed or rendered useless by testing will not be returned to the Bidder. Testing costs for samples that fail to meet Contract requirements may be at the expense of the Contractor.

**e. Requests For Samples By Authorized Users** Requests for samples by Authorized Users require the consent of the Contractor. Where Contractor refuses to furnish a sample, Authorized User may, in its sole discretion, make a determination on the performance capability of the Product or on the issue in question.

**BID EVALUATION**

**20. BID EVALUATION** The Commissioner reserves the right to accept or reject any and all Bids, or separable portions of Bids, and waive technicalities, irregularities, and omissions if the Commissioner determines the best interests of the State will be served. The Commissioner, in his/her sole discretion, may accept or reject illegible, incomplete or vague Bids and his/her decision shall be final. A conditional or revocable Bid which clearly communicates the terms or limitations of acceptance may be considered, and Contract award may be made in compliance with the Bidder's conditional or revocable terms in the Bid.

**21. TIE BIDS** In the event two Bids are found to be substantially equivalent, price shall be the basis for determining the award recipient. While prompt payment discounts will not be considered in determining the low Bid, the Commissioner may consider any prompt payment discount in resolving Bids which are otherwise tied. If two or more Bidders submit substantially equivalent Bids as to pricing or other factors, the decision of the Commissioner to award a Contract to one or more of such Bidders shall be final.

**22. QUANTITY CHANGES PRIOR TO AWARD** The Commissioner reserves the right, at any time prior to the award of a specific quantity Contract, to alter in good faith the quantities listed in the Solicitation. In the event such right is exercised, the lowest responsible Bidder meeting the Solicitation requirements will be advised of the revised quantities and afforded an opportunity to extend or reduce its Bid price in relation to the changed quantities. Refusal by the low Bidder to so extend or reduce its Bid price may result in the rejection of its Bid and the award of such Contract to the lowest responsible Bidder who accepts the revised qualifications.

**23. TIMEFRAME FOR OFFERS** The Commissioner reserves the right to make awards within sixty days after the date of the Bid opening or such other period of time as set forth in the Solicitation, during which period, Bids must remain firm and cannot be withdrawn. Where an award is not made within the sixty day period or other time specified as set forth in the Solicitation, the Bids shall remain firm until such later time as either a Contract is awarded or the Bidder delivers to the Commissioner written notice of the withdrawal of its Bid.

**TERMS & CONDITIONS**

**24. CONTRACT CREATION / EXECUTION** Except for contracts governed by Article 11-B of the State Finance Law, subject to and upon receipt of all required approvals as set forth in the Solicitation, a Contract shall be deemed executed and created with the successful Bidder(s) upon the Commissioner's mailing or electronic communication to the address on the Bid/Contract of: (i) the final Contract Award Notice; (ii) a fully executed Contract; or (iii) a Purchase Order authorized by the Commissioner.

**25. OFFICIAL USE ONLY/NO PERSONAL USE** The Contract is only for official use by Authorized Users. Use of the Contract for personal or private purposes is strictly prohibited.

**26. PARTICIPATION IN CENTRALIZED CONTRACTS**

**a. State Agencies** All State Agencies may utilize and purchase under any Centralized Contract let by the Commissioner, unless the Solicitation limits purchases to specific State Agencies.

**b. Non-State Agency Authorized Users** Authorized Users other than State Agencies are permitted to make purchases through

Centralized Contracts where permitted by law, the Contract or the Commissioner.

**c. Voluntary Extension** Purchase Orders issued against a Centralized Contract by any Authorized User not provided for in the Contract shall be honored by the Contractor at its discretion and only with the approval of the OGS Commissioner and any other approvals required by law.

**d. Responsibility for Performance** Participation in Centralized Contracts by Authorized Users is permitted upon the following conditions: (i) the responsibility with regard to performance of any contractual obligation, covenant, condition or term thereunder by any Authorized User other than State Agencies shall be borne and is expressly assumed by such Authorized User and not by the State; (ii) a breach of the Contract by any particular Authorized User shall neither constitute nor be deemed a breach of the Contract as a whole which shall remain in full force and effect, and shall not affect the validity of the Contract nor the obligations of the Contractor thereunder respecting non-breaching Authorized Users, whether State or otherwise; (iii) for a breach by an Authorized User other than a State Agency, the State specifically and expressly disclaims any and all liability for such breach; and (iv) each non-State Agency Authorized User and Contractor guarantees to save the State, its officers, agents and employees harmless from any liability that may be or is imposed by the non-State Agency Authorized User's or Contractor's failure to perform in accordance with its obligations under the Contract.

**e. Contract Migration** Authorized Users holding individual Contracts with a Contractor at the time that Contractor is awarded a Centralized Contract for the same Products shall be permitted to migrate to that Centralized Contract effective with its commencement date. Such migration shall not operate to diminish, alter or eliminate any right that the Authorized User otherwise had under the terms and conditions of their individual Contract.

**27. MODIFICATION OF CONTRACT TERMS** The terms and conditions set forth in the Contract shall govern all transactions by Authorized User(s) under this Contract. The Contract may only be modified or amended upon mutual written agreement of the Commissioner and Contractor.

The Contractor may, however, offer Authorized User(s) more advantageous pricing, payment, or other terms and conditions than those set forth in the Contract. In such event, a copy of such terms shall be furnished to the Authorized User(s) and Commissioner by the Contractor at the time of such offer.

Other than where such terms are more advantageous for the Authorized User(s) than those set forth in the Contract, no alteration or modification of the terms of the Contract, including substitution of Product, shall be valid or binding against Authorized User(s) unless authorized by the Commissioner or specified in the Contract Award Notification. No such alteration or modification shall be made by unilaterally affixing such terms to Product upon delivery (including, but not limited to, attachment or inclusion of standard pre-printed order forms, product literature, "shrink wrap" terms accompanying software upon delivery, or other documents) or by incorporating such terms onto order forms, Purchase Orders or other documents forwarded by the Contractor for payment, notwithstanding Authorized User's subsequent acceptance of Product, or that Authorized User has subsequently processed such document for approval or payment.

**28. SCOPE CHANGES** The Commissioner reserves the right to require, by written order, changes to the scope of the Contract, provided that such changes do not materially alter the general scope of MAY 2015

the Contract. If any such change causes an increase or decrease in the cost of, or the time required for, performance of any part of the work under the Contract, whether or not changed by the order, the Commissioner shall, upon notice from Contractor as hereafter stated, make an equitable adjustment in the Contract price, the delivery schedule or both and shall modify the Contract. The Contractor must assert its right to an adjustment under this clause within thirty days from the date of receipt of the written order. However, if the Commissioner decides that the facts justify it, the Commissioner may provide an adjustment without receipt of a notice from Contractor. In the event of a dispute between the Contractor and the Commissioner, such dispute shall be resolved in accordance with the OGS Dispute Resolution Procedures; provided, however, that nothing in this clause shall excuse the Contractor from proceeding with the Contract as changed.

#### **29. ESTIMATED/SPECIFIC QUANTITY CONTRACTS**

Estimated quantity contracts, also referred to as indefinite delivery/indefinite quantity contracts, are expressly agreed and understood to be made for only the quantities, if any, actually ordered during the Contract term. No guarantee of any quantity is implied or given.

With respect to any specific quantity stated in the Contract, the Commissioner reserves the right after award to order up to 20% more or less (rounded to the next highest whole number) than the specific quantities called for in the Contract. Notwithstanding the foregoing, the Commissioner may purchase greater or lesser percentages of Contract quantities should the Commissioner and Contractor so agree. Such agreement may include an equitable price adjustment.

**30. EMERGENCY CONTRACTS** In the event that a disaster emergency is declared by Executive Order under Section 28 of Article 2-B of the Executive Law, or the Commissioner determines pursuant to his/her authority under Section 163(10)(b) of the State Finance Law that an emergency exists requiring the prompt and immediate delivery of Product, the Commissioner reserves the right to obtain such Product from any source, including but not limited to this Contract(s), as the Commissioner in his/her sole discretion determines will meet the needs of such emergency. Contractor shall not be entitled to any claim for lost profits for Product procured from other sources pursuant to this clause. The reasons underlying the finding that an emergency exists shall be included in the procurement record.

**31. PURCHASE ORDERS** Unless otherwise authorized in writing by the Commissioner, no Product is to be delivered or furnished by Contractor until transmittal of an official Purchase Order from the Authorized User. Unless terminated or cancelled pursuant to the authority vested in the Commissioner, Purchase Orders shall be effective and binding upon the Contractor when placed in the mail or electronically transmitted prior to the termination of the Contract period, addressed to the Contractor at the address for receipt of orders set forth in the Contract or in the Contract Award Notification.

All Purchase Orders issued pursuant to a Contract let by the Commissioner must bear the appropriate Contract number and, if necessary, required State approvals. As deemed necessary, the Authorized User may confirm pricing and other Product information with the Contractor prior to placement of the Purchase Order. The State reserves the right to require any other information from the Contractor which the State deems necessary in order to complete any Purchase Order placed under the Contract. Unless otherwise specified, all Purchase Orders against Centralized Contracts will be placed by Authorized Users directly with the Contractor and any discrepancy between the terms stated on the Contractor's order form, confirmation or acknowledgment, and the Contract terms shall be resolved in favor

of the terms most favorable to the Authorized User. Should an Authorized User add written terms and conditions to the Purchase Order that conflict with the terms and conditions of the Contract, the Contractor has the option of rejecting the Purchase Order within five business days of its receipt but shall first attempt to negotiate the additional written terms and conditions in good faith with the Authorized User, or fulfill the Purchase Order. Notwithstanding the above, the Authorized User reserves the right to dispute any discrepancies arising from the presentation of additional terms and conditions with the Contractor.

If, with respect to an Agency Specific Contract let by the Commissioner, a Purchase Order is not received by the Contractor within two weeks after the issuance of a Contract Award Notification, it is the responsibility of the Contractor to request in writing that the appropriate Authorized User forward a Purchase Order. If, thereafter, a Purchase Order is not received within a reasonable period of time, the Contractor shall promptly notify in writing the appropriate purchasing officer in OGS. Failure to timely notify such officer may, in the discretion of the OGS Commissioner and without cost to the State, result in the cancellation of such requirement by the OGS Commissioner with a corresponding reduction in the Contract quantity and price.

**32. PRODUCT DELIVERY** Delivery must be made as ordered to the address specified on the Purchase Order and in accordance with the terms of the Contract. Delivery shall be made within thirty calendar days after receipt of a Purchase Order by the Contractor, unless otherwise agreed to by the Authorized User and the Contractor. The decision of the Commissioner as to compliance with delivery terms shall be final. The burden of proof for delay in receipt of a Purchase Order shall rest with the Contractor. In all instances of a potential or actual delay in delivery, the Contractor shall immediately notify the Commissioner and the Authorized User, and confirm in writing the explanation of the delay, and take appropriate action to avoid any subsequent late deliveries. Any extension of time for delivery must be requested in writing by the Contractor and approved in writing by the Authorized User. Failure to meet such delivery time schedule may be grounds for cancellation of the order or, in the Commissioner's discretion, the Contract.

