RE: Edwina Benner Plaza – FY 2016-17 City of Sunnyvale Home Investment Partnerships  
Program (HOME) Affordable Housing Projects

Dear Suzanne,

MidPen Housing Corporation (MidPen) is pleased to submit the enclosed application in response to the request for proposals for the City of Sunnyvale HOME funds.

MidPen is one of the largest, most trusted developers and owners of high-quality affordable rental housing in Northern California. During the last forty years, we have developed over 7,000 affordable units in eleven counties, including over 3,400 units in the County of Santa Clara with an additional 58 units nearing completion in the City of Sunnyvale. Throughout this time MidPen has played a leading role in the growth of the affordable housing industry in California, consistently setting new standards for best practices in development, property management, and resident services.

The City of Sunnyvale has been a key partner to MidPen in producing critically-needed affordable housing opportunities for low-income families. This proposal for a new, 66-unit affordable housing development represents the continued effort to create affordable housing for working families in the Sunnyvale community. Edwina Benner Plaza is an exciting opportunity for low-income families to live near transit, employment opportunities, community amenities such as Seven Seas Park, and retail stores.

With this application, we respectfully request \$300,000 in HOME funds. Thank you for your consideration of our application. Should you or your staff have any questions about Edwina Benner Plaza, please feel free to contact me at (650) 356-2928 or by email at [mlewis@midpen-housing.org](mailto:mlewis@midpen-housing.org).

Sincerely,

Matthew Lewis  
Project Manager

## SECTION 2: EVIDENCE OF NEED FOR PROJECT

Complete this section accurately and completely. Use only the space provided.

### Part 1 – Priority Activities

Program Priorities/Goals: Identify one or more Consolidated Plan goals the proposed project will address, and explain how it will address these goals in Part 3 below.

For additional information, see the Sunnyvale Consolidated Plan online at:

**HUDPrograms.inSunnyvale.com**

#### **City of Sunnyvale Consolidated Plan**

- ☒ Goal A: Affordable Housing
- ☐ Goal B: Alleviation of Homelessness
- ☐ Goal C: Other Community Development Efforts
- ☐ Goal D: Expanding Economic Opportunities

### Part 2 – National Objective and Beneficiaries

A. Identify the method of determining the eligibility of your project, and **provide an explanation in the box below**. See page 2 of this RFP for definitions of these methods. For all affordable housing projects, you must select "Limited Clientele Activity".

1. Method of determining eligibility.

- ☐ Area benefit
- ☒ Limited Clientele Activity
- ☐ Job Creation

Construct, own, and manage affordable housing project.

B. Number of unduplicated Sunnyvale households (or individuals) to be served by the proposed capital project:

Column A	Column B	Column C
Total number of unduplicated households served	Number of unduplicated lower-income households to be served	*Percentage of lower-income households served (B/A=C)
Example: 500	350	70%
32	32	100%

### Part 3 – Demonstrated Need for Project

In the space below, provide a brief summary of **current** statistical data documenting the need for your proposed capital project. Include local Sunnyvale data as well as any relevant statistics collected by applicant. Provide sources for the information. Briefly explain the target population for the project, including demographics, and a typical client profile. Explain how your project's design will meet the needs you have described, and how it will achieve the Consolidated Plan goals you identified in Section 2, Part 1.

Edwina Benner Plaza is a 66 unit affordable housing property that will serve 65 low-income households in the City of Sunnyvale. Currently an underutilized commercial space in an Industrial to Resident Overlay Zone, the project will enhance this transforming neighborhood by providing high quality housing near transit and employment opportunities. The goal of the project is to construct affordable housing and enhance residents' quality of life with services and social programming on-site.

The proposed scope of work directly addresses the need for affordable housing in the City of Sunnyvale. According to the Sunnyvale FY 2015-2020 Consolidated Plan, there are several housing problems that the proposed project will address:

- 1) Housing unit lacking complete kitchen facilities
- 2) Housing unit lacking complete plumbing facilities
- 3) Household being overcrowded
- 4) Housing being cost burdened

Within the four housing problems identified, the vast majority are facing housing cost burdens. 3,180 households pay 50 percent or more of their income for housing costs, and 2,775 households pay 30 percent or more of their income for housing costs.

