Rotary International is the world's largest service organization, and the only non-governmental organization with a seat at the UN. Our Arden Hills/Shoreview Rotary Club, one of some 30,000 clubs worldwide, is an active, enthusiastic group which meets weekly for breakfast and an informative presentation. We work on local and international projects, most of them youth-oriented, such as scholarships, student foreign exchange, and even a youth triathlon. It's a great group of local leaders who put "Service above Self" in action - Rotary's motto.