**33. WEEKEND AND HOLIDAY DELIVERIES** Unless otherwise specified in the Contract or by an Authorized User, deliveries will be scheduled for ordinary business hours, Monday through Friday (excluding legal holidays observed by the State of New York). Deliveries may be scheduled by mutual agreement for Saturdays, Sundays or legal holidays observed by the State of New York where the Product is for daily consumption, an emergency exists, the delivery is a replacement, delivery is late, or other reasonable circumstance in which event the convenience of the Authorized User shall govern.

**34. SHIPPING/RECEIPT OF PRODUCT**

**a. Packaging** Product shall be securely and properly packed for shipment, storage and stocking in appropriate, clearly labeled shipping containers and according to accepted commercial practice, without any extra charges for packing materials, cases or other types of containers. The container shall become and remain the property of the Authorized User unless otherwise specified in the Contract documents.

**b. Shipping Charges** Unless otherwise stated in the Contract, all deliveries shall be deemed to be freight on board (F.O.B.) destination tailgate delivery at the dock of the Authorized User. Unless otherwise agreed, items purchased at a price F.O.B. shipping point plus transportation charges shall not relieve the Contractor from responsibility for safe and proper delivery notwithstanding the Authorized User's payment of transportation charges. Contractor shall MAY 2015

be responsible for ensuring that the bill of lading states "charges prepaid" for all shipments.

**c. Receipt of Product** The Contractor shall be solely responsible for assuring that deliveries are made to personnel authorized to accept delivery on behalf of the Authorized User. Any losses resulting from the Contractor's failure to deliver Product to authorized personnel shall be borne exclusively by the Contractor.

**35. TITLE AND RISK OF LOSS** Notwithstanding the form of shipment, title or other property interest, risk of loss shall not pass from the Contractor to the Authorized User until the Products have been received, inspected and accepted by the receiving entity. Acceptance shall occur within a reasonable time or in accordance with such other defined acceptance period as may be specified in the Contract or Purchase Order. Mere acknowledgment by Authorized User personnel of the delivery or receipt of goods (e.g., signed bill of lading) shall not be deemed or construed as acceptance of the Products received. Any delivery of Product that is substandard or does not comply with the Contract may be rejected or accepted on an adjusted price basis, as determined by the Commissioner.

**36. RE-WEIGHING PRODUCT** Deliveries are subject to re-weighing at the point of destination by the Authorized User. If shrinkage occurs which exceeds that normally allowable in the trade, the Authorized User shall have the option to require delivery of the difference in quantity or to reduce the payment accordingly. Such option shall be exercised in writing by the Authorized User.

**37. PRODUCT SUBSTITUTION** In the event a specified Product listed in the Contract becomes unavailable or cannot be supplied by the Contractor for any reason (except as provided for in the Savings/Force Majeure clause), a Product deemed in writing by the Commissioner to be equal to or better than the specified Product must be substituted by the Contractor at no additional cost or expense to the Authorized User. Unless otherwise specified, any substitution of Product prior to the Commissioner's written approval may be cause for termination of Contract.

**38. REJECTED PRODUCT** When Product is rejected, it must be removed by the Contractor from the premises of the Authorized User within ten calendar days of notification of rejection by the Authorized User. Upon notification of rejection, risk of loss of rejected or non-conforming Product shall remain with Contractor. Rejected items not removed by the Contractor within ten calendar days of notification shall be regarded as abandoned by the Contractor, and the Authorized User shall have the right to dispose of Product as its own property. The Contractor shall promptly reimburse the Authorized User for any and all costs and expenses incurred in storage or effecting removal or disposition after the ten-calendar-day period.

**39. INSTALLATION** Where installation is required, Contractor shall be responsible for placing and installing the Product in the required locations. All materials used in the installation shall be of good quality and shall be free from any and all defects that would mar the Product or render it unsound. Installation includes the furnishing of any equipment, rigging and materials required to install or place the Product in the proper location. The Contractor shall protect the Site from damage for all its work and shall repair damages or injury of any kind caused by the Contractor, its employees, officers or agents. If any alteration, dismantling or excavation, etc. is required to effect installation, the Contractor shall thereafter promptly restore the structure or Site. Work shall be performed to cause the least inconvenience to the Authorized User(s) and with proper consideration for the rights of other Contractors or workers. The Contractor shall promptly perform its work and shall coordinate its activities with those

of other Contractors. The Contractor shall clean up and remove all debris and rubbish from its work as required or directed. Upon completion of the work, the building and surrounding area of work shall be left clean and in a neat, unobstructed condition, and everything in satisfactory repair and order.

**40. REPAIRED OR REPLACED PRODUCTS, PARTS, OR COMPONENTS** Where the Contractor is required to repair, replace or substitute Product or parts or components of the Product under the Contract, the repaired, replaced or substituted Products shall be subject to all terms and conditions for new parts and components set forth in the Contract including warranties, as set forth in the Warranties clause herein. Replaced or repaired Product or parts and components of such Product shall be new and shall, if available, be replaced by the original manufacturer's component or part. Remanufactured parts or components meeting new Product standards may be permitted by the Commissioner or Authorized User. Before installation, all proposed substitutes for the original manufacturers' installed parts or components must be approved by the Authorized User. The part or component shall be equal to or of better quality than the original part or component being replaced.

**41. EMPLOYEES, SUBCONTRACTORS AND AGENTS** All employees, Subcontractors or agents performing work under the Contract must be trained staff or technicians who meet or exceed the professional, technical and training qualifications set forth in the Contract, and must comply with all security and administrative requirements of the Authorized User. The Commissioner reserves the right to conduct a security background check or otherwise approve any employee, Subcontractor or agent furnished by Contractor and to refuse access to or require replacement of any personnel for cause based on professional, technical or training qualifications, quality of work or change in security status or non-compliance with Authorized User's security or other requirements. Such approval shall not relieve the Contractor of the obligation to perform all work in compliance with the Contract terms. The Commissioner reserves the right to reject and/or bar from any facility for cause any employee, Subcontractor, or agent of the Contractor.

**42. ASSIGNMENT** In accordance with Section 138 of the State Finance Law, the Contractor shall not assign, transfer, convey, sublet, or otherwise dispose of the Contract or its right, title or interest therein, or its power to execute such Contract to any other person, company, firm or corporation in performance of the Contract without the prior written consent of the Commissioner or Authorized User (as applicable); provided, however, any consent shall not be unreasonably withheld, conditioned, delayed or denied. Notwithstanding the foregoing, the State shall not hinder, prevent or affect assignment of money by a Contractor for the benefit of its creditors. Prior to a consent to assignment of monies becoming effective, the Contractor shall file a written notice of such monies assignments with the State Comptroller. Prior to a consent to assignment of a Contract, or portion thereof, becoming effective, the Contractor shall submit the request for assignment to the Commissioner and seek written agreement from the Commissioner which will be filed with the State Comptroller. Commissioner shall use reasonable efforts to promptly respond to any request by Contractor for an assignment, provided that Contractor supplies sufficient information about the party to whom the Contractor proposes to assign the Contract.

Upon notice to the Contractor, the Contract may be assigned without the consent of the Contractor to another State Agency or subdivision of the State pursuant to a governmental reorganization or assignment of functions under which the functions are transferred to a successor Agency or to another Agency that assumes OGS responsibilities for the Contract.

**43. SUBCONTRACTORS AND SUPPLIERS** The Commissioner reserves the right to reject any proposed Subcontractor or supplier for bona fide business reasons, including, but not limited to: the company failed to solicit New York State certified minority- and women-owned business enterprises as required in prior OGS Contracts; the fact that such Subcontractor or supplier is on the New York State Department of Labor's list of companies with which New York State cannot do business; the Commissioner's determination that the company is not qualified or is not responsible; or the fact that the company has previously provided unsatisfactory work or services.

**44. PERFORMANCE/BID BOND** The Commissioner reserves the right to require a Bidder or Contractor to furnish, without additional cost, a performance, payment or Bid bond, negotiable irrevocable letter of credit, or other form of security for the faithful performance of the Contract. Where required, such bond or other security shall be in the form prescribed by the Commissioner.

**45. SUSPENSION OF WORK** The Commissioner, in his/her sole discretion, reserves the right to suspend any or all activities under the Contract, at any time, in the best interests of the Authorized User. In the event of such suspension, the Contractor will be given a formal written notice outlining the particulars of such suspension. Examples of the reason for such suspension include, but are not limited to, a budget freeze or reduction in State spending, declaration of emergency, contract compliance issues or other circumstances. Upon issuance of such notice, the Contractor is not to accept any Purchase Orders, and shall comply with the suspension order. Activity may resume at such time as the Commissioner issues a formal written notice authorizing a resumption of performance under the Contract.

An Authorized User may issue a formal written notice for the suspension of work for which it has engaged the Contractor for reasons specified in the above paragraph. The written notice shall set forth the reason for such suspension and a copy of the written notice shall be provided to the Commissioner.

**46. TERMINATION**

**a. For Cause** For a material breach that remains uncured for more than thirty (30) calendar days or other longer period as specified by written notice to the Contractor, the Contract or Purchase Order may be terminated by the Commissioner or Authorized User respectively, at the Contractor's expense. Such termination shall be upon written notice to the Contractor. In such event, the Commissioner or Authorized User may complete the contractual requirements in any manner it may deem advisable and pursue available legal or equitable remedies for breach.

**b. For Convenience** This Contract may be terminated at any time by the Commissioner for convenience upon sixty (60) calendar days or other longer period as specified by written notice, without penalty or other early termination charges due. Such termination of the Contract shall not affect any project or Purchase Order that has been issued under the Contract prior to the date of such termination. If the Contract is terminated pursuant to this subdivision, the Authorized User shall remain liable for all accrued but unpaid charges incurred through the date of the termination. Contractor shall use due diligence and fulfill any outstanding Purchase Orders.

**c. For Violation of Sections 139-j and 139-k of the State Finance Law** The Commissioner reserves the right to terminate the Contract in the event it is found that the certification filed by the Bidder in accordance with Section 139-k of the State Finance Law was intentionally false or intentionally incomplete. Upon such finding, the Commissioner may exercise his or her termination right by providing

written notification to the Contractor in accordance with the written notification terms of the Contract.

**d. For Violation of Section 5-a of the New York State Tax Law**

The Commissioner reserves the right to terminate the Contract in the event it is found that the certification filed by the Contractor in accordance with Section 5-a of the Tax Law is not timely filed during the term of the Contract or the certification furnished was intentionally false or intentionally incomplete. Upon such finding, the Commissioner may exercise his or her termination right by providing written notification to the Contractor in accordance with the written notification terms of the Contract.

