**What is MetroLink?**

The purpose of MetroLink is to connect students with alumni, parents and friends of the College who can make connections in a career field in which they are interested in pursuing upon graduation. For over twenty years, MetroLink has made it possible for students to shadow professionals in Boston, New York, or Washington DC. The results have been fantastic...networking connections that have resulted in full time jobs, internships, and invaluable information and guidance that students cannot get anywhere else.

The program is competitive and we are looking for the best all-around students that Hartwick has to offer. With that stated, we are seeking highly dedicated students to be a part of this experience.
