# Coordination of Care and Release of Information between Suboxone/Vivitrol Provider and BH Provider

Communication between behavioral providers and your Suboxone/Vivitrol Prescribing Physician other Behavioral health providers and/or facilities is important to ensure that you receive comprehensive and quality health care. This form will allow your behavioral health provider to share protected health information (PHI) with your other provider. This information will not be released without your signed authorization. This PHI may include diagnosis, treatment plan, progress, and medication, if necessary.

### **Patient Rights**

• You may end this authorization (permission to use or disclose information) any time by contacting the practitioner's office.

• If you make a request to end this authorization, it will not include information that may have already been used or disclosed based on your previous permission. For more information about this and other rights, please see the applicable Notice of Privacy Practices.

• You have a right to a copy of this signed authorization.

### **Patient Authorization**

I hereby authorize the name(s) or entities written below to release verbally or in writing information regarding any medical, mental health and/or alcohol/drug abuse diagnosis or treatment recommended or rendered to the following identified patient. I understand that these records are protected by Federal and state laws governing the confidentiality of mental health and substance abuse records, and cannot be disclosed without my consent unless otherwise provided in the regulations. I also understand that I may revoke this consent at any time and must do so in writing. This consent expires in one year (12) months from the date of my signature below unless otherwise stated herein.