**e. For Non-Responsibility** The Bidder agrees that if it is found by the State that the Bidder's responses to the Vendor Responsibility Questionnaire were intentionally false or intentionally incomplete, on such finding, the Commissioner may terminate the Contract.

Upon written notice to the Contractor, and a reasonable opportunity to be heard with appropriate OGS officials or staff, the Contract may be terminated by the Commissioner at the Contractor's expense where the Contractor is determined by the Commissioner to be non-responsible. In such event, the Commissioner may complete the contractual requirements in any manner he or she may deem advisable and pursue available legal or equitable remedies for breach.

In no case shall such termination of the Contract by the State be deemed a breach thereof, nor shall the State be liable for any damages for lost profits or otherwise, which may be sustained by the Contractor as a result of such termination.

**f. Upon Conviction of Certain Crimes** The Commissioner reserves the right to terminate the Contract in the event it is found that a member, partner, director or officer of Contractor is convicted of one or more of the following: Bribery Involving Public Servants and Related Offenses as defined in Article 200 of the New York State Penal Law; Corrupting the Government as defined in Article 496 of the New York State Penal Law; or Defrauding the Government as defined in Section 195.20 of the New York State Penal Law.

**47. SAVINGS/FORCE MAJEURE** A force majeure occurrence is an event or effect that cannot be reasonably anticipated or controlled and is not due to the negligence or willful misconduct of the affected party. Force majeure includes, but is not limited to, acts of God, acts of war, acts of public enemies, terrorism, strikes, fires, explosions, actions of the elements, floods, or other similar causes beyond the control of the Contractor or the Commissioner in the performance of the Contract where non-performance, by exercise of reasonable diligence, cannot be prevented.

The affected party shall provide the other party with written notice of any force majeure occurrence as soon as the delay is known and provide the other party with a written contingency plan to address the force majeure occurrence, including, but not limited to, specificity on quantities of materials, tooling, people, and other resources that will need to be redirected to another facility and the process of redirecting them. Furthermore, the affected party shall use its commercially reasonable efforts to resume proper performance within an appropriate period of time. Notwithstanding the foregoing, if the force majeure condition continues beyond thirty (30) days, the parties to the Contract shall jointly decide on an appropriate course of action that will permit fulfillment of the parties' objectives under the Contract.

The Contractor agrees that in the event of a delay or failure of performance by the Contractor under the Contract due to a force majeure occurrence:

- a. The Commissioner may purchase from other sources (without recourse to and by the Contractor for the costs and expenses thereof) to replace all or part of the Products which are the subject of the delay, which purchases may be deducted from the Contract quantities without penalty or liability to the State, or
- b. The Contractor will provide Authorized Users with access to Products first in order to fulfill orders placed before the force majeure event occurred. The Commissioner agrees that Authorized Users shall accept allocated performance or deliveries during the occurrence of the force majeure event.

Neither the Contractor nor the Commissioner shall be liable to the other for any delay in or failure of performance under the Contract due to a force majeure occurrence. Any such delay in or failure of performance shall not constitute default or give rise to any liability for damages. The existence of such causes of such delay or failure shall extend the period for performance to such extent as determined by the Contractor and the Commissioner to be necessary to enable complete performance by the Contractor if reasonable diligence is exercised after the cause of delay or failure has been removed.

Notwithstanding the above, at the discretion of the Commissioner where the delay or failure will significantly impair the value of the Contract to the State or to Authorized Users, the Commissioner may terminate the Contract or the portion thereof which is subject to delays, and thereby discharge any unexecuted portion of the Contract or the relative part thereof.

In addition, the Commissioner reserves the right, in his or her sole discretion, to make an equitable adjustment in the Contract terms and/or pricing should extreme and unforeseen volatility in the marketplace affect pricing or the availability of supply. "Extreme and unforeseen volatility in the marketplace" is defined as market circumstances which meet the following criteria: (i) the volatility is due to causes outside the control of Contractor; (ii) the volatility affects the marketplace or industry, not just the particular Contract source of supply; (iii) the effect on pricing or availability of supply is substantial; and (iv) the volatility so affects Contractor's performance that continued performance of the Contract would result in a substantial loss. In the event of a dispute between the Contractor and the Commissioner, such dispute shall be resolved in accordance with the OGS Dispute Resolution Procedures; provided, however, that nothing in this clause shall excuse the Contractor from performing in accordance with the Contract as changed.

**48. CONTRACT INVOICING**

**a. Invoicing** Contractor and the dealers/distributors/resellers designated by the Contractor, if any, shall provide complete and accurate billing invoices to each Authorized User in order to receive payment. Billing invoices submitted to an Authorized User must contain all information required by the Contract and the State Comptroller or other appropriate fiscal officer. Submission of an invoice and payment thereof shall not preclude the Commissioner from requesting reimbursement or demanding a price adjustment in any case where the Product delivered is found to deviate from the terms and conditions of the Contract or where the billing was inaccurate.

Contractor shall provide, upon request of the Commissioner, any and all information necessary to verify the accuracy of the billings. Such information shall be provided in a commercially reasonable manner as requested by the Commissioner. The Commissioner may direct the

Contractor to provide the information to the State Comptroller or to any Authorized User of the Contract.

**b. Payment of Contract Purchases made by an Authorized User when the State Comptroller is responsible for issuing such payment**

The Authorized User and Contractor agree that payments for invoices submitted by the Contractor shall only be rendered electronically unless payment by paper check is expressly authorized by the Commissioner, in the Commissioner's sole discretion, due to extenuating circumstances. Such electronic payments shall be made in accordance with ordinary State procedures and practices. The Contractor shall comply with the State Comptroller's procedures to authorize electronic payments. Authorization forms are available at the State Comptroller website at [www.osc.state.ny.us](http://www.osc.state.ny.us), by e-mail at [HelpDesk@sfs.ny.gov](mailto:HelpDesk@sfs.ny.gov), or by telephone at (518) 457-7737 or toll free (877) 737-4185. Contractor acknowledges that it will not receive payment on any invoices submitted under this Contract that are payable by the State Comptroller if it does not comply with the State Comptroller's electronic payment procedures, except where the Commissioner has expressly authorized payment by paper check as set forth above.

**c. Payment of Contract Purchases made by an Authorized User when the State Comptroller is not responsible for issuing such payment**

The Authorized User and Contractor agree that payments for such Contract purchases shall be billed directly by Contractor on invoices/vouchers, together with complete and accurate supporting documentation as required by the Authorized User. Such payments shall be as mandated by the appropriate governing law from the receipt of a proper invoice. Such Authorized User and Contractor are strongly encouraged to establish electronic payments.

**49. DEFAULT – AUTHORIZED USER**

**a. Breach by Authorized User** An Authorized User's breach shall not be deemed a breach of the Centralized Contract; rather, it shall be deemed a breach of the Authorized User's performance under the terms and conditions of the Centralized Contract.

**b. Failure to Make Payment** In the event a participating Authorized User fails to make payment to the Contractor for Products delivered, accepted and properly invoiced, within thirty calendar days of such delivery and acceptance, the Contractor may, upon five business days advance written notice to both the Commissioner and the Authorized User's purchasing official, suspend additional provision of Products to such entity until such time as reasonable arrangements have been made and assurances given by such entity for current and future Contract payments.

**c. Notice of Breach** Notwithstanding the foregoing, the Contractor shall, at least ten business days prior to declaring a breach of Contract by any Authorized User, by certified or registered mail, notify both the Commissioner and the purchasing official of the breaching Authorized User of the specific facts, circumstances and grounds upon which a breach will be declared.

**d. Insufficient basis** If the Contractor's basis for declaring a breach is insufficient, the Contractor's declaration of breach and failure to provide Products to an Authorized User may constitute a breach of the Contract, and the Authorized User may thereafter seek any remedy available at law or equity.

**50. PROMPT PAYMENTS**

**a. State Agencies** Upon acceptance of Product or as otherwise provided by Contract, Contractor may invoice for payment. The required payment date shall be thirty (30) calendar days, excluding

legal holidays, from the receipt of a proper invoice, as determined in accordance with State Finance Law Section 179-f(2) and 2 NYCRR Part 18. The payment of interest on certain payments due and owed by the State Agency may be made in accordance with State Finance Law Sections 179-d et seq. and the implementing regulations (2 NYCRR § 18.1 et seq.).

**b. By Non-State Agencies** Upon acceptance of Product or as otherwise provided by Contract, Contractor may invoice for payment. The required payment date shall be thirty (30) calendar days, excluding legal holidays, or as mandated by the appropriate governing law from the receipt of a proper invoice. The terms of Article 11-A of the State Finance Law apply only to procurements by and the consequent payment obligations of State Agencies. Neither expressly nor by any implication is the statute applicable to non-State agency Authorized Users. Neither OGS nor the State Comptroller is responsible for payments on any purchases made by a non-State agency Authorized User.

**c. By Contractor** Should the Contractor be liable for any payments to the State hereunder, interest, late payment charges and collection fee charges will be determined and assessed pursuant to Section 18 of the State Finance Law.

**51. REMEDIES FOR BREACH** It is understood and agreed that all rights and remedies afforded below shall be in addition to all remedies or actions otherwise authorized or permitted by law:

**a. Cover/Substitute Performance** In the event of Contractor's material, unsecured breach, the Commissioner may, with or without issuing a formal Solicitation: (i) purchase from other sources; or (ii) if the Commissioner is unsuccessful after making reasonable attempts, under the circumstances then-existing, to timely obtain acceptable replacement Product of equal or comparable quality, the Commissioner may acquire acceptable replacement Product of lesser or greater quality.

Such purchases may be deducted from the Contract quantity without penalty or liability to the State. The Commissioner agrees that Authorized Users shall accept allocated performance or deliveries during a period where Contractor is making good faith efforts to cure a material breach.

**b. Withhold Payment** In any case where a reasonable question of material, unsecured non-performance by Contractor arises, payment may be withheld in whole or in part at the discretion of the Commissioner. Should Contractor and the Commissioner fail to agree upon the question of "materiality" in an instance of non-performance, such failure to agree shall be a dispute to be resolved in accordance with the OGS Dispute Resolution Procedures.

**c. Bankruptcy** In the event that the Contractor files, or there is filed against Contractor, a petition under the U.S. Bankruptcy Code during the term of this Centralized Contract, Authorized Users may, at their discretion, make application to exercise their right to set-off against monies due the debtor or, under the doctrine of recoupment, be credited the amounts owed by the Contractor arising out of the same transactions.