The target population for this project includes those at risk-of homelessness and households between 30% and 60% of the area median income (AMI). Of the project's 65 units, 19 units will serve low-income households (between 50% and 60% AMI) and 46 units will serve very-low income households (between 30% and 50% AMI). 33 units will be supported by a project-based voucher and will be reserved for households at risk of becoming homeless. Data from the Sunnyvale FY 2015-2020 Consolidated Plan show that households earning from 0-50% AMI face a disproportionate housing cost burden when compared to households earning 50% and above AMI.

The proposed project will achieve the consolidated plan goal of affordable housing by providing 66 units of new construction, high quality affordable housing in the City of Sunnyvale.

#### Part 4 – Matching Funds

- A. List the funding from other sources for this capital project in the following table. Add additional rows to the table if necessary.

Funding Source	Amount	Status as of Feb. 15, 2016.	Award Date
		Approved, Pending or Denied*	
Permanent loan	\$ 8,997,500	Approved	12/28/15

4% Tax Credits, Deferred fee	\$ 15,515,204		
<b>Total</b>	<b>\$ 41,956,369</b>		

\*If you have not received an official, legally binding loan commitment or other award letter by the time you submit this application, do not enter "approved".

- B. Identify commitments for ongoing operating funding *for this facility/site only* in the space provided below, and attach all **letters of commitment**.

- All letters must be on the organization's letterhead and must include date, amount of match/leverage, and an authorized signature.
- Letters must be dated within 30 days of the application submission date.

## SECTION 3 – STATEMENT OF WORK/PROJECT SCOPE

### Part 1 – Project Location and Service Area

Provide the street address and assessor's parcel number(s) of the project location. Attach a map of the project location and the project service area (for community facility proposals only), showing zip codes and census tracts in Tab D.

Street Address: 460 Persian Drive, Sunnyvale, CA 94089

See map attached.

### Part 2 – Project Readiness (Use only the space provided.)

#### A. Work Plan / Project Readiness

Explain your project's work plan, including the activities you will undertake to achieve the project's goal. Describe how ready you are to begin the project by July 2013 and how you can expend the CDBG or HOME funds and complete the project within 12 months. Include the following:

- Predevelopment milestones (design, permitting, securing matching funds)
- Client Recruitment/program marketing plan (for new/expanded facilities or housing)
- Project evaluation plan

For Limited Clientele Facilities, describe your procedures for recruitment, a marketing plan for clients and/or volunteers, and intake and eligibility screening forms.

On January 25, 2016, entitlements were granted by unanimous vote of the Sunnyvale Planning Commission. Construction is expected to start in April 2017 and will take approximately 14 months to complete.

Our project schedule for Edwina Benner Plaza is fast-tracked to quickly meet the growing housing affordability problem in the City of Sunnyvale. Our project is scheduled to begin construction in March 2017. This timeline is dependent on obtaining all financing sources in 2016, including competitive funds from the Affordable Housing Sustainable Communities (AHSC) program. If we can obtain these funds, we will apply for non-competitive 4% tax credits and tax exempt bonds immediately thereafter. With an additional \$300,000 in HOME funds and the requested \$500,000 in CDBG funds, our AHSC application will become more competitive by decreasing our request for funds, which will boost our application's score.

Our key milestones are as follows: obtain project-based voucher commitment in January 2016 (achieved), obtain entitlements in January 2016 (achieved), submit concept application for AHSC funds in March 2016, obtain commitment of County funds in April 2016, apply for AHSC funds in June 2016, complete design development of architectural plans in June 2016, secure AHSC funds in September 2016, apply for 4% tax credits in October 2016, secured 4% tax credits in December 2016, start construction in March 2017, finish construction in June 2018, and completing lease up in September 2018.

## B. Implementation Schedule