**d. Reimbursement of Costs Incurred** The Contractor agrees to reimburse the Authorized User promptly for any and all additional costs and expenses incurred for acquiring acceptable replacement Product. Should the cost of cover be less than the Contract price, the Contractor shall have no claim to the difference. The Contractor covenants and agrees that in the event suit is successfully prosecuted

for any default on the part of the Contractor, all costs and expenses, including reasonable attorney's fees, shall be paid by the Contractor.

Where the Contractor fails to timely deliver pursuant to the guaranteed delivery terms of the Contract, the ordering Authorized User may obtain replacement Product temporarily and the cost of the replacement Product shall be deducted from the Contract quantity without penalty or liability to the State.

**e. Deduction/Credit** Sums due as a result of these remedies may be deducted or offset by the Authorized User from payments due, or to become due, the Contractor on the same or another transaction. If no deduction or only a partial deduction is made in such fashion the Contractor shall pay to the Authorized User the amount of such claim or portion of the claim still outstanding, on demand. The Commissioner reserves the right to determine the disposition of any rebates, settlements, restitution, damages, etc., that arise from the administration of the Contract.

**52. ASSIGNMENT OF CLAIM** Contractor hereby assigns to the State any and all claims for overcharges associated with this Contract that may arise under the antitrust laws of the United States, 15 USC Section 1, et seq. and the antitrust laws of the State of New York, General Business Law Section 340, et seq.

**53. TOXIC SUBSTANCES** Each Contractor furnishing a toxic substance, as defined by Section 875 of the Labor Law, shall provide such Authorized User with not less than two copies of a Material Safety Data Sheet, which sheet shall include for each such substance the information outlined in Section 876 of the Labor Law.

Before any chemical product is used or applied on or in any building, a copy of the product label and Material Safety Data Sheet must be provided to and approved by the Authorized User representative.

**54. INDEPENDENT CONTRACTOR** It is understood and agreed that the legal status of the Contractor, its Subcontractors, agents, officers and employees under this Contract is that of an independent contractor, and in no manner shall they be deemed employees of the Authorized User, and therefore are not entitled to any of the benefits associated with such employment.

**55. SECURITY** Contractor warrants, covenants and represents that it will comply fully with all security procedures of the Authorized User(s) in performance of the Contract including but not limited to physical, facility, documentary and cyber security rules, procedures and protocols.

**56. COOPERATION WITH THIRD PARTIES** The Contractor shall be responsible for fully cooperating with any third party, including but not limited to other Contractors or Subcontractors of the Authorized User, as necessary to ensure delivery or performance of Product.

**57. CONTRACT TERM - RENEWAL** In addition to any stated renewal periods in the Contract, any Contract or unit portion thereof let by the Commissioner may be extended by mutual agreement of the Commissioner and the Contractor for an additional period(s) of up to one year. Such extension may be exercised on a month-to-month basis or in other stated periods of time during the one year extension.

**58. WARRANTIES**

**a. Product Performance** Contractor hereby warrants and represents that the Products acquired by the Authorized User under this Contract conform to the manufacturer's specifications, performance standards and Documentation and that the  
MAY 2015

Documentation fully describes the proper procedure for using the Products.

**b. Title and Ownership** Contractor warrants and represents that it has (i) full ownership, clear title free of all liens, or (ii) the right to transfer or deliver specified license rights to any Products acquired by Authorized User under this Contract. Contractor shall be solely liable for any costs of acquisition associated therewith. Contractor shall indemnify Authorized Users and hold Authorized Users harmless from any damages and liabilities (including reasonable attorneys' fees and costs) arising from any breach of Contractor's warranties as set forth herein.

**c. Product Warranty** Contractor further warrants and represents that Products, components or parts specified and furnished by or through Contractor, whether specified and furnished individually or as a system, shall be free from defects in material and workmanship and will conform to all requirements of the Contract for the manufacturer's standard commercial warranty period, if applicable, or for a minimum of one (1) year from the date of acceptance, whichever is longer (the "Product warranty period").

During the Product warranty period, defects in the materials or workmanship of Products, components, or parts specified and furnished by or through Contractor, whether specified and furnished individually or as a system, shall be repaired or replaced by Contractor at no cost or expense to the Authorized User. Contractor shall extend the Product warranty period for individual Products, or for the system as a whole, as applicable, by the cumulative periods of time, after notification, during which an individual Product, or the system as a whole, requires repairs or replacement resulting in down time or is in the possession of the Contractor, its agents, officers, Subcontractors, distributors, resellers or employees ("extended warranty").

Any component or part replaced by the Contractor under the Contract warranties shall be guaranteed for the greater of: (i) the Product warranty period set forth herein; or (ii) the manufacturer's standard commercial warranty period offered for the component or part, if applicable.

All costs for materials, labor, and transportation incurred to repair or replace Products, parts, components, or systems as a whole during the warranty period shall be borne solely by the Contractor, and the State or Authorized User shall in no event be liable or responsible therefor.

Where Contractor, the independent software vendor (ISV), or other third-party manufacturer markets any Product delivered by or through Contractor with a standard commercial warranty, such standard warranty shall be in addition to, and not relieve the Contractor from, Contractor's warranty obligations during the Product warranty and extended warranty periods. Where such standard commercial warranty covers all or some of the Product warranty or extended warranty periods, Contractor shall be responsible for the coordination during the Product warranty or extended warranty periods with ISV or other third-party manufacturers for warranty repair or replacement of ISV or other third-party manufacturer's Product.

Where Contractor, ISV or other third-party manufacturer markets any Product with a standard commercial warranty that goes beyond the Product warranty or extended warranty periods, Contractor shall notify the Authorized User and pass through the standard commercial warranty to Authorized User at no additional charge; provided, however, that Contractor shall not be responsible for coordinating services under the standard commercial warranty after expiration of the Product warranty and extended warranty periods.

Unless recycled, recyclable, or recovered materials are available in accordance with the Remanufactured, Recycled, Recyclable or Recovered Materials clause, Product offered shall be standard new equipment, current model or most recent release of regular stock product with all parts regularly used with the type of equipment offered. Contractor further warrants and represents that no component or part has been substituted or applied contrary to the manufacturer's recommendations and standard practice.

Contractor shall not be responsible for any modification of the Products made by an Authorized User without Contractor's approval.

**d. Virus Warranty** The Contractor represents and warrants that any Licensed Software acquired under the Contract by the Authorized User does not contain any known Viruses. Contractor is not responsible for Viruses introduced at Licensee's Site.

**e. Date/Time Warranty** Contractor warrants that Product furnished pursuant to this Contract shall, when used in accordance with the Product Documentation, be able to accurately process date/time data (including, but not limited to, calculating, comparing, and sequencing) transitions, including leap year calculations. Where a Contractor proposes or an acquisition requires that specific Products must perform as a package or system, this warranty shall apply to the Products as a system.

Where Contractor is providing ongoing services, including but not limited to: (i) consulting, integration, code or data conversion, (ii) maintenance or support services, (iii) data entry or processing, or (iv) contract administration services (e.g., billing, invoicing, claim processing), Contractor warrants that services shall be provided in an accurate and timely manner without interruption, failure or error due to the inaccuracy of Contractor's business operations in processing date/time data (including, but not limited to, calculating, comparing, and sequencing) various date/time transitions, including leap year calculations. Contractor shall be responsible for damages resulting from any delays, errors or untimely performance resulting therefrom, including but not limited to the failure or untimely performance of such services.

**f. Workmanship Warranty** Contractor warrants that the services acquired under this Contract will be provided in a professional and workmanlike manner in accordance with industry standards. The Authorized User must notify Contractor of any services warranty deficiencies within ninety calendar days from performance of the services that gave rise to the warranty claim.

**g. Survival of Warranties** All warranties contained in this Contract shall survive the termination of this Contract.

**h. Prompt Notice of Breach** The Authorized User shall promptly notify the Contractor and the Commissioner in writing of any claim of breach of any warranty provided herein.

**i. Additional Warranties** Where Contractor, Product manufacturer or service provider generally offers additional or more advantageous warranties than those set forth herein, Contractor shall offer or pass through any such warranties to Authorized Users.

**j. No Limitation of Rights** The rights and remedies of the State and the Authorized Users provided in this clause are in addition to and do not limit any rights afforded to the State and the Authorized Users by any other clause of the Contract.

**59. LEGAL COMPLIANCE** Contractor represents and warrants that it shall secure all notices and comply with all applicable laws,

ordinances, rules and regulations of any governmental entity in conjunction with the performance of obligations under the Contract. Prior to award and during the Contract term and any renewals thereof, Contractor must establish to the satisfaction of the Commissioner that it meets or exceeds all requirements of the Solicitation and Contract and any applicable laws, including but not limited to, permits, licensing, and shall provide such proof as required by the Commissioner. Failure to comply or failure to provide proof may constitute grounds for the Commissioner to terminate or suspend the Contract, in whole or in part, or to take any other action deemed necessary by the Commissioner. Contractor also agrees to disclose information and provide affirmations and certifications to comply with Sections 139-j and 139-k of the State Finance Law.

**60. INDEMNIFICATION** Contractor shall be fully liable for the actions of its agents, employees, partners or Subcontractors and shall fully defend, indemnify and hold harmless the Authorized Users from suits, actions, damages and costs of every name and description relating to personal injury and damage to real or personal tangible property caused by any intentional act or negligence of Contractor, its agents, employees, partners or Subcontractors, which shall arise from or result directly or indirectly from this Contract, without limitation; provided, however, that the Contractor shall not indemnify to the extent any claim, loss or damage arising hereunder solely due to the negligent act, failure to act, gross negligence or willful misconduct of the Authorized Users.

The Authorized User shall give Contractor: (i) prompt written notice of any action, claim or threat of suit, or other suit for which Contractor is required to fully indemnify an Authorized User, (ii) the opportunity to take over, settle or defend such action, claim or suit at Contractor's sole expense, and (iii) assistance in the defense of any such action, claim or suit at the expense of Contractor. Notwithstanding the foregoing, the State reserves the right to join such action, at its sole expense, if it determines there is an issue involving a significant public interest.

In the event that an action or proceeding at law or in equity is commenced against the Authorized User arising out of a claim for death, personal injury or damage to real or personal tangible property caused by any intentional or willful act, gross negligence, or negligence of Contractor, its agents, employees, partners or Subcontractors, which shall arise from or result directly or indirectly from the Products supplied under this Contract, and Contractor is of the opinion that the allegations in such action in whole or in part are not covered by the indemnification and defense provisions set forth in the Contract, Contractor shall immediately notify the Authorized User and the New York State Office of the Attorney General in writing and shall specify to what extent Contractor believes it is obligated to defend and indemnify under the terms and conditions of the Contract and to what extent it is not so obligated to defend and indemnify. Contractor shall in such event attempt to secure a continuance to permit the State and the Authorized User to appear and defend their interests in cooperation with Contractor, as is appropriate, including any jurisdictional defenses the State and Authorized User may have. In the event of a dispute regarding the defense, the Contractor and the Attorney General shall try to reach an amicable resolution, but the Attorney General shall have the final determination on such matters.

**61. INDEMNIFICATION RELATING TO INFRINGEMENT** The Contractor will also defend, indemnify and hold the Authorized Users harmless from and against any and all damages, expenses (including reasonable attorneys' fees), claims, judgments, liabilities and costs in any action for infringement of a patent, copyright, trademark, trade secret or other proprietary right provided: (a) such claim arises solely out of the Products as supplied by the Contractor,

and not out of any modification to the Products made by the Authorized User or by someone other than Contractor at the direction of the Authorized User without Contractor's approval, and (b) Authorized User gives Contractor prompt written notice of any such action, claim suit or threat of suit alleging infringement.

The Authorized User shall give Contractor the opportunity to take over, settle or defend such action, claim or suit at Contractor's sole expense, and to provide assistance in the defense of any such action, claim or suit at the expense of Contractor.

Such indemnity shall only be applicable in the event of claims, judgments, liabilities and/or costs that may be finally assessed against an Authorized User in any action for infringement of a patent, or of any copyright, trademark, trade secret or other third party proprietary right except to the extent such claims, judgments, liabilities and/or costs arise solely from the Authorized User's negligent act, failure to act, gross negligence or willful misconduct.

If usage of a Product shall be enjoined for any reason or if Contractor believes that it may be enjoined, Contractor shall have the right, at its own expense and sole discretion to take action in the following order of precedence: (i) to procure for the Authorized User the right to continue usage (ii) to modify the service or Product so that usage becomes non-infringing, and is of at least equal quality and performance; or (iii) to replace such Product or parts thereof, as applicable, with non-infringing Product of at least equal quality and performance. If the above remedies are not available, the parties shall terminate the Contract, in whole or in part as necessary and applicable, provided that the Authorized User is given a refund for any amounts paid for the period during which usage was not feasible.

In the event that an action at law or in equity is commenced against the Authorized User arising out of a claim that the Authorized User's use of the Product under the Contract infringes any patent, copyright, trademark, trade secret or proprietary right, and Contractor is of the opinion that the allegations in such action in whole or in part are not covered by the indemnification and defense provisions set forth in the Contract, Contractor shall immediately notify the Authorized User and the New York State Office of the Attorney General in writing and shall specify to what extent Contractor believes it is obligated to defend and indemnify under the terms and conditions of the Contract and to what extent it is not so obligated to defend and indemnify. Contractor shall in such event protect the interests of the Authorized User and seek to secure a continuance to permit the Authorized User to appear and defend their interests in cooperation with Contractor, as is appropriate, including any jurisdictional defenses the Authorized User may have. This constitutes the Authorized User's sole and exclusive remedy for patent infringement, or for infringement of any other third party proprietary right.

**62. LIMITATION OF LIABILITY** Except as otherwise set forth in the Indemnification clause and the Indemnification Relating to Infringement clause, the limit of liability shall be as follows:

**a.** Contractor's liability for any claim, loss or liability arising out of, or connected with the Products provided, and whether based upon default, or other liability such as breach of contract, warranty, negligence, misrepresentation or otherwise, shall in no case exceed direct damages in: (i) an amount equal to two (2) times the charges specified in the Purchase Order for the Products forming the basis of the Authorized User's claim or (ii) five hundred thousand dollars (\$500,000), whichever is greater.

**b.** The Authorized User may retain such monies from any amount due Contractor as may be necessary to satisfy any claim for damages, MAY 2015

costs and the like asserted against the Authorized User unless Contractor at the time of the presentation of claim shall demonstrate to the Authorized User's satisfaction that sufficient monies are set aside by the Contractor in the form of a bond or through insurance coverage to cover associated damages and other costs.

**c.** Notwithstanding the above, neither the Contractor nor the Authorized User shall be liable for any consequential, indirect or special damages of any kind which may result directly or indirectly from such performance, including, without limitation, damages resulting from loss of use or loss of profit by the Authorized User, the Contractor, or by others.

### **THE FOLLOWING CLAUSES PERTAIN TO TECHNOLOGY & NEGOTIATED CONTRACTS**

**64. SOFTWARE LICENSE GRANT** Where Product is acquired on a licensed basis the following shall constitute the license grant:

**a. License Scope** Licensee is granted a non-exclusive, perpetual license to use, execute, reproduce, display, perform, or merge the Product within its business enterprise in the United States up to the maximum licensed capacity stated on the Purchase Order. Product may be accessed, used, executed, reproduced, displayed or performed up to the capacity measured by the applicable licensing unit stated on the Purchase Order (i.e., payroll size, number of employees, CPU, MIPS, MSU, concurrent user, workstation). Licensee shall have the right to use and distribute modifications or customizations of the Product to and for use by any Authorized Users otherwise licensed to use the Product, provided that any modifications, however extensive, shall not diminish Licensor's proprietary title or interest. No license, right or interest in any trademark, trade name, or service mark is granted hereunder.

**b. License Term** The license term shall commence upon the License Effective Date, provided, however, that where an acceptance or trial period applies to the Product, the license term shall be extended by the time period for testing, acceptance or trial.

**c. Licensed Documentation** If commercially available, Licensee shall have the option to require the Contractor to deliver, at Contractor's expense: (i) one (1) hard copy and one (1) master electronic copy of the Documentation in a mutually agreeable format; (ii) hard copy instructions for access by downloading from the Internet; and (iii) hard copies of the Product Documentation by type of license in the following amounts, unless otherwise mutually agreed:

- Individual/Named User License - one (1) copy per License
- Concurrent Users - 10 copies per Site

- Processing Capacity - 10 copies per Site

Software media must be in a format specified by the Authorized User, without requiring any type of conversion.

Contractor hereby grants to Licensee a perpetual license right to make, reproduce (including downloading electronic copies of the Product) and distribute, either electronically or otherwise, copies of Product Documentation as necessary to enjoy full use of the Product in accordance with the Terms of License.

**d. Product Technical Support & Maintenance** Licensee shall have the option of electing the Product technical support and maintenance (“maintenance”) set forth in the Contract by giving written notice to Contractor any time during the Centralized Contract term. Maintenance terms and any renewals thereof are independent of the expiration of the Centralized Contract term and shall not automatically renew.

Maintenance shall include, at a minimum, (i) the provision of Error Corrections, updates, enhancements, revisions, fixes, upgrades and New Licensed Software Releases to Licensee, and (ii) help desk assistance with locally accessible “800” or toll free, local telephone service, or alternatively on-line help desk accessibility. Contractor shall maintain the Product so as to provide Licensee with the ability to utilize the Product in accordance with the Product Documentation without significant functional downtime to its ongoing business operations during the technical support/maintenance term.

Authorized User shall not be required to purchase maintenance for use of Product, and may discontinue maintenance at the end of any current maintenance term upon notice to Contractor. In the event that Authorized User does not initially acquire or discontinues maintenance of licensed Product, it may, at any time thereafter, reinstate maintenance for Product without any additional penalties or other charges, by paying Contractor the amount which would have been due under the Contract for the period of time that such maintenance had lapsed, at then current NYS net maintenance rates.

**e. Permitted License Transfers** As Licensee’s business operations may be altered, expanded or diminished, licenses granted hereunder may be transferred or combined for use at an alternative or consolidated Site not originally specified in the license, including transfers between Agencies (“permitted license transfers”). Licensee(s) do not have to obtain the approval of Contractor for permitted license transfers, but must give thirty (30) days prior written notice to Contractor of such move(s) and certify in writing that the Product is not in use at the prior Site. There shall be no additional license or other transfer fees due Contractor, provided that: (i) the maximum capacity of the consolidated machine is equal to the combined individual license capacity of all licenses running at the consolidated or transferred Site (e.g., named users, seats, or MIPS); or (ii) if the maximum capacity of the consolidated machine is greater than the individual license capacity being transferred, a logical or physical partition or other means of restricting access will be maintained within the computer system so as to restrict use and access to the Product to that unit of licensed capacity solely dedicated to beneficial use for Licensee. In the event that the maximum capacity of the consolidated machine is greater than the combined individual license capacity of all licenses running at the consolidated or transferred Site, and a logical or physical partition or other means of restricting use is not available, the fees due Contractor shall not exceed the fees otherwise payable for a single license for the upgrade capacity.

**f. Restricted Use By Outsourcers, Facilities Management, Service Bureaus, or Other Third Parties** Outsourcers, facilities management or service bureaus retained by Licensee shall have the right to use the Product to maintain Licensee’s business operations, including data processing, for the time period that they are engaged in such activities, provided that: (i) Licensee gives notice to Contractor of such party, site of intended use of the Product, and means of access; and (ii) such party has executed, or agrees to execute, the Product manufacturer’s standard nondisclosure or restricted use agreement which executed agreement shall be accepted by the Contractor (“Non-Disclosure Agreement”); and (iii) if such party is engaged in the business of facility management, outsourcing, service bureau or other services, such third party will maintain a logical or physical partition within its computer system so as to restrict use and access to the program to that portion solely dedicated to beneficial use for Licensee. In no event shall Licensee assume any liability for third party’s compliance with the terms of the Non-Disclosure Agreement, nor shall the Non-Disclosure Agreement create or impose any liabilities on the State or Licensee.

Any third party with whom a Licensee has a relationship for a State function or business operation, shall have the temporary right to use Product (e.g., JAVA Applets), provided that such use shall be limited to the time period during which the third party is using the Product for the function or business activity.

**g. Archival Back-Up and Disaster Recovery** Licensee may use and copy the Product and related Documentation in connection with: (i) reproducing a reasonable number of copies of the Product for archival backup and disaster recovery procedures in the event of destruction or corruption of the Product or disasters or emergencies that require Licensee to restore backups or to initiate disaster recovery procedures for its platform or operating systems; (ii) reproducing a reasonable number of copies of the Product and related Documentation for cold site storage. The phrase “cold site” storage shall be defined as a restorable back-up copy of the Product not to be installed until and after the declaration by the Licensee of a disaster; (iii) reproducing a back-up copy of the Product to run for a reasonable period of time in conjunction with a documented consolidation or transfer otherwise allowed herein. “Disaster Recovery” shall be defined as the installation and storage of Product in ready-to-execute, back-up computer systems prior to disaster or breakdown which is not used for active production or development.

**h. Confidentiality Restrictions** The Product is a trade secret, copyrighted and proprietary product. Licensee and its employees will keep the Product strictly confidential, and Licensee will not disclose or otherwise distribute or reproduce any Product to anyone other than as authorized under the terms of Contract. Licensee will not remove or destroy any proprietary markings of Contractor.

**i. Restricted Use by Licensee** Except as expressly authorized by the Terms of License, Licensee shall not: (i) copy the Product; (ii) cause or permit reverse compilation or reverse assembly of all or any portion of the Product; or (iii) export the Licensed Software in violation of any U.S. Department of Commerce export administration regulations.

**65. PRODUCT ACCEPTANCE** Unless otherwise provided by mutual agreement of the Authorized User and the Contractor, an Authorized User shall have thirty (30) days from the date of delivery to accept hardware Products and sixty (60) days from the date of delivery to accept all other Product. Where the Contractor is responsible for installation, acceptance shall be from completion of installation. Title or other property interest and risk of loss shall not pass from Contractor to the Authorized User until the Products have

been accepted. Failure to provide notice of acceptance or rejection or a deficiency statement to the Contractor by the end of the period provided for under this clause constitutes acceptance by the Authorized User as of the expiration of that period. The license term shall be extended by the time periods allowed for trial use, testing and acceptance unless the Commissioner or Authorized User agrees to accept the Product at completion of trial use.

Unless otherwise provided by mutual agreement of the Authorized User and the Contractor, Authorized User shall have the option to run testing on the Product prior to acceptance, such tests and data sets to be specified by Authorized User. Where using its own data or tests, Authorized User must have the tests or representative set of data available upon delivery. This demonstration will take the form of a documented installation test, capable of observation by the Authorized User, and shall be made part of the Contractor's standard documentation. The test data shall remain accessible to the Authorized User after completion of the test.

In the event that the documented installation test cannot be completed successfully within the specified acceptance period, and the Contractor or Product is responsible for the delay, Authorized User shall have the option to cancel the order in whole or in part, or to extend the testing period for an additional thirty (30) day increment. Authorized User shall notify Contractor of acceptance upon successful completion of the documented installation test. Such cancellation shall not give rise to any cause of action against the Authorized User for damages, loss of profits, expenses, or other remuneration of any kind.

If the Authorized User elects to provide a deficiency statement specifying how the Product fails to meet the specifications within the testing period, Contractor shall have thirty (30) days to correct the deficiency, and the Authorized User shall have an additional sixty (60) days to evaluate the Product as provided herein. If the Product does not meet the specifications at the end of the extended testing period, Authorized User, upon prior written notice to Contractor, may then reject the Product and return all defective Product to Contractor, and Contractor shall refund any monies paid by the Authorized User to Contractor therefor. Costs and liabilities associated with a failure of the Product to perform in accordance with the functionality tests or product specifications during the acceptance period shall be borne fully by Contractor to the extent that said costs or liabilities shall not have been caused by negligent or willful acts or omissions of the Authorized User's agents or employees. Said costs shall be limited to the amounts set forth in the Limitation of Liability clause for any liability for costs incurred at the direction or recommendation of Contractor. When Product is not accepted, it must be removed by the Contractor from the premises of the Authorized User within ten calendar days of notification of non-acceptance by the Authorized User. Rejected items not removed by the Contractor within the ten calendar day period shall be regarded as abandoned by the Contractor and the Authorized User shall have the right to dispose of Product as its own property. The Contractor shall promptly reimburse the Authorized User for any costs incurred in storage or effecting removal or disposition after the ten calendar day period.

**66. AUDIT OF LICENSED PRODUCT USAGE** Contractor shall have the right to periodically audit, no more than annually, at Contractor's expense, use of licensed Product at any Site where a copy of the Product resides provided that: (i) Contractor gives Licensee at least thirty (30) days advance written notice, (ii) such audit is conducted during such party's normal business hours, (iii) the audit is conducted by an independent auditor chosen on mutual agreement of the parties. Contractor shall recommend a minimum of three (3) auditing/accounting firms from which the Licensee will select one (1). In no case shall the Business Software Alliance (BSA), Software MAY 2015

Publishers Association (SPA), Software and Industry Information Association (SIIA) or Federation Against Software Theft (FAST) be used directly or indirectly to conduct audits, or be recommended by Contractor; (iv) Contractor and Licensee are each entitled to designate a representative who shall be entitled to participate, and who shall mutually agree on audit format, and simultaneously review all information obtained by the audit. Such representatives also shall be entitled to copies of all reports, data or information obtained from the audit; and (v) if the audit shows that such party is not in compliance, Licensee shall be required to purchase additional licenses or capacities necessary to bring it into compliance and shall pay for the unlicensed capacity at the net pricing in effect under the Contract at time of audit, or if none, then at the Contractor's U.S. commercial list price. Once such additional licenses or capacities are purchased, Licensee shall be deemed to have been in compliance retroactively, and Licensee shall have no further liability of any kind for the unauthorized use of the software.

## **67. OWNERSHIP/TITLE TO PROJECT DELIVERABLES**

### **a. Definitions**

(i) For purposes of this clause, "Products." Deliverables furnished under this Contract by or through Contractor, including existing and custom Products, including, but not limited to: a) components of the hardware environment, b) printed materials (including but not limited to training manuals, system and user documentation, reports, drawings), whether printed in hard copy or maintained on diskette, CD, DVD or other electronic media c) third party software, d) modifications, customizations, custom programs, program listings, programming tools, data, modules, components, and e) any properties embodied therein, whether in tangible or intangible form (including but not limited to utilities, interfaces, templates, subroutines, algorithms, formulas, Source Code, object code).

(ii) For purposes of this clause, "Existing Products." Tangible Products and intangible licensed Products that exist prior to the commencement of work under the Contract. Contractor bears the burden of proving that a particular product was in existence prior to the commencement of the Project.

(iii) For purposes of this clause, "Custom Products." Products, preliminary, final or otherwise, which are created or developed by Contractor, its Subcontractors, partners, employees or agents for Authorized User under the Contract.

**b. Title to Project Deliverables** Contractor acknowledges that it is commissioned by the Authorized User to perform the services detailed in the Purchase Order. Unless otherwise specified in writing in the Solicitation or Purchase Order, the Authorized User shall have ownership and license rights as follows:

#### **(i) Existing Products:**

**1. Hardware** - Title and ownership of Existing Hardware Product shall pass to Authorized User upon acceptance.

**2. Software** - Title and ownership to Existing Software Products delivered by Contractor under the Contract that is normally commercially distributed on a license basis by the Contractor or other independent software vendor proprietary owner ("Existing Licensed Product"), whether or not embedded in, delivered or operating in conjunction with hardware or Custom Products, shall remain with Contractor or the proprietary owner of other independent software vendor(s) (ISV). Effective upon acceptance, such Product shall be licensed to Authorized User in accordance with the Contractor or ISV owner's standard license agreement, provided, however, that such standard license, must, at a minimum: (a) grant Authorized User a non-exclusive, perpetual license to use, execute, reproduce, display, perform, adapt (unless Contractor advises Authorized User as part of Contractor's proposal that adaptation will violate existing agreements

or statutes and Contractor demonstrates such to the Authorized User's satisfaction) and distribute Existing Licensed Product to the Authorized User up to the license capacity stated in the Purchase Order or work order with all license rights necessary to fully effect the general business purposes stated in the Solicitation or Authorized User's Purchase Order or work order, including the financing assignment rights set forth in paragraph (c) below; and (b) recognize the State of New York as the Licensee where the Authorized User is a State Agency, department, board, commission, office or institution. Where these rights are not otherwise covered by the ISV's owner's standard license agreement, the Contractor shall be responsible for obtaining these rights at its sole cost and expense. The Authorized User shall reproduce all copyright notices and any other legend of ownership on any copies authorized under this clause.

**(ii) Custom Products:** Effective upon creation of Custom Products, Contractor hereby conveys, assigns and transfers to Authorized User the sole and exclusive rights, title and interest in Custom Product(s), whether preliminary, final or otherwise, including all trademark and copyrights. Contractor hereby agrees to take all necessary and appropriate steps to ensure that the Custom Products are protected against unauthorized copying, reproduction and marketing by or through Contractor, its agents, employees, or Subcontractors. Nothing herein shall preclude the Contractor from otherwise using the related or underlying general knowledge, skills, ideas, concepts, techniques and experience developed under a Purchase Order, project definition or work order in the course of Contractor's business. Authorized User may, by providing written notice thereof to the Contractor, elect in the alternative to take a non-exclusive perpetual license to Custom Products in lieu of Authorized User taking exclusive ownership and title to such Products. In such case, Licensee on behalf of all Authorized Users shall be granted a non-exclusive perpetual license to use, execute, reproduce, display, perform, adapt and distribute Custom Product as necessary to fully effect the general business purpose(s) as stated in paragraph (b)(i)(2), above.

**c. Transfers or Assignments to a Third Party Financing Agent** It is understood and agreed by the parties that a condition precedent to the consummation of the purchases under the Contract may be the obtaining of acceptable third party financing by the Authorized User. The Authorized User shall make the sole determination of the acceptability of any financing proposal. The Authorized User will make all reasonable efforts to obtain such financing, but makes no representation that such financing has been obtained as of the date of Bid receipt. Where financing is used, Authorized User may assign or transfer its rights in Licensed Products (existing or custom) to a third party financing entity or trustee ("Trustee") as collateral where required by the terms of the financing agreement. Trustee's sole rights with respect to transferability or use of Licensed Products shall be to exclusively sublicense to Authorized User all of its Licensee's rights under the terms and conditions of the License Agreement; provided, further, however, in the event of any termination or expiration of such sublicense by reason of payment in full, all of Trustee's rights in such Licensed Product shall terminate immediately and Authorized User's prior rights to such Existing Licensed Product shall be revived.

**d. Sale or License of Custom Products Involving Tax-Exempt Financing (i.e., Certificates of Participation - COPS)** The Authorized User's sale or other transfer of Custom Products which were acquired by the Authorized User using third party, tax-exempt financing may not occur until such Custom Products are, or become, useable. In the event that the Contractor wishes to obtain ownership rights to Custom Product(s), the sale or other transfer shall be at fair market value determined at the time of such sale or other transfer, and must be pursuant to a separate written agreement in a form acceptable to the Authorized User which complies with the terms of this clause.

MAY 2015

**e. Contractor's Obligation with Regard to ISV (Third Party) Product** Where Contractor furnishes Existing Licensed Product(s) as a project deliverable, and sufficient rights necessary to effect the purposes of this section are not otherwise provided in the Contractor or ISV's standard license agreement, Contractor shall be responsible for obtaining from the ISV third party proprietary owner/developer the rights set forth herein to the benefit of the Authorized User at Contractor's sole cost and expense.

**68. PROOF OF LICENSE** The Contractor must provide to each Licensee who places a Purchase Order either: (i) the Product developer's certified License Confirmation Certificates in the name of such Licensee; or (ii) a written confirmation from the proprietary owner accepting Product invoice as proof of license. Contractor shall submit a sample certificate, or alternatively such written confirmation from the proprietary developer. Such certificates must be in a form acceptable to the Licensee.

**69. PRODUCT VERSION** Purchase Orders shall be deemed to reference Manufacturer's most recently released model or version of the Product at time of order, unless an earlier model or version is specifically requested in writing by Authorized User and Contractor is willing to provide such version.

**70. CHANGES TO PRODUCT OR SERVICE OFFERINGS**

**a. Product or Service Discontinuance** Where Contractor is the Product Manufacturer/Developer, and Contractor publicly announces to all U.S. customers ("date of notice") that a Product is being withdrawn from the U.S. market or that maintenance service or technical support provided by Contractor ("withdrawn support") is no longer going to be offered, Contractor shall be required to: (i) notify the Commissioner, each Licensee and each Authorized User then under contract for maintenance or technical support in writing of the intended discontinuance; and (ii) continue to offer Product or withdrawn support upon the Contract terms previously offered for the greater of: (a) the best terms offered by Contractor to any other customer, or (b) not less than twelve (12) months from the date of notice; and (iii) at Authorized User's option, provided that the Authorized User is under contract for maintenance on the date of notice, either: provide the Authorized User with a Product replacement or migration path with at least equivalent functionality at no additional charge to enable Authorized User to continue use and maintenance of the Product.

In the event that the Contractor is not the Product Manufacturer, Contractor shall be required to: (i) provide the notice required under the paragraph above, to the entities described within five (5) business days of Contractor receiving notice from the Product Manufacturer, and (ii) include in such notice the period of time from the date of notice that the Product Manufacturer will continue to provide Product or withdraw support.

The provisions of this subdivision (a) shall not apply or eliminate Contractor's obligations where withdrawn support is being provided by an independent Subcontractor. In the event that such Subcontractor ceases to provide service, Contractor shall be responsible for subcontracting such service, subject to State approval, to an alternate Subcontractor.

**b. Product or Service Re-Bundling** In the event that Contractor is the Product manufacturer and publicly announces to all U.S. customers ("date of notice") that a Product or maintenance or technical support offering is being re-bundled in a different manner from the structure or licensing model of the prior U.S. commercial offering, Contractor shall be required to: (i) notify the State and each Authorized User in writing

of the intended change; (ii) continue to provide Product or withdrawn support upon the same terms and conditions as previously offered on the then-current NYS Contract for the greater of: (a) the best terms offered by Contractor to any other customer, or (b) not less than twelve (12) months from the date of notice; and (iii) shall submit the proposed rebundling change to the Commissioner for approval prior to its becoming effective for the remainder of the Contract term. The provisions of this section do not apply if the Contractor is not the Product manufacturer.

#### **71. NO HARDSTOP/PASSIVE LICENSE MONITORING**

Unless an Authorized User is otherwise specifically advised to the contrary in writing at the time of order and prior to purchase, Contractor hereby warrants and represents that the Product and all upgrades do not and will not contain any computer code that would disable the Product or upgrades or impair in any way its operation based on the elapsing of a period of time, exceeding an authorized number of copies, advancement to a particular date or other numeral, or other similar self-destruct mechanisms (sometimes referred to as “time bombs,” “time locks,” or “drop dead” devices) or that would permit Contractor to access the Product to cause such disablement or impairment (sometimes referred to as a “trap door” device). Contractor agrees that in the event of a breach or alleged breach of this provision that Authorized User shall not have an adequate remedy at law, including monetary damages, and that Authorized User shall consequently be entitled to seek a temporary restraining order, injunction, or other form of equitable relief against the continuance of such breach, in addition to any and all remedies to which Authorized User shall be entitled.

#### **72. SOURCE CODE ESCROW FOR LICENSED PRODUCT**

If Source Code or Source Code escrow is offered by either Contractor or Product manufacturer or developer to any other commercial customers, Contractor shall: (i) provide Licensee with the Source Code for the Product; or (ii) place the Source Code in a third party escrow arrangement with a designated escrow agent who shall be named and identified to the State, and who shall be directed to release the deposited Source Code in accordance with a standard escrow agreement acceptable to the State; or (iii) certify to the State that the Product manufacturer/developer has named the State, acting by and through the Authorized User, and the Licensee, as a named beneficiary of an established escrow arrangement with its designated escrow agent who shall be named and identified to the State and Licensee, and who shall be directed to release the deposited Source Code in accordance with the terms of escrow. Source Code, as well as any corrections or enhancements to such Source Code, shall be updated for each new release of the Product in the same manner as provided above and such updating of escrow shall be certified to the State in writing. Contractor shall identify the escrow agent upon commencement of the Contract term and shall certify annually that the escrow remains in effect in compliance with the terms of this clause.

The State may release the Source Code to Licensees under this Contract who have licensed Product or obtained services, who may use such copy of the Source Code to maintain the Product.

## **Appendix C: Number 3: Insurance Requirements**

During the term of this Contract, the Contractor shall maintain in force, at its sole cost and expense, policies of insurance as required by this section. All insurance required by this section shall be written by companies that have an A.M. Best Company rating of "A-," Class "VII" or better. In addition, companies writing insurance intended to comply with the requirements of this section should be licensed or authorized by the New York State Department of Financial Services to issue insurance in the State of New York. OGS may, in its sole discretion, accept policies of insurance written by a non-authorized carrier or carriers when certificates and/or other policy documents are accompanied by a completed Excess Lines Association of New York (ELANY) affidavit or other documents demonstrating the company's strong financial rating. If, during the term of a policy, the carrier's A.M. Best rating falls below "A-," Class "VII", the insurance must be replaced, on or before the renewal date of the policy, with insurance that meets the requirements above.

The Contractor shall provide proof of compliance with the requirements set forth in this section for Contract renewal and upon request.

The Contractor shall deliver to OGS evidence of the insurance required by this Contract in a form satisfactory to OGS. Policies must be written in accordance with the requirements of the paragraphs below, as applicable. While acceptance of insurance documentation shall not be unreasonably withheld, conditioned or delayed, acceptance and/or approval by OGS does not, and shall not be construed to, relieve the Contractor of any obligations, responsibilities or liabilities under this Contract.

The Contractor shall not take any action, or omit to take any action that would suspend or invalidate any of the required coverages during the term of the Contract.

### **General Conditions**

**A. Applicable to Insurance.** All policies of insurance required by this section shall comply with the following requirements:

1. **Coverage Types and Policy Limits.** The types of coverage and policy limits required from the Contractor are specified in Paragraph B Insurance Requirements below.
2. **Policy Forms.** Except as otherwise specifically provided herein, or agreed to in the Contract, all policies of insurance required by this section shall be written on an occurrence basis.
3. **Certificates of Insurance/Notices.** The Contractor shall provide OGS with a Certificate or Certificates of Insurance, in a form satisfactory to OGS as detailed below (e.g., an ACORD certificate), after renewal or upon request. Certificates shall reference the award number and shall name The New York State Office of General Services, Procurement Services, 38th Floor, Corning Tower, Empire State Plaza, Albany, New York 12242 as the certificate holder.

Certificates of Insurance shall:

- Be in the form acceptable to OGS and in accordance with the New York State Insurance Law (e.g., an ACORD certificate);
- Disclose any deductible, self-insured retention, aggregate limit or exclusion to the policy that materially changes the coverage required by this Contract;
- Refer to this Contract by award number;
- Be signed by an authorized representative of the referenced insurance carriers; and
- Contain the following language in the Description of Operations / Locations / Vehicles section: The People of the State of New York, the New York State Office of General Services, any entity authorized by law or regulation to use the Contract and their officers, agents, and employees are included as an

additional insured on endorsement CG 20 10 11 85 (or endorsements that provide equivalent coverage, such as the combination of CG 20 10 04 13 (covering ongoing operations) and CG 20 37 04 13 (covering completed operations)), and General liability coverage is provided on the current edition of Commercial General Liability Coverage Form CG 00 01 (or a form that provides equivalent coverage). Additional insured protection afforded is on a primary and non-contributory basis. A waiver of subrogation is granted in favor of the additional insureds.

Only original documents (certificates of insurance and any endorsements and other attachments) or electronic versions of the same that can be directly traced back to the insurer, agent or broker via e-mail distribution or similar means will be accepted.

OGS generally requires Contractors to submit only certificates of insurance and additional insured endorsements, although OGS reserves the right to request other proof of insurance. Contractors are requested to refrain from submitting entire insurance policies, unless specifically requested by OGS. If an entire insurance policy is submitted but not requested, OGS shall not be obligated to review and shall not be chargeable with knowledge of its contents. In addition, submission of an entire insurance policy not requested by OGS does not constitute proof of compliance with the insurance requirements and does not discharge Contractors from submitting the requested insurance documentation.

4. **Primary Coverage.** All insurance policies shall provide that the required coverage shall be primary and non-contributory to other insurance available to the People of the State of New York, the New York State Office of General Services, any entity authorized by law or regulation to use the Contract and their officers, agents, and employees. Any other insurance maintained by the People of the State of New York, the New York State Office of General Services, any entity authorized by law or regulation to use the Contract and their officers, agents, and employees shall be excess of and shall not contribute with the Contractor's insurance.
5. **Breach for Lack of Proof of Coverage.** The failure to comply with the requirements of this section at any time during the term of the Contract shall be considered a breach of the terms of the Contract and shall allow the People of the State of New York, the New York State Office of General Services, any entity authorized by law or regulation to use the Contract and their officers, agents, and employees to avail themselves of all remedies available under the Contract or at law or in equity.
6. **Self-Insured Retention/Deductibles.** Certificates of Insurance must indicate the applicable deductibles/self-insured retentions for each listed policy. Deductibles or self-insured retentions above \$100,000.00 are subject to approval from OGS. Such approval shall not be unreasonably withheld, conditioned or delayed. The Contractor shall be solely responsible for all claim expenses and loss payments within the deductibles or self-insured retentions. If the Contractor is providing the required insurance through self-insurance, evidence of the financial capacity to support the self-insurance program along with a description of that program, including, but not limited to, information regarding the use of a third-party administrator shall be provided upon request.
7. **Subcontractors.** Prior to the commencement of any work by a Subcontractor, the Contractor shall require such Subcontractor to procure policies of insurance as required by this section and maintain the same in force during the term of any work performed by that Subcontractor.
8. **Waiver of Subrogation.** For the Commercial General Liability Insurance, Comprehensive Business Automobile Liability Insurance, and Garage Liability Insurance required below, the Contractor shall cause to be included in each of its policies insuring against loss, damage or destruction by fire or other insured casualty a waiver of its right of subrogation against OGS for claims related to Contractor's sole negligence, or, if such waiver is unobtainable (i) an express agreement that such policy shall not be invalidated if Contractor waives or has waived before the casualty, the right of recovery against OGS or (ii) any other form of permission for the release of OGS. A Waiver of Subrogation Endorsement shall be provided upon request. A blanket Waiver of Subrogation Endorsement evidencing such coverage is also acceptable. The Waiver of Subrogation required by this paragraph applies to all Options in Section (B), Insurance Requirements of this Appendix.

9. **Additional Insured.** For the Commercial General Liability Insurance, Comprehensive Business Automobile Liability Insurance, and Garage Liability Insurance required below, the Contractor shall cause to be included in each of its policies ISO form CG 20 10 11 85 (or a form or forms that provide equivalent coverage, such as the combination of CG 20 10 04 13 and CG 20 37 04 13), form CA 20 48 10 13 (or a form or forms that provide equivalent coverage), and form CA 00 05 (or a form or forms that provide equivalent coverage) naming as additional insureds: The People of the State of New York, the New York State Office of General Services, any entity authorized by law or regulation to use the Contract and their officers, agents, and employees. An Additional Insured Endorsement evidencing such coverage shall be provided to OGS after renewal and/or upon request. A blanket Additional Insured Endorsement evidencing such coverage is also acceptable. For Contractors who are self-insured, Contractor shall be obligated to defend and indemnify the above-named additional insureds with respect to Commercial General Liability, Comprehensive Business Automobile Liability, and Garage Liability Insurance in the same manner that Contractor would have been required to pursuant to this section had Contractor obtained such insurance policies.

As clarification, "The People of the State of New York" means the State of New York and its subsidiary governmental entities. This is the name in which the State, as a governmental entity, enters into contracts, takes title to property, and initiates legal actions. Using the term "People" does not mean that the insurer is insuring all residents of New York State; rather, it means that the State government is being insured.

10. **Excess/Umbrella Liability Policies.** Required insurance coverage limits may be provided through a combination of primary and excess/umbrella liability policies. If coverage limits are provided through excess/umbrella liability policies, then a Schedule of underlying insurance listing policy information for all underlying insurance policies (insurer, policy number, policy term, coverage and limits of insurance), including proof that the excess/umbrella insurance follows form must be provided after renewal and/or upon request.
11. **Notice of Cancellation or Non-Renewal.** Policies shall be written so as to include the requirements for notice of cancellation or non-renewal in accordance with the New York State Insurance Law. Within five (5) business days of receipt of any notice of cancellation or non-renewal of insurance, the Contractor shall provide OGS with a copy of any such notice received from an insurer together with proof of replacement coverage that complies with the insurance requirements of this Contract.
12. **Policy Renewal/Expiration.** Upon policy renewal/expiration, evidence of renewal or replacement of coverage that complies with the insurance requirements set forth in this Contract shall be delivered to OGS. If, at any time during the term of this Contract, the coverage provisions and limits of the policies required herein do not meet the provisions and limits set forth in this Contract, or proof thereof is not provided to OGS, the Contractor shall immediately cease work. The Contractor shall not resume work until authorized to do so by OGS.
13. **Deadlines for Providing Insurance Documents after Renewal or Upon Request.** As set forth herein, certain insurance documents must be provided to the OGS Procurement Services contact identified in the Contract Award Notice after renewal or upon request. This requirement means that the Contractor shall provide the applicable insurance document to OGS as soon as possible but in no event later than the following time periods:
- For certificates of insurance: 5 business days
  - For information on self-insurance or self-retention programs: 15 calendar days
  - For other requested documentation evidencing coverage: 15 calendar days
  - For additional insured and waiver of subrogation endorsements: 30 calendar days

Notwithstanding the foregoing, if the Contractor shall have promptly requested the insurance documents from its broker or insurer and shall have thereafter diligently taken all steps necessary to obtain such documents from its insurer and submit them to OGS, OGS shall extend the time period for a reasonable period under the circumstances, but in no event shall the extension exceed 30 calendar days.

## Appendix C: Number 4: *Contract Modification Procedure*

The following guidelines are subject to change at the discretion of OGS. A Contract Amendment requires a formally executed document by mutual agreement of the Parties, to be provided by OGS Contract Administrator, after submission and approval of the Contract Modification Form.

- (1) **TYPES OF CONTRACT MODIFICATIONS:** In order to expedite processing of a contract modification, where proposed changes involve more than one category below, each change should be submitted to OGS as a separate request.
  - a) **UPDATES:** "Updates" are changes that do not require a change to the established Centralized Contract terms and conditions. Updates may include: Centralized Contract changes and updates made in accordance with the previously approved pricing formula (e.g. discount from list price); adding new products or services within the established, previously approved pricing structure; lowering pricing of products or services already on Contract, deleting products or services available through the Centralized Contract, adding product or service that do not fall under the previously established price structure or discounts under the Contract, re-bundled products, and other updates not listed above that are deemed to be in the best interest of the State and do not result in a change to the established Centralized Contract terms and conditions. Updates must be submitted to OGS for review, and must be accompanied by a justification of reasonableness of price if the change results in a change in pricing methodology. OGS will notify Contractor in writing if approved.
  - b) **AMENDMENTS:** "Amendments" are changes that are not specifically covered by the terms and conditions of the Centralized Contract but inclusion is found to be in the best interest of the State. Requests for product changes and other requests that would require changes to the terms and conditions of the Centralized Contract would fall into the Amendments category. Contractor must provide a written justification of reasonableness of the price levels offered in the applicable Program Agreement and a statement explaining why it is in the best interest of the State to approve the requested amendment. Amendments typically require negotiation between OGS and the Contractor. OGS will work directly with the Contractor to obtain the required documentation for each requested amendment and notify Contractor in writing if approved.
- (2) **CONTRACTOR'S SUBMISSION OF CONTRACT MODIFICATIONS:** In connection with any Contract modification, OGS reserves the right to:
  - request additional information
  - reject Contract modifications
  - remove Products from Contract modification requests
  - request additional discounts for new or existing Products
- (3) **PRICE LEVEL JUSTIFICATION – FORMAT:** Contractor is required to submit the Product and price level information for the update in an Excel spreadsheet format electronically via e-mail (and in hard copy if requested by OGS) to the OGS Contract Administrator. The list must be dated. The Product and price level information should include and identify (e.g., by use of separate worksheets or by using italics, bold and/or color fonts):
  - Price level increases
  - Price level decreases
  - Products being added
- (4) **SUPPORTING DOCUMENTATION:** Each modification request must include the current contract pricing discount relevant to the Products included in the update.
- (5) **SUBMITTAL OF MODIFICATION REQUESTS:** A Contract modification request must be accompanied by a completed Contract Modification Form. Contractor should briefly describe the nature and purpose of the update (e.g., update requested in order to reflect a recently approved GSA schedule, to restructure the price level to its customers generally, and/or for new Products which fall into a new group or category that did not exist at the time of approval of the Contract by OGS). The Contract Modification Form must contain original signatures by an individual authorized to sign on behalf of Contractor and must be notarized.

## **Appendix C: Number 5: Vehicle Marketplace Forms**

The Contractor and Authorized Users, as applicable, shall use Form A (Class 3-8): *Mini-Bid Request*, Form B (Class 3-8): *Mini-Bid Response* and Form C (Class 3-8): *Mini-Bid Report of Use*, when utilizing the Vehicle Marketplace for the procurement of Vehicles under the Contract. The list of items for each Form on the following pages will be represented in an Excel form for use in the Vehicle Marketplace. OGS reserves the right to amend the list of items set forth in this Appendix in non-material and substantive ways without seeking a Contract amendment. The Vehicle Marketplace process steps will remain the same as described in Contract Section II.11 *Procurement Method*, Paragraph C *Vehicle Marketplace*.

## Group 40500-22904, VEHICLES, Class 3-8

### Form A (Class 3-8): *Mini-Bid Request*

This form is to be used by Authorized Users to request new Class 3 through Class 8 Vehicles via the Vehicle Marketplace. If your request is for a Vehicle with a GVWR of 10,000 lbs. or less, you must use Form A (Class 1-2): *Mini-Bid Request*, which may be downloaded from <http://vehicles.nyspro.ogs.ny.gov/content/vehicle-buyer-information>. Heavy Construction Equipment, School Buses and Transit Buses, as defined in the Contract Template, Section I.2 *Definitions*, are excluded from Award 22904.

A request may be submitted for a Chassis only, Body only, or Complete Vehicle (i.e., the Product that is the result of the Chassis and Body being joined together to form a Vehicle that is ready for use and requires no further manufacturing operations to perform its intended function). The Vehicles that may be provided under this award must be Class 3 through Class 8 (i.e., with a GVWR equal to or greater than 10,001 lbs.). Once you identify your purchase need and secure authorized approvals, complete the form to submit your request. A separate form must be filled out for each Vehicle Body type (e.g., dump trucks or box trucks). Vehicles that have the same Body type, but with different specifications (e.g., 1 ton dump trucks, each with different plow configurations), may be combined together in one request.

The Authorized User is responsible for providing specifications for the Vehicles requested. The request may be for either specific Vehicles (e.g., 2015 Ford F-550, Model Code F5G), or for any Vehicle that meets the specifications provided (e.g., "1 ton 4x4 dump truck"). Specifications may be submitted to the Vehicle Marketplace team in Excel, Word or PDF format, and will be included with the posting on the Vehicle Marketplace for Contractors to view.

At the discretion of the Authorized User, the Authorized User Specifications for the Vehicle identified on this form may be issued as a Request for Comment (RFC) and be posted on the Vehicle Marketplace website, prior to issuing a Mini-Bid, for the purpose of soliciting comments and suggestions from Contractors regarding said specifications.

Upon receipt of this form, OGS will review your request for completeness, assign an RFC or Mini-Bid Number, as applicable, and post information included on the form, and the Authorized User Specifications for the Vehicle, to the Vehicle Marketplace for Contractors to submit responses. OGS will contact you if we need additional information. For assistance in completing this form, please contact the Vehicle Marketplace team at [NYSPro.VehicleMarketPlace@ogs.ny.gov](mailto:NYSPro.VehicleMarketPlace@ogs.ny.gov).

**Delivery Allowance Schedule**

The following Delivery Allowance Schedule (DAS) indicates the maximum dollar amount that shall be paid for delivery of a Vehicle from the Delivery Origin to the applicable Region to which the Vehicles are delivered. A Contractor may include a Delivery Charge that is less than the Delivery Allowance in the response to a Mini-Bid. A response to a Mini-Bid that includes a Delivery Charge that exceeds the Delivery Allowance shall be rejected. The Region is determined by the New York State County in which the Delivery Origin is located. If the Delivery Origin is not located within the State of New York, then the Region utilized shall be the Region that is closest in distance to the Delivery Origin.

EXAMPLE: If the Delivery Origin is in Albany County (Region 3), and the delivery location is in Westchester County (Region 5), the Delivery Allowance is \$280. Each Contractor shall only be concerned with their particular region (i.e., if the Delivery Origin is in Region 1, the only row that shall be utilized is the first one).
